To the Board of Directors
Ozark Health, Inc. 401(k) Plan
P O Box 206
Clinton, AR 72031

We have audited the financial statements of Ozark Health, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit] for the year ended December 31, 2022 and we will issue our report thereon dated September 15, 2023. As permitted by ERISA Section 103(a)(3)(C), our audit did not extend to any statements or information related to assets held for investment of the Plan (investment information) by Mid Atlantic Trust Company, the trustee, which is a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, that prepared and certified the statements or information regarding assets so held in accordance with 29 CFR 2520.103-5. Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and ERISA-required supplemental schedules, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated January 3, 2023. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Ozark Health, Inc. 401(k) Plan are described in Note 1 and 2 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2022. We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was (were):

Management's estimate of the fair value measurements regarding plan investments in accordance with the level of measurements described in FASB ASC 820. We evaluated the key factors and assumptions used to develop the fair value classifications and estimates in determining that it is reasonable in relation to the financial statements taken as a whole.

Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was:

The disclosure of fair value measurements detailed in Note 4 to the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Form 5500 Procedures

We are required to obtain and read a substantially complete draft of Form 5500 prior to dating our auditor's report. The purpose of this procedure is to identify any material inconsistencies between the draft Form 5500 and the Plan's financial statements. We identified no material inconsistencies in performing and completing our audit.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

Reportable Findings

For purposes of this letter, a reportable finding is a matter that includes one or more of the following: (1) noncompliance or suspected noncompliance with laws and regulations, (2) a finding that in our professional judgment is significant and relevant to you regarding your responsibility to oversee the financial reporting process, and (3) an indication of internal control deficiencies identified during the audit that have not been previously communicated to management by other parties and that we determined are sufficiently important to merit management's attention. We identified no reportable findings for the year-ended December 31, 2022.

Disagreements with Management

For purposes of this letter, a disagreement with management is a disagreement on a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 15, 2023.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Plan's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

During the course of our audit, we identified issues that have been reported to management in a separate letter dated September 15, 2023.

Other Matters

Our responsibility for the ERISA-required supplemental schedules accompanying the financial statements is to perform adequate procedures to evaluate whether the form and content of the ERISA-required supplemental schedules, other than that agreed to or derived from the certified investment information, is presented in compliance with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA, and whether the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

This information is intended solely for the use of The Board of Directors of Ozark Health, Inc. 401(k) Plan and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Ozark Health, Inc. 401(k) Plan
P O Box 206
Clinton, AR 72031

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Ozark Health, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of Ozark Health, Inc. 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Ozark Health, Inc. 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Ozark Health, Inc. 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Ozark Health, Inc. 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Ozark Health, Inc. 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i-Schedules of Assets (Held at End of Year) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

Note 1 – Description of Plan

The following description of Ozark Health, Inc. 401(k) Plan (Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The Plan was most recently restated January 1, 2022, to bring the Plan into compliance with legislative and regulatory changes.

- A) *General.* The Plan is a defined contribution Plan covering all employees of Ozark Health, Inc. 401(k) Plan who have at least two months of service. It is subject to the provisions of the Employee Retirement Income Security Act (ERISA). Ozark Health, Inc. is the Plan Sponsor. The board of directors of Ozark Health, Inc. control and manage the operation and administration of the Plan. The Board reviews the Plan performance and investment options periodically. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, referred to as ERISA.
- B) *Contributions.* Each year, participants may contribute up to the IRS contribution limits, as defined in the Internal Revenue Code. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. The maximum "catch-up contribution" that can be made for 2022 and 2021 \$6,500. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. On behalf of each participant, for each plan year the employer may at its discretion make a contribution to the Plan. Contributions are subject to certain limitations.
- C) *Participant Accounts.* Each participant's account is credited with the participant's contribution and allocations of (a) the employer's contribution, and (b) Plan earnings, and charged with an allocation of administrative expenses when applicable. Allocations are based on participant's earnings for contributions and forfeitures, and on account earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- D) *Vesting.* Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in any employer discretionary profit-sharing contributions and earnings, thereon, is based on years of continuous service. A participant is 100% vested after three years of service.
- E) *Participant Loans.* Participant loans are not permitted under the Plan.
- F) *Payment of Benefits.* On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, or request a direct transfer to an eligible rollover account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- G) *Administrative Expenses.* Fees paid by the Plan for investment management and recordkeeping services amounted to \$22,497 and \$22,171 for the years ended December 31, 2022 and 2021, respectively.

Note 1 – Description of Plan (Cont.)

- H) *Forfeited Accounts.* Plan forfeitures must first be used to restore previous forfeitures of rehired participants pursuant to the terms of the Plan. Any remaining forfeitures may be used to pay administrative expenses of the Plan and trust. After payment of administrative expenses, if any forfeitures remain, they may be used to offset employer profit sharing contributions or employer matching contribution depending upon the nature of the forfeiture. At December 31, 2022 and 2021 forfeited non-vested accounts totaled \$6,596 and \$1,551 respectively.

Note 2 – Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants. See Note 4 for further discussion of fair value measurements.

