Independent Auditor's Report

To the Plan Administrators of the
Partners PEO LLC 401k
Centennial, Colorado

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Partners PEO LLC 401k, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Partners PEO LLC 401k's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Partners PEO LLC 401k and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Partners PEO LLC 401k's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the

effectiveness of Partners PEO LLC 401k's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Partners PEO LLC 401k's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022 and Schedule of Delinquent Participant Contributions for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in

all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

1. Description of the plan

The following description of the Partners PEO 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Plan is a participant directed defined contribution plan. The Plan sponsor is Partners PEO, LLC (“Sponsor”). The Plan is a multiple-employer plan established for the clients (“Adopting Companies”, “Adopting Company”) of Partners PEO, LLC. The Plan allows for any business entity, with the approval of Plan management, to adopt the Plan and thereby become an Adopting Company. Notwithstanding the adoption of the Plan by other entities, the Plan is administered as a single employer plan and all Plan assets are available to pay benefits to all participants under the Plan, unless otherwise required by applicable law governing multiple-employer plans. Each Adopting Company has the right to withdraw from the Plan by providing written notification to the Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

The U.S. Congress enacted the SECURE Act which includes provisions that impact benefit plans. Provisions of the SECURE Act are operationally available at this time but Plan documents will not require formal amendment until 2025. SECURE increased the RMD age from 70 ½ to 72, allows for long-term part-time employees to participate and allows for in service withdrawals for childbirth and adoption expense. The Plan is not currently operating according to these provisions and the Plan will be formally amended before the required 2025 deadline.

Eligibility

The Plan covers all eligible employees of the Adopting Companies as defined in the Plan document and adoption agreements. Each Adopting Company may designate the parameters for eligibility requirements for participation in the Plan. Participant entry dates vary by Adopting Company and are defined in the respective Adopting Company’s adoption agreements.

Contributions

Each year, participants may contribute up to 100% annual compensation, as defined by the Plan, on either a pre-tax or post-tax (Roth) basis. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan includes an auto-enrollment feature that is available to Adopting Companies. The auto-enrollment provisions, if any, are defined in the respective Adopting Company’s adoption agreements.

The Plan allows for discretionary matching, safe harbor matching and profit sharing (non-elective) employer contributions. The Adopting Company contribution provisions, if any, are defined in the respective Adopting Company’s adoption agreements.

Participant accounts

Each participant’s account is credited with the participant’s contributions and Adopting Company matching contributions, as well as allocations of the Adopting Company’s non-elective contribution and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant compensation, account balances or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

Vesting

Participants are vested immediately in their contributions. Vesting in the Adopting Company contribution portion of their account plus actual earnings thereon is based on years of continuous service. Participant vesting schedules vary by the Adopting Company and are defined in the respective Adopting Company adoption agreements. Participants become fully vested in Adopting Company contributions upon death, disability, or attainment of normal retirement age.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The loans are secured by the balance in the participant's account. The loan interest rate is set at 1% above the prime rate, as defined. Principal and interest is paid ratably through payroll deductions based on the terms of the note.

Payment of benefits

Upon termination of service due to death, disability or retirement, a participant receive a lump sum amount equal to the participant's vested interest in his or her account or if the participant is required to receive lifetime required minimum distributions may receive monthly, quarterly or annual installments. Participant's may request an in-service distribution once attaining age 59 ½ or for hardship as defined in the Plan.

Forfeited accounts

Participants who terminate employment forfeit any non-vested portion of their account. At December 31, 2022 and 2021, the balance held in the forfeiture account was \$20,172 and \$25,607, respectively. These accounts may be used to reduce the respective Adopting Company contributions. During the year ended December 31, 2022, \$28,650 of forfeitures were used to reduce Adopting Company contributions.

2. Summary of significant accounting policies

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments are stated at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Trustee determines the Plan's valuation policies utilizing information provided by the investment adviser and insurance company. See Note 3 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments sold as well as held during the year.

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred.

Excess contributions payable

Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding reduction to participant contributions. The Plan distributed the 2022 excess contributions to the applicable participants prior to February 15, 2023.

