## INDEPENDENT AUDITOR'S REPORT

To the Benefits Committee  
C.H.I. Overhead Doors LLC 401(k) Plan  
Arthur, Illinois

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed audits of the accompanying financial statements of C.H.I. Overhead Doors LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

CERTIFIED PUBLIC ACCOUNTANTS and CONSULTANTS

Management has obtained a certification from qualified institutions, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, as of and for the year ended December 31, 2022 as well as Great-West Life & Annuity Insurance Company and Great-West Trust Company, LLC as of December 31, 2021, as described in Note 3 to the financial statements, is complete and accurate.

## **Opinion**

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the Financial Statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the Financial Statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

## **Basis for Opinion**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of C.H.I. Overhead Doors LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the Financial Statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about C.H.I. Overhead Doors LLC 401(k) Plan's ability to continue as a going concern for one year after the date the Financial Statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditor's Responsibilities for the Audit of the Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of C.H.I. Overhead Doors LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about C.H.I. Overhead Doors LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the Financial Statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

The supplemental schedules (Schedule 1 and Schedule 2) are presented for purposes of additional analysis and are not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

C.H.I. OVERHEAD DOORS LLC 401(K) PLAN  
Notes to the Financial Statements  
December 31, 2022

**1. Description of Plan**

The following description of the C.H.I. Overhead Doors LLC 401(k) Plan (the “C.H.I. Plan”) provides only general information. Participants should refer to the plan agreement for a more complete description of the C.H.I. Plan’s provisions.

*General* – The C.H.I. Plan is a defined contribution plan covering all employees of C.H.I. Overhead Doors, Inc. (Company) who have completed one year of service in which the employee worked at least 1,000 hours and is age 21 or older. The C.H.I. Plan excludes employees who are covered under a collective bargaining agreement, leased employees, and non-resident aliens. The C.H.I. Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

At year end, the C.H.I. Plan was merged into the Nucor Corporation Profit Sharing and Retirement Savings Plan (the “Nucor Plan”) at Fidelity Investments. On December 23, 2022, a blackout period began for the C.H.I. Plan. That was the last day participants could change contribution rates, change investment elections, request transfers or distributions, or check account balances.

*Contributions* – Each year, participants may elect to defer a portion of their annual compensation, pretax or Roth, as defined in the C.H.I. Plan. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the C.H.I. Plan.

Additional discretionary matching contributions may be contributed by the Company at the option of the Company’s Board of Directors. In 2022, the Company matched participant contributions at 50 percent on the first 4 percent of annual compensation that a participant contributed. The maximum contribution in any year is determined by provisions in the plan documents and the Internal Revenue Code and Income Tax Regulations.

*Participant Accounts* – Each participant’s account is credited with the participant’s contribution, if any, and allocations of (a) the Company’s contribution, if any; (b) certain administrative expenses, as applicable; and (c) plan earnings, net of investment fees. Allocations are based on participant earnings, account balances, or other participant events, as defined by the C.H.I. Plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant’s vested account. As of December 31, 2022, participant’s accounts were transferred to the Nucor Plan.

*Vesting* – Participants are immediately vested in their voluntary contributions plus actual earnings thereon. Vesting in the Company’s contribution portion of their account plus earnings thereon is based on years of continuous service. A participant is 100 percent vested after six years of credited service.

*Payment of Benefits* – On termination of service, for any reason, a participant may elect to roll over or receive a lump-sum amount equal to the value of the participant’s vested interest in his or her account. Absent an election by the participant, if the vested balance does not exceed \$1,000, the vested balance is distributed in cash. If the vested balance is more than \$1,000 but less than \$5,000, the vested balance will be rolled to an Automatic Rollover IRA account established in the participant’s name. In addition, the C.H.I. Plan allows for in-service distributions from the participant's elective deferrals if the participant has attained age 59 ½.

The C.H.I. Plan also allows for financial hardship withdrawals of all or part of the participant's deferral contributions and any vested company matching contributions if the participant can prove financial hardship and is unable to meet their financial needs another way. Participants are not required to suspend contributions for six months following a hardship withdrawal.

*Forfeitures* – Upon termination of employment, participants forfeit their non-vested balances. Forfeited balances of terminated participants’ non-vested accounts are used to reduce future Company contributions. Forfeited balances included in net assets available for benefits as of December 31, 2022 and 2021, were \$0 and \$4,571, respectively. For the year ended December 31, 2022, \$10,324 in forfeitures were used to reduce employer contributions.

*Revenue Sharing Credits* – The C.H.I. Plan utilizes a Plan Expense Account (PEA) for the purpose of paying plan expenses. The PEA represents an unallocated plan holding funded via quarterly revenue sharing credits earned from certain investment holdings. Excess amounts in the PEA are allocated to participant accounts are utilized in accordance with the C.H.I. Plan provisions and regulatory guidance. The balance of the PEA account was \$0 and \$17,989 as of December 31, 2022 and 2021, respectively (included in Investments, at Contract Value on Exhibit A). For the year ended December 31, 2022, the C.H.I. Plan earned revenue sharing credits of \$29,345 and utilized \$39,988 to pay plan expenses.

