INDEPENDENT AUDITORS' REPORT

To the Retirement Committee
LPL Financial LLC Profit Sharing 401(k) Plan
San Diego, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of LPL Financial LLC Profit Sharing 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (an "ERISA 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of LPL Financial LLC Profit Sharing 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of LPL Financial LLC Profit Sharing 401(k) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about LPL Financial LLC Profit Sharing 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an

opinion on the effectiveness of LPL Financial LLC Profit Sharing 401(k) Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about LPL Financial LLC Profit Sharing 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedules (Schedule H, Part IV, Line 4a for the year ended December 31, 2022 and Schedule H, Part IV, Line 4(i) as of December 31, 2022), are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1. DESCRIPTION OF THE PLAN

The following is a brief description of the LPL Financial LLC Profit Sharing 401(k) Plan (the "Plan"). Participants should refer to the Plan documents for a more comprehensive description of the Plan's provisions.

General

The Plan, which became effective January 1, 1988, is a defined-contribution plan covering substantially all employees of LPL Financial LLC and affiliates (collectively, the "Company"). The Plan is sponsored by the Company and administered by the Retirement Committee, which is appointed by the Board of Directors of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan's record-keeper is Empower Retirement. Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC) is the Plan's trustee and custodian.

Eligibility

Employees are eligible to participate in the Plan upon their date of hire. Certain employees are not eligible to participate in the Plan including employees covered by a collective bargaining agreement, interns, leased employees, and those who became employees as a result of a merger or acquisition until such time as the Company specifically authorizes such participation.

Contributions

Eligible employees shall automatically be enrolled in the Plan with a 3% pre-tax deferral, unless they elect a different percentage or decline participation. Participants may make contributions to the Plan through salary deferrals in any amount, subject to limitations imposed by the Internal Revenue Code ("IRC"). Participants may elect to have all or a portion of their elective deferrals classified as Roth elective deferrals (after-tax). On April 1, 2022, the Plan was amended such that participants may elect to have all or a portion of their elective deferrals classified as After-Tax deferrals, subject to an annual $10,000 limit. Effective January 1, 2023, the Plan was amended such that the annual limit is increased to $20,000. In addition, employees who are age 50 or older can elect to defer additional amounts (called "catch-up contributions") to the Plan up to the maximum allowed by the IRC. A participant may discontinue contributions at any time. Participants may also contribute amounts representing rollover distributions, including Roth rollover contributions, from other qualified sources into the Plan.

The Plan allows matching contributions to be made at the discretion of the Company. For matching contributions, the eligibility requirement is six months of service (no minimum hours of service). During 2022, the discretionary matching contribution was equal to 75% of a participant's elective deferral up to 8% of a participant's compensation. The Plan also allows discretionary profit sharing contributions. No profit sharing contributions were made for 2022.

Participant Accounts

Each participant has an account that is credited with his/her contributions and employer contributions, if any. Participants direct the investment of their accounts among investment options made available by the Plan. Investment income, losses and expenses are allocated to participant accounts based on the performance of their investments or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of $1,000 up to a maximum generally equal to the lesser of $50,000 or 50% of their vested account balances. The term of the note may not exceed five years unless the loan is for the purchase of a primary residence, in which case, the Plan administrator may permit a repayment period up to 30 years. The notes are collateralized by the vested balance in the participant's account and bear interest at a rate commensurate with the local prevailing rates, as determined by the Plan administrator. Interest rates on outstanding notes receivable from participants ranged from 4.25% to 8.00% as of December 31, 2022.

In April 2020, the Plan operationally implemented the provisions of the Coronavirus Aid, Relief, and Economic Security Act (the "CARES Act"). Participants requesting relief under the CARES Act were permitted (i) an increased loan limit up to the lesser of $100,000 or 100% of the nonforfeitable account balance (available until September 23, 2020), and (ii) a delay in loan repayments due through December 31, 2020 for up to one year. In addition, the CARES Act waived loan origination fees through August 31, 2020 for such participants.

Vesting

Participants are immediately 100% vested in their contributions and actual earnings thereon while employer contributions vest at a rate of 30%, 60% and 100% after one, two, and three years of credited service, respectively. A year of credited service is defined as 1,000 hours of service during a plan year. In addition, participants become fully vested in employer contributions in the event of death, disability or eligible retirement from the Company.

