INDEPENDENT AUDITORS' REPORT

To the Administrative Committee of the
Christopherson Andavo Travel 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed an audit of the financial statements of the Christopherson Andavo Travel 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Christopherson Andavo Travel 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Christopherson Andavo Travel 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Christopherson Andavo Travel 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Christopherson Andavo Travel 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Christopherson Andavo Travel 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedules Required by ERISA

The supplemental schedule of assets (held at end of year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CHRISTOPHERSON ANDAVO TRAVEL 401(K) PLAN
Notes to Financial Statements

December 31, 2022

1. DESCRIPTION OF THE PLAN

The following description of the Christopherson Andavo Travel 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General

The Plan is designed to be a defined contribution plan covering employees of CB Travel Corp. (the "Company") who are 18 years of age or older, have completed one hour of service, and have elected to become participants. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Contributions

Each year, participants may elect under a salary reduction agreement, to contribute to the Plan up to 100% of their compensation, as defined by the Plan agreement, through payroll deductions subject to certain limitations under the Internal Revenue Code (IRC). Salary deferrals can be pre-tax 401(k) deferrals or Roth 401(k) deferrals. In addition, the Company may make a discretionary matching contribution equal to a uniform percentage of participant salary deferrals. Each year the Company will determine the amount of the discretionary percentage. The Company may also make a discretionary profit-sharing contribution to participant accounts. Participants direct the investment of all contributions made on their behalf.

Participant Accounts

Each participant's account is credited with the participant's contributions and (a) the Company's contributions and, (b) Plan earnings, and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the balance in the participant's vested account.

Investment Options and Investment Trustees

The Plan's investment options were managed by the trustee of the Plan. Upon enrollment in the Plan, a participant may direct employee contributions in any of the available funds managed by the trustee.

Administrative Expenses

The Plan's governing document allows administrative expenses to be paid by either the Plan or the sponsor. During the year ended December 31, 2022, all administrative expenses were paid by the Plan.

1. DESCRIPTION OF THE PLAN - *Continued*

Vesting

Participants are vested immediately in their voluntary contributions plus actual earnings thereon. Vesting for employer profit sharing and match contributions plus earnings thereon is based on years of continuous service. A participant is 20% vested after 2 years of credited service and additional 20% vests each year thereafter until the participant is 100% vested after six years of credited service.

Distribution of Benefits

On termination of service due to death, disability, or retirement, a participant may elect to receive his or her contribution and the vested portion of the employer's contribution in a lump sum or annual installments over a reasonable period of time. For termination of service due to other reasons, participants with vested benefits less than \$1,000 will receive a lump sum distribution. Under certain circumstances, participants may withdraw their account balances prior to the occurrence of these events.

Forfeitures

Forfeitures of non-vested Company contributions are used to reduce future Company contributions. As of December 31, 2022 and 2021, forfeitures totaled \$20,908 and \$7,401, respectively. During 2022, \$11,785 were used to pay for certain administrative expenses.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the participant's account and bear interest at rates ranging from 3.25% to 5.50%, which is commensurate with local prevailing rates as determined quarterly by the plan administrator. Principal and interest is paid ratably through monthly payroll deductions.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA and the Plan. In the event of Plan termination, participants would become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting and Use of Estimates

The financial statements of the Plan are prepared using the accrual method of accounting based on accounting principles generally accepted in the United States of America, which requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Payment of Benefits

Benefits are recorded when paid.

Investment Valuation and Income Recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See the fair value measurements footnote below.

Net appreciation or depreciation of investments included in the accompanying statement of changes in net assets available for benefits includes realized gains or losses from the sale of investments and unrealized appreciation or depreciation in fair value of investments. Net unrealized appreciation or depreciation in the fair value of investments represents the net change in the fair value of the investments held during the year. The net realized gains or losses on the sale of investments represent the difference between the sale proceeds and the fair value of the investment as of the beginning of the year or the cost of the investment if purchased during the year.

