Independent Auditor's Report

To the Trustees
Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the years ended December 31, 2022 and 2021, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, stating that the certified investment information, as described in Note 6 – to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section –

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C)

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audits does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit Section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgement and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatements of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgement, there are conditions or events, considered in the aggregate, that raise substantial doubt about Kirkpatrick Management Co., Inc. 401(k) Profit Sharing and Trust's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter-Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule of Assets Held at End of Year, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the

financial statements. The information included in the supplemental schedule, other than the agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion-

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Note 1 –Summary of Significant Accounting Policies

The significant accounting policies followed by the Plan are summarized below.

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Use of Estimates

The Plan administrator uses estimates and assumptions in preparing financial statements in accordance with accounting principles generally accepted in the United States of America. Those estimates and assumptions affect the reported amounts of assets and liabilities, the disclosures of contingent assets and liabilities, and the reported additions to and deductions from net assets. Actual results could vary from the estimates that were assumed in preparing the financial statements.

Investments

The Plan's assets are stated at fair value as determined by quoted market prices. Unrealized appreciation and depreciation in the fair value of investments held at year-end and realized gains and losses on sales of investments during the year are determined using the beginning of the year fair value or purchase price if acquired subsequent to that date. Purchases and sales of securities are recorded on a trade-date basis. Dividends are recorded on the ex-dividend date.

Risk and Uncertainties

The Plan invests in a variety of investment funds. Investments in general are exposed to various risks, such as interest rate, credit, and overall volatility risk. Due to the level of risk associated with certain investments, it is reasonably possible that changes in the values of investments will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. As of December 31, 2022 and 2021, no allowance for credit losses has been recorded. If a participant does not make loan repayments and the Plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Payment of Benefits

Benefits are recorded when paid.

Subsequent Events

The Plan's management has evaluated the financial statements for subsequent events occurring through September 14, 2023, the date the financial statements were available to be issued.

Note 2 – Description of Plan

The following description of the Plan provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions. This description includes changes due to amendments to the Plan to comply with required regulations.

General

The Plan was commenced and made effective January 1, 1999. The Plan was last restated March 4, 2022. The Plan is a defined contribution plan covering all employees of Kirkpatrick Management Company, Inc. who have adopted the Plan (collectively, the employer) who have worked at least 1,000 hours, are at least 21 years of age and completed one year of service. The Plan, which provides for retirement, death, and disability benefits, is subject to the provisions of the Employees Retirement Income Security Act of 1974 (ERISA).

Contributions

Employees can elect to defer up to 100% of their annual compensation, subject to certain limitations and as allowed under Section 401(k) of the Internal Revenue Code. In addition, participants may also make qualifying rollover contributions to the Plan. Employer matching contributions are discretionary and are limited by the maximum amount deductible under the Internal Revenue Code. Matching contributions equal 25% of the elective deferral of 4% or less of compensation. The employer has the discretion to make nonelective profit sharing contributions also. The allocation requirements for an Employer nonelective contribution is the completion of 501 hours of service during the Plan year or employment on the last day of the Plan year.

Participant Accounts

The Plan maintains participant-directed investment accounts on behalf of each participant. A participant's account is credited with the participant's contributions, Plan Sponsor contributions, and investment earnings based on the investment options elected. Benefits to which a participant is entitled is the benefit that can be provided by participant's vested account.

Forfeited Accounts

As of December 31, 2022 and 2021, there were \$9,129 and \$7,501, respectively, in forfeited non-vested accounts. Forfeited accounts are available to reduce future Employer contributions or offset administrative expenses to the Plan. For the years ended December 31, 2022 and 2021, no forfeitures were used to reduce Employer contributions, respectively.

Vesting

Under the Plan, employee contributions are 100% vested at the time of contribution. The employers' matching contributions vest at the rates described in the following schedule based on hire date before or after the adoption of the amendment. Upon normal retirement age, or in the event of death or total disability of a participant, the value of each individual account becomes fully vested.

<u>Years of Service</u>	<u>Percentage Vested</u>
Less than 2	0%
2	20%
3	40%
4	60%
5	80%
6 or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates ranging from 4.25% to 8.00%, which are commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest are paid ratably through monthly payroll deductions.

Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. Upon termination of the Plan, the interest of all participants becomes fully vested and non-forfeitable.

Payment of Benefits

Generally, in the event of retirement, disability or death, a participant's balance may be withdrawn. In special financial hardship situations, participants may be permitted to withdraw their balance. The basic form of distribution is a qualified joint and survivor annuity. However, the participant may elect to receive the balance of his or her account in a lump sum or installment payments. An employee who terminates employment prior to normal retirement date is entitled to the vested benefits in his or her individual account.

Note 3 – Tax Status

The Plan utilizes the Fifth Third Bank Defined Contribution Prototype Plan and Trust Document which obtained its latest determination letter dated March 31, 2014, in which the Internal

Revenue Service stated the Plan, as designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

Accounting principles generally accepted in the United States of America require the Plan administrator to evaluate tax positions taken by the Plan and recognize a tax liability for any uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by tax authorities; however, there are currently no audits for any tax periods in progress.

Note 4 - Fair Value Measurements

The Plan has categorized its assets that are measured at fair value based on a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy as described:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to valuation methodologies include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

Note 4 - Fair Value Measurements - continued

The asset's or liability's fair value measurement level within the fair value hierarchy is based on lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets at fair value.

Mutual Funds – Valued at the Net Asset Value (NAV) of shares held by the Plan at year end.

Common Collective Trust – Valued at the NAV of units of the bank collective trust. The NAV is used as a practical expedient to estimate fair value and are excluded from the fair value hierarchy. The fair value of the Plan's interest in the collective trust funds is based on the NAV reported by the fund managers as of the financial statement dates and recent transaction prices. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan. The following fully benefit-responsive investment funds are included in the collective trust funds as of December 31, 2022 and 2021:

Putnam Stable Value Fund is comprised primarily of fully benefit-responsive contracts that are valued at the NAV of units of the bank collective trusts. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require 12 months' notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021.
