INDEPENDENT AUDITOR'S REPORT

To the Trustees
StockX LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the accompanying financial statements of StockX LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of StockX LLC 401(k) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit needs not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion on the Financial Statements

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion on the Financial Statements

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of StockX LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about StockX LLC 401(k) Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of StockX LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about StockX LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter –Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

STOCKX LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN

The following description of the StockX LLC 401(k) Plan (the “Plan”) provides only general information. Participants should refer to the Plan Agreement for a more complete description of the Plan's provisions.

General: The Plan is a defined-contribution plan established on January 1, 2021 to provide retirement and other related benefits to all employees of StockX, LLC (collectively, the “Company”). An employee, other than an excluded employee, who is age 21 or older becomes eligible to participate for purposes of salary reduction contributions upon hiring. An employee is excluded if they are a leased employee, covered by a collective bargaining agreement, a nonresident alien, or any employee classified as seasonal, temporary, or interns. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”).

Contributions and Allocations: Each year, participants may contribute an amount up to a certain percentage of their pretax annual compensation, as defined in the Plan. Participants who have attained the age of 50 before the end of the plan year are eligible to make catch-up contributions as prescribed by Treasury regulations. Participants, with the consent of the Plan Administrator, may deposit amounts received from any other retirement plan which satisfy the tax rules for rollovers. Unless elected otherwise by the participant, all newly eligible employees will be automatically enrolled in the plan. In addition, participant's contributions will automatically be increased by 1% each year up to a maximum of 15%. Participants may designate a portion, or all, of their deferred contributions as Roth contributions, which are includable in the participant's gross income.

Employer matching contributions are made at the discretion of the Company to participants enrolled in the Plan. The Company contributed a discretionary matching contribution equal to 50% of a participant's salary deferrals, up to a maximum matching contribution of \$2,500. For the year ended December 31, 2022, the Company made discretionary matching contributions of \$1,850,954. In some circumstances, the Company may need to make special contributions on the participant's behalf called “Qualified Matching Contributions” or “Qualified Non-Elective Contributions”. For the year ended December 31, 2022, the Company made Qualified Non-Elective Contributions of \$15,704.

The Company may also make a discretionary nonelective employer contribution to the Plan based on each participant's compensation. There were no nonelective employer contributions made during the year ended December 31, 2022.

Participant Accounts: Each participant's account is credited with the participant's contributions and Plan earnings or losses and charged with an allocation of administrative expenses, if any. Allocations of participant earnings (losses) are based on account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account balance.

Investment Options: Participants direct the investment of contributions into various investment options offered by the Plan.

STOCKX LLC 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Vesting: Participants are immediately vested in their voluntary contributions and rollover contributions plus any actual earnings thereon. Vesting in discretionary matching contributions and nonelective employer contributions are subject to a vesting schedule based on the number of years of continuous service as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1 year	0%
1 year but less than 2	25%
2 years but less than 3	50%
3 years but less than 4	75%
4 years or more	100%

Forfeited Accounts: Forfeited accounts may be used to pay administrative expenses and any remaining amounts can be used to reduce future employer contributions. During the year ended December 31, 2022, the Plan Sponsor utilized \$378,621 of forfeitures to reduce its discretionary matching contributions or to pay Plan expenses. As of December 31, 2022 and 2021, the Plan had forfeitures available to offset future Plan Sponsor contributions and to pay Plan expenses in the amount of \$147,198 and \$194,305, respectively.

Notes Receivable from Participants: Participants may borrow from their account balance up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Loan transactions are treated as a transfer to (from) the investment fund from (to) the participant notes receivable fund. Notes receivable terms cannot exceed five years unless for the purchase of a primary residence, which cannot exceed ten years. Loans are secured by the balances in the participants' accounts and are supported by a promissory note. Loans bear interest at rates based on the prevailing interest rates charged by persons in the business of lending money for loans that would be made under similar circumstances (range from 4.25% to 8.00% at December 31, 2022). Principal and interest are paid ratably usually through semimonthly payroll deductions. If the participant terminates employment or retires, the participant may continue to pay the loan after termination. Failure to repay will result in the loan being offset from the participant's account. The offset loan amount will be considered a taxable distribution to the participant. Participants can prepay an outstanding loan at any time without a penalty.

NOTE 1: DESCRIPTION OF PLAN (CONTINUED)

Payment of Benefits: On termination of service due to death, disability, retirement, or other reasons, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic installment distributions. If a participant terminates employment for any reason, his or her account becomes 100% distributable if below \$5,000.

A participant may also request a withdrawal upon attainment of age 59 1/2, or upon demonstration by the participant to the Plan Administrator that the participant is suffering from a hardship, as defined in the Plan document. The hardship withdrawals are subject to a minimum of \$500.

