REPORT OF INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS

Trustees
The Estee Lauder Companies 401(k) Savings Plan

Scope and nature of the ERISA Section 103(a)(3)(C) audit
We have performed audits of the financial statements of The Estee Lauder Companies 401(k) Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Grant Thornton LLP is the U.S. member firm of Grant Thornton International Ltd (GTIL). GTIL and each of its member firms are separate legal entities and are not a worldwide partnership.

Basis for opinion
We conducted our audits in accordance with auditing standards generally accepted in the United States of America (US GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of management for the financial statements
Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor’s responsibilities for the audit of the financial statements
Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with US GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with US GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other matter – supplemental schedules required by ERISA
The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA. Such supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures. These additional procedures included comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with US GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTE 1 - PLAN DESCRIPTION

The following description of The Estee Lauder Companies 401(k) Savings Plan (the "Plan") covers employees of certain subsidiaries of The Estee Lauder Companies Inc. (the "Company") and provides only general information. The Company manufactures, markets and sells skin care, makeup, fragrance and hair care products around the world. Participants should refer to the Plan document for a more complete description of the Plan's provisions. The Plan is subject to the applicable provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and subsequent pension legislation.

General

The Plan is a contributory defined contribution plan covering substantially all regular full-time employees who have completed 30 days of service in the U.S. and Puerto Rico (except those who are nonresident aliens with no U.S.-sourced income, leased employees, international military salespersons and on call employees), as defined by the Plan document. Part-time and certain temporary employees may participate in the Plan after meeting a 1,000 hour and one year of service requirement. Part-time employees who have not met the 1,000 hours of service requirement may become eligible to participate in the Plan following completion of 500 hours of service in each of three consecutive calendar years beginning in 2021 or later.

Effective January 1, 2021, Too Faced Cosmetics Holdings, LLC became a participating employer of the Plan. Provisions regarding past service and eligibility for Too Faced employees were adopted and participant assets and account balances were transferred to the Plan totaling $11,559,207 in cash. As of December 31, 2022 and 2021, U.S. employees of Have&Be USA, Inc. ("Have&Be") and Deciem USA LLC ("Deciem") were not covered by the Plan. Have&Be became a participating employer on January 1, 2023. Provisions regarding past service and eligibility for Have&Be employees were adopted and participant assets and account balances were transferred to the Plan.

Plan Administration

The Estee Lauder Inc. Employee Benefits Committee is the Plan administrator (the "Plan Administrator"). The Plan's assets are held in trust by The Northern Trust Company (the "Trustee") and Alight Solutions serves as recordkeeper. The Estee Lauder Inc. Fiduciary Investment Committee has the authority to determine the investment options available to the participants. Investments of participant accounts, which include employer matching funds, are directed by participant elections.

Related-Party and Party-in-Interest Transactions

Certain investments of the Plan are managed by the Trustee and as of December 31, 2022 and 2021, such investments amounted to $6,672,927 and $10,433,744, respectively. Fees associated with investment management services provided by the Trustee qualify as party-in-interest. Total expenses incurred by the Plan to the Trustee for investment management, recordkeeping and other services amounted to $14,346 and $70,418 for the years ended December 31, 2022 and 2021, respectively. Accrued administrative expenses payable to the Trustee were $308,904 at December 31, 2021.

Contributions

Participants can contribute from 2% to 50%, in 1% increments of their eligible compensation, as defined in the Plan document, through payroll deductions subject to certain limitations. Contributions may not exceed statutory maximums and participants who have attained age 50 before the end of the Plan year are eligible to make additional catch-up contributions, up to statutory maximums.

The Company matches 100% of a participant's contribution up to the first 3% of eligible compensation and 50% of a participant's contribution on the next 4% of eligible compensation ("Employer Matching Contributions"). Additionally, the Company will make an annual contribution for participants who met the

Internal Revenue Service ("IRS") pre-tax and/or Roth 401(k) deferrals (402g) limit during the year or to participants whose deferrals during the year are at least 7% of their eligible compensation but did not maximize the Company matching contribution ("True-Up Matching Contribution"). True-up Matching Contributions are included in Employer's contribution receivables in the statements of net assets available for benefits. Employer Matching Contributions for participants will begin following one year of service. At the option of the participant, contributions may be made on a pretax, Roth 401(k) or after-tax basis. Participants may also roll over amounts from other qualified retirement plans or individual retirement accounts. Rollover contributions are not eligible for the employer match.

