INDEPENDENT AUDITORS' REPORT

To the Administrators of
Simplex Industries, Inc. 401(K) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Simplex Industries, Inc. 401(K) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Simplex Industries, Inc. 401(K) Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the year then ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the accrual method of accounting in the format prescribed by the Department of Labor (DOL) Rules and Regulations for Reporting under ERISA.
- the information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Simplex Industries, Inc. 401(K) Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the accrual method of accounting in the format prescribed by the Department of Labor (DOL) Rules and Regulations for Reporting under ERISA, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Simplex Industries, Inc. 401(K) Plan's ability to continue as a going concern one year after the date the financial statements are issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Simplex Industries, Inc. 401(K) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Simplex Industries, Inc. 401(K) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the accrual method of accounting in the format prescribed by the Department of Labor (DOL) Rules and Regulations for Reporting under ERISA.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the accrual method of accounting in the format prescribed by the Department of Labor (DOL) Rules and Regulations for Reporting under ERISA.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedules Required by ERISA

The supplemental schedules of Schedule H, Line 4i - Schedule of Assets (Held at End of Year) and Schedule H, Line 4a - Schedule of Delinquent Participant Contributions as of December 31, 2022, are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or are derived from the certified investment information, is presented, in all material respects, in conformity with the DOL Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedules related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

1. DESCRIPTION OF PLAN

The following description of the Simplex Industries, Inc. (the "Company") 401(K) Plan, which also includes the employees of Simplex Construction Co., Inc., and Cornerstone Construction Services, Inc., provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions. The Plan's initial effective date was January 1, 1996. The Plan was amended and restated effective February 18, 2022 to incorporate changes in qualification requirement in the 2017 Cumulative List of Notice 2017-37, 2017-29 Internal Revenue Bulletin (IRS) 89 and to adopt the provisions of the CARES and SECURE ACTS.

A. General:

The Plan is a defined contribution plan covering all full-time employees of Simplex Industries, Inc., Simplex Construction Co., Inc. and Cornerstone Construction Services, Inc. who have six months of service and are age nineteen or older. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

B. Contributions:

Each year, participants may contribute any percentage of pre-tax or after-tax (Roth) annual compensation defined as wages, tips and other compensation on form W-2, up to the current year's elective deferral limit. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may be automatically enrolled into the Plan at a contribution rate of three percent, unless they opt out of participation. Participants may also contribute amounts representing distributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Company may make matching contributions equal to a discretionary percentage that may be different for each participating business unit as determined by the Company. During 2022, the Company contributed twenty-five percent of the first six percent of a participant's compensation. The Company may make additional discretionary matching contributions to participants that completed at least 1,000 hours of service and are employed on the last day of the Plan year. No additional discretionary matching contributions were made in 2022. Contributions are remitted to the Plan on a weekly basis. Contributions are subject to certain limitations.

C. Participant Accounts:

Each participant's account is credited with the participant's contribution and the Company's matching contribution, and allocation of the (a) company's discretionary matching contributions and (b) plan earnings. Participant accounts are charged with benefit payments, transaction fees related to notes receivable from participants and distributions, and an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

D. Vesting:

Participants are vested immediately in their contributions plus actual earnings thereon. Vesting in the company's contribution portion of their accounts is based on years of continuous service. The vesting schedule for participants in the plan is:

0%	After One Year of Vesting Service
20%	After Two Years of Vesting Service
40%	After Three Years of Vesting Service
60%	After Four Years of Vesting Service
80%	After Five Years of Vesting Service
100%	After Six Years of Vesting Service

E. Notes Receivable from Participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from 1-5 years or up to 25 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear a reasonable rate of interest based on the prime interest rate plus 2%. At December 31, 2022, interest rates range from 5.25% to 9.50%. Principal and interest is paid ratably through weekly payroll deductions. Participants may only have one loan outstanding at a time.

F. Payment of Benefits:

On termination of service due to death, disability, retirement or other reasons a participant may receive a lump-sum distribution in an amount up to the value of the participant's vested interest in his or her account. A participant may withdraw all or part of his/her fully vested pre-tax elective deferral account in the event of undue financial hardship. A participant that is 59½ years of age may take an in service withdrawal of his/her fully vested funds. The Plan allows automatic lump sum distributions if the value of the participants vested account balance is less than \$5,000. The participant must consent to distributions in excess of \$5,000. Accounts with a value of \$1,000 or less are distributed as a lump sum cash payment. If accounts are valued greater than \$1,000 but less than \$5,000, and the participant does not elect a rollover account, the Plan Administrator will transfer the funds to an individual retirement account designated by the Plan Administrator.

