To the Plan Administrator of
Flynn's Tire and Automotive Group 401(k) Retirement Plan
West Middlesex, Pennsylvania

Independent Auditor's Report

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Flynn's Tire and Automotive Group 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Flynn's Tire and Automotive Group 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note C to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Flynn's Tire and Automotive Group 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Flynn's Tire and Automotive Group 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

Auditor's Responsibilities for the Audit of the Financial Statements (continued)

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Flynn's Tire and Automotive Group 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Flynn's Tire and Automotive Group 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets Held for Investment Purposes at the End of Year is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

Other Matters (continued)

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS

FLYNN'S TIRE AND AUTOMOTIVE GROUP 401(k) RETIREMENT PLAN

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN

The following description of Flynn's Tire and Automotive Group 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, adopted on July 1, 1995, is a defined contribution plan under the provisions of Section 401(a) of the Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility:

All employees of Flynn's Tires of Pennsylvania, Inc., Flynn's of Ohio, Inc., Flynn's of New York, Inc., Flynn's Tires, LLC, and Urtra Company, Inc. who have completed a minimum of two consecutive months of service are eligible to make a salary deferral contribution three months after their date of hire. Additionally, employees that have been credited with 1,000 hours of service and have attained one year of service are eligible for employer matching contributions. Employees meeting this employer match requirement are eligible to participate in the Plan on January 1 of the same day of the month completed or in each successive three month period thereafter.

Contributions:

Participants may make contributions to the Plan up to the maximum percentage allowable not to exceed the limits of Code Section 401(k) of \$20,500 and \$19,500 for 2022 and 2021, respectively. Participants who have attained age 50 before the end of the plan year are eligible to make catch-up contributions of \$6,500 for both 2022 and 2021. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans prior to meeting the eligibility requirements for participation in the Plan.

The Plan has an automatic 3% salary deferral feature of eligible compensation, which can be modified by notifying the Company directly. The definition of compensation for purposes of determining salary deferrals and employer discretionary contributions includes all compensation.

The Company may make an annual discretionary contribution to each eligible participant in accordance with the nondiscriminatory formula. Discretionary contributions are determined by multiplying the discretionary contribution by a fraction, the numerator of which is the participant's deferral and the denominator of which is the deferred compensation of all participants eligible to receive such an allocation. The discretionary contribution was \$99,218 and \$100,000 for the years ended December 31, 2022 and 2021, respectively. Additional profit sharing amounts may be contributed at the discretion of the Company. There were no additional profit sharing contributions for the years ended December 31, 2022 and 2021.

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts:

Participant accounts are valued on a daily basis based on quoted market prices. Each participant's account is credited with the participant's contribution, an allocation of the Company's contribution, forfeitures and plan earnings, and charged with an allocation of administrative expenses as defined by the Plan agreement. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting:

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's discretionary and profit sharing contributions, and actual earnings thereon is based on years of continuous service. A participant is vested according to the following table:

<u>YEARS OF SERVICE</u>	<u>VESTING PERCENTAGE</u>
1	0%
2	25%
3	50%
4	75%
5	100%

Regardless of the vesting schedule, participants shall become fully vested upon attainment of normal retirement age or if a participant terminates employment due to disability or death.

Forfeitures:

Forfeitures shall be used to reduce the Company's discretionary contribution to the Plan. During 2022 and 2021, forfeited nonvested accounts totaled \$691 and \$515, respectively. Forfeitures are allocated against the discretionary matching contributions. Allocated forfeitures totaled \$1,271 and \$-0- for the years ended December 31, 2022 and 2021, respectively. At December 31, 2022 and 2021, \$782 and \$1,362, respectively, remained in the forfeiture account.

Cash and Cash Equivalents:

The Plan considers highly liquid debt instruments purchased with original maturity dates of three months or less to be cash equivalents. Deposits may at times exceed federally insured amounts.

December 31, 2022 and 2021

NOTE A - DESCRIPTION OF PLAN (CONTINUED)

Notes Receivable:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 5.25% to 8.25%, which are commensurate with local prevailing rates as determined by the plan administrator. All installment payments are made through employer payroll deductions with equal installments made each payroll period. The repayment period of principal and interest shall not exceed five years unless the purpose of the note is for the purchase of the principal residence of the participant. The term of repayment for the purchase of a principal residence shall not exceed ten years.