Participants can direct their contributions to be invested in many types of investments, including registered investment companies, common/collective trusts ("CCTs") and a small/midcap equity fund managed directly for the Plan in a separate account which invests directly in common stocks as well as a short-term investment fund for liquidity purposes.

Participant Accounts

All non-participating full-time employees are auto-enrolled in the Plan unless they affirmatively elected not to participate. Employees who are auto-enrolled have an initial deferral amount of 3%, which is then increased by 1% annually up to a maximum of 10% (auto-escalation feature). Participants who do not make an active election for investment of their contributions are automatically defaulted into the Qualified Default Investment Alternative ("QDIA"), as defined by the Plan document. The Plan entry date for those auto-enrolled is 60 days from hire date and 30 days from hire date for participants who voluntarily enroll.

Each participant account is credited with the participant's contribution, the Company's matching contribution (where applicable) and an allocation of the Plan's net earnings and/or losses and administrative expenses. Allocations of net earnings and/or losses from investment funds, along with an allocation of administrative expenses of the Plan, are included in the net asset value ("NAV") of those funds held in participants' accounts. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined by the Plan document. The benefit to which a participant is entitled is the vested portion of the benefit that can be provided from the participant's account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants are also immediately vested in the Company's matching contributions, and any investment earnings thereon.

Notes Receivable from Participants

Participants may borrow up to two loans from their account, each with a minimum of $1,000 up to a combined maximum equal to the lesser of $50,000 or 50% of their vested account balance less the highest outstanding loan balance in the last 12 months. In accordance with the Coronavirus Aid, Relief, and Economic Security Act ("CARES Act") passed by the U.S. Senate on March 26, 2020, the new loans were permitted to the lesser of $100,000 or 100% of the participant's vested account and the period for loan repayment was extended for up to one year for coronavirus-related reasons. These reasons include adverse financial consequences due to being quarantined, furloughed, laid off, having work hours reduced or being unable to work due to a lack of childcare as a direct result of COVID-19. The Plan opted to provide relief to employees through December 31, 2020 as prescribed in the CARES Act and has amended the Plan accordingly.

Loan interest rates are fixed at the prime rate, plus 0.50%, on the 15th day of the month prior to the date that the loan is requested and loan terms may range from one to twenty years with certain allowable exceptions. Interest rates on newly established notes in 2022 ranged from 3.75% to 7.5% and in 2021 was 3.75%. Interest rates on notes receivable from participants ranged from 3.75% to 8.75% at December 31,

2022 and December 31, 2021. Participants are charged a $50 processing fee for each loan initiated, and principal and interest are generally paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability or retirement, a participant (or their beneficiary) may receive either a lump-sum amount or a portion of the value of their vested plan benefit. If the vested value of the account of a participant who has terminated before retirement never exceeded $1,000 at the time of any prior distribution, the Plan will distribute the vested value in a lump-sum without the consent of the participant. For termination of service due to other reasons, a participant may receive the value of his/her vested plan benefit as a lump-sum distribution or can delay payment. Hardship distributions are permitted for active participants under certain circumstances as described in the Plan document. After-tax contributions made by participants are eligible for withdrawal at any time. Active participants over the age of 59½ may withdraw all available amounts in their accounts at any time.

Forfeitures

The Plan did not have forfeitures of employer match contributions since such are immediately vested and have been since 2007.

Plan Termination Provisions

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of termination of the Plan or of the complete discontinuance of contributions under the Plan, all prior company contributions become fully vested and funds are to be distributed as specified by the Plan document.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements of the Plan have been prepared under the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (“U.S. GAAP”).

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires the Plan Administrator to make estimates and assumptions that affect the reported amounts of assets, liabilities and changes therein, and disclosure of contingent assets and liabilities. As future events and their effects cannot be determined with precision, actual results could differ significantly from those estimates and assumptions.

