INDEPENDENT AUDITOR'S REPORT

Plan Administration of the
Pacific Paper Tube, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Pacific Paper Tube, Inc. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Pacific Paper Tube, Inc. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

Phone: (209) 473-2001 Fax: (209) 473-1761 www.kempercpa.com

- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Pacific Paper Tube, Inc. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Paper Tube, Inc. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a

material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Pacific Paper Tube, Inc. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Pacific Paper Tube, Inc. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Plan Administration of the
Pacific Paper Tube, Inc. 401(k) Retirement Plan

Supplemental Schedule Required by ERISA

The supplemental schedule of Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PACIFIC PAPER TUBE, INC. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

DECEMBER 31, 2022 AND 2021

Note 1 – Description of Plan

The following description of the Pacific Paper Tube, Inc. 401(k) Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan Document for a more complete description of the Plan's provisions.

A. General

The Plan is a defined contribution plan sponsored by Pacific Paper Tube, Inc. (the "Company"). The Plan was established in January 1996, is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and provides for participant-directed fund options.

The Company is the administrator of the Plan and, as such, carries out the duties imposed by ERISA. The Company has delegated certain responsibilities for the operation and administration of the Plan. Recordkeeping services are provided by ADP Retirement Services ("ADP") while a third-party has been contracted to assist with certain administrative responsibilities. Custodian and trustee responsibilities have been contracted with Reliance Trust Company ("Reliance Trust").

B. Contributions

Each year, participants may contribute a minimum of 1% of compensation and a maximum of 50% of their eligible pre-tax and Roth after-tax compensation, as defined in the Plan Document, but not to exceed the maximum amount allowed under the provisions of the Internal Revenue Code ("IRC"). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also make rollover contributions of amounts representing distributions from other qualified defined benefit or defined contribution plans.

Pacific Paper Tube, Inc. 401(k) Retirement Plan is referred to as a "safe harbor 401(k) plan". The Company makes a safe harbor matching contribution equal to 100% of the participant's elective deferrals that do not exceed 4% of participant's compensation. This safe harbor matching contribution is fully vested and is referred to as an Enhanced Matching Contribution. For purposes of calculating the safe harbor matching contribution, participant's deferrals are determined on a payroll period basis and a true-up may be calculated at year end. In addition, the Company may decide to make a non-elective contribution. A non-elective contribution is discretionary, with the amount to be determined by the Company each year. Any profit-sharing contribution will be "allocated" among participants eligible to share in the contribution and is determined by a percentage of participant's compensation to total compensation of all eligible participants. No non-elective contributions have been made to the Plan as of December 31, 2022.

Note 1 – Description of Plan (Continued)

C. Participation

All employees who are both at least age 21 and have completed 12 consecutive months of service in which they have also provided at least 1,000 hours of service are eligible to participate in the Plan beginning on the first day of the following month after having met both criteria.

D. Participant Accounts

Each participant's account is credited with the participant's contributions and matching contributions from the Company and allocations of (a) the Company's non-elective contributions (if any) and, (b) Plan earnings less an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined in the Plan Document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

E. Vesting

Participants are 100% vested in their elective deferral, safe harbor matching, and rollover contribution accounts, plus actual earnings thereon. For both non-safe harbor matching and non-elective contributions made by the Company, participants vest 20% after two years of eligible service and are fully vested after six years of service.

Any participant who terminates because of death, disability, or normal retirement age as defined in the Plan becomes immediately 100% vested in their total account balance.

F. Notes Receivable from Participants

Participants may borrow no less than $500 and up to a maximum of the lesser of $50,000 or 50% of their vested account balance. Notes receivable from participants ("participant loans") must be repaid within 5 years, unless the participant's loan is used to acquire a primary residence, in which case the repayment period may be longer than 5 years but no more than 30 years. Participant loans are secured by the respective participant's vested interest in their account balance. Participant loans bear interest at a reasonable rate of interest as determined at the time the loan is issued.

Principal and interest is generally paid ratably through payroll deductions with payments made at least quarterly. Outstanding participant loans at December 31, 2022 bear annual interest rates between 5.25% and 7.5%.

Note 1 – Description of Plan (Concluded)

G. Payment of Benefits

Distributions and withdrawals are payable upon retirement, termination, financial hardship, disability, or death. If a participant's vested account balance is equal to or less than $1,000, the balance is distributed immediately as a lump-sum payment. Unless elected otherwise by participants, vested account balances between $1,000 and $5,000 will be rolled over to an individual retirement account designated by the Company.

