INDEPENDENT AUDITOR'S REPORT

To the Swedish Match North America Employee Benefits Committee
Employee Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Employee Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year then December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan

The following is a brief description of the Employee Retirement Savings Plan (the Plan). A more complete description of the provisions of the Plan is available in the Plan document and individual statement of benefits provided to each Plan participant.

General: The Plan is a defined contribution plan covering certain eligible employees of Swedish Match North America LLC and its affiliates (collectively, the Company) whose hire date is after December 31, 2007.

The Plan also covers certain eligible employees of The Pinkerton Tobacco Company, LLC, Swedish Match Leaf Tobacco Company, Pinkerton Tobacco Co., L.P., and Swedish Match Cigars, Inc. The Plan was established on March 1, 1982. The Plan was restated effective January 1, 2021 to comply with certain regulatory changes. There were no significant changes to Plan provisions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Swedish Match North America Employee Benefits Committee is responsible for oversight of the Plan, determines the appropriateness of the Plan's investment offerings and monitors investment performance.

Participation: Certain salaried employees of the Company become participants of the Plan after three months of service. Certain hourly employees of the Company become participants of the Plan after six months of service. All eligible employees must have reached the age of 21 in order to participate. Participants cease participation in the Plan upon termination of employment with the Company and after complete distribution of their vested interest under the Plan.

Participant contributions: The Plan permits participant voluntary before-tax matched contributions through payroll deductions, limited to 50 percent of base salary as specified in the Plan. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans (rollovers). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at three percent (with yearly escalations of 1 percent up to five percent) of eligible compensation and their contributions invested in a designated target-date fund until changed by the participant. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

Employer contributions: Contributions by the Company to the Plan consist of safe harbor matching contributions and a fixed contribution. An additional profit sharing contribution of up to five percent of covered compensation based on the Company's net income, as defined in the Plan, may be contributed for certain salaried employees. The Company matches up to 100 percent of the first three percent of compensation and 50 percent of the next two percent of compensation contributed. The Company also makes a four percent fixed contribution at year end for certain employees hired after December 31, 2007. During the year ended December 31, 2022, the Company made matching contributions of \$1,684,527. During the first quarter of 2023, the Company made a fixed contribution of \$1,738,110 and a profit sharing contribution of \$2,138,342 to the Plan related to the year ended December 31, 2022. Contributions by the Company are limited to the maximum amount permitted by law or regulation as a deduction on the Company's federal income tax return.

EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1. Description of Plan (Continued)

Participant accounts: Each participant's account is credited with the participant's contributions, Company matching contributions, Company fixed contributions, as well as allocations of the Company's profit sharing contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting: Participants are vested immediately in their contributions plus actual earnings thereon. The Company adopted a safe harbor matching policy on January 1, 2001. As the Company adopted the safe harbor match status January 1, 2001, participants are fully vested in employer contributions made thereafter. Employer contributions made before January 1, 2001 were subject to vesting provisions.

Notes receivable from participants: Plan participants may borrow from the Plan while employed by the Company up to an amount not exceeding the lesser of (i) \$50,000, reduced by the highest outstanding note balance owed by the borrowing participant to the Plan during the 12-month period ending on the date of the note or (ii) one-half of the borrowing participant's vested accrued benefit. Each note is secured by an assignment and pledge of the borrowing participant's accrued benefit under the Plan. Notes bear interest at a rate of two percent above the prime rate at the time of the note. *The Wall Street Journal* prime rates were 7.5 and 3.25 percent as of December 31, 2022 and 2021, respectively. The term of any note is determined by the Plan Administrator in a nondiscriminatory manner but cannot exceed five years on nonprincipal home acquisition notes and 15 years on principal home acquisition notes. Notes are repaid over the note term in substantially equal consecutive installments commencing within 30 days after the note is made. Note prepayments are permitted.

Forfeited accounts: At December 31, 2022 and 2021, there were no forfeited non-vested accounts. Forfeitures are used to reduce employer contributions and pay plan expenses. During 2022, no forfeitures were used.

Payment of benefits: Upon termination of service due to retirement (as defined by the Plan document), a participant may elect a lump sum payment or an optional form of payment (i.e. deferred lump sum or periodic installments). If a participant does not select one of the optional forms of payments listed, they will receive a lump sum payment of the value of their account after retirement. Participant accounts are valued daily for distribution, and lump sum payments will be made as soon as possible after the next valuation date for distribution purposes.

Upon termination of service due to death, or if a participant dies after retirement but before payment begins, the vested balance of the participant's account will be paid to the beneficiary. If the vested amount of the participant's Plan benefit is \$5,000 or less, payment will be made in a lump sum. If the vested amount of the participant's Plan benefit is more than \$5,000, the beneficiary may request that the payment be made by lump sum payment or in periodic installments not exceeding 15 years. In the event of death after a participant ceases to be employed by the Company for reasons other than retirement but before payment begins, the balance of their account will be paid in a lump sum payment to the beneficiary.

Additional information regarding eligible employees and Plan benefits is provided in the Plan document, which is available at the Company's Richmond, Virginia office.

NOTES TO FINANCIAL STATEMENTS

Note 2. Summary of Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP). The Plan is subject to the provisions of ERISA.

Use of estimates: The preparation of financial statements in accordance with U.S. GAAP requires the Plan Administrator to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Swedish Match North America Employee Benefits Committee determines the Plan's valuation policies utilizing information provided by the investment advisors, T. Rowe Price Trust Company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are offset against net depreciation in fair value of investments.