Investment Valuation and Income Recognition

Investments of the Plan are reported at fair value. The fair value of a financial instrument is the amount that would be received to sell an asset or paid to transfer a liability, in the principal or most advantageous market for the asset or liability, in an orderly transaction between market participants at the measurement date (the exit price). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as of the Ex-dividend date. Net (depreciation) appreciation in fair value of investments includes realized gains and losses, as well as changes in net unrealized appreciation.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses primarily include investment management, advisory, consulting, recordkeeping and trustee fees which are paid either by the Plan or the Company, as provided by the Plan document. Expenses that are paid directly by the Company are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net (depreciation) appreciation of fair value of investments presented in the accompanying statements of changes in net assets available for benefits.

Risks and Uncertainties

Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with investments, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 3 - FAIR VALUE MEASUREMENTS

U.S. GAAP provides the framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). Investments for which fair value is measured using NAV per share (or its equivalent) as a practical expedient shall not be categorized within the fair value hierarchy.

The three levels of the fair value hierarchy which may be used to measure fair value are described below:

Level 1 - Inputs to the valuation methodology are based on unadjusted quoted market prices for identical assets or liabilities in active markets at the measurement date that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability. Also included in Level 2 are investments measured using NAV per share, or its equivalent, that may be redeemed at that NAV at the period end date or in the near term without redemption restrictions.

Level 3 - Inputs to the valuation methodology are unobservable in the market and significant to the fair value measurement.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 from 2021. There is no redemption notice period associated with the Plan's NAV investments as they are part of participant directed accounts that can be traded daily.

Short-Term Investment Fund: The fair value is determined using the NAV provided by the administrator of the fund. These assets are classified within Level 2 of the valuation hierarchy and the Plan has the ability to redeem at the measurement date or within the near term without redemption restrictions.

Common Stock: The fair values of publicly traded funds are based upon market quotes and are classified within Level 1 of the valuation hierarchy.

Shares of Registered Investment Companies: The fair values of publicly traded funds are based upon market quotes and are classified within Level 1 of the valuation hierarchy.

Interests in CCTs: The fair values for non-publicly traded funds are determined using the NAV provided by the administrator of the fund. Those investments where the Plan has the ability to redeem at the measurement date or within the near term are classified within Level 2 of the valuation hierarchy.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at Fair Value as of December 31, 2022

NOTE 4 - INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the Trustee of the Plan has certified that the following information in the accompanying financial statements and supplemental schedule is complete and accurate:

- Total investments, at fair value, interest receivable, amounts due for investments purchased and notes receivable from participants, as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment (loss) income and interest income on notes receivable from participants, as shown in the statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021; and
- Schedule H, line 4i - schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent accountants did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 5 - TAX STATUS

The Plan obtained a favorable determination letter on March 2, 2015, in which the IRS stated that the Plan was in compliance with the applicable requirements of the Internal Revenue Code ("IRC"). Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements for the years ended December 31, 2022 and 2021.

U.S. GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 6 - CONTINGENCIES

On September 21, 2020, two complaints, previously filed by separate groups of plaintiffs, were consolidated into a single lawsuit against Estee Lauder, Inc., as sponsor of the Plan, the Board of Directors of Estée Lauder, Inc. and the Estee Lauder, Inc. Fiduciary Investment Committee, by participants in the Plan. The plaintiffs allege that the defendants breached their fiduciary duties under ERISA relating to prudent investment options and related investment fees. While the Company's management believes that the claims asserted in the consolidated litigation are without merit, to avoid protracted litigation, the Company has entered into an agreement in principle on August 21, 2023, to resolve the matter. The Company admits to no wrongdoing and the agreement is not expected to have a material impact on the Plan financial statements.

NOTE 7 - RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

	December 31,	
	2022	2021

Net assets available for benefits per the Form 5500	$ 2,274,724,906	$ 2,830,947,856

The following is a reconciliation of benefits paid to participants per the financial statements to the Form 5500:

	Years Ended December 31,	
	2022	2021
Benefits paid to participants per the financial statements	$ 172,098,980	$ 184,425,245
Amounts allocated to withdrawing participants - current year	115,745	257,175
Amounts allocated to withdrawing participants - prior year	(257,175)	(177,412)
Benefits paid to participants per the Form 5500	$ 171,957,550	$ 184,505,008

NOTE 8 - SUBSEQUENT EVENTS

The Plan evaluated subsequent events for potential recognition and disclosure through September 26, 2023, which is the date these financial statements were available to be issued.
