Independent Auditors' Report

To the Administrative Committee of the Mariner Wealth Advisors, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(c) Audit

We have performed an audit of the accompanying financial statements of the Mariner Wealth Advisors, LLC 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA section 103(a)(3)(c) [ERISA Section 103(a)(3)(c) audit]. The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of change in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined that it is permissible in the circumstances, has elected to have the audit of the Mariner Wealth Advisors, LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(c) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(c), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section –

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(c).

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Mariner Wealth Advisors, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(c) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(c) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mariner Wealth Advisors, LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(c) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, where due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not absolute assurance and therefore, is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Mariner Wealth Advisors, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Mariner Wealth Advisors, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(c) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets held for investment as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion –

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA 103(a)(3)(c).

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN

The following description of the Mariner Wealth Advisors, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

General – The Plan is a defined contribution plan covering all eligible employees of Mariner Wealth Advisors, LLC (the Company). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Plan has no eligibility requirements for employees to participate in the Company matching contribution or employee 401(k) deferrals. Employees are eligible to participate in the profit sharing portion of the Plan after one year of service and are age 21 or older. An eligible employee may begin to participate in the Plan on any day of the year. An employee is eligible to receive the profit sharing benefits if the employee has completed 1,000 hours of service and is employed on the last day of the Plan year.

Contributions – Employees participating in the Plan may enter into an elective deferral agreement authorizing the employer to withhold a percentage of such participants' compensation not to exceed a dollar limit, which is set by law. The Plan includes an automatic deferral feature. Accordingly, all employees are automatically enrolled in the Plan 45 days after their employment begins. Salary deferrals begin at the rate of 6%, and are automatically increased by 1% each year on the anniversary of their employment date, until the elective deferral percentage reaches 9% of compensation (unless the employee elects a different rate or elects not to participate in the Plan). Participants can elect for Roth IRA deferrals on an after-tax basis, and may also make contributions to the Plan in the form of a rollover of funds from another qualified plan.

The Company may make a discretionary matching contribution equal to a uniform percentage of the participants' salary deferrals. The Company may also make a discretionary profit sharing contribution to the Plan. Each year the Company will determine the amount of the discretionary percentage and the discretionary profit sharing contribution.

The elective deferral 401(k) contribution limit established by the Internal Revenue Service is \$20,500 for 2022. Participants age 50 or older can contribute an additional \$6,500 for 2022.

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

1. DESCRIPTION OF PLAN (continued)

Participant Accounts – Individual accounts are maintained for each Plan participant. Each participant's account is credited with the participant's contributions, the Company discretionary matching contributions, allocations of Company discretionary profit sharing contributions and Plan earnings, and charged with withdrawals and an allocation of Plan losses and administration expenses. Allocations are based on participant earnings or account balances as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits – On termination of service due to death, disability or retirement, a participant is entitled to an amount equal to the value of the vested interest in his or her account. The balance will be paid in a single lump-sum amount. Under the terms of the Plan, normal retirement is the date on which the participant attains age 65. Early retirement age is 62.

Forfeited Accounts – As of December 31, 2022 and 2021, forfeited nonvested accounts totaled \$148,536 and \$130,881, respectively. These accounts will be used to reduce future employer contributions and pay administration expenses.

Notes Receivable from Participants – Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum of \$50,000 or 50% of their vested balance, whichever is less. The notes are secured by the balance in the participant's account and bear interest at rates 4.25% to 8%, which is commensurate with local prevailing rates as determined quarterly by the Plan administrator. Principal and interest is paid ratably through payroll deductions.

Vesting – Participants are immediately vested in their contributions plus actual earnings thereon. A participant is 100% vested after three years of continuous service in the Company's discretionary match, and earnings thereon. A participant is 100% vested after five years of continuous service in the discretionary profit sharing contribution, and earnings thereon.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting – The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Use of Estimates – The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the Plan administrator to make estimates and assumptions that affect the reported amount of net assets available for benefits and changes therein. Actual results could differ from those estimates.

