Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the financial statements of Brinkman 401(k) Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021 and the related statement of changes in net assets available for benefits for the year ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022 stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Emphasis of Matter

As explained in Note 8 to the financial statements, Brinkman Real Estate Services spun off from the Plan effective January 1, 2022. Our opinion has not been modified with respect to this matter.

To the Plan Administrator
Brinkman 401(k) Plan

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or that may become due to such participants.

Auditor's Responsibilities for the Audits of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audits* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and, therefore, is not a guarantee that audits conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing audits in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audits.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audits in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of the ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audits, significant audit findings, and certain internal control-related matters that we identified during the audits.

To the Plan Administrator
Brinkman 401(k) Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held at end of year as of December 31, 2022 is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplemental information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 - Plan Description

The following description of Brinkman 401(k) Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Brinkman Shared Services, LLC on January 1, 2016. The Plan was amended on January 1, 2022 to reinstate a safe harbor match and to amend the primary employer to Brinkman Construction, Inc (the "Company"). The Plan was most recently amended and restated on July 1, 2022 to change to a preapproved plan. The Plan is available immediately to employees age 18 years or older. Participants must have three months of service to receive matching deferrals and nonelective contributions. For nonelective contributions, participants must have 1,000 hours of service and be employed on the last day of the plan year. The Plan is not available to union employees, leased employees, or independent contractors. The entry date for eligible participants is the first day of each month coinciding with or following obtaining eligibility. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The board of directors of the Company administers the Plan. Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal) serves as the custodian and recordkeeper. Principal offers plan participants a variety of investment options through various mutual funds, pooled separate accounts, and common collective trust funds.

As of January 1, 2022, all assets belonging to employees of Brinkman Real Estate Services were transferred out of the Plan.

Contributions

Participants may make before-tax and after-tax Roth contributions up to 100 percent of their annual eligible compensation, as limited by the Internal Revenue Service (IRS), which is adjusted annually by the secretary of the Treasury for inflation. This maximum percentage may be reduced by the plan administrator in certain circumstances. Eligible employees who have reached age 50 during the plan year may elect to make catch-up contributions, as limited by the IRS. The Plan also permits rollover contributions from other qualified retirement plans. Employee contributions to the Plan are made through regular payroll deductions.

The Company may make annual discretionary matching contributions. The Company did not make any discretionary contributions during the year ended December 31, 2022.

Effective January 1, 2022, the Plan is operating pursuant to the safe harbor provisions of Internal Revenue Code Section 401(k)(12). The Company's safe harbor matching contributions will equal 100 percent of elective deferrals up to 3 percent of compensation and 50 percent of elective deferrals between 3 percent and 5 percent of eligible compensation. The Company made safe harbor matching contributions totaling \$393,544 during the year ended December 31, 2022.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with an allocation of administrative expenses. Allocations are based on participants' compensation or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Participants may direct the investments of their account balances into various investment options offered by the Plan.

Vesting

Participants are immediately 100 percent vested in employee salary, rollover, and safe harbor contributions and any income or loss thereon, and any qualified matching contributions.

December 31, 2022 and 2021**Note 1 - Plan Description (Continued)**

Any other employer contributions (including forfeitures) and the earnings or losses thereon not fully vested when contributed will vest as follows:

<u>Years of Service</u>	<u>Vesting Percentage</u>
Less than 1	- %
1	33
2	66
3 or more	100

A participant becomes 100 percent vested upon death, attaining normal retirement age (the age of 65 years or older) while an employee, retirement due to disability, or termination of the Plan.

Participant Notes Receivable

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50 percent of their vested account balances. Participants may have a maximum of one loan outstanding at any given time. The loans are secured by the balances in the participants' accounts and bear interest at rates that range from 5.25 percent to 9.00 percent, which are commensurate with local prevailing rates determined quarterly by the plan administrator at loan origination, and mature at various dates through December 2027. Loans have a maximum term of 5 years, unless such loan is for the purchase of the participant's primary residence, in which case the repayment period may not exceed 10 years from the date of the loan origination. Principal and interest are paid ratably through payroll deductions. Participant loans are recorded in the financial statements at amortized cost (which represents unpaid principal plus accrued interest). Upon termination of a participant from employment, the participant's loan shall be due in full. Nonpayment will force a deemed distribution and reporting of taxable income for the year the deemed distribution occurs. Participant notes receivable are written off when deemed uncollectible. For the year ended December 31, 2022, there were no deemed distributions.

Payment of Benefits

Upon death, disability, retirement, or termination of service, a participant or his or her beneficiary may receive, at his or her election, within a reasonable period of time, a lump-sum payment equal to the participant's vested account balance. Benefits are recorded when paid.

The Plan allows in-service distributions and partial distributions to participants age 59½ or older who have not terminated employment with the plan sponsor. The Plan also provides for hardship withdrawals for defined hardship events. Furthermore, the Plan allows for terminated participant vested account balances of \$1,000 or less to be automatically distributed and balances of \$1,000 to \$5,000 to be automatically rolled out of the Plan. The IRS has required minimum distributions once a participant reaches age 70½ during the previous plan year and is no longer employed by the Company.

