INDEPENDENT AUDITOR'S REPORT

To The Plan Administrator and Participants of the PROS, Inc. 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of PROS, Inc. 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section -

- the amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis of Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the

design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedules Required by ERISA

The supplemental schedule of assets held at December 31, 2022 and the schedule of delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following description of the PROS, Inc. (the “Company”) 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the *Summary Plan Description* for a more complete description of the Plan’s provisions.

General

The Plan is a defined contribution plan covering all eligible employees of the Company who have attained age 21 and who are not covered by a collective bargaining agreement. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (“ERISA”).

Contributions

Participants may elect to make contributions up to 60 percent of their eligible compensation, as defined in the Plan through payroll withholding. Participants may make different contribution elections for bonus compensation. Participant pre-tax contributions are subject to the maximum deferral amount of \$20,500 for the year ended December 31, 2022 (plus an additional \$6,500 of catch-up contribution for those age 50 and older). However, contributions may be limited to comply with nondiscrimination testing. The Plan provides for discretionary matching contributions in an amount to be determined by the Company on an annual basis. Effective January 1, 2020, the Company reinstated employer matching contributions at a rate of 50% for the first eight percent of eligible compensation contributed by a participant, with an annual true-up calculation made to provide full employer annual matching. The Company may also make profit-sharing contributions at its discretion which will be allocated among all eligible employees, whether or not they make pre-tax contributions. There were no profit-sharing contributions for 2022. Federal law limits the total annual amount that may be contributed to a participant’s account for the year. The Plan allows rollover contributions, subject to the approval of the administrator. Participants may direct the investment of their accounts into the various investment options selected by the Company. Regular contributions are funded into the trust shortly after each pay date, with a final employer matching contribution being funded when computed following year end.

Participant Accounts

Each participant’s account is credited with the participant’s contribution and an allocation of (a) the Company’s contribution, (b) investment earnings and (c) Plan expenses. Allocations are generally based on participant earnings or account balances, as defined in the Plan. Participant accounts may be allocated Plan administrative expenses, net of fee reimbursement credits, or charged directly for certain transaction related charges. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Administrative Expenses

Certain Plan administrative expenses are paid by the Company and not reflected in these financial statements. Expenses reflected within these financial statements generally relate to participant initiated loan and document delivery costs and are charged directly to the accounts of the initiating participant. Also included are Plan recordkeeping and administrative expenses allocated to each participant. These expenses are presented net of expense reimbursements from the trustee related to fees for certain mutual funds held in the Plan by participants.

PROS, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

At December 31, 2022 and 2021 there were \$74,126 and \$235,463, respectively, of revenue reimbursement credits that had not been allocated to individual participant accounts as a reduction of expenses allocated thereto. During 2022, \$248,716 of revenue reimbursement credits were credited back to eligible participant accounts and \$71,592 was used to pay administrative expenses so those expenses would not be charged to participant accounts.

Vesting, Distributions and Forfeitures

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are immediately vested in employer contributions made after 2019. Vesting in the Company contributions plus actual earnings for employer contributions for those terminated before 2020 are as follows:

Years of Service	Vesting Percentage
Less than 1	0%
1	33
2	66
3	100

On termination of service due to death, disability or retirement, or for any other reason, a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in either a lump-sum amount, in annual installments, or in the purchase of an annuity.

Forfeiture of part or all of the employers' contributions may occur if a participant terminates employment or withdraws contributions prior to vesting. Forfeitures were used to fund \$50,000 of employer contributions in 2022. No forfeitures were used to offset plan administrative expenses in 2022. There were unapplied forfeitures of approximately \$62,937 and \$55,564 at December 31, 2022 and 2021, respectively.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balance. The loans are secured by the balance in the participant's account and bear interest at rates of 4.25 percent to 6.50 percent, which are commensurate with local prevailing rates as determined by the plan administrator. Principal and interest is paid ratably through semi-monthly payroll deductions over a period not to exceed five years unless it is for the purchase of a principal residence in which case it is not to exceed a period of ten years.