The fair values of pooled separate accounts (sub-accounts) under the group annuity contract are computed using closing prices; on nationally recognized stock exchanges or over-the-counter markets. Fair value of shares of the underlying fund equals the number of shares of the respective underlying fund multiplied by the closing net asset value per share quoted by that fund.

In accordance with FASB ASC 962 under Statement of Positions No. 94-4-1, issued by the American Institute of Certified Public Accountants, investment contracts that are not fully benefit responsive are required to be reported at fair value, however, contract value is the relevant measurement attribute for the portion of the net assets available for benefits attributable to fully-benefit responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. As a whole, the group annuity contract is not fully benefit responsive and the Plan's investments in sub-accounts is presented at fair value on the statement of net assets available for benefits as of December 31, 2022 and 2021.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investment bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Operating Expenses

Expenses of maintaining the Plan can be paid by the Plan or by the Plan sponsor at its discretion.

New Accounting Pronouncements

In July 2019, the Auditing Standards Board of the American Institute of Certified Public Accountants (AICPA) issued Statement of Auditing Standards 136, Forming an Opinion and Reporting on Financial Statements of Employee Benefit Plans Subject to ERISA. The statement addresses the auditor's responsibility to form an opinion on the financial statements of employee benefit plans (EBPs) subject to the Employee Retirement Income Security Act of 1974 (ERISA), hereinafter referred to as *ERISA plans*. It also addresses the form and content of the auditor's report issued as a result of an audit of ERISA plan financial statements. SAS 136 is effective for fiscal years ending after December 15, 2021, including interim periods within those fiscal years. This standard had no material impact on the financial statements.

Subsequent Events

After the end of the Plan year, the Plan was notified by their recordkeeper that ADP compliance testing was failed. A corrective refund will be issued by the Plan. In addition, the Plan sponsor will owe excise tax for not issuing the corrective refund within two-half months after year-end. No other events were noted that would require recognition or disclosure in the financial statements.

Note 3 – Investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified by Newport Trust Company, the custodian, and was not subjected to any auditing procedures performed by the independent public accountants:

- A) Total investments as shown in the accompanying statements of net assets available for benefits of \$1,725,017 as of December 31, 2022, and \$1,524,109 as of December 31, 2021.
- B) Net investment income as shown in the accompanying statement of changes in net assets available for benefits of \$(246,893) for the year ended December 31, 2022.
- C) All investment-related information in the accompanying supplemental Schedule H, Line 4i – Schedule of Assets (Held at End of Year) are reported as of December 31, 2022.

Participants direct the custodian regarding the investment of amounts held in their accounts.

Note 4 – Fair Value Measurements

Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 820, *Fair Value Measurements and Disclosures*, provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds held in pooled separate accounts: Valued at the daily closing price as reported by the fund. The fund publishes its daily net asset value (NAV) and transacts at that price. Fair values of mutual funds held by the Plan are based on reported net asset values which represents the value at which sub-account can deem its investment.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 4 – Fair Value Measurements (Cont.)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies:				
Money Market	\$ 17,480	\$ -	\$ -	\$ 17,480
Mutual Funds	1,707,537	-	-	1,707,537
Total investment at fair value	\$ 1,725,017	\$ -	\$ -	\$ 1,725,017

Note 4 – Fair Value Measurements (Cont.)

Assets at Fair Value as of December 31, 2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Registered Investment Companies:				
Money Market	\$ 5,402	\$ -	\$ -	\$ 5,402
Mutual Funds	1,518,707	-	-	1,518,707
Total investment at fair value	\$ 1,524,109	\$ -	\$ -	\$ 1,524,109

Note 5 – Plan Termination

Although it has not expressed any intent to do so, the Plan sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become fully vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Plan sponsor may determine.

Note 6 – Tax Status

The Plan sponsor has adopted a non-standardized pre-approved plan offered by Newport Group, Inc. The Plan was amended effective January 1, 2020. The Plan has received an opinion letter dated December 31, 2018 stating that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended subsequent to the date of the opinion letter, the Plan sponsor believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified.

Notes to Financial Statements

Note 6 – Tax Status (Cont.)

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by applicable taxing authorities. As of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statement. The Plan's federal Form 5500 is generally open to examination by the federal taxing authority for a period of three years from the date filed or the return due date including all approved extensions.

Note 7 – Risks and Uncertainties

The Plan invests in various investments. Investments are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Note 8 – Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to net assets per the Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 1,725,017	\$ 1,524,109
Net assets per the Form 5500	\$ 1,725,017	\$ 1,524,109

The following is a reconciliation of total Plan additions per the financial statements to total Plan income per the Form 5500:

	<u>2022</u>
Total plan additions per the financial statements	\$ 325,794
Total plan income per the Form 5500	\$ 325,794

Note 8 – Reconciliation of Financial Statements to Form 5500 (Cont.)

The following is a reconciliation of net increase per Plan financial statements to net income per the Form 5500:

	<u>2022</u>
Net increase per financial statements	\$ 200,908
Total net income per Form 5500	<u>\$ 200,908</u>

As shown above, there are no reconciliation items between the financial statements and Form 5500 Schedule H for the years ended December 31, 2022 and 2021.
