Independent Auditors' Report

Board of Directors
Richardson Manufacturing Company 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Richardson Manufacturing Company 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note D to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA
The supplemental Schedule of Assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE A | DESCRIPTION OF PLAN

The following description of the Richardson Manufacturing Company 401(k) Plan, (the Plan) is provided for general information purposes only. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

1. General

The Plan is a defined contribution retirement savings plan covering all eligible employees of Richardson Manufacturing Company (the Employer). Employees are eligible to participate in the Plan on the first day of the month following one month of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Board of Directors of the Employer is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

2. Contributions

The Plan includes a 401(k) provision, which allows participants to contribute up to the maximum dollar amount as determined by the Federal government of pretax annual compensation, as defined in the Plan. The maximum deferral in 2022 and 2021 was $ 20,500 and $ 19,500, respectively, with the option of an additional catch-up deferral for those 50 years of age or over of $ 6,500.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan or elect to defer a different percentage. Automatically enrolled participants have their deferral rate set at 5% of eligible compensation and their contributions invested in a designated fund until changed by the participant. At the anniversary date of the participant's deferral default enrollment date, the deferral rate increases by 1% for participants utilizing the auto-enrollment feature up to a maximum deferral rate of 6%.

The Employer may make matching contributions equal to a discretionary percentage, to be determined by the Employer, of the participant's elective deferrals. For the years ended December 31, 2022 and 2021, the Plan elected to contribute a safe harbor matching contribution. The Employer matches 100% of participant's elective deferrals not exceeding 1% of the participant's compensation, plus 50% of participant's elective deferrals in excess of 1% but not in excess of 6% of the participant's compensation. In addition, the Employer has a right to make a discretionary profit-sharing contribution to the Plan. The Employer made no profit-sharing contributions during 2022 and 2021.

NOTE A | DESCRIPTION OF PLAN

3. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employer's contribution and plan earnings (losses). Participant accounts are charged with an allocation of administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances or specific participant transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

4. Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Employer's discretionary matching contribution portion of their account is based on years of service. A participant becomes 20% vested after two years of service, increasing by 20% per additional year, with full vesting after six years of credited service. Vesting in the Employer's safe harbor matching contribution portion of their account is based on years of service. A participant is not vested in the safe harbor matching contribution until reaching two years of service at which time the participant becomes 100% vested.

5. Investments

Upon enrollment in the Plan, a participant may direct contributions to selected investments as made available and determined by the Plan trustee. Participants may change their investment options at any time pursuant to procedures established in the Plan document.

6. Payment of Benefits

Upon the occurrence of a distributable event due to separation from service by termination, death, disability, or retirement, as defined by the Plan Agreement, a participant may elect to receive a lump-sum cash distribution equal to the value of the participant's vested interest in his or her account. Hardship and in-service withdrawals, as defined in the Plan Agreement, are also permitted from a participant's account.

7. Forfeitures

The Plan applies forfeited non-vested account balances to reduce administrative expenses and employer contributions. In 2022 and 2021, the Plan realized $ 5,001 and $ 10,634, respectively of non-vested forfeited contributions. During 2022 and 2021, the Plan used $ 6,302 and $ 23,215, respectively to reduce administrative expenses and employer contributions. As of December 31, 2022 and 2021, the non-vested forfeiture account balance was $ 2,061 and $ 3,278, respectively.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

A summary of the significant accounting policies consistently applied in the preparation of the accompanying financial statements follows:

1. Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

2. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

3. Investment Valuation and Income Recognition

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the investment advisors, custodians and trustee. See Note C for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the cash basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

4. Payment of Benefits

Benefit payments are recorded when paid.

5. Expenses

Salaries and related costs of personnel administering the Plan, and certain legal and other professional fees with parties-in-interest are paid by the Employer and are not included in the accompanying financial statements. Other administrative costs of the Plan are paid by the Plan participants, as provided in the Plan document. Investment related expenses are included in the net appreciation (depreciation) of fair value of investments.

NOTE B | SUMMARY OF ACCOUNTING POLICIES

6. Subsequent Events

Management has evaluated subsequent events for recognition and disclosure in the financial statements through September 14, 2023, which is the date the financial statements were available to be issued. Through September 14, 2023, no subsequent events required recognition or disclosure in the financial statements.

NOTE C | FAIR VALUE MEASUREMENTS

The Plan follows the fair value measurement guidance for financial assets and financial liabilities. The guidance defines fair value, establishes a framework for measuring fair value and expands disclosure about fair value measurements. In addition, the guidance permits an entity to measure eligible financial instruments and other items at fair value. The Plan has not made any fair value elections.

