To the Participants and Administrator of the
Biotissue Holdings, Inc. 401K Profit Sharing Plan and Trust
Miami, Florida

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the accompanying financial statements of Biotissue Holdings, Inc. 401(K) Profit Sharing Plan and Trust (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN

The following description of the Biotissue Holdings, Inc. 401K Profit Sharing Plan and Trust (the “Plan”) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan’s provisions.

General

The Biotissue Holdings, Inc. 401K Profit Sharing Plan and Trust is a 401(k) deferred compensation plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) as amended, and is administered by John Hancock Trust Company, LLC as of April 1, 2022 and Charles Schwab Trust Bank for the period from December 31, 2021 through March 31, 2022, (collectively the “Certifying Entity(ies)”). The Plan was established effective January 1, 2007.

Eligibility

All employees of Biotissue Holdings, Inc. (the “Company”) and any participating affiliates, if applicable except employees covered by a collective bargaining agreement with the employer, leased employees, and part-time/seasonal employees are eligible to participate. In order to participate in the Plan, you must be at least 21 years of age and have completed 6 months of service. Participants will receive credit for one month of service for each month in which you complete one hour of service.

Contributions

Participants may elect to defer a percentage of their eligible compensation into the Plan after they have satisfied the Plan’s eligibility requirements. The percentage of eligible compensation elected by the participant will be withheld from each payroll and contributed to an account in the Plan on the participants’ behalf. For pre-tax contributions being withheld from a participants compensation, the percentage deferred is subject to an annual limit of the lesser of 100% of eligible compensation or \$20,500 (the maximum pre-tax contribution for the year ended December 31, 2022).

Participants will be eligible to designate some or all of their Deferral Contributions as a Roth Deferral Contribution at the time they make their deferral election.

The Plan provides that participants who are projected to be age 50 or older by the end of the calendar year and who are making deferral contributions to the Plan may also make a catch-up contribution. Catch-up contributions are subject to certain limitations established by the Internal Revenue Service. The maximum pre-tax catch-up contribution for the year ended December 31, 2022 was \$6,500.

The Employer may make a discretionary matching contribution equal to a uniform percentage of your salary deferrals. Each year, the Employer will determine the amount of the discretionary percentage.

Participant Accounts

The assets in the Plan are invested in available investment options and a separate account is established for each participant who receives and/or makes a contribution. The value of the participants account is updated each business day to reflect any contributions, exchanges between investment options, investment earnings or losses for each investment option and withdrawals.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Participant Loans

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loans are secured by the balance in the participant's account. Loans must bear a reasonable rate of interest, not to exceed the legal limit.

Vesting

Participants are immediately vested in their own contributions plus actual earnings thereon. Vesting in the Organization's matching contribution portion of their accounts plus actual earnings thereon is determined under the following schedule:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
At least 1, less than 2	25%
At least 2, less than 3	50%
At least 3, less than 4	75%
4 or more	100%

In addition, a participant is immediately 100% vested in any amount which has been transferred or rolled over into the Plan from another qualified employee benefit plan.

Payment of Benefits

A participant can request a distribution due to disability, retirement or termination of employment from their employer or related employer. The beneficiary or beneficiaries of a participant may request a distribution of the participants vested account balance in the event of the participants' death. The value of a participant account balance will continue to increase or decrease, as appropriate, based on the investment returns until it is distributed.

A participant may defer receipt of their distribution until a later date. However, a participant cannot postpone it if their account balance is \$5,000 or less in which case the plan administrator will direct the certifying entity that any amount exceeding \$1,000 be distributed to an Individual Retirement Account (IRA) for their benefit. If a participant vested account balance is \$1,000 or less, the Plan administrator will direct the Certifying Entity to distribute it to the participant as a lump sum distribution without the consent of the participant. Prior to such distribution, the participant still has the right to request that the amount be distributed directly to them in the form of a lump sum payment or to request that it be rolled-over to a different IRA provider or another retirement plan eligible to receive rollover contributions.

BIOTISSUE HOLDINGS, INC. 401K PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 – DESCRIPTION OF PLAN (Continued)

Payment of Benefits (Continued)

A participant may generally withdraw funds from any of their accounts under the Plan prior to their retirement for any of the following reasons:

- Severance of employment
- Death
- Disability
- Attained age of 59 ½
- Plan termination
- Hardship

In addition, a participant may withdraw their rollover contribution accounts at any time subject to IRS limitations.

Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions and to terminate the Plan subject to the provisions set forth in ERISA.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The Plan's financial statements have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments held by a defined contribution plan are required to be reported at fair value, except for investments in fully benefit-responsive investment contracts. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fully benefit-responsive investment contracts are reported at contract value because contract value is the amount that participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Plan does not invest in a fully benefit-responsive investment contract through a guaranteed interest account.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants / Participant loans

Participant loans are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Interest rates range from 4.25% to 8.00%. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

BIOTISSUE HOLDINGS, INC. 401K PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Payment of Benefits

Benefits are recorded when paid.

