INDEPENDENT AUDITOR'S REPORT

To the Trustees and Participants of
Fiera Capital 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Fiera Capital 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Fiera Capital 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules ("DOL") and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from qualified institutions as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by the qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fiera Capital 401(k) Plan's ability to continue as a going concern for one year from the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fiera Capital 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Fiera Capital 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Fiera Capital 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Fiera Capital 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan, which became effective December 31, 2003 and was restated as of September 15, 2021, is a defined contribution plan under Internal Revenue Code Section 401(k), covering all eligible employees, other than certain nonresident aliens who have no earned income from sources within the United States, leased employees, and employees covered by a collective bargaining agreement as defined, of Fiera US Holding, Inc. (the "Sponsor") and its affiliates. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). There are no age or service requirements to be eligible for the Plan and participants can enter the Plan on the first day of the month following their hire date.

Administration of the Plan

The Sponsor is the Plan administrator and is responsible for providing the participants and their beneficiaries with information about their rights and benefits under the Plan.

Contributions

Each year, participants may contribute up to 100% of eligible compensation, as defined by the Plan, as a pre-tax deferral not to exceed limitations set forth by the Internal Revenue Service. Participants are permitted to designate all or a portion of their elective contributions as Roth elective contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions not to exceed limitations set forth by the Internal Revenue Service. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

Because the Plan is intended to be a safe harbor plan, the Sponsor makes safe harbor matching contributions in an amount equal to 100% of employee contributions, up to 4% of that employee's compensation. In addition, the Sponsor may make profit sharing and other matching contributions in such amount, if any, as determined by the Sponsor, in its sole discretion. Participants are eligible upon the first date of the following month of entry date for profit sharing and matching contributions. There were matching contributions in the amount of \$956,602 made for the year ended December 31, 2022. There were no profit sharing contributions made for the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and Sponsor's contributions, and an allocation of earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions and safe harbor matching contributions plus actual earnings thereon. Participants have a 100% vested percentage in their employer profit sharing and other matching contribution accounts.

Fiera Capital 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of 50% of their vested account balance or \$50,000. At December 31, 2022, outstanding loans bear interest at rates ranging from 4.25% to 6.50%. Principal and interest are paid ratably through payroll deductions over five years, except those used to acquire a principal residence of a participant. Such loans must be repaid over a period not in excess of fifteen years.

Payment of Benefits

In the event of retirement, death, disability, or termination of employment, participants will elect to receive a lump-sum amount equal to the value of the participant's vested interest in the participant's account. For termination of employment due to other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution or may elect to have the entire distribution rolled into an IRA or a new employer's qualified plan. Participants may request in-service distributions of employee and/or employer contributions upon demonstrating one of the following conditions: attaining age 59 ½, five years of service, normal retirement age with the Plan Sponsor, or for certain financial hardships.

Forfeited Accounts

Forfeitures of employer contributions are used to reduce Plan expenses and employer contributions during the current Plan year. At December 31, 2022 and 2021, \$934 and \$6,923, respectively, was available to use against employer contributions. During the year ended December 31, 2022, \$6,002 of forfeitures were used to offset employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America and present the net assets available for benefits and changes in those net assets.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance of credit losses has been recorded at December 31, 2022 and 2021.

Payment of Benefits

Benefit payments are recorded when paid.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEES

The Plan Sponsor has elected the method of annual compliance reporting permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting Disclosure under ERISA. Accordingly, as permitted under such election, Fidelity Management Trust Company has certified the completeness and accuracy of the investments, the related investment activity, notes receivable from participants and the related interest income in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022, and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under the Financial Accounting Standards Board's Accounting Standards Codification Topic 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Money market funds: Valued at cost, which approximates fair value. As such, the money market funds were valued using Level 2 inputs at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission ("SEC"). The mutual funds held by the Plan are deemed to be actively traded. As such, the mutual funds were valued using Level 1 inputs at December 31, 2022 and 2021.

Self-directed brokerage accounts: Investments held in these accounts are valued at quoted market prices and administered by Fidelity Management Trust Company. As such, the self-directed brokerage accounts were valued using Level 1 inputs at December 31, 2022.

There are no unfunded commitments in any of these investments, and there are no restrictions on redemptions.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Balance at December 31, 2022			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ -	\$ 947,033	\$ -	\$ 947,033
Mutual funds	19,704,534	-	-	19,704,534
Self-directed brokerage accounts	252,237	-	-	252,237
	<u>\$ 19,956,771</u>	<u>\$ 947,033</u>	<u>\$ -</u>	<u>\$ 20,903,804</u>
	Balance at December 31, 2021			
	Level 1	Level 2	Level 3	Total
Money market funds	\$ -	\$ 656,607	\$ -	\$ 656,607
Mutual funds	23,008,975	-	-	23,008,975
Self-directed brokerage accounts	154,576	-	-	154,576
	<u>\$ 23,163,551</u>	<u>\$ 656,607</u>	<u>\$ -</u>	<u>\$ 23,820,158</u>

The availability of observable market data is monitored to assess the appropriate classification of financial instruments within the fair value hierarchy. Changes in economic conditions or model-based valuation techniques may require the transfer of financial instruments from one fair value level to another. In such instances, the transfer is reported at the beginning of the reporting period. Plan management evaluated the significance of transfers between levels based upon the nature of the financial instrument and size of the transfer relative to total assets available for benefits. For the year ended December 31, 2022, there were no transfers in or out of levels 1, 2 or 3.

5. RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

Administrative and investment advisory fees paid to the Trustees by the Plan for investment services amounted to \$3,140 for the year ended December 31, 2022. In addition, there are transaction fees charged by the Trustees that are absorbed in investment income that are not readily determinable. Notes receivable from participants are also considered exempt party-in-interest transactions.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer profit sharing and other matching contributions.

7. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Sponsor by a letter dated June 30, 2020, that based on its initial filing as a prototype plan, the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress. In addition, there are no tax related interest or penalties for the periods presented in these financial statements.

8. SUBSEQUENT EVENTS

Subsequent events were evaluated through September 21, 2023, which is the date the financial statements were available to be issued. Based on that evaluation, the Plan has determined that no subsequent events have occurred that require adjustment to or disclosure in the financial statements.