G. Forfeited Accounts:

There may be forfeitures related to the Company's matching contributions. At December 31, 2022 and 2021 forfeited nonvested accounts totaled \$79 and \$5, respectively. These accounts will be used to reduce employer contributions or pay administrative expenses. In 2022, there were \$9,681 in additional forfeitures and earnings and \$9,273 was used to pay administrative expenses and \$334 was used to reduce employer contributions.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

H. Plan Amendments:

Effective January 2020, the Plan has adopted certain requirements of the Setting Every Community Up for Retirement Enhancement (SECURE) Act which changed required minimum distribution age from 70.5 to 72, requires non-spouse beneficiaries to withdraw funds within ten years, allows penalty free withdrawals for new parents and other provisions. The Plan was amended on February 18, 2022.

Effective April 2020, the Plan adopted the suspension of required minimum distribution provision of the Coronavirus Aid, Relief, and Economic Security (CARES) Act that was signed into law on March 27, 2020. As a result of the act, required minimum distributions were completely waived for 2020. The Plan was amended on February 18, 2022.

Effective April 2020, the Plan adopted the distribution provision of the CARES Act. A CARES Act distribution allows the Plan's participants to take a COVID-19 related distribution up to \$100,000 from the Plan beginning on or after January 1, 2020 and before December 1, 2020. The Plan was amended on February 18, 2022.

Effective April 2020, the Plan has adopted the temporary loan repayment deferral provision of the CARES Act. The deferral provision adopted by the Plan allows qualified Plan participants who have Plan loan repayments to defer such repayments for twelve months. The Plan was amended on February 18, 2022.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Accounting:

The financial statements of the Plan are prepared using the accrual method of accounting, and are presented in the format prescribed by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974 ("Department of Labor"). The prescribed format differs from accounting principles generally accepted in the United States of America in that they do not require interest and dividends earned within mutual funds, pooled separate accounts, or bank collective trusts, etc., to be reported separately from the change in fair value (e.g. net appreciation/depreciation).

Investments held by a defined contribution plan are required to be reported at fair value, except for fully benefit-responsive investment contracts. Contract value is the relevant measurement for the portion of the net assets available for benefits of a defined-contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants normally would receive if they were to initiate permitted transactions under the terms of the Plan.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

B. Use of Estimates:

The preparation of financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

C. Investment Valuation and Income Recognition:

Investments are reported at fair value (except for the fully benefit-responsive investment contract, which is reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Plan management determines the Plan's valuation policies utilizing information provided by the investment advisers, custodians and insurance company. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Contributions are recorded in the period earned. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the plan's gains and losses on investments bought and sold as well as held during the year and may include interest and dividends earned in pooled separate accounts as allowed by the Department of Labor.

D. Notes Receivable from Participants:

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases employment all loans become due and payable at the severance date. If not repaid or directly rolled over to a new employer's Plan the Plan administrator will deem the participant loan to be in default and the participant loan balance will be reduced and a benefit payment will be recorded.

E. Payment of Benefits:

Benefits are recorded when paid.

F. Administrative Expenses:

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation of fair value of investments.

G. Date of Management Review:

Subsequent events were evaluated through September 14, 2023, which is the date the financial statements were available to be issued.

3. INFORMATION CERTIFIED TO BY THE PLAN CUSTODIAN

The Plan administrator has elected the method of compliance in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, as permitted under such election, the following investment information was certified in accordance with 29 CFR 2520.103-5 of the DOL Rules and Regulations for Reporting and Disclosure under ERISA as complete and accurate by the custodian, Delaware Charter Guarantee & Trust Company d/b/a Principal Trust Company (Principal Trust Company) and was not subjected to any auditing procedures performed by the independent auditors.

- a. Investments at fair value as shown in the accompanying statements of net assets available for benefits of \$5,893,634 as of December 31, 2022, and \$6,932,581 as of December 31, 2021.
- b. Investments at contract value as shown in the accompanying statements of net assets available for benefits of \$970,908 as of December 31, 2022 and \$1,060,329 as of December 31, 2021.
- c. Notes receivable from participants as shown in the accompanying statements of net assets available for benefits of \$148,505 and \$166,489 as of December 31, 2022 and 2021, respectively.
- d. Net investment loss of \$1,193,616 and \$10,054 of interest income on notes receivable from participants as shown in the accompanying statement of changes in net assets available for benefits for the year ended December 31, 2022.
- e. All investment-related information in the accompanying supplemental Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022.

4. FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3 measurements). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1:

Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the plan has the ability to access.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

Level 2:

Input to the valuation methodology include

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability; and
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3:

Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Pooled Separate Accounts:

Valued at the net asset value (NAV) of units of pooled separate accounts at Principal Trust Company, the Plan custodian. The NAV, as provided by Principal Trust Company, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

Common/Collective Trusts:

Valued at the net asset value (NAV) of units of a bank collective trust at Principal Trust Company, the Plan custodian. The NAV, as provided by the Plan custodian, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

Registered Investment Companies:

Valued at the daily closing price as reported by the fund. Registered investment companies held by the Plan are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The registered investment companies held by the Plan are deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's fair value measurements as of December 31, 2022 and 2021.

