INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Wacom Technology Corp. Retirement 401(k) Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wacom Technologies Corp. Retirement 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WACOM TECHNOLOGY CORP. RETIREMENT 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Wacom Technology Corp. Retirement 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wacom Technology Corporation and Wacom Technology Services Corp. (the Company). The Plan is a safe harbor plan which exempts the Plan from anti-discrimination requirements on the accounts of highly compensated employees while mandating that the Company make minimum contributions to all participant accounts making elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Plan management.

Eligibility

Employees may enter the Plan and make elective contributions upon reaching age twenty-one. Employees are eligible for the safe harbor match upon making elective contributions to the Plan. Eligible employees can enter the Plan as a participant on the first day of the month following the date that they are hired.

Contributions

A participant may elect to make pre-tax contributions, or after-tax Roth contributions up to the lesser of 75% of eligible compensation or the maximum allowed under the Internal Revenue Code (the Code), each year instead of receiving that amount in cash. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowed under the Code. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The participant may change their deferral election each pay period.

The Plan provides for automatic enrollment for all new employees. At the time of enrollment, the Plan automatically withholds 5% from each participant's compensation, unless the participant affirmatively elects to defer a smaller or larger percentage. Automatic enrollment contributions will begin 30 days following the participant's date of hire, but not sooner than the participant's entry date. Each year thereafter, the deferral rate is increased annually by 1% up to a maximum of 10%.

The Company elected to contribute a safe harbor match in 2022 to all participants in an amount equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation which is automatically 100% vested. Participants need not to be employed on the last day of the Plan year and there is no service requirement to be eligible for employer match contributions. The Plan provides for a discretionary nonelective employer contribution which is determined by the Board of Directors of the Company and is allocated to participant accounts according to the ratio of the participant's eligible compensation to the total eligible compensation paid to all eligible participants. There was no discretionary nonelective employer contribution made in 2022.

Investment Elections

The participant may choose from several combinations of investments offered by Fidelity Management Trust Company (the Trustee) as selected by the Plan Administrator. Upon enrollment in the Plan, participants may individually direct their investments. The Fidelity Freedom Funds (based on estimated participant retirement date) are currently the Plan designated default funds for those participants who have not selected an investment option otherwise. Participants have the opportunity to change their investments daily.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and Company's matching contribution, as well as an allocation of the Company's discretionary profit-sharing contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant wages or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Asset management fees are deducted from the earnings of the various funds.

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor match, and qualified non-elective contributions plus actual earnings thereon. Vesting in their discretionary non-elective employer contributions is based on years of service and occurs gradually. A participant becomes partially vested at the end of 1 year of credited service, with the vested amount increasing gradually until the participant is 100% vested after 3 years of credited service. Participants shall become 100% vested upon attainment of normal retirement age (65 years), death, or permanent disablement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates on outstanding loans at December 31, 2022 range from 6.00% to 8.25%. Principal and interest are paid ratably through semi-monthly payroll deductions.

Forfeited Accounts

As of December 31, 2022, forfeited non-vested accounts totaled \$2,789 (\$3,799 at December 31, 2021). These accounts are used to reduce employer contributions and Plan expenses.

Revenue Sharing

The Plan has a revenue sharing agreement with the Plan's Trustee. This revenue sharing agreement provides the Plan with a portion of the fees collected by the Trustee from Plan investments. At December 31 2022 and 2021, the combined balance in revenue sharing was \$39,186 and \$40,875, respectively. During the year ended December 31, 2022, the full amount was used to pay administrative expenses.

Payment of Benefits

In the event of death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or an annuity as specified by the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Notes to Financial Statements

December 31, 2022 and 2021

Note 2 - Summary of Accounting Policies, continued

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the Plan's Trustee. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and optional Fidelity Portfolio Advisory Services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through September 20, 2023, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee

The Plan's investments are held by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses are charged by the Trustee. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2022 and 2021, and for the year ended December 31, 2022 that the following information provided to the Plan Administrator by the Trustee is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

WACOM TECHNOLOGY CORP. RETIREMENT 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end Mutual Funds that are registered with the Securities and Exchange Commission. These Mutual Funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	\$ 40,887,041	\$ -	\$ -	\$ 40,887,041

