INDEPENDENT AUDITORS' REPORT

Retirement Investment Committee and Plan Management
University of St. Thomas Retirement Plan
St. Paul, Minnesota

Report on the Audit of the Financial Statements

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We were engaged to perform audits of the accompanying financial statements of University of St. Thomas Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of University of St. Thomas Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Disclaimer of Opinion

We do not express an opinion on the financial statements referred to above of University of St. Thomas Retirement Plan. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statements.

Basis for Disclaimer of Opinion

University of St. Thomas Retirement Plan has not maintained sufficient accounting records and supporting documents relating to certain annuity contracts and custodial accounts issued to current and former employees prior to January 1, 2009. Accordingly, we were unable to apply auditing procedures sufficient to determine the extent to which the financial statements referred to above may have been affected by these conditions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about University of St. Thomas Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Our responsibility is to conduct an audit of University of St. Thomas Retirement Plan's financial statements in accordance with auditing standards generally accepted in the United States of America and to issue an auditors' report. However, because of the matters described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on these financial statements.

We are required to be independent of University of St. Thomas Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) and schedule of delinquent participant contributions as of and for the year ended December 31, 2022 are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Because of the significance of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to and we do not express an opinion on the supplemental schedules.

UNIVERSITY OF ST. THOMAS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN

The following description of University of St. Thomas Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan originally effective September 1, 1959 sponsored by University of St. Thomas (the Employer and Plan administrator). The Plan was recently restated in 2019 with a retroactive effective date of January 1, 2010, and most recently amended effective January 1, 2021. The Plan is subject to the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Eligibility

The Plan permits employees to participate in a salary reduction arrangement in the Plan immediately upon date of hire. The Plan generally excludes students and nonresident aliens from participating in the salary reduction portion of the Plan.

Employees are eligible to receive Employer contributions immediately following or coinciding with the first day of the calendar month in which the employee has attained one year of service. As it relates to the Employer contributions portion of the Plan, the Plan generally excludes students, nonresident aliens, and employees who work less than 1,000 hours during a Plan year (positions authorized at less than .5 FTE), temporary and on-call employees, and clergy who are eligible to receive benefits through their Archdiocese or supervising or employing body.

Contributions

The Plan includes a salary deferral arrangement allowed under Section 403(b) of the Internal Revenue Code (IRC). Eligible participants are permitted to elect to have a percentage, limited by Plan provisions, of their compensation contributed as pre-tax or Roth contributions to the Plan. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The Employer will contribute to the Plan on a participant's behalf a nonelective contribution in an amount equal to 9.4% of eligible compensation.

Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover). Participants direct the investment of contributions into various investment options offered by the Plan. Contributions are subject to certain Internal Revenue Service (IRS) limitations.

UNIVERSITY OF ST. THOMAS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 1 DESCRIPTION OF PLAN (CONTINUED)

Participant Accounts

Each participant's account is credited with the participant's contributions, the Employer contribution, and an allocation of Plan earnings or losses. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings or account balances, or participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided by the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Participants hired on or after July 1, 2010 are 100% vested in Employer contributions, plus actual earnings thereon, after three years of credited service. Participants hired prior to July 1, 2010 are immediately vested in Employer contributions, plus actual earnings thereon. Notwithstanding the above, a participant is fully vested upon reaching normal retirement age, death, or permanent disability.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Participants are provided with coupons to submit with their loan repayments by the prescribed due dates. Participants will make payment by submitting a money order, certified check or bank check to Transamerica.

Forfeited Accounts

Forfeited nonvested accounts are used to pay Plan expenses or reduce future Employer contributions. Forfeited nonvested accounts as of December 31, 2022 and 2021 totaled \$111,345 and \$100,866, respectively. Forfeitures used to reduce Employer contributions for the years ended December 31, 2022 and 2021 were \$50,797 and \$22,037, respectively. Forfeitures used to pay Plan expenses for the years ended December 31, 2022 and 2021 were \$-0- and \$12,926, respectively.