Payment of Benefits:

Upon termination of service due to death, disability or retirement, a participant may elect to receive a lump-sum amount equal to the value of the participant's account. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Withdrawals:

The value of rollover contributions and transfers and the earnings thereon are available for in-service withdrawals during a plan year. Participants that have reached the Plan's normal retirement age may withdraw the total value of the vested interest held in their account. Hardship withdrawals are permitted in the Plan. A participant may withdraw part of the value of their vested portion and earnings thereon in their account during a plan year.

Administrative Expenses:

Quarterly administrative expenses are charged directly to the individual participant accounts. Participants who take a note from the Plan incur a one-time fee for establishing the note. Participants may elect to pay additional fees for express delivery of any type of distribution. Administrative expenses are paid by the plan sponsor to the extent not paid by the Plan.

Investment Elections:

Each participant may direct their account balance into one or more of the 20 investment options offered by the Plan.

Basis of Accounting:

The accompanying financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with U.S. generally accepted accounting principles. Investments held by a defined contribution plan are required to be reported at fair value.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition:

Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note D for a description of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year.

Collective Trust Funds Valuation and Inputs:

The share prices reported on the plan summary report for collective trust funds are generally obtained directly from the fund house or other investment provider.

The observable inputs include an attempt to receive share prices from more than one source and performing a systematic comparison of any difference in quoted share prices for the same fund. The difference is resolved by contacting the investment provider directly to ensure the correct share price is recorded. Variance reports are also reviewed, which show the percentage of share price changes from the prior day. The internal pricing analyst and management will review the overall movement of market indices and will apply judgment in determining whether any further research with investment providers will be pursued for share price variances from the prior day. Daily, after all research and validation has been performed, and variances have been resolved, share prices are closed and loaded to the recordkeeping system.

The unobservable inputs exist due to the various unique investments that may be allowed in a collective trust fund, and the various redemption restrictions that may be imposed. A plan sponsor should individually review the prospectus and operations of each of these types of investment options.

Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Payments of Benefits:

Benefit payments to participants are recorded when paid.

Subsequent Events:

Management evaluated all activity of the Plan through September 19, 2023, the date the financial statements were available to be issued, and concluded that no subsequent events have occurred that would require recognition or disclosure in the financial statements or notes.

NOTE C - INFORMATION CERTIFIED BY THE CUSTODIAN

In accordance with Section 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator has elected to restrict the scope of the auditor's examination with regard to statements or information prepared and certified by the custodian. Mid Atlantic Trust Company, the custodian of the Plan, has certified that the following data included in the accompanying financial statements and supplemental schedule is complete and accurate for the years ended December 31, 2022 and 2021.

	<u>\$ (1,645,259)</u>	

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS

FASB ASC 820 Fair Value Measurements, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

FLYNN'S TIRE AND AUTOMOTIVE GROUP 401(k) RETIREMENT PLAN

December 31, 2022 and 2021

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the quoted market prices of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE D - INVESTMENTS AND FAIR VALUE MEASUREMENTS (CONTINUED)

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Investments at fair value at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual Funds:	<u>\$8,005,777</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$8,005,777</u>

	Level 1	Level 2	Level 3	Total
Mutual Funds:	<u>\$9,653,629</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$9,653,629</u>

The following table summarizes fully benefit-responsive investment contracts reported at contract value as of December 31, 2022 and 2021, respectively.

Fund	Fair Value at December 31,		Unfunded Commitments	Redemption Frequency (If Currently Eligible)	Redemption Notice Period
	2022	2021			
Common and collective trust	<u>\$ 77,413</u>	<u>\$ -</u>	N/A	Daily	12 months

NOTE E - PLAN TERMINATION

Although it has not expressed any intention to do so, the Company has the right to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

NOTE F - INCOME TAX STATUS

On June 30, 2020, the Internal Revenue Service stated in a determination letter that the volume submitter adopted by the Plan on May 21, 2019, as then designed, qualifies under Section 401(a) of the IRC. Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

NOTE G - RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits. Recent market conditions have resulted in an unusually high degree of volatility and increased the risks and short-term liquidity associated with certain investments held by the Plan, which could impact the value of investments after the date of these financial statements.
