Independent Auditor's Report

To the Plan Administrator and Participants of
Harding's Galesburg Market, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Harding's Galesburg Market, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by the ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Harding's Galesburg Market, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 6 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements sections –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Harding's Galesburg Market, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Harding's Galesburg Market, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Harding's Galesburg Market, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Harding's Galesburg Market, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment

information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule as outlined on the contents page for the year ended December 31, 2022, is presented for purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA,
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Harding's Galesburg Market, Inc. 401(k) Plan

Notes to Financial Statements

1. Nature of Business and Significant Accounting Policies

Basis of Accounting - The financial statements of the Plan are maintained on the accrual basis of accounting.

Cash and Cash Equivalents - Cash and cash equivalents consist primarily of cash in checking accounts. Cash balances uninsured by FDIC at December 31, 2022 and 2021 was \$568,685 and \$-0-, respectively. The increased balance as of December 31, 2022 was a result of selling investments from the transfer to the new trustee Greenleaf Trust on December 29, 2022.

Investment Valuation and Income Recognition - Investments are stated at fair value except for the collective trust fund which is valued at net asset value. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes net realized and unrealized gains (losses) on investments.

Management fees and operating expenses to the Plan for investments in registered investment companies are deducted from income earned on a daily basis and are not separately reflected. Consequently, these management fees and operating expenses are reflected in net appreciation (depreciation) in the fair market value of investments for such investments.

Administration of the Plan - Expenses of administration, except custodian fees, are paid by Harding's Galesburg Market, Inc.

Estimates - The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Benefits Paid to Participants - Benefits are recorded when paid.

Subsequent Events - Subsequent events have been evaluated through September 12, 2023, which is the date the financial statements were available to be issued.

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern". The COVID-19 outbreak is disrupting supply chains and affecting production and sales across a range of industries. The extent of the impact of COVID-19 on the Plan's financial performance will depend on certain developments, including the duration and spread of the outbreak, all of which are uncertain and cannot be predicted. At this point, the extent of which COVID-19 may impact the Plan's condition or result is uncertain. Additionally, there were legislation changes due to required minimum distributions and loan repayments that may impact the Plan. Management did not opt out of the Covid-19 related

distributions and loan legislation for 2020, but will not amend the plan until 2022. The plan was amended effective July 1, 2022.

The following description of the Harding's Galesburg Market, Inc. 401(k) Plan provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General - The Plan is a defined contribution 401(k) profit-sharing plan, established January 1, 1988, covering all full-time employees of the Company who are age twenty-one or older, who have a minimum of one year of service and have worked a minimum of 1,000 hours. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

2. Description of Plan

Tax Status - The Plan is a qualified plan under the Internal Revenue Code and is exempt from federal income taxes under Section 401(a) of the Code. All tax years remain statutorily open for review.

Contributions - Participants may contribute a portion of their annual cash basis compensation to the limit as permitted by law. The Plan allows participants to make Roth election contributions. The Company may make a discretionary contribution. For the year ended December 31, 2022 and 2021, the Company made a discretionary contribution based on .2 percent of sales. The employer's discretionary contribution is funded by the due date, including extension, of the Company's federal corporate income tax return.

Participant Accounts - Each participant account is credited with the participant's contributions, the employer's discretionary contribution, and an allocation of Plan earnings and expenses. Allocations are determined by the Employer and applied on a uniform basis to all participants, as defined. Participants direct the investment of their contributions and the employer discretionary contributions into various investment options offered by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting - Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's discretionary contribution portion of their accounts plus actual earnings thereon is based on years of continuous service. A participant is 100% vested after five years of credited service.

Notes Receivable - Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Participants may borrow from their fund account a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The receivables are secured by the balance in the participant's account. The interest rate on participant loans is the prime rate plus 1%. Current interest rates range from 4.25 percent to 7.25 percent. Principal and interest is paid ratably through payroll deductions. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If participant does not make a

payment and then plan administrator considers the receivable in default, the receivable is reduced and the delinquent and receivable is recorded as a benefit payment based on terms of the plan document.

Payment of Benefits - Once a participant reaches age 65, the participant may receive a lump-sum cash distribution. Upon termination, a participant may elect to receive an early distribution equal to their vested account balance.