Benefit Payments

Upon termination of service, death, disability, or retirement (age 65), a participant may elect to receive the value of the vested interest in his or her account in the form of a lump sum distribution, qualified joint and survivor annuity (QJSA), or installments. The Plan allows for in-service distributions if a participant reaches age 59½ and hardship distributions subject to Plan provisions. If a participant terminates employment and the participant's account balance does not exceed \$5,000, the Plan administrator will authorize the benefit payment without the participant's consent. If the balance of the terminated participant's account is between \$1,000 and \$5,000, the benefit payment will be rolled into an individual retirement account in the participant's name.

UNIVERSITY OF ST. THOMAS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians, and insurance company. See Note 5 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Benefit Payments

Benefits are recorded when paid.

Administrative Expenses

The Plan's expenses are paid either by the Plan or the Employer, as provided by the Plan document. Expenses paid directly by the Employer are excluded from these financial statements. Certain expenses incurred in connection with the general administration of the Plan that are paid by the Plan are recorded as deductions in the accompanying statements of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) of fair value of investment presented in the accompanying statements of changes in net assets available for benefits.

Subsequent Events

The Plan has evaluated subsequent events through September 20, 2023, the date the financial statements were available to be issued.

DECEMBER 31, 2022 AND 2021

NOTE 3 CERTIFICATION OF INVESTMENT INFORMATION

State Street Bank and Trust Company and Fidelity Management Trust Company, custodians, and TIAA and CREF, the insurance companies of the Plan, on behalf of itself and for TIAA, FSB, a custodian, have supplied the Plan administrator with certifications as to the completeness and accuracy of the notes receivable from participants and all investment information reflected on the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statements of changes in net assets available for benefits for the years then ended and the supplemental schedule of assets (held at end of year) as of December 31, 2022.

NOTE 4 HISTORICAL PLAN ADMINISTRATION

Prior to 2009, the Plan's third-party administrators tracked contributions, investment earnings, distributions and other activity on a "contract" basis. Each participant was setup as having a separate "contract" and Plan level activity was not captured. This method of administration was utilized prior to January 1, 2009 as the regulations governing 403(b) plans did not require Plan level reporting. The Plan administrator believes a good faith effort was made to obtain all relevant information prior to January 1, 2009. However, as a result of the method of administration and lack of historical Plan level financial reporting, the Plan administrator is unable to obtain Plan level information prior to January 1, 2009.

NOTE 5 FAIR VALUE OF INVESTMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair market value measurement.

NOTE 5 FAIR VALUE OF INVESTMENTS (CONTINUED)

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the valuation methodologies used at December 31, 2022 and 2021.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Sub-Accounts of Variable Annuities: Valued at NAV of shares, which are valued by TIAA-CREF at accumulation unit value based on the estimated value of the underlying investments, held by the Plan at year-end. NAV is a readily determinable fair value and is the basis for current transactions.

Pooled Separate Account: Valued at the NAV of units as determined by the insurance company. NAV is a readily determinable fair value and is the basis for current transactions.

Insurance Company General Accounts: Investments in the insurance company general account is deemed nonfully benefit-responsive and valued at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer.

Interest Bearing Cash: Valued based on cost, which approximates fair value in a noninflationary economy and is protected by the Federal Deposit Insurance Corporation (FDIC).

Self-Directed Brokerage Accounts: The self-directed brokerage accounts are comprised of mutual funds that are valued as described above.

NOTE 6 RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of the investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

NOTE 7 PLAN TERMINATION

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, the participants would become 100% vested in their Employer contributions.

NOTE 8 PLAN TAX STATUS

In September 2019, the Plan Sponsor adopted a volume submitter document and the Plan is placing reliance on an opinion letter dated March 31, 2017 received from the IRS on the volume submitter plan indicating that the volume submitter plan is qualified under Section 403(b) of the IRC. The Plan has been amended since receiving the opinion letter. However, the Plan administrator believes that the Plan is designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdiction; however, there are currently no audits for any tax periods in progress.