For vested account balances greater than $5,000, participants may elect to receive a distribution of their vested account balance as either a lump-sum distribution, a direct rollover into another qualified plan, installment payments not longer than life expectancy or to postpone payment to a later time. Distributions to former participants must commence no later than April 1st following the close of the plan year in which the participant attains age 70 ½ and has retired. Participants who own 5% or more of the Company must begin taking distributions during the year in which the participant attains age 70 ½ regardless of the participants' retirement status.

Note 2 – Summary of Significant Accounting Policies

A. Basis of Accounting

The accompanying financial statements of the Plan have been prepared on the accrual basis of accounting in accordance with U.S. generally accepted accounting principles (GAAP).

B. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition

All investments, other than participant loans, are carried at fair value. Participant loans are carried at the original amount of the loan less repayments received. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be a distribution, the participant loan balance is reduced, and a benefit payment is recorded.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Note 2 – Summary of Significant Accounting Policies (Concluded)

D. Payment of Benefits
Benefit payments to participants are recorded upon distribution.

E. Administrative Expenses
Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of participant accounts, notes receivable from participants, and distributions to participants are charged directly to the participant's account and are included in net appreciation of fair value of investments.

F. Date of Management's Review of Subsequent Events
Management has evaluated subsequent events and transactions that occurred after the balance sheet date up to September 28, 2023, the date that the financial statements were available to be issued.

Note 3 – Information Certified by Trustee

Plan management has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, Plan management instructed the Plan's independent auditors not to perform any auditing procedures with respect to the following information certified by Reliance Trust Company, the trustee of the Plan, except for comparing such information certified by the trustee with information included in the Plan's financial statements and supplemental schedule Form 5500 Schedule H, Line 4i – Schedule of Assets (Held at End of Year).

The following is a summary of the Plan's financial information that is included in the financial statements based on information certified by the trustee as complete and accurate.

	2022	2021
Mutual funds	$ 3,080,167	$ 3,663,134
Common/collective trusts	1,610,366	1,353,992
Notes receivable from participants	110,434	106,310
	$ 4,800,967	$ 5,123,436

The trustee also certified to the completeness and accuracy of $96,952 of dividend income, $5,732 of interest income on notes receivable from participants, ($657,169) of net depreciation in the fair value of registered investment companies, and $25,016 of net appreciation in the fair value of common/collective trusts (including gains and losses on investments bought and sold) for the year ended December 31, 2022.

Note 4 – Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1 measurements) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted market prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual Funds held by the Plan are open end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Note 4 – Fair Value Measurements (Concluded)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the plan's assets at fair value as of:

	Assets at fair value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 3,080,167	$ -	$ -	$ 3,080,167
Investments at fair value	$ 3,080,167	$ -	$ -	$ 3,080,167

	Assets at fair value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual Funds	$ 3,663,134	$ -	$ -	$ 3,663,134
Investments at fair value	$ 3,663,134	$ -	$ -	$ 3,663,134

Note 5 – Investment Contracts

In 2014, the Plan entered into a traditional fully benefit-responsive investment contract with Invesco Stable Asset (Invesco). Invesco maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The primary investment objective of Invesco is to seek the preservation of principal and to provide interest income reasonably obtained under prevailing market conditions and rates, consistent with seeking to maintain required liquidity.

Because the investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the investment contract. For Invesco, the contract value and the fair market value are the same. The investment contract is presented on the face of the statement of net assets available for benefits at contract value. Contract value, as reported to the Plan by Invesco, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

Note 5 – Investment Contracts (Concluded)

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contract at December 31, 2022 and 2021, was $1,610,366 and $1,353,992, respectively. The earnings on the investment contract at December 31, 2022 was $25,016.

Certain events limit the Plan's ability to transact at contract value with Invesco. Such events include the following: (a) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (b) changes to the plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spin-offs of a subsidiary) that cause a significant withdrawal from the plan, or (d) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

Note 6 – Related Party Transactions and Party In Interest Transactions

Reliance Trust Company, the Plan’s trustee, and Automatic Data Processing, Inc., the Plan’s third-party administrator, are parties-in-interest according to Section 3(14) of ERISA. There are no transactions occurring between the Plan and these parties other than those specifically allowed such as investment transactions with investments managed by Reliance Trust Company and Automatic Data Processing, Inc.

Note 7 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan, subject to the provisions of ERISA.

Note 8 – Tax Status

The Plan has adopted the Automatic Data Processing ("ADP") Prototype 401(k) and Profit-Sharing Plan- Base Plan Document No. 05. The Internal Revenue Service ("IRS") has informed ADP by a letter dated October 6, 2020, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination by the IRS. The Plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing authorities; however, there are currently no audits of any tax periods in process.

Note 9 – Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.
