Quality Dealerships 401(k) Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Quality Dealerships 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets held as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

1) Description of Plan

The following description of Quality Dealerships 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan, formed January 1, 1988, is a 401(k) profit sharing plan covering employees of Quality Automotive Sales and Service, Inc., Quality GMC-Buick, Inc., and Quality Zoom, Inc. (collectively “Employer”) who have sixty days of service and are eighteen years of age or older. Participation and eligibility for Employer contributions begins on the entry date (each month) after meeting eligibility requirements. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Employer serves as the Plan administrator.

Contributions

Upon eligibility, employees are automatically enrolled in the Plan at a deferral rate of 4%, unless the employee selects a different rate, or affirmatively opts out. Participants may contribute up to 100% of eligible compensation, not to exceed annual limits set by the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The Plan also allows for rollover contributions from other qualified plans.

Upon enrollment in the Plan, participants may direct the investment of contributions into various investment options offered by the Plan. All investments are held by Principal Life Insurance Company, the trustee of the Plan. Participants may change their investment options daily.

For the years ended December 31, 2022 and 2021, the Employer made a matching contribution equal to 20% of the participants’ elective contributions, up to 5% of eligible compensation, as defined by the Plan.

Additionally, the Employer may elect to make an annual discretionary contribution. For the Plan years ended December 31, 2022 and 2021, no discretionary contributions were made.

Participant Accounts

Each participant’s account is credited with the participant’s contributions, the Employer’s matching contribution, an allocation of any Employer’s discretionary contributions, and investment earnings. Participant accounts may also be charged with an allocation of certain administrative expenses that are paid by the Plan. Allocations are based on earnings, account balances, or specific participant transactions, as defined in the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Notes Receivable from Participants

The Plan does not allow for loans to be made to participants.

Vesting

Participants are 100% vested in the portion of their account representing their contributions and earnings thereon. Vesting in the Employer's contributions plus earnings thereon is based on years of service. A year of vesting service is the twelve-month period ending on December 31 in which the participant has 1,000 hours of service. The Plan provides for 20% vesting after two years of service and an additional 20% per year thereafter until full vesting after six years of service.

Forfeited Accounts

Forfeited nonvested balances for terminated participants are used to offset future Employer contributions or pay administrative expenses. At December 31, 2022 and 2021, forfeited nonvested accounts totaled \$776 and \$697, respectively. During 2022 and 2021, Employer contributions were reduced by \$5,929 and \$11,937, respectively, from forfeited nonvested accounts. During 2022 and 2021, administrative expenses totaling \$6,284 and \$11,822, respectively, were paid from forfeited nonvested accounts.

Payment of Benefits

Benefits are payable in the event of hardship as defined; retirement, death, disability, attainment of age 59½, or termination of employment, and are paid in a lump sum.

Mandatory Cash-Out Provision

If the amount of the participant's vested account balance to be distributed exceeds \$1,000 but is less than or equal to \$5,000 and the participant fails to elect a lump sum payment or direct rollover to a participant designated Individual Retirement Account (IRA), then the Plan administrator will automatically roll the entire vested balance to an IRA established by the Plan administrator with an affiliate of Principal Life Insurance Company. Account balances of less than \$1,000 will be distributed as a lump-sum amount without the consent of the participant.

2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the respective year.

Risk and Uncertainties

The Plan invests in a variety of investment funds as directed by participants. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

The Plan permits, but does not require, the Employer to pay significant costs of plan administration. At any time, the Employer may elect for the Plan to pay administration costs. The Employer paid a portion of Plan administrative expenses for the years ended December 31, 2022 and 2021, which are excluded from these financial statements. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Subsequent Events

Subsequent events were evaluated for recognition or disclosure through September 26, 2023, the date which the financial statements were available to be issued.

3) Investments and Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 Quoted prices in markets that are not considered to be active or financial instruments without quoted market prices, but for which all significant inputs are observable, either directly or indirectly.
- Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement.

Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- *Mutual Funds*: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.
- *Pooled Separate Accounts (PSA)*: Valued based on unit values reported by the Plan trustee, which is principally the market value of the underlying investments, but the PSA net asset value (NAV) per unit is not a publicly quoted price. Assets measured using net asset value as a practical expedient are not assigned a level in the fair value hierarchy.
- *Collective Investment Trust*: The collective investment trust (CIT) invests in a collective trust fund as well as a variety of separate accounts and mutual funds. The fair value of the collective investment trust and the separate accounts are not publicly quoted pricing inputs. The fair value of all these investments are used in determining the net asset value (NAV) of the CIT, which is not publicly quoted. Assets measured using net asset value as a practical expedient are not assigned a level in the fair value hierarchy.

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements December 31, 2022 and 2021

- Guaranteed Interest Account:** Valued at fair value by Principal Life Insurance Company (Principal) by discounting the related cash flows based on current yields on similar instruments with comparable durations considering the credit worthiness of the issuer (see Note 5). Because the participants transact at contract value, fair value is determined annually for financial statement reporting purposes only. In determining the reasonableness of the methodology, Principal evaluates a variety of factors including review of existing contracts, economic conditions, industry and market developments, and overall credit ratings. Certain unobservable inputs are assessed through review of contract terms (for example, duration or payout date) while others are substantiated utilizing available market data (for example, swap curve rate).

The following table presents investments measured at fair value by classification within the fair value hierarchy as of December 31:

2022	Investments at Fair Value			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 2,787,191	\$ -	\$ -	\$ 2,787,191

Information about Net Asset Value as a Practical Expedient

The following table sets forth additional disclosures of the Plan's investments whose fair value is estimated using NAV as a practical expedient as of December 31, 2022 and 2021:

Investment	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Collective investment trust	\$ -	Immediate	None
Pooled separate accounts	-	Immediate	None

4) Information Prepared and Certified by Trustee (Unaudited)

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Principal Life Insurance Company, the trustee of the Plan, has certified to the completeness and accuracy of:

- Investments reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment income reflected on the accompanying statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021.
- Investments reflected on the 2022 supplemental schedule of assets held at end of year.

5) Guaranteed Interest Account

This investment option is available under the group annuity contract issued by Principal Life Insurance Company (Principal). The investment option provides for a guarantee of principal and interest. Contributions and transfers allocated to this investment option will be credited interest at a guaranteed interest rate Principal declares for a set period of time. Interest rates for new allocations are subject to change daily, and each amount allocated to the guaranteed interest account will earn interest based on the interest rate in effect for the date that the amount is allocated to the guaranteed interest account. The guaranteed interest account is not considered fully-benefit-responsive, and is presented on the statements of net assets available for benefits at fair value. A surrender charge may apply to transfers or withdrawals from an unmatured guaranteed interest account. The reference rate used to determine if a charge applies is equal to the applicable U.S. treasury rate plus .50%. A surrender charge applies when the reference rate is higher than the rate being credited to the unmatured funds being transferred or withdrawn. A surrender charge may not apply to withdrawals due to retirement, termination of employment, disability, or death.

Quality Dealerships 401(k) Profit Sharing Plan

Notes to Financial Statements

December 31, 2022 and 2021

6) Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their Employer contributions and earnings thereon.

7) Tax Status

The Plan is operating under a prototype document with a nonstandardized adoption agreement. The Internal Revenue Service has determined and informed the prototype plan sponsor by letter dated June 30, 2020, that the prototype plan as then designed, was in compliance with applicable requirements of the Internal Revenue Code. The Plan is relying on the opinion letter of the prototype plan sponsor. The Plan was amended after the IRS issued the opinion letter to the Plan sponsor. However, the Plan administrator believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the accompanying financial statements.

Accounting principles generally accepted in the United States of America require the Plan to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has concluded that as of December 31, 2022, no uncertain tax positions have been taken and none are expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

8) Related-Party and Party-in-Interest Transactions

Plan assets are managed by Principal Life Insurance Company, the trustee of the Plan's investments, Principal Trust Company, a related party to the trustee, and Principal Global Investors Trust Company, a related party to the trustee. These transactions qualify as exempt party-in-interest transactions.

For the years ended December 31, 2022 and 2021, fees paid by the Plan for recordkeeping, fiduciary services, financial professional services, administrative expenses, and distribution fees, were \$62,020 and \$65,662, respectively.

In addition, the Employer provides certain accounting and administrative services to the Plan for which no fees are charged.
