INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator, Retirement Committee, and Plan Participants
Nordson Employees' Savings Trust Plan
Westlake, Ohio

Opinion

We have audited the financial statements of the Nordson Employees' Savings Trust Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the related Statement of Changes in Net Assets Available for Benefits for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2022 and 2021, and the changes in net assets available for benefits for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material

if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- a. Exercise professional judgment and maintain professional skepticism throughout the audit.
- b. Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- c. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- d. Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- e. Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedules Required by ERISA

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental Schedule of Assets Held for Investment Purposes at End of Year as of December 31, 2022 is presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

NOTES TO FINANCIAL STATEMENTS

1 Description of Plan

The following description of the Nordson Employees' Savings Trust Plan ("Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General:

The Plan, which began March 16, 1962, is a defined contribution plan covering certain salaried, full-time and part-time, domestic employees of Nordson Corporation ("Company"). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

The Plan was restated effective January 1, 2016 to incorporate all prior amendments and to state the terms of the related trust in a separate agreement.

Effective December 21, 2020, the assets of the Nordson Corporation Non-Union Employees Stock Ownership Plan (NUESOP) were merged into the Plan. The assets of the NUESOP became a fund within the Plan. Participants can diversify the assets within the NUESOP fund into any other funds within the Plan at any time. Only employees who were participants in the NUESOP on July 1, 2013 and whose participation has not otherwise terminated continue to be eligible for the NUESOP fund.

In 2021, the Plan was amended to comply with the requirements of the Bipartisan Budget Act of 2018 and final Treasury Regulations regarding hardship withdrawals, the Setting Every Community Up for Retirement Enhancement (SECURE) Act of 2019 and the Coronavirus Aid, Relief and Economic Security (CARES) Act.

Effective January 1, 2021, eligible employees of Fluoritek, Inc. became participants in the Plan and on July 1, 2021, the assets of Fluoritek, Inc. 401(k) Savings Plan were merged into the Plan.

Effective February 1, 2021, the Company finalized the sale of its screws and barrels product line. Participant balances were transferred out of the Plan to the Xaloy 401(k) Plan in 2021.

Effective March 1, 2022, the Company will make an additional 3% nonelective employer contribution on an annual basis for employees who opted out of the Nordson Salaried Employees Pension Plan and are actively employed through December 31 of each year.

Eligibility:

All salaried and non-union hourly domestic employees of the Company are eligible to become active participants in the Plan beginning with the first payroll period after completion of one hour of service.

Contributions:

Participants may elect between 1% and 30% of their compensation to be contributed to the Plan by the Company. Participant contributions can be designated as a Roth contribution, a pre-tax contribution or a combination of the two types of participant contributions. Certain higher-paid participants may be limited to a lesser percentage. Effective January 1, 2019, unless otherwise elected, new employees will be auto-enrolled into the Plan after 30 days of employment with pre-tax contributions in an amount equal to a percentage determined by the Nordson Retirement Committee, currently 6% of their compensation.

Effective January 1, 2019, participant pre-tax contributions will automatically increase by 1% each year until a contribution rate equal to a percentage determined by the Nordson Retirement Committee is reached, currently 10%.

The automatic enrollment provision does not apply to Roth 401(k) contributions. Participants can opt out of the automatic increase program.

Post-tax Employee Contribution - Participants may elect between 1% and 5% of their compensation to be contributed to the Plan by the Company. Certain higher-paid participants may be limited to a lesser percentage.

Total pre-tax, Roth and post-tax employee contributions may not exceed 30%.

NOTES TO FINANCIAL STATEMENTS

1 Description of Plan, Continued***Contributions, continued:***

Employer Contributions - The Company makes matching contributions equal to 50% of each participant's contributions, which are attributable to the first 6% of compensation, subject to Plan restrictions. Effective July 1, 2021, the Company will also make an additional 3% nonelective employer contribution on an annual basis for employees hired or rehired on or after July 1, 2021 and actively employed through December 31 of each year.

The Company may also make additional discretionary contributions, if authorized by its Board of Directors; however, no such discretionary contributions were made for the years presented. Each year, the Company may choose to make discretionary contributions to the NUESOP portion of the plan. For 2022 and 2021, there were no NUESOP contributions.

