Independent Auditors' Report

To: The Plan Administrator of
Tom Ferry 401(k) Plan
Santa Ana, California

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Tom Ferry 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Tom Ferry 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section.

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Tom Ferry 401K and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Tom Ferry 401(k) Plan's ability to continue as a going concern for one year after the date that the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Tom Ferry 401(k) Plan's internal control. Accordingly, no such opinion is expressed.⁴
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Tom Ferry 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule of Assets (Held at End of Year) as of December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in

all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

TOM FERRY 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Tom Ferry 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General. The Plan was formed effective January 1, 2016 as a defined contribution plan covering substantially all employees of Ferry International (the Company or Plan Sponsor). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Participant eligibility. Employees are eligible to participate in the Plan after they have (1) reached age 21, and (2) have completed three months of employment with quarterly entry dates of January 1, April 1, July 1, or October 1. An employee must work at least 1,000 hours during the Plan year in order to earn a year of eligible service.

Administration. The Plan Sponsor serves as the Plan administrator. Certain administrative costs are paid and certain administrative functions are performed by the employees of the Company, without compensation from the Plan. The Plan administrator has designated Reliance Trust Company (Reliance or the Trustee), as Trustee of the Plan. The Trustee receives all contributions made under the Plan, holds Plan assets, pays benefits to participants and executes other transactions directed by the Plan administrator. The Plan administrator has engaged ADP Retirement Services, as the third-party administrator to assist in the administration and maintain the records of the Plan.

Contributions. Participants may elect to contribute (pre-tax and/or Roth) up to a dollar amount, subject to certain statutory limits which change periodically. In addition, they may elect to make rollover contributions of balances held with other qualified plans. The Company may make a discretionary matching contribution to a uniform percentage of each tier of the participants' salary deferrals. To receive an employer match, the employee must have completed one year of eligible service and be employed at the last day of the Plan year. An employee must work at least 1,000 hours during the Plan year in order to earn a year of eligible service. During 2022, the Company made an annual discretionary matching contribution, equal to 100% of the 401(k) elective deferral contributions up to 3% of eligible salary, plus 50% of the 401(k) elective deferral contributions over 3% of eligible salary, not to exceed 5% of eligible salary.

Participant accounts. Upon enrollment in the Plan, a participant may direct his or her respective share of contributions into various investment options. Each participant's account is credited with the participant's elective contributions, the applicable share of discretionary matching contributions, and the related earnings (losses) thereon, net of the allocable share of certain administrative expenses. The benefit to which a participant is entitled is the vested portion of the participant's account.

Vesting. Participants are immediately vested in their elective contributions plus net earnings (losses) thereon. They become vested in discretionary matching contributions plus earnings (losses) based on the years of service set forth in the table below:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6	100%

1. DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits. In the event of death, disability, termination, normal retirement, or early retirement age of 59½, the vested portion of a participant's account may be paid to the participant or his or her beneficiary as a lump-sum payment, partial withdrawal, or rolled over to an individual retirement account or another tax-qualified plan.

The Plan may, upon termination of service of a participant for any reason, automatically distribute the benefits owed if no alternative election has been made and the account balance is \$1,000 or less, as defined in the Plan document. If no alternative election has been made and the benefits owed are more than \$1,000, but less than \$5,000, the Plan may automatically transfer the funds into an individual retirement account established on the participant's behalf. A participant with a vested account balance of more than \$5,000 may instead choose to have the vested balance paid in installments or to defer receiving payments until age 70½.

In the event of a participant's financial hardship, as defined in the Plan document, a participant can withdraw up to 100% of the vested account balance, not exceeding the amount of the participant's financial hardship.

Notes Receivable from Participants. Participants employed by the Plan Sponsor can have an unlimited number of outstanding loans at a time. A loan can be requested for any reason. Participants requesting a plan loan must have a minimum vested account balance of \$2,000 to be eligible. A loan can be for an amount of at least \$1,000, with the maximum being the lesser of 50% of the participant's vested interest or \$50,000. If the participant has any existing loans, the \$50,000 amount will be reduced by the excess of his or her highest outstanding aggregate loan balance during the 1-year period ending before the current loan is made, over his or her outstanding aggregate loan balance on the day the loan is made. Participants may have one outstanding loan at a time as long as loan repayments are submitted via a payroll deduction. Loans may be refinanced if the participant qualifies. The interest rate on a participant's loan is 1% over the Prime Rate published in the Wall Street Journal on the first business day of the month the loan is originated. Principal and interest are paid ratably through payroll deductions. Loans must be fully repaid within 60 months, or 5 years, unless the loan is used for the purchase of a primary residence, which must be repaid within 30 years. Loans not paid within a timely manner will be considered in default and taxed on the outstanding loan balance accordingly. As of December 31, 2022, the interest rates on the outstanding notes receivable from participants ranged from 4.25% to 8%.

