Independent Auditors' Report

The Plan Administrator and Trustee
Preferred Companies 401(k) Retirement Plan
Wayne, Pennsylvania

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Preferred Companies 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- the information in the accompanying financial statements related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Preferred Companies 401(k) Retirement Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Preferred Companies 401(k) Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Preferred Companies 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Preferred Companies 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The Supplemental Schedule H, Line 4a – Schedule of Delinquent Participant Contributions and Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of or for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements, but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements.

The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by qualified institutions agrees to, or is derived from, in all material respects, the information prepared and certified by institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements December 31, 2022 and 2021

(1) Description of Plan

The following description of the Preferred Companies 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the plan agreement for a more detailed description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all full-time employees who have completed one month of service and are age 21 or older of Preferred Proppants LLC (the Sponsoring Employer) and its participating employers (the Controlled Group and collectively, the Company). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Board of Directors of the Company is responsible for oversight of the Plan. The Plan's advisor, LPL Financial LLC, determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's trustees.

Contributions

Participants may contribute up to 100% of pre-tax annual eligible compensation as defined in the Plan, subject to annual IRS limitations. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions. Participants may designate all or part of their contribution as Roth contributions and may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Unless an eligible employee requests not to participate in the Plan, all eligible employees are automatically enrolled in the Plan with 2% of their annual cash compensation being contributed to a target date registered investment company. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan provides for a discretionary matching contribution which is determined by the Sponsoring Employer's Board of Directors. For the years ended December 31, 2022 and 2021, the Company elected to match 100% of the first 5% of eligible compensation that a participant contributed to the Plan, with an individual maximum of \$5,000. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contributions and Company contributions, as well as allocations of Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

(1) Description of Plan, Continued

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company's discretionary matching contributions and any resultant earnings is based on years of continuous service. A participant becomes fully vested after five years of credited service on a graded vesting schedule. However, a participant shall also become fully vested immediately upon death or permanent disability or attaining the normal retirement age of 65. Normal vesting in the Plan is as follows:

Years of Service	Vested Percentage
Less than 1	0%
1	20%
2	40%
3	60%
4	80%
5 or more	100%

Notes Receivable Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested interest in the Plan. The participant may have no more than two loans outstanding at one time. The loans are secured by the balance in the participants' accounts and bear annual interest. Rates on outstanding loans as of December 31, 2022 ranged between 4.25% and 7.25%, which are commensurate with local prevailing rates determined by the plan administrator. Principal and interest are paid ratably through payroll deductions not to exceed a five-year period, except for loans for the purchase of a principal residence, which may be repaid over a reasonable period of time that may be longer than five years. If any scheduled loan repayment is not made by the end of the calendar quarter after the calendar quarter in which a payment is first delinquent, the loan will be in default.

(1) Description of Plan, Continued

Payment of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive either a lump sum amount equal to the value of the participant's vested interest in their account, or annual installments. For termination of service for other reasons, a participant may receive the value of the vested interest in their account as a lump sum distribution. The Plan permits in-service withdrawals upon attaining age 59½ (pre-retirement), age 50 (pre-retirement) (employer matching and nonelective contributions only), or as a result of a financial hardship as defined in the Plan. Participant account balances in excess of \$5,000 require participant authorization for distribution. Participant account balances of \$5,000 or less are automatically distributed in one lump-sum.

Forfeited Accounts

At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$359 and \$30,388 respectively. These accounts may be used to pay future administrative expenses of the Plan and to reduce future employer contributions. During the year ended December 31, 2022, forfeitures of \$88,091 were used to reduce employer contributions.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive contracts. Contract value is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the Plan.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Notes to Financial Statements December 31, 2022 and 2021

(2) Summary of Significant Accounting Policies, Continued

Investment Valuation and Income Recognition

Investments are reported at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The trustees determine the Plan's valuation policies utilizing information provided by their investment advisors and plan trustee. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed as incurred. No allowance for credit losses has been recorded at December 31, 2022 and 2021. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefit payments are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participants' account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Empower Trust Company, LLC and Empower Annuity Insurance Company of America (collectively, Empower), the custodians of the Plan, may receive revenue sharing payments from registered investment companies and fixed annuity investments in which the Plan invests. The Plan document provides to the extent revenue sharing payments are received by the custodian or insurance company, a Plan account will be established to receive these amounts which are to be used to pay administrative expenses. If such amounts remain after the payment of administrative expenses, the plan administrator is to allocate such amounts to participants as additional earnings of the Plan. The amount has been recorded as a reduction to Plan expenses in the financial statements.

