To the Board of Trustees
Sumsion Construction 401(k)

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of **Sumsion Construction 401(k) Plan** (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America. We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SUMSION CONSTRUCTION 401(K) PLAN

Notes to the Financial Statements
For the Years Ended December 31, 2022 and 2021

1. DESCRIPTION OF THE PLAN

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions. The plan became effective as of March 15, 2014.

General

The Plan is a defined contribution plan covering employees who have completed three months of service and are twenty-one years of age or older. Eligible employees are automatically enrolled in the plan the month after a participant first becomes eligible. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Each year, plan participants may contribute any amount up to IRS limits of pretax annual compensation, as defined in the Plan. In addition, participants over age 50 may contribute an additional amount as specified by IRS guidelines. Participants may also contribute amounts representing distributions from other qualified benefit or contribution plans. The Company contributes 401(k) match contributions of 50 percent of elective employee deferrals that do not exceed 6 percent of compensation. Contributions are subject to IRS limitations.

Vesting

Participants are vested immediately in their contributions and rollovers from other plans. Participants are vested in the employer contribution portion of their accounts based on periods of continuing service. A participant is 100% vested after five periods of service. Please see the Plan document for additional information about periods of service. The account vests equally over periods one through five of the vesting period.

Participant Accounts

Each participant's account is credited with the (a) participant's contribution and (b) allocations of the Company's contribution. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right to terminate the Plan subject to the provisions set forth in ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

1. DESCRIPTION OF THE PLAN (Continued)

Notes Receivable From Participants

Participants may borrow from their accounts up to $50,000 or 50% of the amount of the Member's Vested Account, reduced by the highest outstanding loan balance of loans during the one-year period ending on the day before the new loan is made. Participants may only have one loan outstanding at a time. The minimum amount of any loan is $1,000.

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Notes receivable from participants are exempt party-in-interest transactions.

Investment Options

Upon enrollment in the Plan, a participant may direct their contributions in any of the investments offered by the Plan. Unless limited by restrictions imposed by individual investment options and subject to redemption fees, participants may change their investment options on a daily basis.

Benefit Payments

On termination of service, disability, retirement, or death, a participant will receive a lump-sum amount equal to the vested value of his or her account on the distribution date. This amount can be paid directly to an account of the participant's choice or rolled over to an eligible retirement plan. Under certain circumstances, including financial hardship, participants may withdraw their contributions prior to occurrence of the events. The Plan administrator determines financial hardship.

Forfeitures

During the plan years ended December 31, 2022 and 2021, the value of forfeited non-vested accounts was, **$1,609** and $212, respectively. Forfeitures are permitted to be used to reduce future Plan Sponsor contributions or to pay qualified Plan administrative expenses. For the year ended December 31, 2022 and 2021, **$10,363** and $14,308, respectively, of forfeitures were used to reduce Plan Sponsor contributions and to pay qualified Plan administrative expenses.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Sumsion Construction (the Company or the Employer) 401(k) Plan (the Plan)'s financial statements are prepared in accordance with accounting principles generally accepted in the United States of America (GAAP) using the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with GAAP requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Investment Valuation and Revenue Recognition

The Plan's investments are stated at fair value. Shares of mutual funds are valued at net asset value of shares held by the Plan at year end. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis and dividend income is accrued on the ex-dividend date. Net appreciation includes the Plan's realized and unrealized gains and losses on investments bought and sold as well as held during the year.

In general, these securities are exposed to various risks and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the accompanying statements of net assets available for benefits.

Contributions Receivable and Allowance for Doubtful Accounts

Employee contributions which are withheld through payroll deductions and have not been credited to the participant accounts as of the end of the fiscal year are recorded as contributions receivable. An allowance for doubtful accounts is not considered necessary.

Notes Receivable from Participants

The notes receivable from participants are valued at their outstanding balances plus any accrued but unpaid interest, which approximate fair value. Interest income is recorded on the accrual basis. Related fees are charged to the participant's account as administrative expenses and are expensed when they are incurred. Delinquent notes receivable are reclassified as distributions based upon terms of the Plan document.

Operating Expenses

The Plan and Plan Sponsor pay a portion of the costs of administering the plan.

