INDEPENDENT AUDITOR'S REPORT

To the Board of Trustees
Landmark Global, Inc. 401(k) Profit Sharing Plan and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Landmark Global, Inc. 401(k) Profit Sharing Plan and Trust (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

The following description of the Landmark Global, Inc. 401(k) Profit Sharing Plan and Trust (the Plan) provides only general information. Participants should refer to the adoption agreement and plan document for a more complete description of the Plan's provisions.

General: The Plan was established on January 1, 2007 by Landmark Global, Inc. (the Company or Plan Sponsor) as a defined contribution plan with 401(k) provisions for eligible employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Plan Sponsor is responsible for oversight of the Plan. The Plan was amended and restated effective May 20, 2022 to bring the Plan into compliance with legislative and regulatory changes set forth in the Internal Revenue Service (IRS) Notice 2017-37. The Plan Sponsor appointed Mid Atlantic Trust Company (MATC) as the Plan trustee.

Eligibility: Employees are eligible to participate in the Plan immediately after employment and attaining 21 years of age. Eligible employees are permitted to enter the Plan on the payroll date coinciding with or following the date the employee has met eligibility requirements.

Contributions: Active participants may elect to contribute up to a maximum of \$20,500 during the plan year. Individuals who are at least 50 years of age are permitted to make catch-up contributions. Participants may elect to contribute between 0% and 96% of eligible compensation, as defined by the Plan. Effective January 2, 2017, the Plan Sponsor amended the Plan to exclude reimbursements, fringe benefits, moving expenses, deferred compensation, welfare benefits, holidays, gifts, elective deferrals and employer contributions from eligible compensation for both elective deferrals and employer matching and profit sharing contributions.

In 2015, the Plan adopted Actual Deferral Percentage (ADP) safe harbor contributions. Each pay period, the Company will make a matching contribution to each participant's account equal to 100% of the first 3% of compensation contributed, and 50% of the next 2% of compensation. Changes made fewer than three days before the payroll is submitted will be reflected in the contribution of the following pay period.

The Company has the option of making a year-end profit sharing contribution to the Plan. The contribution is made based on a discretionary formula and allocated pro rata to the individual participant accounts. No profit sharing contributions were made during the year ended December 31, 2022.

Total contributions to a participant's account in a given plan year may not exceed the lesser of \$61,000 (\$67,500 including catch-up contributions) or 100% of the participant's compensation for the plan year.

Investment elections: Participants direct the investment of their contributions into one or more of the investments offered by Paychex. A participant may transfer funds from one investment option to another and obtain information about their account directly online, or by submitting a form to the human resources manager of the Plan Sponsor at any time during the plan year.

NOTES TO FINANCIAL STATEMENTS

Note 1. Plan Description (Continued)

Participant accounts: Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, and plan earnings. Allocations of investment earnings are based on participant account balances. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Notes receivable from participants: Participants may borrow from their fund accounts a maximum of the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at a rate of the *Wall Street Journal* prime rate plus one. Interest rates range from 4.25% to 8.00% for outstanding loans at December 31, 2022, and mature through 2030. Principal and interest is paid ratably through bi-weekly payroll deductions. Participant loans are reported at amortized costs.

Vesting: Participants' contributions and safe harbor contributions are fully vested at all times.

Profit sharing contributions are subject to vesting requirements, according to the following schedule:

Completed Years of Service	Contribution Vested
Less than 1	0%
1 year	10%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years	100%

Payment of benefits: The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Upon termination of service, death, disability or retirement age, the participant may receive the value of the vested interest in their account in the form of a lump-sum distribution or installments for a specified term. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan Administrator will authorize the benefit payment without the participant's consent. Participants may receive in-service distributions of their vested account balance when they attain age 59 ½.

Forfeitures: Forfeitures of the non-vested portion of terminated participant assets can be utilized to reduce Plan expenses for the Plan year and to reduce Company plan contributions. Forfeited non-vested accounts totaled \$-0- at December 31, 2022 and 2021.

Termination of Plan: Although it has not expressed any intent to do so, the Company reserves the right to terminate the Plan at any time subject to the provisions of ERISA. Upon termination, all amounts credited to a participant's account become 100% vested.

NOTES TO FINANCIAL STATEMENTS

Note 2. Significant Accounting Policies

Basis of accounting: The financial statements of the Plan are prepared in conformity with accounting principles generally accepted in the United States of America.

Use of estimates: The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and changes therein and disclosure of contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

Investment valuation and income recognition: Investments are reported at fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan Administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the plan document.

Payment of benefits: Benefits are recorded as deductions when paid.

Administrative expenses: Certain expenses of the Plan are paid by the Company and are therefore excluded from these financial statements.

Subsequent events: Subsequent events have been evaluated through September 29, 2023, which is the date that the financial statements were available to be issued. See Note 9 for subsequent events discussed.

Note 4. Fair Value Measurements of Investments

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (exit price). The inputs used to measure fair value are classified into the following hierarchy:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value (NAV) published daily in the *Wall Street Journal*.

Common collective trust: Valued using the practical expedient of the trust as reported by the trust managers. The NAV practical expedient is based on the fair value of the underlying assets owned by the trust, minus its liabilities, and then divided by the number of units outstanding. The NAV practical expedient of a trust is calculated based on a compilation of primarily observable market information.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Note 8. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 9. Subsequent Events

Effective January 1, 2023, the Plan changed its trustee from Mid Atlantic Trust Company to Ascensus Trust Company and its record keeper from Paychex Retirement Services to Ascensus Trust Company.