Forfeitures

If at the time of termination of employment the participant is not 100 percent vested, the nonvested portion (forfeitures) of the participant's account shall be placed in a separate account. Forfeitures can be used to pay plan expenses or reduce employer contributions.

Termination

While it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, the trustees shall distribute all assets remaining in the Plan, after payment of any expenses properly chargeable against the Plan, to the participants in accordance with the value of the units credited to such participants as of the date of such termination. Upon termination of the Plan, participants become 100 percent vested in their account balances.

December 31, 2022 and 2021

Note 2 - Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Valuation of Investments and Income Recognition

Investments are recorded at fair value, as reported to the Plan by the custodian. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's investment committee determines the Plan's valuation policy utilizing information provided by the investment advisers, including the appointment of investment managers and the monitoring of the performance of the Plan's investment funds. See Note 4 for discussion of fair value measurements.

The net realized and unrealized investment gain or loss (net appreciation or depreciation in fair value of investments) is reflected on the accompanying statement of changes in net assets available for benefits and is determined as the difference between fair value at the beginning of the year (or date purchased if during the year) and selling price (if sold during the year) or year-end fair value. Purchases and sales of investments are recorded on a trade-date basis. Interest income is recognized on the accrual basis. Dividends are recognized on the ex-dividend date.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

Risks and Uncertainties

The Plan provides for various investments that, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility risks. Due to the level of risk associated with certain investments, it is reasonably possible that change in the value of investments will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the financial statements.

Additionally, some investments held by the Plan are invested in the securities of foreign companies, which involve special risks and considerations not typically associated with investing in U.S. companies. These risks include devaluation of currencies, less reliable information about issuers, different securities transaction clearance and settlement practices, and possible adverse political and economic developments. Moreover, securities of many foreign companies and their markets may be less liquid and their prices more volatile than those securities of comparable U.S. companies.

Subsequent Events

The Plan administrator has evaluated all subsequent events up through and including September 25, 2023, which is the date these financial statements were available to be issued.

Note 3 - Certified Information

Principal has certified in writing to the plan administrator that the stated amounts for investments at fair value and participant notes receivable at amortized cost are complete and accurate as of December 31, 2022 and 2021. Principal has also certified that the income earned or losses incurred thereon for the year ended December 31, 2022, as reflected in the accompanying financial statements and the supplemental schedule of assets held at end of year, are complete and accurate.

December 31, 2022 and 2021

Note 4 - Fair Value Measurements

Generally accepted accounting principles require disclosure about how fair value is determined and establish a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described below:

Level 1

Fair values determined by Level 1 inputs use quoted prices in active markets for identical assets that the Plan has the ability to access.

Level 2

Fair values determined by Level 2 inputs use other inputs that are observable, either directly or indirectly. These Level 2 inputs include quoted prices for similar assets in active markets, quoted prices for identical or similar assets in markets that are not active, and inputs other than quoted prices that are observable for the asset.

Level 3

Level 3 inputs are unobservable inputs, including inputs that are available in situations where there is little, if any, market activity for the related asset.

In instances where inputs used to measure fair value fall into different levels of the fair value hierarchy, fair value measurements in their entirety are categorized based on the lowest level input that is significant to the valuation. The Plan's assessment of the significance of particular inputs to these fair value measurements requires judgment and considers factors specific to each asset.

The following tables present information about the Plan's assets measured at fair value on a recurring basis at December 31, 2022 and 2021:

Assets Measured at Fair Value on a Recurring Basis at December 31, 2022				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 2,184,898	\$ 2,184,898	\$ -	\$ -
Investments measured at NAV:				
Common collective trust funds	4,264,892			
Pooled separate accounts	101,621			
Total investments at fair value	<u>\$ 6,551,411</u>			
Assets Measured at Fair Value on a Recurring Basis at December 31, 2021				
	Investments (at Fair Value)	Level 1	Level 2	Level 3
Mutual funds	\$ 2,339,725	\$ 2,339,725	\$ -	\$ -
Investments measured at NAV:				
Common collective trust funds	6,537,735			
Pooled separate accounts	159,597			
Total investments at fair value	<u>\$ 9,037,057</u>			

December 31, 2022 and 2021

Note 4 - Fair Value Measurements (Continued)

Investments measured at net asset value (NAV) have not been classified in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation to total investments at fair value.

The valuation technique used to measure fair value of the mutual funds was based on quoted daily prices that are directly observable in the marketplace by market participants.

The valuation technique used to measure fair value of the common collective trust funds and pooled separate accounts was NAV, as a practical expedient, as these investments do not have a readily determinable fair value. NAV is based on the value of the underlying assets and securities, the majority of which have observable Level 1 pricing inputs, including publicly quoted prices for similar assets in active or nonactive markets (market approach). The common collective trust funds and pooled separate accounts do not have publicly quoted prices. There are no restrictions on a participant's ability to redeem his or her investment in the common collective trust funds and pooled separate accounts at the investment's NAV. There were no unfunded commitments as of December 31, 2022 and 2021.