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by FMR LLC., which has been adopted by the Plan, is acceptable pursuant to Section 401 of the Internal Revenue Code and in compliance with the applicable requirements of the Code. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since the date of the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the acceptable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan as of December 31, 2022, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Investments Institutional. Management fees are included with net depreciation in fair value of investments. During 2022, investment advisory services were provided by Strategic Advisors, Inc. and recordkeeping services were provided by Fidelity Workplace Services, LLC. These services were included in administrative expenses. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA. The following are parties-in-interest to the Plan in 2022:

Party	Relationship
Aldrich CPAs + Advisors LLP	Auditor
Fidelity Management Co.	Custodian / Trustee
Fidelity Investments Institutional	Recordkeeper
Strategic Advisors, Inc.	Investment Advisor

Note 8 - Reconciliation of the Form 5500 to the Financial Statements

Net Assets on the Form 5500 are reported on the cash basis. The following is a reconciliation of Net Assets Available for Benefits per the financial statements to Net Assets per the Form 5500 as of December 31:

	2022	2021

INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator
Wacom Technology Corp. Retirement 401(k) Plan
Portland, Oregon

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Wacom Technologies Corp. Retirement 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the 2022 Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

INDEPENDENT AUDITOR'S REPORT, CONTINUED

Auditor's Responsibilities for the Audit of the Financial Statements, continued

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including the form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

WACOM TECHNOLOGY CORP. RETIREMENT 401(K) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan

The following description of the Wacom Technology Corp. Retirement 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan covering all employees of Wacom Technology Corporation and Wacom Technology Services Corp. (the Company). The Plan is a safe harbor plan which exempts the Plan from anti-discrimination requirements on the accounts of highly compensated employees while mandating that the Company make minimum contributions to all participant accounts making elective contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to Plan management.

Eligibility

Employees may enter the Plan and make elective contributions upon reaching age twenty-one. Employees are eligible for the safe harbor match upon making elective contributions to the Plan. Eligible employees can enter the Plan as a participant on the first day of the month following the date that they are hired.

Contributions

A participant may elect to make pre-tax contributions, or after-tax Roth contributions up to the lesser of 75% of eligible compensation or the maximum allowed under the Internal Revenue Code (the Code), each year instead of receiving that amount in cash. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions up to the maximum allowed under the Code. Participants may also contribute amounts representing distributions from other qualified retirement plans (rollover). The participant may change their deferral election each pay period.

The Plan provides for automatic enrollment for all new employees. At the time of enrollment, the Plan automatically withholds 5% from each participant's compensation, unless the participant affirmatively elects to defer a smaller or larger percentage. Automatic enrollment contributions will begin 30 days following the participant's date of hire, but not sooner than the participant's entry date. Each year thereafter, the deferral rate is increased annually by 1% up to a maximum of 10%.

The Company elected to contribute a safe harbor match in 2022 to all participants in an amount equal to 100% of the first 3% of eligible compensation and 50% of the next 2% of eligible compensation which is automatically 100% vested. Participants need not to be employed on the last day of the Plan year and there is no service requirement to be eligible for employer match contributions. The Plan provides for a discretionary nonelective employer contribution which is determined by the Board of Directors of the Company and is allocated to participant accounts according to the ratio of the participant's eligible compensation to the total eligible compensation paid to all eligible participants. There was no discretionary nonelective employer contribution made in 2022.

Investment Elections

The participant may choose from several combinations of investments offered by Fidelity Management Trust Company (the Trustee) as selected by the Plan Administrator. Upon enrollment in the Plan, participants may individually direct their investments. The Fidelity Freedom Funds (based on estimated participant retirement date) are currently the Plan designated default funds for those participants who have not selected an investment option otherwise. Participants have the opportunity to change their investments daily.

Notes to Financial Statements

December 31, 2022 and 2021

Note 1 - Description of Plan, continued

Participant Accounts

Each participant's account is credited with the participant's contribution and Company's matching contribution, as well as an allocation of the Company's discretionary profit-sharing contributions and Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant wages or account balances, as defined by the Plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Asset management fees are deducted from the earnings of the various funds.