The plan classifies participant loans as notes receivable from participants in the statements of net assets available for benefits and measures them at their unpaid principal balance plus any accrued interest.

Administrative Expenses. Certain expenses for maintaining the Plan are paid directly by the Plan, unless otherwise paid by the Plan Sponsor. Expenses that are paid by the Plan Sponsor are excluded from these financial statements. Fees related to the administration of distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation in fair value of investments.

Forfeiture. Prior to termination of the Plan, if a participant terminated employment prior to being fully vested in the Company's discretionary contributions and earnings thereon for any reason except death, disability, or qualification for retirement, then the unvested contributions are forfeited. These forfeited funds are used to pay Plan expenses or to reduce amounts otherwise required to be contributed to the Plan. At December 31, 2022 and 2021, there were approximately \$38,000 and \$69,100 of forfeited nonvested accounts, respectively. Approximately \$46,000 of forfeitures were used during 2022 to reduce Company discretionary contributions related to 2022. Approximately \$72,000 of forfeitures were used during 2021 to reduce Company discretionary contributions related to 2021.

2. SUMMARY OF ACCOUNTING POLICIES

Basis of Accounting. The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment Valuation and Income Recognition. Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Net appreciation in the fair value of investments represents the change in fair value during the year, including realized and unrealized gains and losses.

Subsequent Events. The Company has evaluated all events subsequent to December 31, 2022, the date of the Statement of Net Assets Available for Benefits, through the date of the Independent Auditors' Report, the date which the financial statements were available, noting that in June 2023, the Company increased their bond coverage to \$300,000 to comply with required fiduciary bond coverage.

Payment of Benefits. Benefits are generally recorded when paid.

Use of Estimates. The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Actual results may differ from those estimates.

Concentrations, Risks, and Uncertainties. Investment securities are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

The Plan had two investments that accounted for approximately 36% and 34% of total investments as of December 31, 2022 and 2021, respectively.

**3. INVESTMENT INFORMATION CERTIFIED BY TRUSTEE AND CUSTODIAN
(UNAUDITED)**

The Plan Administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Great-West Trust Company, LLC, the trustee of the Plan, as of December 31, 2022 and for the period January 1, 2022 through December 31, 2022, as complete and accurate, except for comparing such information certified by the trustee and custodian to information included in the Plan's financial statements and supplemental schedule.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. Valuation techniques used to measure fair value are defined as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

Level 2- Inputs to the valuation methodology include: (a) quoted prices for similar assets or liabilities in active markets; (b) quoted prices for identical or similar assets or liabilities in inactive markets; (c) inputs other than quoted prices that are observable for the asset or liability; and (d) inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

4. FAIR VALUE MEASUREMENTS (continued)

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies during 2022.

Mutual funds: The fair value of these mutual funds are based on quoted prices in an active market for each share held by the Plan.

The method described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believe its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following are the Plan's financial instruments carried at fair value categorized by the fair value hierarchy as of December 31, 2022 and 2021:

	Fair Value Measurements Using Input Type			
<u>December 31, 2022</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>

5. RELATED PARTY AND PARTY-IN-INTEREST TRANSACTIONS

Parties-in-interest are defined under the Department of Labor's (DOL) regulations as any fiduciary of the Plan, any party rendering service to the Plan, the employer, and certain others. Certain administrative expenses of the Plan are paid directly by the Plan Sponsor. Any direct or indirect expenses paid for by the Plan are considered party-in-interest transactions. The transactions qualify as party-in-interest transactions for which there are statutory exceptions.

6. PLAN TERMINATION

TOM FERRY 401(k) Plan
Notes to Financial Statements
December 31, 2022 and 2021

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate or amend the Plan at any time, subject to the provisions of ERISA.

7. TAX STATUS

On June 30, 2020, the Internal Revenue Service (IRS) stated that the prototype adopted by the Plan, as then designed, qualifies under the Internal Revenue Code (IRC) Section 401(a). The Plan Administrator believes that the Plan was designed and is being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Generally accepted accounting principles requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions (generally three years for federal purposes and four years for state purpose); however, there are currently no audits for any tax periods in progress.

8. TRANSFER OF ASSETS

During the year ended December 31, 2022, the Company transferred certain participant balances totaling \$247,466 to a separate 401(K) plan under common control. The participants were dedicated employees of a related Company and therefore their balances were transferred to the Plan sponsored by the related Company.