Rollover contributions from other plans are also accepted, provided certain specified conditions are met.

Contributions are subject to limitations on annual additions and other limitations imposed by the Internal Revenue Code, as defined in the Plan agreement.

Participants' Accounts:

A separate account in each fund is maintained for each participant. The account balances for participants are adjusted periodically as follows:

- a) As of the date with respect to which the contribution was earned.
- b) Daily for a pro rata share of each respective fund's net investment income, determined by the percentage increase or decrease in the value of the fund.
- c) Annually for a pro rata share of forfeitures attributable to matching employer contributions, determined by the ratio that each active participant's separate account balance on the allocation date bears to the aggregate separate account balances for all active participants on the allocation date.

Vesting:

Participants are fully vested in all employee contributions and rollover contributions and the related gains and losses. Participants vest in employer contributions (adjusted for gains and losses) 33 1/3% for each year of service.

Forfeitures:

Forfeitures due to termination from the Plan before a participant is 100% vested shall be allocated to remaining participants. Forfeitures are available for allocation after the earlier of a five-year period commencing from the date on which the participant's employment was terminated or upon the participant requesting a distribution. Forfeitures available to be allocated are fully allocated to the remaining participants. Forfeitures allocated were \$362,461 (2022) and \$167,357 (2021). Forfeitures available to be allocated were \$334,443 (2022) and \$362,528 (2021).

Notes Receivable from Participants:

Notes receivable are permitted under certain circumstances and are subject to limitations. Participants may borrow from their fund accounts up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. Notes receivable are repaid over a period not to exceed five years.

Effective March 1, 2022 a participant is permitted to take out two loans, which may include either: Two General Purpose Loans, or One General Purpose Loan and One Residential Loan. A Residential Loan is a loan taken for the purpose of purchasing a primary residence. Participants with two outstanding General Purpose Loans as of the March 1, 2022 effective date will not be permitted to take an additional loan until one of the General Purpose Loans is repaid.

The notes receivable are secured by the balance in the participant's account and bear interest at rates established by the Company. Principal and interest are paid ratably through payroll deductions.

NOTES TO FINANCIAL STATEMENTS

1 Description of Plan, Continued***Payment of Benefits:***

Upon retirement after age 55 or death or disability, if earlier, the balance in the separate account is paid to the participant or beneficiaries either in a lump sum or installments. A participant who has attained age 59 1/2 can also elect to withdraw amounts from their separate account. Until distribution, each account shall participate in the allocation of earnings and appreciation or depreciation of assets.

If the employment of a participant is terminated for any cause other than death or total disability prior to the attainment of the age of 55 years, any distribution will be based on the number of years the participant participated in the Plan. The portion of the account to be distributed will be equal to all the employee's contributions and related earnings, plus 33 1/3% of the remainder of the balance (the employer's matching contribution, forfeitures and related earnings) in the separate account for each full year of participation in the Plan up to 100%.

Benefit payments to participants are recorded upon distribution.

Investment Options:

Participants can direct their contributions in 1% increments in any of the investment funds offered by the Plan.

Company match contributions made on behalf of participants are invested according to the participant's investment elections or into the Plan's default fund if no investment elections exist.

Effective April 1, 2021, future investment contributions and investment transfers into Nordson Stock are capped at 50% of the total investments in the participant's account.

2 Summary of Significant Accounting Policies***Basis of Accounting:***

The Plan's transactions are reported on the accrual basis of accounting.

Investment Valuation:

Investments are reported at fair value. Investments in equity and debt securities traded on a national exchange and mutual funds are valued at the market price on the last business day of the Plan year. Securities traded in the over-the-counter market are valued at the mean between the last reported bid and ask prices. Deposits under group annuity contracts are valued at the fair value, as reported by the insurance companies. Guaranteed investment contracts are valued at contract value which represents contributions and reinvested income, less any withdrawals plus accrued interest. Contract value approximates fair value. Common/collective funds are valued using the net asset value provided by the administrator of the fund, less liabilities.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Interest is calculated and paid using money market interest rates on late transfers of money between the various funds. This is done to record the proper investment earnings within each fund.