Benefits and Withdrawals

Distribution of benefits upon normal retirement is made in the form of a single lump-sum distribution, partial distributions, or in installment payments. Any participant who ceases to be an employee may elect to have the distribution of the vested portion of the participant's account made currently or commence at a future date. Pursuant to the Setting Every Community Up for Retirement Enhancement Act of 2019 (the "SECURE" Act), which became law on December 20, 2019, participants may defer taking distributions as follows:

- If a participant reached the age of 70½ in 2019, the participant may defer receiving distributions until the later of April 1, 2020, or the April following the calendar year in which the participant retires;
- If a participant reaches the age of 70½ in 2020 or later, the participant may defer receiving distributions until the later of the April following the calendar year in which the participant reaches age 72 or retires.

Additionally, a mandatory distribution to a participant following severance of employment before attaining the later of age 62 or normal retirement age, as defined, is subject to automatic rollover only if the amount is between $1,000 and $5,000. Vested balances of less than $1,000 will be distributed to the participant.

Participants may also withdraw all or a percentage of their vested account balances upon approval of the Plan administrator and subject to Internal Revenue Service ("IRS") hardship withdrawal rules.

NOTE 1. DESCRIPTION OF THE PLAN (Continued)

Benefits and Withdrawals (Continued)

In February 2018, Congress passed the Bipartisan Budget Act (the "Act"). Among other things, the Act provides relief with regard to hardship withdrawal requirements including the following: (1) a participant will not be required to obtain a plan loan before requesting a hardship withdrawal, (2) a participant's deferral contributions will not be suspended after receipt of a hardship withdrawal, and (3) earnings on elective deferral contributions in a participant's account will be eligible for hardship withdrawal purposes. The provisions of the Act may be implemented operationally beginning January 1, 2019 prior to formally amending the Plan document. Effective January 1, 2019, the Plan adopted the provisions of the Act with respect to hardship withdrawal requirements. The Plan was formally amended for these provisions in May 2020.

In April 2020, the Plan implemented the following provisions for CARES Act related distributions: (i) participants may withdraw up to $100,000 without a 10% early distribution penalty, (ii) distribution processing fees were waived through August 31, 2020, (iii) such distributions can be repaid within three years of the date of distribution, and (iv) required minimum distributions were temporarily suspended for 2020.

Forfeitures

If an employee ceases to be a participant due to termination of employment, the portion of the participant's account that is not vested is forfeited upon the earlier of five consecutive one-year breaks in service or a distribution from the participant's account. Amounts forfeited are generally used to reduce administrative expenses or future employer contributions. At December 31, 2021, forfeited nonvested accounts totaled $313,760. During 2022, amounts added to the forfeiture accounts totaled $540,594, including $5,492 in investment gains, and the amount used to reduce employer matching contributions and pay administrative fees totaled $641,262. At December 31, 2022, forfeited nonvested accounts totaled $213,092.

Administrative Expenses

Administrative expenses of the Plan are primarily those paid to the record-keeper and investment advisor of the Plan.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of net assets available for benefits and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Recognition of Income or Loss

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net realized and unrealized appreciation or depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

Plan management has evaluated subsequent events through the date of the independent auditors' report, which is the date these financial statements were available to be issued.

NOTE 3. INFORMATION CERTIFIED BY THE TRUSTEE

The Plan's investments are held by the trustee of the Plan, Empower Trust Company, LLC (formerly known as Great-West Trust Company, LLC). All investments are participant-directed. Certain information related to investments and notes receivable disclosed in the accompanying financial statements and the ERISA-required supplemental schedule (Schedule H, Part IV, Line 4i), including investments and notes receivable held at December 31, 2022 and 2021, and net realized and unrealized appreciation or depreciation in fair value of investments, dividends, interest income on notes receivable from participants, and other income for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by Empower Trust Company, LLC.

NOTE 4. FAIR VALUE MEASUREMENTS

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants at the measurement date. Inputs used to measure fair value are prioritized within a three-level fair value hierarchy. This hierarchy requires entities to maximize the use of observable inputs and minimize the use of unobservable inputs.

The three levels of inputs used to measure fair value are as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Observable inputs other than quoted prices included in Level 1, such as quoted prices for similar assets and liabilities in active markets; quoted prices for identical or similar assets and liabilities in markets that are not active; or other inputs that are observable or can be corroborated by observable market data.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. This includes certain pricing models, discounted cash flow methodologies and similar techniques that use significant unobservable inputs.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for investments measured at fair value as of December 31, 2022 and 2021.

Mutual Funds:

Valued at the daily closing price as quoted by the fund. Mutual funds held by the Plan are open-end funds that are registered with the U.S. Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The funds held by the Plan are deemed to be actively traded.

