INDEPENDENT AUDITORS' REPORT

To the Participants of
Bauer Compressors, Inc. Employee Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the 2022 financial statements of Bauer Compressors, Inc. Employee Retirement Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Rödl & Partner

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the 2022 Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditors' Responsibilities for the Audits of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the 2022 Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements conform with the Plan's provisions, including maintaining sufficient records with respect to each of the participants to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the 2022 Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements are free from material misstatement, whether due to fraud or error and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, it is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users made on the basis of these financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

Rödl & Partner

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — 2022 Supplemental Schedules Required by ERISA

The supplemental schedules as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or are derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Rödl & Partner

- The information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Other Matter — Auditors' Report on the 2021 Financial Statements

The 2021 financial statements of Bauer Compressors, Inc. Employee Retirement Plan were audited by predecessor auditors. As permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditors not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, expressed an unmodified opinion on the 2021 financial statements in accordance with ERISA Section 103(a)(3)(C).

BAUER COMPRESSORS, INC. EMPLOYEE RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF THE PLAN

The following description of the Bauer Compressors, Inc. Employee Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Adoption Agreement for a more complete description of the Plan's provisions.

General

The Plan is a 401(k) profit-sharing plan established by Bauer Compressors, Inc. (the "Employer") on January 1, 2015. The Plan was amended on May 10, 2021 to allow the merger of the Employer's Grandfathered 401(k) Profit Sharing Plan (the "Grandfathered Plan") with the Plan effective May 10, 2021. The Grandfathered Plan was originally established on October 1, 1994.

The Plan provides retirement benefits for substantially all the employees. Employees become eligible to participate in the Plan at age 19 after completing three months of service for salary deferral and six months of service for the Employer contributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA") and the Internal Revenue Code (the "IRC").

Contributions

Participant may contribute, on a pre-tax basis or after-tax, up to 100% of their compensation, as defined by the Plan, subject to IRC limitations, in the form of a salary deferral. Participants not electing otherwise are automatically enrolled to make salary deferral contributions to the Plan in the amount of 3% of their compensation. Participants may also make rollover contributions to the Plan, which represent distributions from other qualified plans.

The Employer makes profit-sharing contributions to the Plan annually on behalf of all eligible employees. To be eligible for profit-sharing contributions employees must complete six months of service. Profit-sharing contributions are allocated amongst participants based upon the ratio that the participant's compensation for the Plan year bears to the total compensation for the Plan year of all participants. Depending on the employee's division, the profit-sharing contributions are either 4.5% or 9% of compensation.

Investment options

The Plan's investment assets are held by Empower Trust Company, LLC (the "Custodian"), the custodian of the Plan's investment assets. Under an arrangement with the Custodian and upon enrollment in the Plan, participants direct all contributions in any whole percentage increment to any of the available funds. Participants may change their allocation among the various investment options at any time.

Participant accounts

Each participant's account is credited with (a) the participant's contributions, (b) the Employers' contributions on behalf of the participant, and (c) the earnings and losses of the participant's investments and is charged with any expenses incurred as a result of transactions initiated by the participant. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately fully vested in the portion of their account attributable to their contributions and earnings thereon. Vesting in the portion of their account attributable to the Employer's contributions and earnings thereon is based on years of employment service, and occurs at a rate of 25% per year, with full vesting occurring after four years of service.

Payment of benefits

Upon termination of employment, attainment retirement age, or for reasons of death or disability, participants may withdraw the vested portion of their account in the form of a lump sum. Participants still employed with the Employer may withdraw all or a portion of their account balance attributable to their salary deferral contributions and actual earnings thereon upon attainment of age 59½ or for reasons of a financial hardship, as allowed under the IRC. A participant whose vested account balance does not exceed \$5,000 will receive a lump sum distribution of their vested account balance as soon as administratively feasible following termination. A terminated participant whose vested account balance is between \$200 and

\$5,000 and who does not elect otherwise, will have their vested account balance distributed from the Plan directly into an individual retirement account in their name.

Forfeitures

Forfeitures of nonvested account balances may be used, at the sole discretion of the Employer, to pay administrative expenses of the Plan or reduce Employer contributions. During the year ended December 31, 2022, \$19,508 was forfeited and \$53,703 was used to reduce Employers contributions. Accumulated forfeitures totaled \$34,839 and \$69,034 at December 31, 2022 and 2021, respectively.

Notes receivable from participants

Participants may borrow, from their fund accounts, amounts ranging from \$1,000 up to a maximum amount equal to the lesser of \$50,000 or 50% of their vested account balances. The maximum term of repayment for a loan is five years, unless it is for the purchase of a principal residence, in which case the maximum term of repayment is fifteen years. The loans are secured by the balance in the participant's account and bear interest at fixed rates commensurate with prevailing market rates for similar loans, as determined by the plan administrator at the date of origination. Principal and interest are paid ratably through payroll deductions. A participant may only have one loan outstanding at a time. Interest rates ranged from 4.25% to 8.00% on participant loans outstanding at December 31, 2022, and from 4.25% to 6.50% on participant loans outstanding at December 31, 2021.

Administrative expenses

Administrative fees associated with participant loans and certain distributions are paid by the Plan and charged to the accounts of the participants initiating the transactions. Also, participants who have separated from service with the Employers and choose to maintain a balance in the Plan are charged an annual fee.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of accounting

The accompanying financial statements are prepared on the accrual basis of accounting, in accordance with accounting principles generally accepted in the United States of America.

