Independent Auditor's Report

Plan Administrator
GWTT 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of GWTT 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year then ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Audit of the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter—Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meet the requirements of ERISA Section 103(a)(3)(C).

GWTT 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description

The following description of the GWTT 401(k) Plan (the Plan) provides only general information. Participants should refer to the adoption agreement and basic plan document of the Standard Retirement Services, Inc. Defined Contribution Pre-Approved Plan for a more complete description of the Plan's provisions.

General: The Plan is a defined contribution plan established on January 1, 2014, covering eligible employees of Ground/Water Treatment & Technology, LLC (the Company or the Plan Sponsor). Employees are eligible to participate in the Plan upon the completion of two months of service and attainment of age 21, with the exception of union employees, nonresident aliens and residents of Puerto Rico. The Plan is intended to satisfy all of the requirements for a qualified retirement plan under the appropriate provisions of Internal Revenue Code (IRC) Section 401(k) and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan trustee and third-party administrator is Standard Insurance Company (the Trustee or The Standard).

Contributions: Each year, participants may contribute up to a dollar limit, which is set by law, as stated in the IRC. The maximum amount participants were allowed to contribute for the year ended December 31, 2022, was \$20,500. Employees 50 years of age and older are also allowed to contribute an additional \$6,500 to the Plan for 2022. Participants will automatically be enrolled in the Plan on the first of the month following 60 days of employment, with a salary deferral rate of 3%, unless they have chosen to opt out during the 60-day period. The Company makes a discretionary matching contribution of 50% of participants' deferrals for each payroll period up to 6% of the participants' compensation for such period. In addition, the Company may also make employer non elective profit sharing contributions. An eligible employee must work one year of service and be age 21 or older to receive employer matching and profit sharing contributions. There were no employer non elective profit sharing contributions made in 2022 and 2021.

Payment of benefits: On termination of service, if a participant's vested balance does not exceed \$5,000, a participant may only elect to receive a lump-sum payment equal to his or her vested amount, reduced by federal income tax withholding. On termination of service, if a participant's vested balance exceeds \$5,000, a participant may elect to receive either a lump-sum payment, installments over a period of not more than the participant's assumed life expectancy, partial withdrawals of at least \$1,000 or may elect to rollover the equity balance.

Participant accounts: Each participant's account is credited with the participant's contributions and an allocation of the Company's contribution and Plan earnings. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Participants' investment options: Participants must direct their salary deferral contributions to selected investments as made available and determined by the Plan Administrator. If a participant does not direct the investment of their applicable plan accounts, then their accounts will be invested in accordance with the default investment alternatives established under the Plan. Participants may change their investment options at any time throughout the year via website access or direct phone access to The Standard.

Vesting: Participants are immediately vested in their salary deferral contributions plus actual earnings thereon. The portion of the participants' accounts attributable to the Company's match and employer non elective profit sharing contributions becomes 20% vested after two years of credited service, as defined, and continues to vest at the rate of 20% for each successive year of service until 100% vested after six years of service.

GWTT 401(k) Plan

Notes to Financial Statements

Note 1. Plan Description (Continued)

Forfeitures: Upon termination of service, any unvested interest of the employer contribution account will be forfeited. Forfeitures, if not used to pay administrative expenses, are used to reduce employer contributions. At December 31, 2022 and 2021, the forfeited nonvested account balances were \$0. Employer contribution for the year ended December 31, 2022, was reduced by \$4,192 of forfeited nonvested accounts.

Notes receivable from participants: Participants may borrow from their funded account the lesser of \$50,000 (as adjusted by the Plan document) or up to 50% of their vested account balance. The minimum amount of any loan is \$1,000. Loans are secured by the balance in the participant's account and must be repaid in no more than five years. Participants may only have one loan outstanding at one time. Interest is charged by the Plan at the rate a bank or other professional lender would charge for making a loan in a similar circumstance. Interest rates on notes receivable from participants as of December 31, 2022 and 2021, range from 3.25% to 6.25%.

Note 2. Summary of Significant Accounting Policies

A summary of the Plan's significant accounting policies is as follows:

Basis of accounting: The accompanying financial statements are prepared on the accrual basis of accounting.

Investment valuation and income recognition: The Plan's investments are reported at fair value (except for fully benefit-responsive investment contracts, which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for a discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held, during the year.

Use of estimates: The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

Payment of benefits: Benefits are recorded when paid.

Administrative expenses: Recordkeeping, financial services and audit fees are paid through plan assets. Any other plan administrative expenses are paid by the Company.

Notes receivable from participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent notes receivable from participants are treated as distributions based upon the terms of the Plan agreement.

Subsequent events: The Plan Administrator has evaluated subsequent events for potential recognition and/or disclosure through October 2, 2023, the date the financial statements were available to be issued.