Assets at Fair Value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total

INVESTMENTS AT FAIR VALUE	<u>\$ 2,596,344</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 6,932,581</u>

(a) In accordance with subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the Statement of Net Assets Available for Benefits.

Fair Value of Investments in Entities that Use NAV

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2022 and 2021, respectively. Since the individual funds comprising the Plan's investment in pooled separate accounts and common/collective trusts did file a Form 5500 as a direct filing entity (DFE), disclosures of significant investment strategies are not required.

5. GUARANTEED INVESTMENT CONTRACT WITH INSURANCE COMPANY

Principal Trust Company on behalf of the Plan entered into a benefit-responsive investment contract with Principal Life Insurance Company reported as the Principal Fixed Income Guaranteed Option. Principal Life maintains the contributions in a general account. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The guaranteed investment contract issuer is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan.

The guaranteed investment contract meets the fully benefit-responsive criteria and therefore is reported at contract value. Contract value is the relevant measure for fully benefit investment contracts because this is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Contract value represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

The Plan's ability to receive amounts due in accordance with fully benefit-responsive investment contracts is dependent on the third party to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments.

The crediting interest rate is established on the first day of semi-monthly, and is credited on a daily basis, based on the beginning daily balance of the fund. The interest rate is the daily equivalent of the effective annual rate of interest applicable for each month. At December 31, 2022 the interest rate was 1.75%.

Certain events limit the ability of the Plan to transact at contract value with the issuer. Such an event includes the transfer of all or part of a participants funds to a competing fixed fund within the Plan. Plan management believes that the occurrence of an event that would limit the Plan's ability to transact at contract value with participants is not probable.

The investment contract has no stated maturity.

6. PARTY-IN-INTEREST

The Plan investments included shares of common/collective trusts, pooled separate accounts and registered investment companies managed by Principal Trust Company, the custodian as defined by the Plan and, therefore, these transactions qualify as party in interest. Fees incurred by the Plan for investment management services from Principal Trust Company are included in net appreciation in fair value of the investment as they are paid through revenue sharing, rather than a direct payment.

During 2022, the custodian charged \$5,486 in distribution and loan fees directly to applicable participants and allocated \$48,710 in administrative and advisory fees to participants.

The Plan sponsor pays the administrative and audit fees for the Plan.

7. PLAN TERMINATION

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100 percent vested in employer discretionary matching contributions.

SIMPLEX INDUSTRIES, INC. 401(K) PLAN
NOTES TO FINANCIAL STATEMENTS
FOR THE YEAR ENDED DECEMBER 31, 2022 AND 2021

8. TAX STATUS

On June 30, 2020, the IRS stated that the prototype plan adopted by the Plan, as then designed, qualifies under Internal Revenue Code (IRC) Section 401(a). Although the Plan has been amended since receiving the June 30, 2020 letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax exempt. Therefore, no provision for income taxes have been included in the Plan's financial statements.

Plan management is required to evaluate tax positions taken by the Plan and recognizes a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the applicable authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for years prior to 2019.

9. RISKS AND UNCERTAINTIES

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participant's account balances and amounts reported in the statement of net assets available for benefits.

10. ECONOMIC IMPACT

In December 2019, a novel strain of coronavirus was reported in Wuhan, China. The World Health Organization has declared the outbreak to constitute a "Public Health Emergency of International Concern." The COVID-19 outbreak disrupted supply chains and affected production across a wide range of industries. As a result of the Pandemic, the Plan was affected mainly by market responses to the economic effects of shutdowns and disruptions. However, effects to the Plan have been minimal up to this point.

Depending on the duration of the COVID-19 crisis and continued negative impact on economic activity, the Plan might experience negative results. The exact impact on our activities in the remainder of 2023 and thereafter cannot be predicted.

12. EXCESS CONTRIBUTIONS

Contributions received from participants for 2022 are net of payments of \$6,387 made in 2022 to certain active participants to return to them excess deferral contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. That amount is also included in the Plan's Statement of Net Assets Available for Benefits as Excess Contributions Payable at December 31, 2022.

13. PROHIBITED TRANSACTIONS

The Plan Sponsor missed submitting employee contributions of \$112 within the period prescribed by Department of Labor regulations. The missed contributions were due to COVID sick pay and additional check for one employee. The Plan Sponsor has submitted the missed contributions along with lost earnings to the Plan's Trustee. The Plan Sponsor used the Voluntary Fiduciary Correction Program (VFCP) to calculate the lost earnings on the missed contributions of \$112.

14. SUBSEQUENT EVENT

The SECURE 2.0 Act made a change to the age an individual must begin taking required minimum distributions (RMD). Effective January 1, 2023, the age to begin taking an RMD increased to 73 for individuals who turn 72 on or after January 1, 2023. The RMD age increases to 75 in 2033. The Plan will need to be amended for this provision.