NOTE 9 PARTY-IN-INTEREST TRANSACTIONS

The Plan investments are managed by State Street Bank and Trust Company and Fidelity, the custodians, and TIAA and CREF the insurance companies, as defined by the Plan and, therefore, the investment transactions qualify as party-in-interest transactions. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

NOTE 10 INDIVIDUAL ANNUITY CONTRACTS WITH INSURANCE COMPANY

Prior to March 31, 2015, participants could direct their contributions to be deposited into TIAA and CREF. Each participant maintains an individual annuity contract with TIAA and/or CREF. TIAA maintained a portion of the contributions in a "guaranteed account," which is called the TIAA Traditional Fixed Account. The account is credited with earnings on the underlying investments and charged for withdrawals and administrative expenses charged by TIAA. The guaranteed minimum rate of interest is based on a formula established by TIAA and is between 1% and 3%. Any additional interest is not guaranteed. The Traditional Fixed Account does not permit TIAA to terminate the agreement prior to the scheduled maturity date.

The Traditional Fixed Account individual annuity contracts are considered to be nonfully benefit-responsive. These contracts are included in the financial statements at fair value by discounting the related cash flows based on current yields of similar instruments with comparable durations considering the credit worthiness of the issuer. These contracts are subject to a 10-year withdrawal period. Upon termination of the contracts, the amount of each transfer payout annuity payment will be determined as of the annuity starting date for the transfer payout annuity by the amount of the Traditional Fixed Account accumulation and the interest rates in the rate schedules under which any premiums, additional amounts, and internal transfers were applied to the account. The average yield and crediting yield was 4.16% and 3.55% for the years ended December 31, 2022 and 2021, respectively. There are no reserves against fair value for credit risk of the contract issuer or otherwise.

UNIVERSITY OF ST. THOMAS RETIREMENT PLAN
NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2022 AND 2021

NOTE 11 GROUP ANNUITY CONTRACT WITH INSURANCE COMPANY

In 2015, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with New York Life Insurance Company (NYL). NYL maintains the contributions in a guaranteed interest account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is based on a formula established by the contract issuer but may not be less than 1%. The crediting rate is reviewed on a semiannual basis for resetting. The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the scheduled maturity date.

This contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value, as reported to the Plan by NYL, represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events might limit the ability of the Plan to transact at contract value with the issuer. Such events include (1) amendments to the Plan documents (including complete or partial Plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the Plan, (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA, or (5) premature termination of the contract. No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, and (4) a material amendment to the agreement without the consent of the issuer.

NOTE 12 PLAN-TO-PLAN TRANSFERS

Participants are allowed to transfer assets from another 403(b) plan to the Plan if the following conditions are met: (1) the participant is an employee of the Employer, (2) the transferor plan provides for transfers, (3) the participant's accumulated benefit after the transfer at least equals the participant's accrued benefit in the transferor plan before the transfer, (4) the distribution restrictions are no less stringent than those imposed on the transferor plan, and (5) the transfer constitutes a transfer of the participant's complete interest in the transferor plan.

Participants are also permitted to transfer assets from the Plan to another 403(b) plan if the following conditions are met: (1) the participant is an employee or former employee of the Employer, (2) the other plan accepts plan-to-plan transfers, (3) the participant's accumulated benefit under the other plan after the transfer at least equals the amount transferred, (4) the other plan imposes restrictions on distributions no less stringent than those imposed under this Plan, and (5) the transfer is a transfer of the participant's complete interest in the Plan.

During the years ended December 31, 2022 and 2021, \$365,277 and \$221,742, respectively, of Plan-to-Plan transfers (net) were transferred to this Plan.

NOTE 13 NONEXEMPT TRANSACTIONS

During 2022 and prior years, the Employer failed to remit employee 403(b) deferral contributions for certain payroll periods within the timeframe prescribed by the Department of Labor. These were deemed as prohibited transactions in accordance with ERISA and the IRC. The Employer is in the process of correcting the prohibited transactions under the VFCP (Voluntary Fiduciary Correction Program) by depositing the lost earnings.

NOTE 14 RECONCILIATION OF FINANCIAL STATEMENTS TO FORM 5500

The CREF Accounts are Sub-Accounts of Variable Annuities of the College Retirement Equities Funds (CREF), as classified in the financial statements included herein. CREF is registered with the Securities and Exchange Commission under the Investment Company Act of 1940 as an open-end management investment company. Therefore, the underlying assets of the Sub-Accounts of Variable Annuities have been reported on the Form 5500, Schedule H, as mutual funds.