NOTES TO FINANCIAL STATEMENTS

Note 3. Information Certified by the Trustee

The following is a summary of the Plan's information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and ERISA-required supplemental schedule, obtained by management and agreed to or derived from information certified by T. Rowe Price Trust Company, the Trustee of the Plan. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets and income is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information that appears throughout the financial statements and ERISA-required supplemental schedule related to the following:

- a. Information included in the statements of net assets available for benefits:
 - Fair value of investments
 - Notes receivable from participants
- b. Information included in the statement of changes in net assets available for benefits:
 - Dividends
 - Other income
 - Net depreciation in fair value of investments
 - Interest on notes receivable from participants
- c. Investment information included in Note 4.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, provides a framework for measuring fair value. The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

- Level 1** Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2** Inputs to the valuation methodology include:
- Quoted prices for similar assets or liabilities in active markets;
 - Quoted prices for identical or similar assets or liabilities in inactive markets;
 - Inputs other than quoted prices that are observable for the asset or liability; and

EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trust, Stable Value Fund: The Trustee determines the value of its assets and liabilities and computes each class' net asset value per unit at the close of the New York Stock Exchange (NYSE) each day that the NYSE is open for business (valuation date). To calculate the NAV, as the practical expedient, the trust's assets are valued and totaled, liabilities are subtracted, and each class' proportionate share of the balance, called net assets, is divided by the number of units outstanding.

Common/collective trust, Small-Mid Cap Core Equity: The Trustee generally determines the value of its equity securities at the last sale price or official closing price on the primary market or exchange on which they trade. When prices are not readily available or determinable to reflect fair value, the Trustee uses net asset value as the practical expedient.

Common/collective trust, Strategic Common Trust Funds: The Trustee determines the value of its assets and liabilities and computes each class' net asset value per unit at the close of the NYSE each day that the NYSE is open for business (valuation date). To calculate the NAV, as the practical expedient, the trust's assets are valued and totaled, liabilities are subtracted, and each class' proportionate share of the balance, called net assets, is divided by the number of units outstanding.

Common/collective trust, Core Plus Bond Fund: Valued by an independent pricing service. The Fund's pricing services use multiple valuation techniques to determine fair value. Where sufficient market activity exists, the pricing services may utilize a market-based approach through which quotes from market makers are used to determine fair value. In instances where sufficient market activity may not exist or is limited, the pricing services also utilize proprietary valuation models which may consider market characteristics, such as benchmark yield curves, option-adjusted spreads, credit spreads, estimated default rates, coupon rates, anticipated timing of principal repayments, underlying collateral and other security features, in order to estimate the relevant cash flows which are then discounted to calculate fair value. The NAV is the practical expedient.

EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (Continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.

	Assets Measured at Fair Value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 14,349,169	\$ -	\$ -	\$ 14,349,169
Total assets in the fair value hierarchy	\$ 14,349,169	\$ -	\$ -	14,349,169

Investments measured at net asset value as a practical expedient (a)	<u>49,682,532</u>
Investments, at fair value	<u>\$ 64,031,701</u>

	Assets Measured at Fair Value at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 17,277,655	\$ -	\$ -	\$ 17,277,655
Total assets in the fair value hierarchy	\$ 17,277,655	\$ -	\$ -	17,277,655

Investments measured at net asset value as a practical expedient (a)	<u>53,118,491</u>
Investments, at fair value	<u>\$ 70,396,146</u>

- (a) In accordance with Subtopic 820-10, certain investments that are measured using net asset value per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

Fair Value of Investments in Entities that Use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021.

December 31, 2022	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Strategic Common Trust Funds	\$ 43,868,604	N/A	Daily	90 days
Core Plus Bond Fund	966,625	N/A	Daily	None
Stable Value Fund	3,227,151	N/A	Daily	12 - 30 months
Small-Mid Cap Core Equity	1,620,152	N/A	Daily	None

December 31, 2021	Fair Value	Unfunded Commitments	Redemption Frequency (if currently eligible)	Redemption Notice Period
Strategic Common Trust Funds	\$ 47,706,601	N/A	Daily	90 days
Core Plus Bond Fund	1,125,907	N/A	Daily	None
Stable Value Fund	2,193,120	N/A	Daily	12 - 30 months
Small-Mid Cap Core Equity	2,092,863	N/A	Daily	None

Note 5. Party-in-Interest Transactions

Certain Plan investments are shares of mutual funds or other investment instruments managed by T. Rowe Price Trust Company. T. Rowe Price Trust Company is the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for the investment management services are offset against net depreciation in fair value of the investment, as they are paid through revenue sharing, rather than a direct payment. As described in Note 2, the Plan made direct payments to the third party administrator of \$81,136, which was not covered by revenue sharing. The Plan Sponsor pays directly any other fees related to the Plan's operations.

The Plan also issues loans to participants, which are secured by vested balances. These transactions qualify as party-in-interest transactions.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their employer contributions.

EMPLOYEE RETIREMENT SAVINGS PLAN

NOTES TO FINANCIAL STATEMENTS

Note 7. Tax Status

Effective January 1, 2021, the Plan has adopted a cycle 3 pre-approved defined contribution plan sponsored by T. Rowe Price Retirement Plan Services, Inc. who has received a letter dated August 19, 2020 from the IRS stating that its plan is designed in accordance with the applicable sections of the Internal Revenue Code (IRC). The Plan has not received its own determination letter. The Plan Administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated, in compliance with the applicable requirements of the IRC and therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any periods in progress.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

The Plan has evaluated subsequent events through September 22, 2023, which is the date these financial statements were available to be issued. The Plan has determined that there are no subsequent events that require disclosure pursuant to the FASB ASC.
