Independent Auditor's Report

The Plan Administrator
Otter Products, LLC 401(k) Plan
Fort Collins, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Otter Products, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements, as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the

supplemental schedule(s) that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The certified investment information in the supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

General

The following description of the Otter Products, LLC 401(k) Plan (the Plan), as amended, provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

The Plan was established and adopted by Otter Products, LLC (the Company), effective January 1, 2014. The Plan was established under the provisions of Section 401(a) of the Internal Revenue Code (IRC), which includes a qualified deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Trustee and Administration of the Plan

The trustee of the Plan is Great-West Trust Company, LLC (Trustee). Effective August 1, 2022, the name of the Trustee was changed to Empower Trust Company, LLC. The record-keeper of the Plan is Empower Retirement (Empower). The Trustee holds all assets of the Plan in accordance with the Service Agreement with the Company. The Compensation Committee of the Company determines the appropriateness of the investment offerings and monitors investment performance.

Eligibility

Each employee is eligible to participate in the Plan after one month of employment with at least one hour of service and attainment of age 18. Entry dates are the first day of each month after meeting the eligibility requirements. Interns are eligible to participate in the Plan after completion of a year of service in which the employee is credited with 1,000 hours. Leased and contract employees and non-resident aliens are not eligible to participate in the Plan.

Contributions

Eligible participants can contribute to the Plan on a pre-tax or after-tax (Roth) basis up to 100% of their qualifying annual compensation, subject to certain IRC limitations. The Plan also allows catch-up contributions for participants age 50 and over based on IRC limitations. Participants can terminate or change their salary deferral agreements according to procedures and limitations as determined by the Plan Document.

The Company contributes a Safe Harbor matching contribution of 100% of the first 4% of eligible compensation contributed to the Plan. The Company can make an additional discretionary employer matching contribution or discretionary non-elective employer contribution. Employees must be employed on the last day of the plan year in order to receive the discretionary non-elective contribution. The Company did not elect to make an additional discretionary employer matching or discretionary non-elective employer contribution for the year ended December 31, 2022.

Rollover contributions to the Plan can also be made from other qualified plans if certain criteria is met.

Otter Products, LLC 401(k) Plan

Notes to Financial Statements

Participants' Accounts

Participants' accounts are credited with participant salary deferral (pre-tax, catch-up, and Roth) contributions, rollover contributions, Safe Harbor matching contributions, additional discretionary employer matching and non-elective contributions, and an allocation of plan earnings or losses. Participants can direct the investment of their account balances into various investment options in offered by the Plan. Earnings or losses from investment funds are allocated to each participant's account in the proportion that the balance of each participant's account bears to the total balance of all participants in each investment option. The benefit to which participants are entitled is the vested portion of their accounts.

Vesting

Participants are 100% vested in their employee salary deferral contributions, rollover contributions, and Safe Harbor matching contributions and the allocated earnings thereon. Additional discretionary employer matching contributions and discretionary non-elective employer contributions vest at 33% per year after year one, becoming fully vested after three years. Prior service credit for vesting service is applied for certain companies as further described in the Plan Document. Participants become fully vested upon death, disability (as defined), reaching normal retirement age, or termination of the Plan.

Forfeitures

Forfeitures can be used to pay administrative expenses or offset employer contributions. As of December 31, 2022 and 2021, forfeited non-vested accounts were \$0 and \$1,572, respectively. During the year ended December 31, 2022, \$1,616 of forfeitures were used to offset employer contributions and none were used to pay plan expenses.

Payment of Benefits

Upon termination or separation of service, death, attainment of normal retirement age (age 65), or disability, as defined, participants can elect to receive their benefit payment in the form of a lump-sum amount equal to the vested portion of the participant's account, a partial withdrawal, or remain in the Plan if their vested account balance had a minimum of \$5,000. A participant can also roll over the amount to another qualified retirement plan or individual retirement account. Balances less than \$5,000 are subject to mandatory distribution as further described in the Plan Document. Hardship withdrawals and certain other in-service withdrawals at age 59½ are also allowed by the Plan if certain criteria are met.

Notes Receivable from Participants

An employee may borrow a minimum of \$1,000 up to the lesser of \$50,000 or one-half of their vested account balance. Participants may not have more than two notes outstanding at any time. The note term ranges from 12 to 60 months, unless it is for a principal residence and then the term ranges from one to 120 months. The notes are secured by the participant's account balance and bear interest at prime plus 1%. Interest is fixed for the term of the note. A participant's note shall immediately become due and payable if such participant terminates employment for any reason or fails to make a principal and/or interest payment as provided in the note agreement. The note is considered to be defaulted if it is not made current by the end of the quarter following the quarter when the missed payment was due. Principal and interest are paid ratably through regular payroll

Otter Products, LLC 401(k) Plan

Notes to Financial Statements

deductions. Participant notes held by the Plan bear an interest rate of 4.25% to 8.00% at December 31, 2022.