Notes Receivable from Participants:

Notes receivable from participants are valued at unpaid principal balance plus any accrued, but unpaid interest. Interest income on notes receivable from participants is recorded when it is earned. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. Delinquent participant loans are deemed distributions based on the terms of the Plan document.

NOTES TO FINANCIAL STATEMENTS

2 Summary of Significant Accounting Policies, Continued***Use of Estimates:***

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Plan Termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Risks and Uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term, and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits.

3 Tax Status

On December 29, 2016, the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, the Plan's Administrator and tax counsel believe that the Plan was qualified and the related trust was tax-exempt as of the financial statement date.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken uncertain tax positions that more-likely-than-not would not be sustained upon examination by applicable taxing authorities. The Plan Administrator has analyzed tax positions taken by the Plan and has concluded that, as of December 31, 2022, there are no uncertain tax positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions. However, currently no audits for any tax periods are in progress.

4 Fair Value Measurements

Accounting guidance defines fair value as the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be reported at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions and risk of nonperformance.

The guidance also establishes a fair value hierarchy that requires the Plan to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that may be used to measure fair value are described as follows:

- Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2: Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data.

NOTES TO FINANCIAL STATEMENTS

4 Fair Value Measurements, Continued

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

- Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used to measure fair value of assets held in the Plan. There have been no changes in the methodologies used at December 31, 2022 or 2021.

Mutual Funds: The mutual funds are public investment vehicles valued using the net asset value ("NAV") provided by the administrator of the fund. The NAV is based on the value of the underlying assets owned by the fund. The NAV is a quoted price in an active market, thus the mutual funds are classified within Level 1 of the hierarchy.

Money Market Funds: The money market funds are public investment vehicles that are valued with a NAV of \$1. This NAV is a quoted price in an active market, thus these investments are classified within Level 1 of the hierarchy.

Common/Collective Funds: Common/collective funds are public investment vehicles valued using the NAV provided by the administrator of the fund. The NAV is based on the value of the assets owned by the funds, less liabilities. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the common/collective funds, the investment advisor reserves the right to temporarily delay withdrawal from the funds in order to ensure that securities liquidations will be carried out in an orderly business manner. These investments are not quoted on an active market.

Nordson Corporation Common Stock: The stock is valued at the closing price reported on the NASDAQ stock exchange and is classified within Level 1 of the hierarchy.

Investment Contract: This is an investment in a group annuity contract with Mass Mutual, which guarantees a fixed interest rate each year. The asset is valued at the fair value, as reported by Mass Mutual. This contract does not hold any specific assets. This investment is classified within Level 3 of the hierarchy.

Annuity: This annuity is invested with National Western Life. The asset is valued at contract value, as reported by National Western Life. This investment is classified within Level 3 of the hierarchy.

Investments measured at fair value on a recurring basis consisted of the following types of instruments as of December 31, 2022:

5 Party-in-Interest Transactions

Certain legal, accounting and administrative expenses are paid by the Company. The Plan also invests in the common stock of the Company. John Hancock Retirement Plan Services ("John Hancock") provides certain administrative services to the Plan pursuant to a service agreement between the Company and John Hancock.

Plan expenses are charged directly to participants. Every participant is charged \$18.75 quarterly (\$75 annually) no matter which investment options are chosen by the participant. On a quarterly basis, participants will receive an administrative credit to the investment fund that generated the credit. The credits will vary by participant based upon the investments in the participant's account. John Hancock also receives revenue from certain mutual fund companies or other investment providers pursuant to service agreements that John Hancock maintains in connection with services provided to the Plan. The revenue generated will be used for the payment of ERISA-qualified Plan administrative expenses, as determined by the Plan Administrator. To the extent the revenue received into the Plan exceeds the Plan's administrative expense, the excess will be allocated on an annual basis to participants with account balances as of March 31 of the following year.

The Plan also has arrangements with various service providers, and these arrangements qualify as party-in-interest transactions.

6 Subsequent Events

Management evaluates events occurring subsequent to the date of the financial statements in determining the accounting for and disclosure of transactions and events that affect the financial statements. The Plan has evaluated subsequent events through June 28, 2023, the date the financial statements were available to be issued.
