Report of Independent Auditors

Administrative Committee
3V Sigma USA Inc. Profit Sharing/401(k) Plan

Scope and Nature of the Employee Retirement Income Security Act of 1974 (“ERISA”) Section 103(a)(3)(C) Audit

We have performed audits of the the accompanying financial statements of the 3V Sigma USA Inc. Profit Sharing/401(k) Plan (the “Plan”), an employee benefit plan subject to ERISA, as permitted by ERISA Section 103(a)(3)(C) (“ERISA Section 103(a)(3)(C) audit”). The financial statements comprise the statements of net assets available for Plan benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for Plan benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan’s financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor’s (“DOL”) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (“investment information”) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL’s Rules and Regulations for Reporting and Disclosure under ERISA (“qualified institution”).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors’ Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

Administrative Committee
3V Sigma USA Inc. Profit Sharing/401(k) Plan

Opinion (continued)

- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Administrative Committee
3V Sigma USA Inc. Profit Sharing/401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Administrative Committee
3V Sigma USA Inc. Profit Sharing/401(k) Plan

Auditors' Responsibilities for the Audit of the Financial Statements (continued)

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the table of contents, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2022 financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the 2022 financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the 2022 financial statements or to the 2022 financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA

Administrative Committee
3V Sigma USA Inc. Profit Sharing/401(k) Plan

Other Matter - Supplemental Schedule Required by ERISA (continued)

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

3V Sigma USA Inc. Profit Sharing/401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan

The following description of the 3V Sigma USA Inc. Profit Sharing/401(k) Plan (the “Plan”) provides only general information. Participants may refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which provides retirement benefits to full-time employees of 3V Sigma USA Inc. and 3V Tech USA, Inc. (collectively the “Company”) who meet the eligibility requirements of the Plan as described below. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions

Participants may contribute any percentage greater than or equal to 1% of their pretax compensation to the 401(k) portion of their account and any percentage greater than or equal to 1% of their after-tax compensation to the ROTH 401(k) portion of their account within the Plan, subject to contribution limitations specified by applicable laws and regulations. Participants who have attained age 50 before the end of the year are eligible to make catch-up contributions, up to the maximum annual amount permitted by statute. Participants may also contribute amounts representing distributions from other qualified employee benefit plans and individual retirement accounts. Participants who do not choose a specific deferral rate are automatically enrolled into the Plan at a deferral rate of 3% of their pretax compensation, unless they opt for a different deferral rate.

The Company’s contributions to the Plan are discretionary and are funded in the year subsequent to the Plan year for which contributions are made. For the years ended December 31, 2022 and 2021, the Company elected to contribute an amount equal to 50% of each participant’s deferral up to the first 6% of eligible compensation, as defined by the Plan.

Participant Accounts

Each participant’s account is credited with the participant’s elective deferral contributions, an allocation of the Company’s discretionary contributions, if any, and an allocation of Plan earnings or losses. Participants’ accounts are charged with an allocation of administrative expenses incurred by the Plan. Earnings and losses are allocated by fund based on the ratio of a participant’s account invested in a particular fund to all participants’ investments in that fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

3V Sigma USA Inc. Profit Sharing/401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Eligibility

The Company's employees are eligible to participate in the Plan and make contributions on the date they begin employment. Participants are eligible to receive employer contributions on the first day of each calendar month of the Plan year after completing six months of service and attaining 20 years of age. In order to receive employer contributions, Plan participants must be employed on the last day of the Plan year.

Participant Loans

Participant loans are not permitted under this Plan.

Vesting

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the Company contribution portion of their accounts is based on the following schedule:

<u>Years of Service</u>	<u>Vesting Percentage</u>
1	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Investment Options

The Plan allows individual participants, upon enrollment, to self-direct their accounts by investing in one or more of the mutual funds and money market funds selected by the Plan administrator. Participants should refer to investment provider information for a detailed description of the Plan's investment options.

Distribution of Benefits

Upon termination of service due to death, disability or retirement, a participant may elect to receive, dependent on the participant's marital status, either a lump sum amount equal to the value of the participant's vested interest in his or her account, annual installments, a joint and survivor annuity, or a life annuity.

3V Sigma USA Inc. Profit Sharing/401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. Description of Plan (continued)

Forfeited Accounts

Forfeitures are retained in the Plan and may be used to reduce future employer contributions. Employer contributions were not reduced during the years ended December 31, 2022 and 2021, from forfeited non-vested accounts. There were no unallocated forfeited non-vested accounts at December 31, 2022 and 2021.

2. Basis of Presentation and Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements are prepared in accordance with accounting principles generally accepted in the United States ("GAAP").

Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Securities traded on a national securities exchange are valued at the last reported sales price on the last business day of the Plan year. The net appreciation/depreciation in fair value of investments represents (1) the difference between the fair value of the investments held at year-end and either the fair value at the end of the preceding year or the actual cost if purchased later, and (2) realized gains or losses on sales of investments.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded when received.

Risks and Uncertainties

The Plan may invest in investment securities that are exposed to various risks, such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that these changes could materially affect the amounts reported in the 2022 statement of net assets available for plan benefits.

3V Sigma USA Inc. Profit Sharing/401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

2. Basis of Presentation and Summary of Significant Accounting Policies (continued)

Administrative Expenses

The Plan paid approximately \$63,000, annually, for custodian, recordkeeping, and certain professional fees during the years ended December 31, 2022 and 2021. The Company pays for certain other professional fees. These transactions qualify as party-in-interest transactions but are exempt from the prohibited transaction rules of ERISA.

3. Fair Value Measurements

The Plan's investments are reported at fair value in the accompanying statements of net assets available for plan benefits. The methods used to measure fair value may produce an amount that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to measure the fair value of certain financial instruments could result in a different fair value at the reporting date.

GAAP establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs to the valuation methodology are unobservable. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. All of the Plan's investments are considered Level 1 assets.

Realized and unrealized gains and losses, which are included in the changes in net assets available for plan benefits, are reported in the net appreciation in fair value of investments.

4. Certified Information

Information disclosed in the accompanying financial statements as of and for the years ended December 31, 2022 and 2021, related to investments, net appreciation in fair value of investments, and interest and dividends, was obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, LLC (the custodian of the Plan).

5. Filing Status

The Plan obtained its latest determination letter on June 30, 2020, in which the Internal Revenue Service (“IRS”) stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code (“IRC”). The Plan has been amended since receiving the determination letter. The Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan’s financial statements.

GAAP requires the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain tax positions that more likely than not would not be sustained upon examination by the IRS. No such liabilities were identified at December 31, 2022 and 2021. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

6. Unallocated Assets

Approximately \$250,000 and \$254,000 of Plan assets had not yet been allocated to participants as of December 31, 2022 and 2021, respectively.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become fully vested in their employer contributions.