(2) Summary of Significant Accounting Policies, Continued

Subsequent Events

The Plan has evaluated subsequent events through September 20, 2023, the date the financial statements were available to be issued.

(3) Financial Information Certified by Qualified Institutions

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedules, including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Annuity Insurance Company of America (Empower Insurance) and Empower Trust Company, LLC, qualified institutions.

(4) Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

PREFERRED COMPANIES 401(k) RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(4) Fair Value Measurements, Continued

Level 2: Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the assets or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Registered investment companies: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Self-directed brokerage accounts: Accounts primarily consist of cash, registered investment companies, and common stocks that are valued at the basis of readily determinable market prices. Common stocks are valued at the closing price reported on the active market in which the individual securities are traded.

(4) Fair Value Measurements, Continued

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Description	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 8,702,677	\$ -	\$ -	\$ 8,702,677
Self-directed brokerage accounts	248,124	-	-	248,124
	<u>\$ 8,950,801</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 8,950,801</u>

Description	Assets at Fair Value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 11,875,963	\$ -	\$ -	\$ 11,875,963
Self-directed brokerage accounts	211,336	-	-	211,336
	<u>\$ 12,087,299</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 12,087,299</u>

There were no significant transfers among investment levels during the years ended December 31, 2022 and 2021.

(5) Fixed Annuity Contract

In 2015, the Plan entered into a traditional fully benefit-responsive fixed annuity contract with Great-West Life & Annuity Insurance Company (Great-West Insurance). Great-West Insurance was subsequently acquired by Empower Insurance, and Empower Insurance maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fixed annuity contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than the amount stated in the contract. The crediting rate is reviewed on a quarterly basis for resetting. The fixed annuity contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date. This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by Empower Insurance, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

PREFERRED COMPANIES 401(k) RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(5) Fixed Annuity Contract, Continued

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan sponsor or other Plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that also would limit the ability of the Plan to transact at contract value with Plan participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, or (4) a material amendment to the agreement without the consent of the issuer.

(6) Related Party Transactions and Party-In-Interest Transactions

A party-in-interest is defined under Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA as any fiduciary of the Plan, any party rendering services to the Plan, the employer, certain participants, and others. Certain Plan investments are fixed annuity contracts which are managed by Empower Insurance. The Plan's assets, which consist primarily of investments, are held by the custodian of the Plan. Empower is the custodian of the Plan and, therefore, the fixed annuity and participant loan transactions qualify as party-in-interest transactions, which are exempt from prohibited transaction rules under ERISA.

(7) Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants would become fully vested in their account balances.

PREFERRED COMPANIES 401(k) RETIREMENT PLAN

Notes to Financial Statements December 31, 2022 and 2021

(8) Income Taxes

The Plan adopted a pre-approved plan, which received an opinion letter from the IRS dated June 30, 2020 which stated that the Company may rely on the opinion letter with respect to the qualification of the Plan under IRC Section 401(a) except as stated below, and also informed the Company that the Company will not receive its own determination letter upon adoption of the pre-approved plan. Although the Plan has been amended since the pre-approved plan received the determination letter, the plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

(9) Prohibited Transactions

During 2018 and 2017, the Company failed to remit to the Plan's custodians certain participant contributions and loan repayments aggregating \$11,010 within the period prescribed by the DOL regulations. These delinquent remittances are considered prohibited transactions as defined by ERISA. During 2022, the Plan corrected the delinquent participant contributions by allocating lost earnings to participants on the amounts.

(10) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.