Fair value is defined to be the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A three-level hierarchy has been established for fair value measurements based upon the inputs to the valuation of an asset or liability as follows:

Level 1 - Valuation is based on quoted prices for identical assets and liabilities in active markets.

Level 2 - Valuation is derived from inputs, other than quoted prices included in Level 1, which are observable for the asset or liability either directly or indirectly. Investments classified as Level 2 are generally valued by benchmarking model-derived prices to quoted market prices and trade data for identical or comparable securities. The significant inputs used in this approach include interest rates, prepayment timing, yield spreads, maturities, credit losses and credit ratings of the securities.

Level 3 - Valuation is derived from unobservable inputs that are not corroborated by market data.

Investments in mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-ended mutual funds that are registered with the SEC. The funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

NOTE C | FAIR VALUE MEASUREMENTS

Investment in the pooled separate account is valued at the NAV of units of a trust company pooled separate account. The NAV, as provided by the custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the funds, less their liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the pooled separate account, the investment advisor reserves the right to temporarily delay the withdrawal in order to ensure that securities liquidation will be carried out in an orderly business manner.

The following table presents the Plan's fair value hierarchy for those assets measured at fair value on a recurring basis as of December 31:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	$ 6,195,266	$ -	$ -	$ 6,195,266
Total investments in the fair value hierarchy	$ 6,195,266	$ -	$ -	6,195,266
Investments measured at net asset value				2,176,326
Investments, at fair value				$ 8,371,592
2021				
Mutual funds	$ 7,927,909	$ -	$ -	$ 7,927,909
Total investments in the fair value hierarchy	$ 7,927,909	$ -	$ -	7,927,909
Investments measured at net asset value				2,571,198
Investments, at fair value				$ 10,499,107

NOTE C | FAIR VALUE MEASUREMENTS

In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in the table on the previous page are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

As a part of the Plan's investment portfolio, there are certain investments made in entities in which purchases and withdrawals are not made in an open market. Instead, the purchases and withdrawals occur with the entities, and in certain circumstances, those transactions are entirely controlled and/or restricted by the entities. The fair values of these investments are determined by the management of the entities and are reported to the Plan as the Plan's proportionate share of the net asset value of the entities. The table below provides information relative to these types of investments. Additional information on these investments, which are direct filing entities, can be found by viewing their U.S. Department of Labor Form 5500s.

Investment Category	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
2022				
Pooled separate account	$ 2,176,326	$ -	Daily	Daily
2021				
Pooled separate account	$ 2,571,198	$ -	Daily	Daily

NOTE D | INFORMATION CERTIFIED BY THE TRUSTEE

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021 and for the years then ended, included in the Plan's financial statements, Note C and supplementary schedule of assets that was prepared by or derived from information prepared by the trustee of the Plan, and furnished to the Plan administrator. The Plan administrator has obtained certifications from the trustee that such information is complete and accurate.

	2022	2021
Investments, at fair value	$ 8,371,592	$ 10,499,107
Interest and dividends	172,221	266,140
Net appreciation (depreciation) in fair value of investments	(1,356,933)	833,307

NOTE E | PLAN TERMINATION

Although the Employer has not expressed any intent to do so, the Employer has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of partial or total Plan termination, participants will be entitled to the full amount in their accounts as of the date of termination.

NOTE F | TAX STATUS

The Plan is intended to be qualified under Section 401(a) and tax exempt under Section 501(a) of the Internal Revenue Code (IRC). The Plan is a non-standardized pre-approved profit-sharing plan with CODA and obtained its last approval letter, dated June 30, 2020, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE G | RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

John Hancock Trust Company LLC (recordkeeper and custodian), LPL Financial (investment consultant), BOS Asset Management (investment consultant), Kerber, Eck, & Braeckel, LLP (current plan auditor) and Phillips, Salmi + Associates, LLC (prior plan auditor) qualify as parties-in-interest to the Plan. The following fees were paid directly to parties-in-interest during the years ended December 31:

	2022	2021
John Hancock Trust Company LLC	$ 23,793	$ 40,528
LPL Financial	17,317	17,272
BOS Asset Management	13,172	-
Kerber, Eck, & Braeckel, LLP	7,000	-
Phillips, Salmi + Associates, LLC	-	5,473
	$ 61,282	$ 63,273

NOTE H | RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