Note 5 - Tax Status

During 2022, the Plan adopted a preapproved plan. Previously, the Plan, as adopted, used a volume submitter plan. There were no significant changes as a result of the adoption of the preapproved plan. The preapproved plan and the former volume submitter plan have received a favorable opinion letter from the Internal Revenue Service indicating that the Plan, as designed, is qualified for federal income tax-exempt status. The Plan has not individually sought its own determination letter.

Note 6 - Administration of Plan Assets

The Company provides, at no cost to the Plan, certain administrative, accounting, and legal services to the Plan and also pays the cost of certain outside services for the Plan.

Note 7 - Related Party and Party-in-interest Transactions

The Plan provides for notes receivable from participants, which are party-in-interest transactions that are exempt from the prohibited transaction rules. Additionally, the Plan invests in common collective trust funds and pooled separate accounts that are sponsored by Principal. These transactions are exempt from the prohibited transaction rules.

Note 8 - Transfer

On January 1, 2022, Brinkman Real Estate Services separated from the Plan. Accordingly, all assets, participants, and their related account balances were transferred to the Brinkman Real Estate Services 401(k) Plan.

To the Plan Trustees and Benefits Committee
Brinkman 401(k) Plan

We have audited the financial statements of Brinkman 401(k) Plan (the "Plan") as of and for the year ended December 31, 2022 and have issued our report thereon dated September 25, 2023. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility Under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 7, 2023, we conducted our audit in accordance with professional standards except that, as permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA and as instructed by you, we did not perform any auditing procedures with respect to certified investment information except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America (GAAP). The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, were audited by us in accordance with auditing standards generally accepted in the United States of America. Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP. The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, were subjected to tests of your accounting records and other procedures as we considered necessary to enable us to express an opinion as to whether they are presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Our audit of the financial statements does not relieve you or management of your responsibilities. As part of our audit, we considered the applicable internal controls of the Plan. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our meeting about planning matters on June 7, 2023.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. In accordance with the terms of our engagement letter, we will advise management about the appropriateness of accounting policies and their application. The significant accounting policies used by the Plan are described in Note 2 to the financial statements. No significant new accounting policies were adopted, and the application of existing policies was not changed during 2022.

We noted no transactions entered into by the Plan during the year for which there is a lack of authoritative guidance or consensus.

We noted no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate affecting the financial statements was the Plan's valuation of investments.

Management has informed us that, in determining the appropriateness of the estimate of investment values, they have recorded the fair values based on market values provided by the investment custodian, plus any applicable valuation adjustments. We performed no specific procedures related to the valuation of the investments due to the scope and nature of an ERISA Section 103(a)(3)(C) audit.

The disclosures in the financial statements are neutral, consistent, and clear. Certain financial statement disclosures are particularly sensitive because of their significance to financial statement users. The most sensitive disclosure affecting the financial statements was the disclosure of the transfer out in Note 8 to the financial statements. The disclosure is based on amounts transferred out in the certified trust statements.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in performing and completing our audit.

Disagreements with Management

For the purpose of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report.

We are pleased to report that no such disagreements arose during the course of our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management.

The attached schedule summarizes uncorrected misstatements of the financial statements that were requested to be recorded. Management has determined that their effects are immaterial, both individually and in the aggregate, to the financial statements taken as a whole. However, uncorrected misstatements or matters underlying those uncorrected misstatements could potentially cause future period financial statements to be materially misstated.

Significant Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards and plans and strategies that may affect the risks of material misstatement, with management each year prior to our retention as the Plan's auditors. However, these discussions occurred in the normal course of our professional relationship, and our responses were not a condition of our retention.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated September 25, 2023.

Form 5500 - Annual Return/Report of Employee Benefit Plan

Our responsibility for Form 5500 does not extend beyond the financial statements, and we do not express an opinion or any form of assurance on Form 5500. However, we read the Plan's Form 5500 filing, and nothing came to our attention that caused us to believe that such information, or its manner of presentation, is materially inconsistent with the information or manner of its presentation appearing in the financial statements.

Reportable Finding

The following deficiency in internal control was also identified during our audit and, in our professional judgment, is of sufficient importance to merit management's attention:

When auditing the spinoff, there appeared to be a lack of support saved by the company, including communications to the affected individuals. There also was a slight difference in the dates of the transfer, with the effective date of January 1, 2022 communicated and an actual date of transfer of January 6, 2022, resulting in a difference in the amount transferred due to earnings of approximately \$19 thousand. We recommend these communications of transfer be made clear for any future transfers and for this support to be retained.

This information is intended solely for the use of the plan trustees, benefits committee, and management of the Plan and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

Plante & Moran, PLLC