Purchase and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Risks and Uncertainties

The Plan provides for investments in securities that are exposed to various risks, such as interest rate, currency exchange rate, credit and overall market fluctuation. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Fair Value Measurements

FASB ASC 820, *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

CHRISTOPHERSON ANDAVO TRAVEL 401(K) PLAN

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - *Continued*

Fair Value Measurements – *Continued*

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common collective trust (CCT) and pooled separate accounts (PSA) - The fair value of the investment in the common collective trust and pooled separate accounts are determined by the fund trustee based on the fair value of the underlying securities within the fund, which represents the net asset value of the shares held by the Plan at year end. The net asset value as provided by the trustee is used as a practical expedient to estimate fair value.

Mutual Funds – Valued at the net asset value (“NAV”) of shares held by the plan at year end. The NAV is a quoted price in an active market.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Tax Status and Uncertain Tax Position

The Plan was adopted effective January 1, 1999, with the most recent restatement being effective on January 1, 2022. The plan obtained its latest determination letter June 30, 2020 in which the Internal Revenue Service stated that the Plan, as then designed, was tax-exempt and in compliance with the applicable requirements of the Internal Revenue Code. The Plan has not applied for a subsequent determination letter. However, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provisions for income taxes have been made in the financial statements.

Subsequent Events

The plan administrator has evaluated events and transactions subsequent to the statements of net assets available for benefits date through the date of the independent auditor's report (the date the financial statements were available to be issued) for potential recognition or disclosure in the financial statements. The plan administrator has not identified any items requiring recognition or disclosure in the financial statements.

3. INFORMATION PREPARED AND CERTIFIED BY TRUSTEE

4. FAIR VALUE MEASUREMENTS

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022

	NAV Practical Expedient	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 4,795,071	\$ -	\$ -	\$ 4,795,071
Common collective trusts	9,603,720	-	-	-	9,603,720
Total assets at fair value	<u>\$ 9,603,720</u>	<u>\$ 4,795,071</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$14,398,791</u>

2021

	NAV Practical Expedient	Level 1	Level 2	Level 3	Total
Mutual funds	\$ -	\$ 6,352,525	\$ -	\$ -	\$ 6,352,525
Common collective trusts	10,846,488	-	-	-	10,846,488
Total assets at fair value	<u>\$10,846,488</u>	<u>\$ 6,352,525</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$17,199,013</u>

Under ASU 2015-07 amendment to Accounting Standard Codification ("ASC") 820, Fair Value Measurement, all investments for which fair value is measured using NAV per share practical expedient are no longer required to be categorized within the fair value hierarchy.

5. PARTY-IN-INTEREST TRANSACTIONS

Certain Plan investments are shares of mutual funds or common collective trusts managed by Fidelity. Fidelity is the custodian as defined by the Plan and, therefore, these transactions qualify as exempt party-in-interest transactions. Fees paid by the plan to Fidelity and other parties for investment management services amounted to \$69,118 for the year ended December 31, 2022.

6. PARTIAL PLAN TERMINATION

As a result of a reduction of the Plan Sponsor's workforce in 2020 which approximated a turnover rate of 30%, the Plan experienced a partial plan termination as defined by ERISA. Under ERISA, a partial plan termination may occur if a significant percentage of the Plan participants are terminated by the Plan Sponsor (due to adverse economic conditions). If a partial plan termination occurs, full vesting in the employer's contributions is required for the affected participants, but the remaining participants' vesting continues to be determined per the plan provisions.

All affected employees who were participants in the Plan were fully vested in their account balances at the date of their partial plan termination. For affected employees that requested withdrawal of their balances in 2021 and 2020, previously forfeited amounts of \$95,677 were recorded in benefits paid to participants and as a distribution payable as of December 31, 2021. For affected employees that requested withdrawal of their balances in 2022, previously forfeited amounts of \$6,437 were recorded in benefits paid to participants and as a distribution payable as of December 31, 2022.
