INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator and Participants of
Mercedes-Benz Financial Services USA LLC Retirement Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Mercedes-Benz Financial Services USA LLC Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Mercedes-Benz Financial Services USA LLC Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Mercedes-Benz Financial Services USA LLC Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercedes-Benz Financial Services USA LLC Retirement Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Mercedes-Benz Financial Services USA LLC Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Mercedes-Benz Financial Services USA LLC Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental schedule, Schedule H, Part IV, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. DESCRIPTION OF PLAN

The following description of the Mercedes-Benz Financial Services USA LLC Retirement Plan (the “Plan”) provides only general information. The Plan was formerly named the DCFS USA LLC Retirement Plan. Participants of the Plan should refer to the Plan document for more detailed and complete information.

General

The Plan is a noncontributory defined contribution plan established on August 1, 2007, amended and restated as of January 1, 2015, for the benefit of eligible employees, as defined, of Mercedes-Benz Financial Services USA LLC (the “Company”), who are employed by the Company as of the end of the Plan year and have 1,000 hours of service. Effective July 1, 2015, the Plan was amended to revise the definition of covered employee and participant provisions to generally freeze the Plan with respect to new entrants, subject to certain conditions as defined. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Employer Contributions

There are no participant contributions or related Company matches under provisions of the Plan. The Company has established the Plan to supplement existing benefits that are afforded to eligible participants under other defined contribution plans sponsored by the Company. However, Company contributions are discretionary and are based on a percentage of the participant’s compensation, as defined in the Plan document. The percentage is determined as of December 31 of the Plan year and is based upon the participant’s age and other criterion defined in the Plan document. The employer contributions ranged from 1% to 13% for the year ended December 31, 2022.

Participant Accounts

Each participant’s account is credited (charged) with their respective Company contribution and Plan earnings (losses). The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account.

Investment Options

A participant may direct Company contributions into a variety of investment funds offered by Russell Investments Trust Company (the “Trustee”). Participants direct the investments of their own accounts within such investment funds and may change their investment options daily.

Vesting

A participant becomes vested in Company contributions and related earnings upon completion of three years of defined service.

A participant who was employed by affiliates of Daimler Chrysler AG on August 1, 2007 will be credited for prior service for purposes of vesting. Additionally, a participant becomes 100% vested if the participant becomes totally disabled, dies, reaches age 65 while employed by the Company, or terminates employment with the Company on or after attaining age 55.

Forfeitures

Forfeitures of nonvested Company contributions are first applied to reduce any reasonable administrative expenses incurred in the operation and administration of the Plan and then used to reduce future Company contributions. At December 31, 2022 and 2021, there were approximately \$10,000 and \$150, respectively, of forfeitures available for use. During 2022, the Plan used approximately \$12,000 of forfeitures to offset the employer contribution receivable as of December 31, 2022.

Benefits

A participant's vested balance is payable upon the participant's normal retirement, termination of employment, total and permanent disability or death, and financial hardship, subject to certain limitations.

Administrative Expenses

Administrative expenses of the Plan are paid by the Company or from forfeited nonvested Company contributions, except for certain Trustee and recordkeeping expenses which are deducted directly from participant investment funds. Investment fees are reflected as an offset of net investment income and are not readily determinable.

Refunds of Trustee Fees

Refunds of Trustee fees are rebates to the Plan based upon the difference between internal fees of the funds and the fees negotiated with the Plan. The rebates are credited back to participants monthly and are included in net depreciation in fair value of investments in the statement of changes in net assets available for benefits. There were no rebates for the year end December 31, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

The accompanying financial statements are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America.

Investment Valuation and Income Recognition

The investments of the Plan are in commingled employee benefit funds and are valued at the fair market value on the last business day of the year based on net asset value of the shares held by the Plan.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Earnings and losses from the Plan are allocated based on the actual performance of the participant's investments.

Payment of Benefits

Amounts paid to participants are recorded upon distribution.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan to make estimates and assumptions that affect certain reported amounts and disclosures, including contingencies. Accordingly, actual results may differ from those estimates.

Risks and Uncertainties

The assets of the Plan are primarily financial instruments, which are monetary in nature and concentrated in investment securities. Investments are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements.

3. FAIR VALUE MEASUREMENTS

The Financial Accounting Standards Board guidance relating to fair value measurement establishes a framework for measuring fair value and classifies fair value as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal (or most advantageous) market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques used to measure fair value must maximize the use of observable inputs and minimize the use of unobservable inputs. The standard describes a fair value hierarchy based on three levels of inputs, of which the first two are considered observable and the last unobservable, that may be used to measure fair value which is as follows:

Level 1 - Quoted prices in active markets for identical assets or liabilities.

Level 2 - Inputs other than Level 1 that are observable, either directly or indirectly, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

Interests in Commingled Employee Benefit Funds

Interests in commingled employee benefits funds are valued based on the net asset value ("NAV") of the shares held by the Plan at year end, which is based on the unit prices quoted by the fund, representing the fair value of the underlying investments. The NAV is a quoted price in a market that is not active and is used as a practical expedient to approximate fair value. There were no significant unfunded commitments or restrictions on redemptions related to the commingled employee benefit funds at December 31, 2022 and 2021. Redemption of commingled employee benefit funds can occur at any time and no notice period is required.

The Plan's investments at fair value consist of interest in commingled employee benefit funds, which are measured using net asset value as a practical expedient for fair value, and totaled \$61,688,522 and \$77,375,017 at December 31, 2022 and 2021, respectively.

4. INFORMATION CERTIFIED BY THE PLAN'S TRUSTEE

The Company has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. The assets of the Plan are held by the Trustee. The Trustee has certified the completeness and accuracy of all investments, and related investment activity from investments in the accompanying statements of net assets available for benefits as of December 31, 2022 and 2021, the statement of changes in net assets available for benefits for the year ended December 31, 2022 and the accompanying supplemental schedule of assets (held at end of year) as of December 31, 2022.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and the supplemental schedule of assets (held at end of year). Based on information provided and certified by the Trustee, there are no fixed income obligations, leases or debt instruments in default or deemed uncollectible, as defined by ERISA, at December 31, 2022 and 2021 and for the year ended December 31, 2022.

5. TAX STATUS

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated August 24, 2015 that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code ("IRC"). The Company and the Plan's tax counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Under authoritative guidance, Plan management is required to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS or the DOL. Plan management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022 and 2021 there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. In addition, there have been no tax related interest or penalties for periods presented in these financial statements.

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company has no legal or contractual obligation to make (or continue to make) annual contributions to the Plan. In the event the Plan should terminate, each affected participant shall have a 100% vested interest in their account. The Company will facilitate the distribution of account balances in single lump sum payments to each participant in accordance with Plan provisions until all assets have been distributed by the Trustee.

7. PARTIES-IN-INTEREST

The Plan's investments are managed by Russell Investments Trust Company who serves as the Trustee, as defined, of the Plan. Accordingly, these investments and related transactions qualify as party-in-interest transactions. Additionally, certain fees and expenses of the Plan are paid by the Company.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

8. SUBSEQUENT EVENTS

The Plan administrator has evaluated subsequent events occurring after December 31, 2022 through September 28, 2023, the date the financial statements were available to be issued. Based on this evaluation, the Plan administrator has determined that no subsequent events require recognition or disclosure in these financial statements.