Note 3. Information Certified by Standard Insurance Company (Trustee)

The following is a summary of the Plan's asset information as of December 31, 2022 and 2021, and for the year ended December 31, 2022, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by Standard Insurance Company, the Trustee of the Plan, and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the Trustee that information provided to the Plan Administrator by the Trustee related to the following assets is complete and accurate. Accordingly, as permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information which appears throughout the financial statements and supplemental schedule related to the following assets at December 31:

	2022	2021
Investments:		
Pooled separate account, at fair value	\$ 11,599,236	\$ 13,892,776
Insurance investment contract, at contract value	2,354,380	2,014,278
Total investments	<u>\$ 13,953,616</u>	<u>\$ 15,907,054</u>
Notes receivable from participants	<u>\$ 158,079</u>	<u>\$ 137,195</u>

The Trustee also certified to the completeness and accuracy of \$2,732,663 of net depreciation in fair value of investments, \$39,721 of interest income and \$5,285 of interest income on notes receivable from participants for the year ended December 31, 2022.

Note 4. Fair Value Measurements

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements and Disclosures, provides the framework for measuring fair value. The framework for measuring fair value provides a hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets and liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). FASB ASC 820 also provides that fair value may be measured at the net asset value (NAV) provided by the issuer for certain entities that calculate NAV per share.

Such investments recorded at NAV are not classified within this hierarchy. At December 31, 2022 and 2021, all fair value investments held by the Plan were measured at NAV as determined by the issuer based on the fair value of the underlying assets.

The following table sets forth additional disclosures of the Plan's investment whose fair value is estimated using NAV per share (or its equivalent) as of December 31, 2022 and 2021:

Investment	2022 Fair Value	2021 Fair Value	Unfunded Commitment	Redemption Frequency	Redemption Notice Period
Separate Account A	\$11,599,236	\$13,892,776	\$ -	Daily	None

GWTT 401(k) Plan

Note 4. Fair Value Measurements (Continued)

Separate Account A is a direct filing entity and is a separate account maintained by The Standard. The Standard owns the assets in Separate Account A and the separate account is not chargeable with liabilities arising out of any business that The Standard may conduct.

Separate Account A is divided into a series of investment funds, which consist of mutual funds and other investments. The investment funds are unitized, tracked and made available through the separate account for participants to self-direct their investment allocations. The participants and the Plan do not own a direct interest in the unitized investment funds. The investment funds net asset values are used to derive the plans NAV in Separate Account A. The initial unit value for each investment fund shall be arbitrarily set by The Standard. On a valuation date, which is normally each business day, the investment fund unit value is calculated with adjustments for dividends or capital gain distributions.

The following table sets forth, by investment fund, the assets whose fair value is used to derive the value of the Plan's interest in Separate Account A as of December 31, 2022 and 2021:

GWTT 401(k) Plan

Notes to Financial Statements

Note 5. Investment Contract with Insurance Company

The Plan has a traditional insurance investment contract with The Standard. With traditional investment contracts, the Plan owns only the contract itself and not the underlying assets. The insurance investment contract meets the fully benefit-responsive investment contract criteria and, therefore, is reported at contract value. Contract value is the relevant measure for fully benefit-responsive investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. The contract value was \$2,354,380 and \$2,014,278 as of December 31, 2022 and 2021, respectively.

The Standard maintains the contributions under the investment contract in the insurance company's general account. The insurance investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting interest rate is based on a formula agreed upon with the issuer and amounted to 1.86% and 1.73% during 2022 and 2021, respectively. Such interest rates are reviewed periodically for resetting.

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third-party issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such events include the following: (a) amendments to the Plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. The Plan Administrator does not believe that any events that would limit the Plan's ability to transact at contract value with participants are probable of occurring.

Note 6. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in their accounts.

Note 7. Income Tax Status

The Plan is a non-standardized defined contribution pre-approved plan and an opinion letter was received dated June 30, 2020, stating that the Plan is acceptable under Section 401(a) of IRC. The Plan has been amended since receiving the opinion letter. However, the Plan Administrator believes that the Plan, as amended, is currently designed and being operated in compliance with the applicable requirements of the IRC and, therefore, believes the Plan is qualified and the related trust is tax exempt.

The Plan Sponsor's management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that required adjustments to the financial statements as of December 31, 2022 and 2021, and for the year ended December 31, 2022. Therefore, no provision or liability for income taxes has been included in the financial statements.

GWTT 401(k) Plan

Notes to Financial Statements

Note 8. Related-Party and Party-in-Interest Transactions

The Plan's investments are comprised of a pooled separate account and an insurance investment contract managed by The Standard. Transactions with The Standard qualify as exempt party-in-interest transactions. The Plan issues notes receivable to participants, which are secured by the balances in the participants' accounts, which also constitute exempt party-in-interest transactions.

Note 9. Risks and Uncertainties

The Plan invests in a variety of investment vehicles. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is at least reasonably possible that changes in risk factors in the near term could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