Expenses of the Plan

Administrative expenses of the Plan are paid by the Company, through the Plan, through the use of forfeitures, or paid from participant accounts. Expenses paid by the Plan include loan origination and maintenance fees, distribution fees, legal fees, and Plan administration and investment advisory fees. These totaled \$186,094 for the year ended December 31, 2022. Certain investment fees (in the form of an expense ratio) may also be netted with investment earnings or losses of the registered investment companies. All other expenses of maintaining the Plan were paid directly by the Company and are excluded from these financial statements.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the terms of the Plan Document to terminate the Plan, subject to the provisions of ERISA. Upon termination of the Plan, participants would be fully vested.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP), requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments in mutual funds, including a money market mutual fund, and collective investment trusts are stated at fair value as further discussed in Note 3. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Compensation Committee of the Company determines the Plan's valuation policies utilizing information provided by the investment advisor and Trustee.

Interest income is recorded as earned on the accrual basis. Dividend income (and capital gains) is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. The net appreciation (depreciation) in the fair value of investments represents the realized and unrealized gains and losses on the investments and capital gains reinvested.

Otter Products, LLC 401(k) Plan

Notes to Financial Statements

Contributions

Participant contributions and related Safe Harbor matching contributions are recognized in the period during which the Company made the respective payroll deduction from the participant's compensation.

Payment of Benefits

Benefit payments are recorded when paid to participants. There were no amounts allocated to accounts of persons who have elected to withdraw from the Plan but have not yet been paid as of year-end.

Notes Receivable from Participants

Notes receivable from participants are recorded at their unpaid principal balance plus accrued and unpaid interest. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the plan administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

3. Fair Value Measurements and Disclosures

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels. Level 1 inputs are the highest priority and consist of unadjusted quoted prices in active markets for identical assets and liabilities. Level 2 inputs are inputs for quoted prices for similar assets or liabilities in active markets; inputs for quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. Level 3 inputs are the lowest priority and are unobservable and significant to the fair value measurement of an asset or liability.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual Funds and Money Market Mutual Fund - Valued at the daily closing price as reported by the mutual fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trusts - The collective investment trusts are valued at the net asset value of the units of the trust. The net asset value is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell

the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily.

Furthermore, although the Company believes its valuation methodologies are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's investments measured at fair value on a recurring basis as of:

December 31, 2022

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 47,371,403	\$ -	\$ -	\$ 47,371,403
Money market mutual fund	2,763,717	-	-	2,763,717
Total Assets in the Fair Value Hierarchy	\$ 50,135,120	\$ -	\$ -	50,135,120
Investments measured at net asset value ^(a)				19,435,018
Total Investments, at fair value				\$ 69,570,138

December 31, 2021

	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 56,371,308	\$ -	\$ -	\$ 56,371,308
Money market mutual fund	2,596,946	-	-	2,596,946
Total Assets in the Fair Value Hierarchy	\$ 58,968,254	\$ -	\$ -	58,968,254
Investments measured at net asset value ^(a)				21,091,713
Total Investments, at fair value				\$ 80,059,967

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statements of net assets available for benefits.

4. Certified Investment Information

The plan administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee, a qualified institution, has certified that the following information included in the accompanying financial statements and supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as reported in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss and interest earned on notes receivable from participants as reported in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment amounts as reported in the notes to financial statements.
- Investment information included in the supplemental Schedule of Assets (Held at End of Year) - As of December 31, 2022.

At the request of the plan administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing the certified investment information with the related information presented and disclosed in the financial statements and supplemental schedule, reading the disclosures relating to the investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP and whether the supplemental schedule is in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

5. Related Party and Party-In-Interest Transactions

Empower, is the record-keeper, as defined by the Plan. The Plan paid certain fees (in the form of an expense ratio) which were deducted from the net asset value of shares of the investments held by the Plan. Administrative fees were paid to the Trustee, record-keeper, investment advisor, legal counsel and third-party administrator during the year ended December 31, 2022. The Plan also issues loans to participants which are secured by the vested balance of the participant's accounts. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

6. Concentrations, Risks, and Uncertainties

The Plan invests in various investment securities. Investments, in general, are exposed to various risks such as interest rate, credit, and overall market volatility risk. Additionally, the value, liquidity, and related income of the investment securities are sensitive to changes in economic conditions in interest rates. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is possible that changes in the value of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

At December 31, 2022 and 2021, there were four investments which individually represented more than 10% of the total investments held. Refer to the accompanying supplemental Schedule of Assets (Held at End of Year) for a complete listing of investments held at December 31, 2022.

7. Income Tax Status

The Plan adopted a Volume Submitter plan document for which an opinion letter was obtained from the Internal Revenue Service (IRS) dated June 30, 2020 indicating the Volume Submitter plan document and trust were designed in accordance with applicable sections of the IRC. The Plan has been amended since the adoption; however, the Company and plan administrator believe the Plan is being operated in compliance with the applicable requirements of the IRC and the Plan and related trust is tax-exempt. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Subsequent Events

The Company has evaluated subsequent events through September 15, 2023, which is the date the financial statements were available to be issued. There were no events or transactions discovered during the evaluation that require recognition or disclosure in the financial statements, except as disclosed below.

Notes to Financial Statements

On April 1, 2023, Schwab Retirement Plan Services, Inc. took over the recordkeeping functions of the Plan and Charles Schwab Trust Company took over as trustee (Schwab). All assets, including notes receivable from participants, were transferred to Schwab in April 2023. As a result of the transfer, there was a black out that started March 24, 2023 and ended April 13, 2023.

The Plan was restated effective April 1, 2023 onto a pre-approved defined contribution plan document sponsored by Schwab. There were no changes to the provisions of the Plan as a result of the restatement.