Plan Amendment: Effective June 30, 2022, employees impacted by the reduction in force announced in June 2022 became 100% vested in discretionary employer matching contributions and nonelective discretionary employer matching contributions.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting: The financial statements of the Plan are prepared under the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("GAAP"). The financial statements and supplementary schedule have been prepared to satisfy the reporting and disclosure requirements of ERISA.

Investment Valuation and Income Recognition: Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisers, trustees and other parties involved with the Plan. See Note 6 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Administrative Expenses: Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Use of Estimates: The preparation of financial statements in conformity with GAAP requires Plan management to make estimates and assumptions that affect the reported amounts of Plan assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

NOTE 2: SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Risks and Uncertainties: The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such change could materially affect the amounts reported in the statements of net assets available for benefits.

Payment of Benefits: Benefit payments to participants are recorded when paid.

Notes Receivable from Participants: Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022.

Uncertain Tax Positions: GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more-likely-than-not would not be sustained upon examination. The Plan Administrator has analyzed the tax positions taken by the plan, and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

NOTE 3: PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to terminate it at any time subject to the provisions of ERISA.

NOTE 4: TAX STATUS

The Internal Revenue Service ("IRS") has determined in its opinion letter dated June 30, 2020, that the non-standardized prototype plan document of Fidelity Trust Company adopted by the Plan, constitutes a qualified trust under Section 401(a) of the Internal Revenue Code ("IRC") and is exempt from federal income taxes under provisions of Section 501(a). The Plan Administrator believes that the Plan is currently designed and operated in compliance with the applicable requirements of the IRC.

NOTE 5: CERTIFICATION OF QUALIFIED INSTITUTION

The Plan Administrator has elected the method of annual reporting compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulation for Reporting and Disclosure under ERISA. Accordingly, Fidelity Management Trust Company certified that the following data included in the accompanying financial statements and supplemental schedule are complete and accurate.

		<u>December 31,</u>	
	2022		2021
Mutual funds	\$ 31,437,087	\$	29,352,941
Common/collective trusts	\$ 331,623	\$	233,316
Notes receivable from participants	\$ 636,738	\$	368,332

	<u>Year Ended</u>	
	<u>December 31,</u>	
	2022	
Net depreciation in fair value of investments	\$ (6,496,774)	
Interest and dividend income	\$ 641,535	
Interest earned on notes receivable from participants	\$ 23,928	

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

NOTE 6: FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 - inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access at the measurement date.

Level 2 - inputs other than quoted market prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, such as:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - inputs that are unobservable for the asset or liability.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There has been no change in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common/collective trusts: Valued at the NAV of units of a collective trust. The NAV, as provided by the fund manager, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient would not be used if it is determined to be probable that the fund will sell the investment for an amount different from the reported NAV.

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

2022				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 31,437,087	\$ -	\$ -	\$ 31,437,087
Total investments at fair value	\$ 31,437,087	\$ -	\$ -	\$ 31,437,087
Investments measured at net asset value (a):				
Common/collective trust				331,623
Total investments at fair value				\$ 31,768,710
2021				
	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total</u>
Investments measured at fair value:				
Mutual funds	\$ 29,352,941	\$ -	\$ -	\$ 29,352,941
Total investments at fair value	\$ 29,352,941	\$ -	\$ -	\$ 29,352,941
Investments measured at net asset value (a):				
Common/collective trust				233,316
Total investments at fair value				\$ 29,586,257

(a) In accordance with Subtopic 820-10, the common/collective trust investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

NOTE 6: FAIR VALUE MEASUREMENTS (CONTINUED)

Fair Value of Investments in Entities that Use NAV: The following table summarizes the common/collective trust measured at fair value based on NAV per share as of December 31:

2022					
<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Other redemption restrictions</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$ 331,623	None	Daily	None	30 Days

2021					
<u>Investment</u>	<u>Fair Value</u>	<u>Unfunded Commitments</u>	<u>Redemption Frequency</u>	<u>Other redemption restrictions</u>	<u>Redemption Notice Period</u>
Common/collective trust	\$ 233,316	None	Daily	None	30 Days

NOTE 7: RELATED PARTY TRANSACTIONS AND PARTY-IN-INTEREST TRANSACTIONS

The Plan engages in investment transactions with funds managed by Fidelity Management Trust Company, the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Administrative expenses paid by the Plan to the trustee are reported as administrative expenses in the statement of changes in net assets available for benefits.

NOTE 8: SUBSEQUENT EVENTS

The date to which events occurring after December 31, 2022, the date of the most recent statement of financial position, have been evaluated for possible adjustment to the financial statements or disclosure is August 7, 2023, which is the date the financial statements were available to be issued.