Administrative Expenses

Plan administrative services, such as legal, consulting, audit, accounting, Certifying Entity, and recordkeeping services, may be required to administer the Plan. The cost for these services may be paid by the Company or from the Plan, or both. Administrative fees for certain services or transactions you request may be charged directly to your account.

Income Taxes

The Plan is a type of qualified retirement plan commonly referred to as a 401(k) Plan. The sponsor received a favorable determination letter, in which the Internal Revenue Service state that the Plan, as then designated, was in compliance with applicable requirements of the Internal Revenue Code (the “IRC”).

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the Internal Revenue Service. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Risk and Uncertainties

The Plan provides for various investment options. These investments are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of such investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect participants’ account balances and the amounts reported in the statement of net assets available for plan benefits and statement of changes in net assets available for plan benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 4, 2023, the date the financial statements were available to be issued.

BIOTISSUE HOLDINGS, INC. 401K PROFIT SHARING PLAN AND TRUST

NOTES TO THE FINANCIAL STATEMENTS

NOTE 3 – PARTY-IN-INTEREST TRANSACTIONS

John Hancock Trust Company, LLC is the certifying entity and qualify as a party-in-interest. All investments and investment activity as presented in the accompanying financial statements and supplemental schedules are considered transactions with a party-in-interest according to the Department of Labor guidelines.

Certain employees of the Plan had outstanding loans (notes receivable from participants) with the Plan as of December 31, 2022 and 2021. These loans are considered party-in-interest transactions according to DOL guidelines. Total notes receivable from participants as of December 31, 2022 and 2021 were \$258,228 and \$226,238, respectively.

NOTE 4 – INFORMATION CERTIFIED BY THE CERTIFYING ENTITIES

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the Plan administrator has instructed the Plan's independent auditors not to perform any auditing procedures with respect to asset information prepared and certified by John Hancock Trust Company, LLC as of December 31, 2022 and Charles Schwab Trust Bank as of December 31, 2021, the Certifying Entities of the Plan, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the Plan's financial statements and ERISA-required supplemental schedule of assets held for investment, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

NOTE 5 – FAIR VALUE MEASUREMENTS

The Plan's investments are reported at fair value in the accompanying statement of net assets available for benefits.

ASC 820, *Fair Value Measurements*, establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. This hierarchy consists of three broad levels: Level 1 inputs consist of unadjusted quoted prices in active markets for identical assets and have the highest priority, Level 2 inputs consist of observable inputs other than quoted prices for identical assets, and Level 3 inputs have the lowest priority. The Plan uses appropriate valuation techniques based on the available inputs to measure the fair value of its investments. When available, the Plan measures fair value using Level 1 inputs because they generally provide the most reliable evidence of fair value. Level 3 inputs were used only when Level 1 or Level 2 inputs were not available.

ASC 820 establishes a three-level valuation hierarchy for measurement and disclosure of fair value. The valuation hierarchy is based upon the transparency of inputs used to measure fair value. The three levels are as follows:

Level 1 – asset value is based on actual quoted prices in active markets for identical securities (mark-to-market).

Level 2 – other significant observable inputs are used to arrive at fair value (including yield, quality, coupon rate, maturity, issue type, quoted prices for similar securities, prepayment speeds, trading characteristics, etc.).

Level 3 – significant unobservable inputs (including management's own assumptions in determining the fair value of investments).

NOTE 5 – FAIR VALUE MEASUREMENTS (Continued)

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Mutual funds: Valued at the quoted net asset value (NAV) of shares held by the Plan at year end.

The following information included in the accompanying financial statements and supplemental schedules was obtained from data that has been provided and certified to as complete and accurate by the certifying entity.

The Plan's investments at December 31, 2022 and 2021 are reported at fair value in the accompanying statement of net assets available for benefits.

		Fair Value Measurements Using:

	<u>\$ 17,512,539</u>	<u>\$ 17,512,539</u>	<u>\$ -</u>	<u>\$ -</u>

NOTE 6 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY

Benefit Responsive Investment Contract

The Plan has a benefit-responsive investment contract with Prudential Retirement Insurance & Annuity Company. This insurance company maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The contract is included in the financial statements at fair value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. At December 31, 2022 and 2021, the benefit responsive contract totaled \$464,732 and \$492,008, respectively. The crediting interest rate is based on a formula agreed upon with the issuer. Such interest rates are reviewed on a quarterly basis for resetting.

BIOTISSUE HOLDINGS, INC. 401K PROFIT SHARING PLAN AND TRUST
NOTES TO THE FINANCIAL STATEMENTS

NOTE 6 – GUARANTEED INVESTMENT CONTRACTS WITH INSURANCE COMPANY (Continued)

Generally there are no events that could limit the ability of the Plan to transact at contract value paid within 90 days or contract value paid over time. There are not any events that allow the issuer to terminate the contract and which require the plan sponsor to settle at amount different than contract value paid either within 90 days or over time.