Payment of benefits

Benefits to participants are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Sponsor. Expenses that are paid by the Sponsor are excluded from these financial statements. Certain administrative functions are performed by officers and employees of the Sponsor. No such officer or employee receives compensation from the Plan. Certain transaction based fees are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

3. Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under the Fair Value Measurement Topic of the Accounting Standards Codification (ASC 820) are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets, quoted prices for identical or similar assets or liabilities in inactive markets, inputs other than quoted prices that are observable for the asset or liability, inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

The following is a description of the valuation methods used for assets measured at fair value:

Pooled separate accounts: Valued daily using either the quoted market price of underlying mutual funds or using the pricing data provided by outside valuation service providers for underlying fixed maturity securities. The underlying assets are then unitized using the determined market value. The accounting unit value is determined in a manner similar to a mutual fund net asset value (NAV calculation). Since the pooled separate accounts have a readily determinable fair value the investment is valued at fair value rather than using the net asset value as the practical expedient.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

<u>Assets at Fair Value as of December 31, 2022</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ <u> </u> -	\$ <u>6,939,382</u>	\$ <u> </u> -	\$ <u>6,939,382</u>

<u>Assets at Fair Value as of December 31, 2021</u>				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Pooled separate accounts	\$ <u> </u> -	\$ <u>6,487,684</u>	\$ <u> </u> -	\$ <u>6,487,684</u>

4. Information certified by trustee

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and supplemental schedule, including investments and notes receivable from participants held at December 31, 2022 and 2021, net appreciation in fair value of investments and interest and dividends for the year ended December 31, 2022, was obtained or derived from information supplied to the plan administrator and certified as complete and accurate by Transamerica Financial Life Insurance Company.

5. Group annuity contract with Transamerica Financial Life Insurance Company

The Plan is invested in the Transamerica Stable Value Core fund, which is a traditional fully benefit-responsive guaranteed investment contract that is fully guaranteed by the general account assets of Transamerica Financial Life Insurance Company totaling \$43,516 for 2022 and \$46,711 for 2021. The fund maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The fund is contractually obligated to repay the principal and a specified interest rate that is declared at the beginning of each calendar quarter. The average yield for 2022 was .83%. The actual yield earned by the Plan is derived by averaging the Plan's quarterly interest rates. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by the fund, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

The Plan's ability to receive amounts due is dependent on the fund's ability to meet its financial obligations. The fund's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan, (2) changes to the Plan's prohibition on competing investment options, (3) bankruptcy of the Plan sponsor or other Plan sponsor events that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuers and that would also limit the ability of the plan to transact at contract value with the participants.

6. Plan transfers

The transfers in from other plans of \$817,926, as shown on the accompanying statement of changes in net assets available for benefits, represents the cash inflows to the Plan as a result of transfers of assets from other 401(k) plans of Adopting Companies joining the Plan.

There were no transfers out to other plans during the year ended December 31, 2022.

7. Related-party transactions and Party In Interest Transactions

The Plan is invested in a group annuity contract managed by Transamerica Financial Life Insurance Company. Transamerica Financial Life Insurance Company is the trustee and record keeper for the Plan and, therefore, these transactions qualify as party in interest transactions.

Transamerica Financial Life Insurance Company, as the Plan's third party administrator, receives indirect compensation from investment fund providers for recordkeeping, administration, communication and other shareholder services provided on behalf of the registered investment companies. Certain indirect compensation is offset against administrative expenses charged to the Plan.

If the revenue received by Transamerica Financial Life Insurance Company from such fund providers exceeds the amount owed under the service agreement, Transamerica Financial Life Insurance Company remits the excess to the Plan's trust. Such amounts may be applied to pay Plan administrative expenses or allocated to the accounts of participants. The Plan or Plan Sponsor may make a payment to Transamerica Financial Life Insurance Company for administrative expenses not covered by revenue sharing.

8. Plan termination

Although it has not expressed any intent to do so, the Sponsor has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The interest of the participants in Employer contributions and earnings thereon shall be fully vested upon termination of the Plan.

9. Tax status

Effective January 1, 2018, the plan was formed by adopting a volume submitter plan. The volume submitter obtained a determination letter dated June 30, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being

Partners PEO 401(k) Plan
NOTES TO FINANCIAL STATEMENTS

operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt.

The Plan applies the standards on accounting for uncertainty in income taxes. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax exempt status and had taken no uncertain tax positions that require adjustments to the financial statements. Accordingly, no provision for income taxes has been included in the Plan's financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

10. Risks and uncertainties

The Plan invests in several types of investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and those changes could materially affect the amounts reported in the statements of net assets available for benefits.

11. Nonexempt transaction

During 2022, the Plan Sponsor did not remit three participant contributions in the amount of \$4,055 to the Plan in a timely manner, as defined by ERISA. These late contributions were funded during 2022. Plan management intends to deposit lost earnings in 2023.

12. Operational error

In July 2022, Plan management determined that elections for an unknown number of participants were not updated in the payroll system. Management intends to determine the total missed deferrals and make required corrective contributions in 2023.

13. Reconciliation to Form 5500
