INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Trustee
Oregon Ice Cream LLC 401(k) Plan
Camas, Washington

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Oregon Ice Cream LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audits of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

OREGON ICE CREAM LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Oregon Ice Cream LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution profit sharing plan covering all full-time employees of Oregon Ice Cream LLC (the Company) who have completed three months of service. Employees who are part time or whose wages are subject to collective bargaining are not eligible to participate in the Plan. The Plan is subject to the requirements of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Retirement Committee determines the appropriateness of the Plan investment offerings, monitors investment performance and reports to Plan Management.

Contributions

Each year, participants may elect to contribute pre-tax or after-tax Roth contributions of not less than 1% compensation, as defined by the Plan, not to exceed the maximum allowed under the Internal Revenue Code, which was \$20,500 in 2022. Participants who have attained the age of 50 before the end of the Plan year are eligible to make additional catch-up contributions of \$6,500 in 2022. The Plan automatically withholds 5% from each participant's compensation unless the participant elects to not defer any of their salary or elects a different percentage. Beginning on the participant's anniversary date, their deferral percentage will increase by 1% annually until 12% is reached, unless the participant makes a different election. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers various registered investment companies and an insurance investment contract as investment options for participants.

Matching contributions are based upon the amount of contribution dollars contributed by each participant. The matching contribution is a discretionary amount determined by the Company on a yearly basis. Matching contributions were 50% of the first 6% of each participant's contribution in 2022. Additionally, the Company may elect to make a separate discretionary contribution to the Plan at the end of the Plan year. In 2022, the Company did not elect to make a separate discretionary contribution.

Participant Accounts

Each participant's account is credited with the participant's contribution and an allocation of (a) the Company's matching contribution, (b) the Company's discretionary contribution and, (c) Plan earnings and expenses. Allocations are based on participant earnings or account balances, as defined by the Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Elections

Participants may choose from a variety of investment options. The qualified default investment allocation is the participant's appropriate target fund provided by Vanguard. Participants have the opportunity to change their investment combinations on a daily basis.

Vesting

Participants are immediately vested in their voluntary contributions, plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts is based on years of continuous service. Accounts vest at 33% each year and become fully vested after three years of credited service. Participants shall become 100% vested upon attainment of normal retirement age, death, or permanent disablement.

Notes Receivable from Participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at the prime interest rate plus 1%, with rates ranging from 4.25% to 8% for the year ending December 31, 2022. Principal and interest are paid ratably through monthly payroll deductions.

OREGON ICE CREAM LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan, continued

Payment of Benefits

On termination of service due to death, disability or retirement, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account, installments over a period of not more than the participant's assumed life expectancy, or Ad Hoc, as defined by the Plan. If the participant's vested balance does not exceed \$5,000, they may receive his or her account as a lump-sum distribution.

Forfeited Accounts

At December 31, 2022 and 2021, there were no forfeited non-vested accounts. Forfeitures used to reduce employer contributions totaled \$5,988 for the year ended December 31, 2022. These accounts will be used to reduce future employer contributions or Plan expenses as determined by the Plan Administrator.

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes therein, and disclosures of contingent assets and liabilities. Actual results may differ from those estimates.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Investment Valuation and Income Recognition

Except for benefit responsive investment contracts reported at contract value, investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements. The Plan's Retirement Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, Trustee and insurance company.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, recordkeeping and investment advisory are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

OREGON ICE CREAM LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 - Summary of Accounting Policies, continued

Subsequent Events

The Plan has evaluated subsequent events through August 30, 2023, the date the financial statements were available to be issued.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 3 - Information Certified by the Trustee

The Plan's investments are held by Empower Annuity Insurance Company of America, the Trustee of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses charged by the Trustee. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2022 and 2021 and for the year ended December 31, 2022, that the following information provided to the Plan Administrator by the Trustee are complete and accurate:

- Investments, at fair value
- Investment, at contract value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

Fair value is the price that would be received from selling an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. When determining the fair value measurements for assets and liabilities required to be recorded at fair value, the Plan considers the principal or most advantageous market in which it would transact and considers assumptions that market participants would use when pricing the asset or liability, such as inherent risk, transfer restrictions, and risk of nonperformance.

The Plan follows a fair value hierarchy to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. A financial instrument's categorization within the fair value hierarchy is based upon the lowest level of input that is significant to the fair value measurement. Three levels of inputs may be used to measure fair value:

Level 1 - quoted prices in active markets for identical assets or liabilities.

Level 2 - inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices in active markets for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

OREGON ICE CREAM LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 4 - Fair Value Measurements, continued

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021:

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value:

Investments at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,377,445	\$ -	\$ -	\$ 3,377,445
Total investments at fair value	<u>\$ 3,377,445</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,377,445</u>

Investments at Fair Value as of December 31, 2021				
	Level 1	Level 2	Level 3	Total
Registered investment companies	\$ 3,691,211	\$ -	\$ -	\$ 3,691,211
Total investments at fair value	<u>\$ 3,691,211</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 3,691,211</u>

Note 5 - Investment Contract with Insurance Company

The Plan holds a fully benefit-responsive investment contract with Empower Annuity Insurance Company of America (Empower). Empower maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract value of the investment at December 31, 2022 and 2021 was \$732,809 and \$647,063, respectively.

As described in Note 2, because the guaranteed investment contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. Contract value, as reported to the Plan by Empower, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Key variables influencing future crediting rates for the guaranteed investment contract include current economic and market conditions, the general interest rate environment and both the expected and actual experience of a reference portfolio within the issuer's general account.

The contracts do not specify any events which would limit the ability of the Plan to transact at contract value with the issuer or any events which would allow the issuer to terminate the contracts and settle for an amount different from contract value. The Company does not intend to surrender the contracts.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The crediting interest rate is based on earnings of the underlying assets in the entire medium-long term new portfolio compared to a minimum interest crediting rate, as stated in the contract, and prevailing market conditions. Such interest rates are reviewed on a quarterly basis for resetting.

OREGON ICE CREAM LLC 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 6 - Party-in-Interest Transactions

Certain Plan investments are managed by Empower. These transactions qualify as party-in-interest transactions as Empower is the Trustee of the Plan. Fees paid for investment services are deducted from net depreciation of investments. Fees paid to Empower for administrative services totaled \$17,084 for the year ended December 31, 2022. Additionally, \$14,037 was paid to Deschutes Investment Consulting, LLC and \$3,224 was paid to Empower Advisory Group LLC for investment advisory services. These party-in-interest transactions are exempt from prohibited transaction rules of ERISA.

Note 7 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's prototype sponsor by an opinion letter dated November 14, 2022, that the Non-Standardized Pre-Approved Profit Sharing/Money Purchase/CODA by Empower Retirement LLC, which has been adopted by the Plan, is acceptable pursuant to Section 401 of the Internal Revenue Code (IRC) and in compliance with the applicable requirements of the IRC. The Plan has not requested its own determination letter from the Internal Revenue Service. The Plan has been amended since the adoption of the prototype sponsor plan. However, the Plan Administrator and the Plan's tax counsel believe the Plan is designed and currently being operated in compliance with the applicable requirements of the IRC and therefore, believe the Plan was qualified and the related trust was tax exempt as of the financial statement date.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator does not believe there are any uncertain positions at December 31, 2022 or 2021. The Plan is subject to routine audits by taxing jurisdictions, however, there are currently no audits for any tax periods in progress.

Note 8 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their employer contributions.