Self-Directed Brokerage Accounts:

Accounts consist primarily of money market funds, publicly traded mutual funds, exchange traded funds, and common stocks that are valued on the basis of readily determinable market prices for identical assets. .

Common/Collective Trusts:

Valued at the net asset value of units of the collective trusts (including funds of funds). The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of a collective trust, the issuer may reserve the right to require a notification period in order to ensure that securities liquidations will be carried out in an orderly business manner.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The Invesco Stable Value Trust is a stable value collective trust which primarily consists of indirect investments in fully benefit-responsive investment contracts through an investment company. The stable value collective trust's contract value is considered its fair value for financial reporting purposes as that is the amount at which participants would normally transact with the Plan.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	December 31, 2022			
	Level 1	Level 2	Level 3	Total
Self-directed brokerage accounts	$ 7,257,138	$ -	$ -	$ 7,257,138

Common/collective trust measured at net asset value [(a)]				168,526,961
Total investments, at fair value				$ 611,480,317

[(a)] Certain investments (common/collective trusts and common/collective trusts – funds of funds) that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to total investments presented in the statements of net assets available for benefits.

NOTE 4. FAIR VALUE MEASUREMENTS (Continued)

The following table summarizes certain characteristics of the Plan's investments in common/collective trusts (including funds of funds for which fair value is measured using the net asset value per share practical expedient) as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments, and the redemption notice periods are applicable only to the Plan.

	Fair Value	Unfunded Commitments	Redemption Frequency (Participant)	Redemption Notice Period (Plan)

NOTE 5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

The Company provides administrative services at no cost to the Plan. Fees paid to the Plan for investment management services are included as a reduction of the return earned on each investment. These transactions qualify as exempt party-in-interest transactions.

NOTE 6. TAX STATUS

The Company has adopted a defined contribution pre-approved plan and relies upon the pre-approved plan's opinion letter from the IRS, which states that, in its opinion, the plan and related trust are designed in accordance with applicable sections of the IRC. The Company has not applied for a determination letter from the IRS specific to the current Plan document. Although the pre-approved plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the accompanying financial statements.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the applicable taxing authorities. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

NOTE 7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant account balances and the amounts reported in the accompanying financial statements.

NOTE 8. UNTIMELY PARTICIPANT CONTRIBUTIONS

The Company identified instances in 2022 where amounts withheld from employees totaling $1,898 were not forwarded to the custodian within the reasonableness timeframe established by the Department of Labor. The Company is in the process of calculating lost earnings in order to determine the necessary corrective action related to the delinquent remittance.

Based on such actions, Plan management and the Company believe the delinquent remittances will not cause the Plan to be disqualified by the IRS and that the self-corrective actions will allow the Plan to be in compliance with the Plan documents and ERISA. Accordingly, no provision for income taxes has been included in the accompanying financial statements.

NOTE 9. CARES ACT

In response to the effects of the coronavirus on the economy, in March 2020, Congress passed the CARES Act. The CARES Act provides temporary relief for retirement plan sponsors and participants with respect to employer contributions, distributions, and participant loans. The provisions of the CARES Act may be implemented operationally prior to formally amending the Plan document. The Plan has implemented certain relief provisions included in the CARES Act as disclosed in the preceding notes to the financial statements. In March 2020, the Plan was amended for these provisions.

NOTE 10. SECURE 2.0 ACT

On December 29, 2022, the SECURE 2.0 Act of 2022 (the “SECURE Act 2.0”) became law. The purpose of the legislation is to expand access to retirement plans and to help working Americans increase their retirement savings. The SECURE Act 2.0 includes various required and optional provisions that will become effective between 2023 and 2033, certain of which are described below:

- Beginning in 2023, the age for required minimum distributions will increase from age 72 to 73. Beginning in 2033, the age for required minimum distributions will increase from age 73 to 75.
- Beginning in 2026, catch-up contributions will be made on a Roth basis, unless the participant earns $145,000 or less.
- Beginning January 1, 2025, a participant from the ages 60 to 63 can elect catch-up contributions up to the limit of the greater of $10,000 or 150% of the catch-up contribution limit imposed by the IRS.

NOTE 10. SECURE 2.0 ACT (Continued)

- Starting January 1, 2025, long-term part-time workers (defined as employees who have worked for two consecutive 12 month periods during each of which they have at least 500 hours of service) will become eligible to enroll in their employer's retirement plan after two years.

Additionally, Plan management has not yet determined which of the optional provisions, if any, the Plan will implement. Plan management expects to formally amend the Plan by December 31, 2025.