Forfeitures - Any participant forfeitures of employer contributions due to withdrawal from the Plan are first used to reduce administrative fees and any remaining amount is used to reduce employer contributions. For the year ended December 31, 2022 and 2021, plan forfeitures amounted to \$7,219 and \$1,614, respectively. At December 31, 2022 and 2021, the Plan had \$5,111 and \$687 of unvested forfeited amounts that will be used to pay for plan expenses in the following year.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefit as follows:

		Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets	
December 31, 2022	Total	(Level 1)	
Mutual Funds	\$ 13,867	\$	13,867
Collective investment fund valued at net asset value ("NAV")	-		
Investments at fair value	\$ 13,867		

		Fair Value Measurements Using: Quoted Prices in Active Markets for Identical Assets	
December 31, 2021	Total	(Level 1)	
Mutual Funds	\$ 7,137,245	\$	7,137,245
Collective investment fund valued at net asset value ("NAV")	496,542		
Investments at fair value	\$ 7,633,787		

Accounting Standards Codification No. 820, Fair Value Measurements and Disclosures, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of levels:

- Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority.

The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value.

3. Fair Value Measurements – Continued

Level 1 Fair Value Measurements

The fair value of mutual funds is based on quoted net asset values of the shares held by the Plan at year-end. The fair values of collective investments are valued at quoted prices in active markets for identical or similar securities.

Gains and losses (realized and unrealized) included in changes in net assets available for benefits for the year ended December 31, 2022 and 2021 are reported in net (depreciation) appreciation in fair value of investments.

The following is a description of the valuation methodologies used to measure assets at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds – Valued at the closing price reported on the active market on which the individual securities are traded.

Collective Investment Fund – Valued at the net asset value (“NAV”) per share (or its equivalent) based on information reported by the investment advisor using audited financial statements of the collective investment fund at year-end. The NAV is used as a practical expedient to estimate fair value. NAV is based on the fair value of the underlying investments held by the fund, with the exception of fully-benefit responsive investment contracts held by the fund that are valued at contract value, less liabilities. Contract value represents contributions made to a fund, plus earnings, less participant withdrawals. The collective investment fund's NAV represents fair value since this is the amount at which the Plan transacts with the fund. Plan management believes that the value of the collective trust is reasonably stated and that no adjustment to NAV as of December 31, 2022 and 2021 is required.

Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment in the collective investment fund at contract value on a daily basis. Were the Plan to initiate a full redemption of the collective investment fund, the investment advisor reserves the right to temporarily delay withdrawal from the trust for up to twelve months in order to ensure that securities liquidations will be carried out in an orderly manner.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Harding's Galesburg Market, Inc. 401(k) Plan

Notes to Financial Statements

3. Fair Value Measurements – Continued	The collective investment fund does file as a direct filing entity with the Department of Labor. Its investment strategy is to provide current income while maintaining stability of invested principal. The Fund pursues its investment objective by investing primarily in a diversified portfolio of guaranteed investment contracts ("GICs"); wrapped fixed income contracts ("synthetic GICs"); separate account contracts; cash and cash equivalents; and other instruments.
4. Plan Termination	Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.
5. Tax Status	The Internal Revenue Service has determined and informed that the prototype Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC) as of August 7, 2001. The Plan has been amended since receiving the determination letter including a recent plan amendment effective July 1, 2022. However, the Plan administrator and the plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan is qualified and therefore, tax exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements. Accounting principles generally accepted in the United State of America require management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine tax audits by jurisdictions; however, there are currently no audits for any tax periods in progress.
6. Certification of Information by Custodian	As permitted by 29 CFR 2520.103-8 of the Department of labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement income Security Act of 1974, the plan administrator has elected to utilize the certification of certain financial information by the Fidelity Personal Trust Company, FSB and Greenleaf Trust (only for 2022) in compliance with the audit requirements of the Act. All information included in the financial statements, except employer and employee contributions, benefit paid to participants, participant loans and administrative costs, were derived from data certified by the Fidelity Personal Trust Company, FSB and Greenleaf Trust.

Notes to Financial Statements

7. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, credit and market risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. Party in Interest Transactions

Certain Plan investments are managed by Fidelity Investments Inc. Fidelity Investments Inc. is the trustee for the Plan and therefore, these transactions qualify as party in interest transactions. Fidelity Investments Inc. receives revenue from mutual fund service providers for services Fidelity Investments Inc. provides to the funds. Additionally, Pathways Benefit Services, Inc. receives funds as the plan administrator which for the year ended December 31, 2022, and 2021 amounted to \$1,639 and \$1,937 respectively paid by forfeitures of the Plan. The Company paid \$2,681 and \$3,043 of the remaining fee for the years ended December 31, 2022 and 2021, respectively. Finally, Centennial Securities receives funds as the plans investment advisor which for the year ended December 31, 2022, and 2021 amounted to \$15,142 and \$17,220 respectively. All the party-in-interest transactions are exempt from the prohibited transaction rule of ERISA.