Use of estimates in financial statement preparation

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires the Plan's management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment valuation and income recognition

Investments, except for fully benefit-responsive investment contracts, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Interest is recorded when earned. Dividends are recorded on the ex-dividend date. Net appreciation/depreciation in fair value of investments includes realized and unrealized gains and losses on those investments. See Note 4 for discussion of fair value measurements.

For fully benefit-responsive investment contracts, contract value, is the relevant measure for the portion of the net assets available for benefits of a defined contribution plan attributed to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable are recorded as distributions based upon the Plan's provisions.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Fees related to the administration of participant loans and payments of benefits are charged directly to the participant's account and are included in administrative expenses.

Subsequent events

The Sponsor has evaluated subsequent events through September 21, 2023, the date the financial statements were available to be issued.

3. INFORMATION PREPARED AND CERTIFIED BY THE CUSTODIAN (UNAUDITED)

The plan administrator has elected the method of compliance as permitted by 29 CFR 2520.103-8 of the United States Department of Labor's (the "DOL") Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the plan administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to the information certified by the Custodian, except for comparing such information to the related information included in the Plan's financial statements and supplemental schedules.

The following information included in the accompanying financial statements and supplemental schedule was prepared and certified to be complete and accurate by the Custodian as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	<u>2022</u>	<u>2021</u>
Investments at fair value:		
Mutual funds	\$ 7,852,984	\$ 24,521,057
Collective trusts	11,044,781	-
Investment in fully benefit-responsive investment contract, at contract value	<u>3,197,884</u>	<u>2,577,536</u>
Total investments	<u>\$ 22,095,649</u>	<u>\$ 27,098,593</u>
Investment income (loss):		
Net depreciation in fair value of investments	\$ (4,402,875)	
Interest and dividends	<u>296,440</u>	
Total investment loss	<u>\$ (4,106,435)</u>	

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2

Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement. The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. Following is a description of the valuation methodologies used for assets measured at fair value.

There were no changes in the methodology used during the year ended December 31, 2022.

- Mutual funds: Valued at the net asset value ("NAV") of shares held by the Plan at year-end. Funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily NAV and to transact at that price, and are deemed to be actively traded.
- Collective trusts: Valued at the NAV of units of the collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require a 12-month notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Sponsor believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31, 2022 and 2021:

	Investments at fair value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - Mutual funds	<u>\$ 7,852,984</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 7,852,984
Investments measured using NAV as a practical expedient				
Collective trusts				11,044,781
Investments at fair value				<u>\$ 18,897,765</u>
	Investments at fair value as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Total assets in fair value hierarchy - Mutual funds	<u>\$ 24,521,057</u>	<u>\$ -</u>	<u>\$ -</u>	\$ 24,521,057

5. INVESTMENT CONTRACT WITH INSURANCE COMPANY

The Plan holds a guaranteed investment contract (the "Contract") with Great-West Life & Annuity Insurance Company ("GW") which is a fully benefit-responsive investment contract. GW maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the Contract is fully benefit-responsive, contract value is the relevant measurement attribute for net assets available for benefits attributable to the Contract. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Certain events may limit the ability of the Plan to transact at contract value with the issuer. Such events include but may not be limited to the following: 1) the complete or partial termination of the Plan, 2) the establishment of, or material change in, any plan investment fund, or 3) an amendment to the Plan or a change in the administration or operation of the Plan. The plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants, is probable.

The Contract may be terminated by GW upon the Plan's establishment, activation, or material change to any plan investment fund that GW determines will prevent its ability to continue to operate the contract under the current terms. Termination of the Contract with the GW may result in the settlement of the outstanding balance at an amount that differs from contract value.

The Contract has a guaranteed minimum interest rate of 0.00%. During 2022, crediting interest rates ranged from .80%-1.05%.

6. RELATED PARTY TRANSACTIONS

The Employer pays certain costs on behalf of the Plan for insurance, administration and professional services. Recordkeeping and administrative services are also provided by the Employers at no cost to the Plan.

The Plan offers, as investment options, certain funds managed by the Custodian. Accordingly, transactions in these investments qualify as party-in-interest transactions as defined by ERISA.

7. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

8. INCOME TAX STATUS

The Plan utilizes a prototype plan document sponsored by Great-West Trust Company, LLC, who was informed by the Internal Revenue Service ("IRS") by a letter dated June 30, 2020, that the plan, as amended, is designed and being operated in accordance with applicable sections of the IRC. Though the Plan has not received a determination from the IRS, the Employer and the Plan's tax counsel believe that the Plan is designed and being operated in accordance with the applicable sections of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require the Plan's management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the tax authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are no audits for any tax periods in progress and the plan administrator believes that the Plan is no longer subject to income tax examinations for years prior to 2019.

9. RECONCILIATION TO FORM 5500

The following is a reconciliation of the Plan's net assets available for benefits and net decrease in net assets available for benefits as reported in the accompanying financial statements and those amounts reported on Form 5500 as of December 31, 2022 and 2021, and for the year ended December 31, 2022:

	2022	2021
Net assets available for benefits per the financial statements	\$ 23,366,516	\$ 28,413,737
Employers contributions receivable	(962,233)	(906,234)
Net assets available for benefits per Form 5500	<u>\$ 22,404,283</u>	<u>\$ 27,507,503</u>
	2022	
Net decrease in net assets available for benefits per the financial statements	\$ (5,047,221)	
Change in employers contributions receivable	(55,999)	
Net decrease in net assets available for benefits per Form 5500	<u>\$ (5,103,220)</u>	

10. PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, all participants would become 100% vested in their accounts.
