Profit Sharing Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements

We have performed an audit of the financial statements of Karns Prime & Fancy Food, Ltd. Profit Sharing Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, the related statements of changes in net assets available for benefits for the year then ended December 31, 2022 and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year then ended December 31, 2022, stating that the certified investment information, as described in Note 2 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year from issuance.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit for the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgement made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule

The supplemental schedule of assets held at end of year are presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to, or is derived from, the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan and summary of significant accounting policies:

Description of Plan:

The following description of Karns Prime & Fancy Food, Ltd. Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan document and Summary Plan Description for a more complete description of the Plan's provisions.

General:

The Plan is a profit sharing/deferred compensation (defined contribution) plan covering all eligible employees of Karns Prime & Fancy Food, Ltd. (the Company) who have completed one year of service (12 months from date of hire and generally 1,000 hours of service for the Plan year) and are age 21 or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

401(k) elective deferral contributions - Each year participants may contribute up to 100% of eligible compensation subject to certain limitations. All eligible employees are automatically enrolled in the Plan with a 3% deferral contribution, unless they elect otherwise in writing. Effective January 1, 2017, all employees who were auto-enrolled into the Plan are now enrolled in auto-escalate. Each year on January 1, employee deferral contributions will increase by 1%, up to 10%. Effective January 1, 2017, the Plan also allows Roth 401(k) deferrals.

Employer matching contributions - Employer matching contributions to the Plan are made at the board of directors' discretion. The percentage is set every year the employer elects to make a matching contribution. The amount of the employer matching contribution was equal to 15% of the first 10% of compensation contributed by participants. Participant contributions in excess of 10% were not matched.

Employer profit sharing contributions - Contributions are at the discretion of the board of directors. Contributions are allocated to eligible participants who were employed at December 31 or, if terminated, had more than 500 hours of service during the Plan year. Contributions are also allocated to participants who terminate during the Plan year as a result of retirement, disability or death. The Company did not make any profit sharing contributions in 2022.

Employer contributions are included as additions to net assets available for benefits during the period in which the employer claims the contribution as a deduction for income tax reporting purposes.

1. Description of the Plan and summary of significant accounting policies (continued):

Participant accounts:

Each participant's account is credited or charged with the participant's contribution and an allocation of the Company's contributions and Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

The Plan also provides for the participants to self-direct the investment of their individual account balances.

Participants are always 100% vested in their 401(k) elective deferral accounts, rollovers and earnings thereon.

Participants become fully vested in the remainder of their accounts after three full years of service, or if the participant reaches normal retirement age (60 years), becomes completely disabled or dies.

If a participant terminates employment before he or she becomes 100% vested, then the nonvested profit sharing and employer matching contributions forfeited are used to pay part of the employer profit sharing and matching contribution for the Plan on behalf of the remaining participants.

Payment of benefits:

Upon termination, a participant may elect to receive his or her vested balance as a lump-sum distribution. If no election is made to receive the distribution, the Plan may distribute the vested balance as follows: 1) if a participant's vested balance in the Plan is less than \$1,000, the participant will receive a lump-sum distribution less applicable taxes; 2) if a participant's vested balance in the Plan is more than \$1,000 but not more than \$5,000, the vested balance will be automatically rolled over to an IRA. For vested balances exceeding \$5,000, a participant may elect to receive his or her vested balance as a lump-sum distribution. If no election is made, the vested balance remains in the Plan until such election is made.

Participants who have reached normal retirement age may elect to take in-service distributions from their vested accounts.

Participants may take distributions for a financial hardship (for certain types of expenses as described in the Plan document). Loans are not permitted under the Plan.

1. Description of the Plan and summary of significant accounting policies (continued):

Forfeited accounts:

Forfeitures from nonvested accounts are used to reduce employer contributions related to the Plan. The balance in the forfeiture account at December 31, 2022 and December 31, 2021 was \$1,936 and \$5,421, respectively. Forfeitures are used to reduce employer matching contributions for the year ended December 31, 2022.

Plan termination:

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their accounts.

Basis of accounting:

The financial statements of the Plan are prepared on the accrual basis of accounting.

Investment valuation and income:

The Plan's investments are stated at fair value. Shares of mutual funds are valued at quoted market prices which represent the net asset value (NAV) of shares held by the Plan at year end. Money market shares are valued at cost, which is fair value. Investment income is recognized in the period earned. Gains and losses on investments are recognized as they occur.