3. TAX STATUS

The Plan is set up as a prototype plan, which the Internal Revenue Service has advised qualifies under Section 401(k) of the Internal Revenue Code and is, therefore, exempt from federal income taxes.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

4. INVESTMENTS

Unaudited Information Certified by the Plan Trustee

The December 31, 2022 and 2021 Statement of Net Assets Available for Benefits, the investment activities included on the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022, and the accompanying notes to the financial statements were prepared in part or entirely from information certified by Delaware Charter Guarantee and Trust Company d/b/a Principal Trust Company, the trustee, in accordance with 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Accordingly, the Trustee has certified that the following data included in the accompanying financial statements and supplemental schedules are complete and accurate with respect to investments and notes receivable from participants:

- Investments - at fair value
- Interest and dividend income
- Net appreciation in fair value of investments
- Schedule of assets (held at end of year)

The Plan's independent public accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedules.

4. INVESTMENTS (Continued)

Fair Value Measurements

FASB Accounting Standards Codification (ASC 820) *Fair Value Measurements and Disclosures* establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The fair value of a financial instrument is the amount that would be received to see an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date (the exit price). Accordingly, when market observable data is not readily available, the Plan's own assumptions are set to reflect those that market participants would be presumed to use in pricing the asset or liability at the measurement date. Financial assets and financial liabilities recorded in the statement of net assets at fair value are categorized based on the reliability of inputs to the valuation techniques as follows:

Level 1 – Financial assets and financial liabilities whose values are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access. Examples include prices derived from NYSE, NASDAQ, Chicago Board of Trade, and Pink Sheets.

Level 2 – Financial assets and financial liabilities whose values are based on (a) quoted prices for similar assets or liabilities in active markets, (b) quoted prices for identical or similar assets or liabilities in non-active markets, or (c) valuation models whose inputs are observable, directly or indirectly, for substantially the full term of the asset or liability. Examples include matrix pricing, market corroborated pricing, and inputs such as yield curves and indices.

Level 3 – Financial assets and financial liabilities whose values are based on prices or valuation techniques that require inputs that are both unobservable and significant to the overall fair value measurement. These inputs reflect the Plan's estimates of the assumptions that market participants would use in valuing the financial asset and financial liabilities. Examples include investment manager pricing for price placements, private equities, hedge funds, etc.

The Plan uses prices and inputs that are current as of the measurement date, including during periods of market disruption. In period of market disruption, the ability to observe prices and inputs may be reduced for many instruments. This condition could cause an instrument to be reclassified from Level 1 to Level 2 or from Level 2 to Level 3.

4. INVESTMENTS (Continued)

Fair Value Measurements (Continued)

Fair values of investments measured on a recurring basis at December 31, 2022 and 2021 are as follows:

		Fair Value Measurements at Reporting Date Using:		
	Fair Value	Level 1	Level 2	Level 3
December 31, 2022				
Mutual funds	**$ 2,291,925**	**$ 2,291,925**	**$ -**	**$ -**
Total	**$ 2,291,925**	**$ 2,291,925**	**$ -**	**$ -**
December 31, 2021				
Mutual funds	$ 2,361,355	$ 2,361,355	$ -	$ -
Total	$ 2,361,355	$ 2,361,355	$ -	$ -

5. EXEMPT PARTY-IN-INTEREST TRANSACTIONS

Company contributions and investments are held and managed by Principal, the Plan's custodian, which invests cash received, interest and dividend income, and makes distributions to participants. Therefore, these transactions are considered exempt party-in-interest transactions. The Custodian also administers the payment of interest and principal on the notes receivable from participants, which is reimbursed to the Custodian through contributions as determined by the Company. Notes receivable from participants would also be considered exempt party-in-interest transactions.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan. Certain administrative expenses paid to the Custodian qualify as exempt party-in-interest transactions and totaled **$23,480** and $34,089 for the periods ended December 31, 2022 and 2021, respectively. All other administrative expenses are paid by the Company, a party-in-interest, for the periods ended December 31, 2022 and 2021.

6. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. MANAGEMENT'S REVIEW OF SUBSEQUENT EVENTS

Management has evaluated subsequent events through the date of the independent auditor's report, which is the date the financial statements were available to be issued.