Notes Receivable from Participants – Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Delinquent notes are recorded as a distribution based upon the terms of the Plan document.

Investment Valuation and Income Recognition – Investments are reported at fair value, except for fully benefit-responsive investment contracts, which are reported at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan administrator determines the Plan's valuation policies. See Note 9 for discussion of fair value measurements.

Purchases and sales of securities are recorded on the trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on the investments bought and sold as well as held during the year.

Administration Expenses – Administration expenses are recorded when incurred. Investment related expenses are included in net appreciation in fair value of investments.

Date of Management's Review of Subsequent Events – Subsequent events have been evaluated through September 22, 2023, which is the date the financial statements were available to be issued.

Payment of Benefits – Benefits are recorded when paid.

3. INFORMATION PREPARED AND CERTIFIED BY CUSTODIAN

The following is a summary of the unaudited information regarding the Plan as of December 31, 2022 and 2021, and for the year ended December 31, 2021, included in the Plan's financial statements and schedule, that was prepared by or derived from information prepared by Charles Schwab Trust Bank and furnished to the Plan administrator. The Plan administrator has obtained certifications from the custodian that such information is complete and accurate.

4. INVESTMENTS

The following presents investments that represent 5% or more of the Plan's net assets:

	December 31, 2022	December 31, 2021
Vanguard 500 Index	\$ 22,667,552	\$ 18,439,283
Personal Choice Retirement	\$ 15,559,459	\$ 15,334,964

During the year ended December 31, 2022, the Plan's investments, including investments bought, sold and held during the year (depreciated) appreciated in value as follows:

	December 31, 2022
Mutual funds and common collective trusts	(\$ 24,469,269)
Guaranteed investment contract	56,306
	<u>(\$ 24,412,963)</u>

5. RELATED-PARTY TRANSACTIONS

The custodian of the Plan's assets at December 31, 2022 and 2021 is Charles Schwab Trust Bank. Contract administrator fees of \$153,195 and investment advisory fees of \$20,027 were paid to the custodian by the Plan during the year ended December 31, 2022. The Company bears certain administrative costs for the Plan, including the costs of officers and employees who perform certain administrative functions.

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

6. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provision of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

7. RISKS AND UNCERTAINTIES

Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. FIDELITY BOND

The Department of Labor requires that all qualified plans be bonded in an amount that is not less than 10% of plan assets up to a maximum of \$500,000. At December 31, 2022 and 2021, the Company had bond coverage of \$5,000,000.

9. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

9. FAIR VALUE MEASUREMENTS (continued)

Level 2

Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets.
- Quoted prices for identical or similar assets or liabilities in inactive markets.
- Inputs other than quoted prices that are observable for the asset or liability.
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

- Mutual Funds – Valued at the daily closing price as reported by the fund. The funds held by the Plan are open-ended and are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price and are deemed to be actively traded.
- Common Collective Trusts – Valued using pricing data provided by outside valuation service providers. Each account is based on its net asset value (NAV), which is used as a practical expedient to estimate fair value. The net asset value of the account is determined daily and includes adjustments for investment fees.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

9. FAIR VALUE MEASUREMENTS (continued)

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022:

Assets at Fair Value as of December 31, 2022				
	Fair Value	Level 1	Level 2	Level 3
Cash	\$ 88,667	\$ 88,667	\$ -	\$ -
Mutual funds	122,925,071	122,925,071	-	-
	<u>\$123,013,738</u>	<u>\$123,013,738</u>	<u>\$ -</u>	<u>\$ -</u>

The following table sets forth by level, with the fair value hierarchy, the Plan's fair value measurements at December 31, 2021:

Assets at Fair Value as of December 31, 2021				
	Fair Value	Level 1	Level 2	Level 3
Cash	\$ 137,945	\$ 137,945	\$ -	\$ -
Mutual funds	92,864,177	92,864,177	-	-
Common collective trusts	19,188,698	-	19,188,698	-
	<u>\$112,190,820</u>	<u>\$93,002,122</u>	<u>\$ 19,188,698</u>	<u>\$ -</u>

Realized and unrealized gains and losses included in net increase in net assets available for benefits for the period from January 1, 2022, through December 31, 2022, are reported in net depreciation in fair value of investments in the statement of changes in net assets available for benefits. The Plan's policy is to recognize transfers between Levels 1 and 2 and into and out of Level 3 as of the date of the event or change in circumstances that caused the transfer. There were no such transfers for the years ended December 31, 2022 and 2021.

December 31, 2022 and 2021

10. INVESTMENT AT CONTRACT VALUE

In 2022 and 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with T. Rowe Price Group, Inc. (TRP). TRP maintains the contributions in a general account. The account is credited with earning on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

Because the guaranteed investment contract meets the criteria to be considered fully benefit-responsive, contract value is the relevant measurement attribute for that portion of the net assets available for benefits attributable to the guaranteed investment contract. The guaranteed investment contract is presented on the face of the statements of net assets available for benefits at contract value. Contract value, as reported to the Plan by TRP, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

There are no reserves against contract value for credit risk of the contract issuer or otherwise. The contract value of the investment contracts at December 31, 2022 and 2021, was \$3,604,891 and \$3,771,445, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, and varies based on the length of the term. Such interest rates are reviewed on a monthly basis for resetting.

Certain events limit the Plan's ability to transact at contract value with TRP. Such events include the following: (a) amendments to the Plan documents, (b) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (c) bankruptcy of the Plan sponsor or other Plan sponsor events, or (d) the failure of the trust to qualify for exemption from Federal income taxes or any required prohibited transaction exemption under ERISA. Furthermore, certain events would allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Examples of such events include: (a) an uncured breach of the Plan's investment guidelines, (b) a material amendment to the contract without the issuer's consent, (c) a violation of a material obligation under the contract, or (d) a material misrepresentation. The Plan administrator does not believe that any events that would limit the Plan's ability to transact at contract value with Plan participants or the issuer are probable of occurring.

The guaranteed investment contract does not permit the insurance company to terminate the agreement prior to the schedule maturity date.

MARINER WEALTH ADVISORS, LLC 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS (continued)

December 31, 2022 and 2021

11. TAX STATUS

The Internal Revenue Service has determined and informed the Company by a letter dated September 21, 2020, that the Plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

Generally accepted accounting principles require Plan management to evaluate tax positions taken by the Plan. The Plan is subject to routine audits by the Internal Revenue Service; however, there are currently no audits for any tax periods in progress. The Plan administrator believes it is no longer subject to income examination by the Internal Revenue Service for years prior to December 31, 2020.

12. DEPARTMENT OF LABOR EXAMINATION

In November of 2019, the Company was notified by the Department of Labor (DOL) of an examination of the Plan for periods beginning January 1, 2016 through the current year. The examination, which sought to determine compliance with Title I of ERISA, was concluded on September 30, 2021.

Throughout the examination, the Company proceeded in good faith and fully cooperated with the DOL. The Company maintains that it did no wrongdoing. However, in the interest of avoiding a protracted dispute, and to minimize costs and burdens associated with the examination, the Company agreed to update the Plan's Investment Policy Summary as well as make nominal restorative payments to certain Plan participants of the Convergence Opportunities Fund and the Palmer Square Strategic Credit Fund, both of which liquidated and ceased operations during 2019. Those restorative payments were deposited in the participant's accounts in September of 2021, and were recorded on the Plan's financial statements for the 2021 year.

13. TRANSFERS TO THE PLAN

During 2022, the AdvicePeriod 401(k) Plan was merged and transferred into the Plan. This transfer of \$2,931,322 is reported in the preceding statement of changes in net assets available for benefits.