At April 1, 2017, the Plan invested in a stable value fund collective investment trust, Metropolitan Life Insurance Company (Issuer), MetLife Group Annuity Contract No. 25053. The assets backing the contract are invested in one or more MetLife separate accounts. The stable value fund is composed primarily of fully benefit-responsive investment contracts that are valued at the net asset value of units of the collective trust. As required by the accounting standards, the NAV calculated by the fund is based on net assets which includes fully benefit-responsive contracts at contract value. The NAV is used as a practical expedient to estimate fair value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of its participation in the contract, the redemption may not be at the fund's NAV.

Benefits to participants:

Benefits are included as a deduction when they are paid to participants.

(with comparative information at December 31, 2021)

1. Description of the Plan and summary of significant accounting policies (continued):

Plan expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Transactional fees related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Certain fees incurred by the Plan for the investment management services or recordkeeping are included in net appreciation in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Corrective distributions and contributions:

At the end of the Plan year, the Plan administrator performs ERISA compliance non-discrimination tests. Based upon the compliance results, corrective actions in the form of contributions or distributions can be required for the Plan to maintain ERISA compliance.

Use of estimates:

The preparation of financial statements in accordance with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

2. Investments and information certified by the trustee:

The Plan's investments are held by Ascensus Trust Company, the trustee of the Plan. Investment information disclosed in the accompanying financial statements and supplemental schedule, specifically investments held at December 31, 2022 and 2021, and investment income and net depreciation in fair value of investments for the year ended December 31, 2022, was obtained or derived from information certified as complete and accurate by the trustee.

3. Fair value measurement:

The Plan ranks investments in a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset. Inputs may be observable or unobservable and refer broadly to the assumptions that market participants would use in pricing the asset. Observable inputs reflect the assumptions market participants would use in pricing the asset based on market data obtained from sources independent of the reporting entity. Unobservable inputs reflect the Plan's own assumptions about the assumptions that market participants would use in pricing the asset developed based on the best information available in the circumstances. The three levels of the fair value hierarchy are described below:

Level 1 – Quoted prices in active markets for identical investment.

Level 2 – Other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.). The Plan does not hold any Level 2 investments.

Level 3 – Significant unobservable inputs (including the Plan's own assumptions in determining the fair value of investments). The Plan does not hold any Level 3 investments.

See Note 1 for a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022.

Assets reported at fair value and required to be disclosed according to the fair value measurement hierarchy at December 31, 2022 and 2021 were as follows:

	Fair value measurements using Level 1	
	2022	2021
Mutual funds	\$ 14,522,254	\$ 17,677,353

3. Fair value measurement (continued):

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021:

<u>2022</u>	<u>Fair value</u>	<u>Unfunded commitments</u>	<u>Redemption frequency</u>	<u>Redemption notice period</u>
Stable value collective trust fund	\$ 564,135	N/A	Immediate	N/A
<u>2021</u>				
Stable value collective trust fund	\$ 501,096	N/A	Immediate	N/A

The contract invested in MetLife separates accounts to provide competitive total returns relative to the Barclays Capital U.S. Aggregate Bond Index and Barclays Capital U.S. 1-3 Year Government/Credit Index benchmarks. The contracts simulated the performance of a guaranteed investment contract through the guarantee of a specific interest rate and a portfolio of financial instruments that are owned by MetLife.

4. Tax status:

The Internal Revenue Service has determined and informed Ascensus, Inc., in a letter dated June 30, 2020, that the prototype from which the Plan was adopted and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has since been amended; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

5. Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities could occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

6. Related party and party-in-interest transactions:

Plan investments are managed by Ascensus Trust Company. Ascensus Trust Company is the trustee, as defined by the Plan, and recordkeeping services are provided by Ascensus, Inc.; therefore, these transactions qualify as party-in-interest transactions. The MetLife Group Annuity Contract No. 25053 was administered by MetLife and is managed by MetLife and Reliance Trust Company. Certain fees paid by the Plan for the investment management services are included in net appreciation in fair value of investments. Ascensus Trust Company applies the Plan's revenue sharing earned as a reduction of the Plan's administrative expenses.

7. Concentrations:

One investment accounted for approximately 10% and 11% at December 31, 2022 and 2021, respectively.

8. Subsequent events:

The Plan has evaluated subsequent events through September 12, 2023, the date which the financial statements were available to be issued.