## **2. Summary of Significant Accounting Policies**

*Basis of Accounting* – The financial statements of the C.H.I. Plan are prepared on the accrual basis of accounting.

*Use of Estimates* – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition* – The C.H.I. Plan’s investments are stated at fair value, except for the fully benefit-responsive investment contract, which is reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation or depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Investment and Administrative Expenses* – The C.H.I. Plan’s expenses are paid either by the plan or the employer, as provided by the plan documents. Expenses paid directly by the employer are excluded from these financial statements. Certain fees are charged to the C.H.I. Plan for services provided by the investment custodian of the Plan and are netted with investment earnings.

*Payment of Benefits* – Benefits are recorded when paid for financial statement purposes.

*Corrective Distributions Payable* – Amounts payable to participants for contributions in excess of amounts allowed by the IRS are recorded as a liability with a corresponding distribution expense.

*Subsequent Events* – The Plan has evaluated subsequent events through September 8, 2023, the date on which the financial statements were available to be issued.

#### 4. Fair Value Measurements

The Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820-10 establishes a framework for measuring fair value under generally accepted accounting principles. The framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820-10 are described below:

Level 1      Inputs to the valuation methodology are based on unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2      Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets
- Quoted prices for identical or similar assets or liabilities in inactive markets
- Inputs other than quoted prices that are observable for the asset or liability
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full-term of the asset or liability.

Level 3      Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022.

The following is a description of the valuation methodologies used for assets measured at fair value:

*Mutual Funds:* Valued at quoted market prices, which represent net asset value (NAV) of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the C.H.I. Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

As of December 31, 2022, all investments measured at fair value have been merged and transferred to the Nucor 401(k) Plan. The only investment left in the C.H.I. Plan was the Key Guaranteed Portfolio Fund discussed in Note 5.

The following table sets forth by level within the fair value hierarchy, the C.H.I. Plan's assets at fair value as of December 31, 2021:

	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Mutual Funds	<u>\$ 23,664,746</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 23,664,746</u>

## 5. Group Annuity Contract with Insurance Company

The C.H.I. Plan has a fully benefit-responsive group annuity contract with an insurance company, which is called the Key Guaranteed Portfolio Fund. The insurance company maintains the contributions in a general account, which is credited with earnings and charged for participant withdrawals and administrative expenses.

Since the group annuity contract is fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the group annuity contract. The group annuity contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals, and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

The insurance company is contractually obligated to pay the principal and specified interest rate that is guaranteed to the C.H.I. Plan. The crediting interest rate is based on a formula agreed upon with the insurance company. Such interest rates are reviewed on a quarterly basis for resetting. The crediting rate of the product will be established based on the earnings of the underlying assets in the entire medium-long term portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions. The actual average yield earned by the C.H.I. Plan for the group annuity contract is derived by averaging the plan's quarterly interest rates. The average for 2022 and 2021 was 0.9 percent and 0.9 percent, respectively.

Certain events limit the C.H.I. Plan's ability to transact at contract value with the insurance company. Such events include the following: (1) premature termination of the contracts by the plan, (2) plant closings, (3) layoffs, (4) Plan termination, (5) bankruptcy, (6) and early retirement incentives. The insurance company may not terminate the contract at any amount less than the contract value. Plan management notified the insurance company of the C.H.I. Plan merger into the Nucor Plan. After the twelve-month holding period ending in December 2023, the funds will be transferred into the Nucor Plan.

## **6. Administrative Expenses and Party-In-Interest Transactions**

A transaction with a plan service provider or a participant of the C.H.I. Plan qualifies as a party-in-interest transaction. Service provider fees (including those paid from the PEA and funded via revenue sharing arrangements), either directly or indirectly, are paid to the investment custodian, third-party administrator, investment advisor, and record keeper. Of these fees, \$39,988 is included in administrative expenses on Exhibit B. Other investment fees are netted with investment earnings. Expenses incurred in the administration of the C.H.I. Plan were also paid by the plan sponsor. Additionally, certain plan investments are both held and managed by the investment custodians.

## **7. Plan Termination**

The Company has the right under the C.H.I. Plan to discontinue its contributions at any time and to terminate the C.H.I. Plan, subject to the provisions of ERISA. In the event of plan termination, participants will become 100 percent vested in their employer contributions. The C.H.I. Plan was not terminated, instead it was merged with the Nucor Plan as of December 31, 2022.

## **8. Tax Status**

On June 30, 2020, the Internal Revenue Service stated that the pre-approved plan adopted by the C.H.I. Plan, as then designed, was in compliance with the applicable sections of the Internal Revenue Code (IRC). The plan administrator and the pre-approved plan provider believe that the C.H.I. Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income taxes has been included in the C.H.I. Plan's financial statements.

U.S. GAAP requires plan management to evaluate tax positions taken by the C.H.I. Plan and recognize a tax liability if the C.H.I. Plan has taken an uncertain position that more likely than not would not be sustained upon examination. The C.H.I. Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

## **9. Prohibited Transactions**

During 2022, participant contributions totaling \$1,058 were not remitted timely to the C.H.I. Plan. Corrections for lost earnings on those contributions were remitted to the Plan before year-end.

## **10. Risks and Uncertainties**

The C.H.I. Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