2. Significant Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared using the accrual basis of accounting.

PROS, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

The Plan Administrators have reviewed and evaluated events subsequent to December 31, 2022 through September 29, 2023, the date the financial statements were available to be issued, for their impact on amounts recorded and related disclosures, in these financial statements, and incorporated the related effects as appropriate.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value as proscribed by Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10. Fair value represents the exit price to sell an investment between willing buyers and sellers under normal conditions. The Plan's investments in registered mutual fund investment companies are stated at fair value based on quoted net asset values as evidenced on national exchanges. Money market funds are stated at fair value as determined by the monetary nominal amount of the invested funds.

The net appreciation or depreciation in the fair value of the investments as presented by the Plan in the statement of changes in net assets available for plan benefits consists of the realized gains or losses and the net unrealized appreciation or depreciation of the investments held, and relates to mutual funds in 2021. Investment management and advisory fees are incurred by plan participants indirectly as such fees serve to reduce the carrying value of investments (and therefore are a component of net appreciation in the fair value of investments).

Purchases and sales of investments are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded as of the ex-dividend date.

Contributions Receivable

Receivables are stated at the amount due as of the reporting date and represent contributions owed to the Plan by the employer and any contributions in transit from employees at the date of the statement of net assets.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest and are excluded from investments in the fair value tables in Note 4 as proscribed by Accounting Standards Update 2010-25. Delinquent notes receivable are reclassified as benefits paid based upon the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate volatility, market risks and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term

PROS, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

3. Information Certified by the Trustee (Unaudited)

The Plan administrator has elected the Section 103(a)(3)(C) audit method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation (depreciation) in fair value of investments, and dividend and interest income for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan.

The Plan's independent auditor did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the accompanying financial statements and supplemental schedule.

4. Fair Value of Investments

FASB ASC 820-10 establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

PROS, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the net asset value ("NAV") of shares held by the plan as quoted on national exchanges.

Common collective trust funds: The Plan's stable value fund investment is a common collective trust valued at a Net Asset Value of \$1.00 per share by the Plan manager. These investments are fixed interest investments, including underlying contracts with insurance companies, with quarterly interest rate setting, resulting in a fair value that approximates the nominal value of the trust's invested assets.

Money market funds: Valued at the monetary nominal amount of the invested funds.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

PROS, Inc. 401(k) Plan
Notes to Financial Statements
December 31, 2022

There were no Level 2 or 3 assets held by the Plan during 2022 and 2021, and there were no transfers of assets between levels during 2022.

All net appreciation recognized in the Plan's financial statements relate to mutual fund investments.

5. Related-Party and Party-In-Interest Transactions

Certain Plan investments are shares of mutual funds managed by Fidelity and its affiliates. Fidelity is the trustee as defined by the Plan, and therefore, these transactions qualify as party-in-interest transactions. Notes receivable from participants also qualify as party-in-interest transactions.

The Company provides administrative support services to the Plan without compensation and pays certain administrative expenses of the Plan with no reimbursement from the Plan. These transactions and relationships also qualify as party-in-interest transactions.

Contributions for four participants for a pay period in late 2022 totaling \$1,835 were inadvertently funded to Fidelity on a delayed basis in early 2023. The Company has funded all of these contributions to the Plan's trustee, along with the lost earnings related to the period of delay. These transactions are prohibited non-exempt transactions, and have been remedied with the funding of the contributions and related lost earnings.

6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts. Any unallocated assets of the Plan shall be allocated to participant accounts and distributed in such a manner as the Company may determine.

7. Income Tax Status

The Internal Revenue Service has determined and informed the Trustee by a letter dated June 30, 2020, that the prototype plan and related trust used by the Plan are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the plan administrator and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 there are no uncertain positions taken, or expected to be taken, that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.