Vesting

Participants are immediately vested in their voluntary contributions, employer safe harbor match, and qualified non-elective contributions plus actual earnings thereon. Vesting in their discretionary non-elective employer contributions is based on years of service and occurs gradually. A participant becomes partially vested at the end of 1 year of credited service, with the vested amount increasing gradually until the participant is 100% vested after 3 years of credited service. Participants shall become 100% vested upon attainment of normal retirement age (65 years), death, or permanent disablement.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of the participant's vested account balance. The loans are secured by the balance of the participant's account and bear interest at a rate commensurate with rates charged by commercial lenders for loans made under similar circumstances. The interest rates on outstanding loans at December 31, 2022 range from 6.00% to 8.25%. Principal and interest are paid ratably through semi-monthly payroll deductions.

Forfeited Accounts

As of December 31, 2022, forfeited non-vested accounts totaled \$2,789 (\$3,799 at December 31, 2021). These accounts are used to reduce employer contributions and Plan expenses.

Revenue Sharing

The Plan has a revenue sharing agreement with the Plan's Trustee. This revenue sharing agreement provides the Plan with a portion of the fees collected by the Trustee from Plan investments. At December 31 2022 and 2021, the combined balance in revenue sharing was \$39,186 and \$40,875, respectively. During the year ended December 31, 2022, the full amount was used to pay administrative expenses.

Payment of Benefits

In the event of death, disability, retirement, or termination of employment, a participant may elect to receive either a lump-sum amount equal to the value of his or her account or an annuity as specified by the Plan.

Note 2 - Summary of Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (GAAP) requires the Plan Administrator to make estimates and assumptions that affect reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Note 2 - Summary of Accounting Policies, continued

Investment Valuation and Income Recognition

Plan investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies using information provided by the Plan's Trustee. See Note 4 for discussion of fair value measurements. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants, and optional Fidelity Portfolio Advisory Services are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Subsequent Events

Subsequent events have been evaluated through September 20, 2023, which is the date the financial statements were available to be issued.

Note 3 - Information Certified by the Trustee

The Plan's investments are held by Fidelity Management Trust Company (Fidelity), the Trustee of the Plan. Investment decisions are made at the direction of the participants. The investments are credited for earnings thereon and charged for withdrawals and expenses are charged by the Trustee. The Plan Administrator has obtained a certification from the Trustee as of December 31, 2022 and 2021, and for the year ended December 31, 2022 that the following information provided to the Plan Administrator by the Trustee is complete and accurate:

- Investments, at fair value
- Notes receivable from participants
- Net depreciation in fair value of investments
- Interest and dividends
- Interest on notes receivable from participants

Note 4 - Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The assets or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Registered Investment Companies (Mutual Funds): Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open-end Mutual Funds that are registered with the Securities and Exchange Commission. These Mutual Funds are required to publish their daily net asset value (NAV) and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

The methods previously described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Total investments at fair value	\$ 40,887,041	\$ -	\$ -	\$ 40,887,041

Note 5 - Tax Status

The Internal Revenue Service (IRS) has determined and informed the Plan's volume submitter sponsor by an opinion letter dated June 30, 2020, that the Non-Standardized Pre-Approved Profit-Sharing Plan with CODA sponsored by FMR LLC., which has been adopted by the Plan, is acceptable pursuant to Section 401 of the Internal Revenue Code and in compliance with the applicable requirements of the Code. The Plan has not requested its own determination letter from the IRS. The Plan has been amended since the date of the determination letter. However, the Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and is being operated in compliance with the acceptable requirements of the Code and, therefore, believe that the Plan is qualified, and the related trust is tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

GAAP requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan as of December 31, 2022, and has concluded that there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6 - Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their employer contributions.

Note 7 - Party-in-Interest Transactions

Certain Plan investments are shares of registered investment companies managed by Fidelity Investments Institutional. Management fees are included with net depreciation in fair value of investments. During 2022, investment advisory services were provided by Strategic Advisors, Inc. and recordkeeping services were provided by Fidelity Workplace Services, LLC. These services were included in administrative expenses. These party-in-interest transactions are exempt from the prohibited transactions rules of ERISA. The following are parties-in-interest to the Plan in 2022:

Party	Relationship
Aldrich CPAs + Advisors LLP	Auditor
Fidelity Management Co.	Custodian / Trustee
Fidelity Investments Institutional	Recordkeeper
Strategic Advisors, Inc.	Investment Advisor

Note 8 - Reconciliation of the Form 5500 to the Financial Statements

Net Assets on the Form 5500 are reported on the cash basis. The following is a reconciliation of Net Assets Available for Benefits per the financial statements to Net Assets per the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 35,657,076	\$ 41,228,075
