INDEPENDENT AUDITOR'S REPORT

To the Participants and Plan Administrator of the
Cooper Machinery Services 401(k) Plan:

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements

We have performed an audit of the financial statements of the Cooper Machinery Services 401(k) Plan ("the Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's ("DOL") Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 5 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

INDEPENDENT AUDITOR'S REPORT, continued

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

INDEPENDENT AUDITOR'S REPORT, continued

Other Matters - 2022 Supplemental Schedule Required by ERISA

The supplemental schedule, *Schedule H, Line 4i – Schedule of Assets (Held at End of Year)* as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

COOPER MACHINERY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan

The following description of Cooper Machinery Services 401(k) Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, formed effective January 1, 2020 covering all full-time employees of Cooper Machinery Services (the "Company") meeting participation requirements described below. The Plan is subject to the Employee Retirement Income Security Act of 1974, as amended ("ERISA"), and all requirements of Section 401(a) of the Internal Revenue Code ("IRC").

The Plan was amended and restated effective January 1, 2021 to incorporate past amendments, and for the employer to make a discretionary match contribution equal to a uniform percentage of salary deferrals and to change the vesting requirements for the employer discretionary match contributions. The provisions related to the amended and restated Plan are included in the notes to the financial statements.

Effective January 1, 2021, the Plan was amended to allow assets attributable to a plan formerly sponsored by Energy Dynamics, Ltd. to be merged into the Plan from the Energy Dynamics, Ltd. 401(k) Plan and assets attributable to a plan formerly sponsored by Sinor Engine Company, Inc. to be merged into the Plan from the SEC 401(k) Profit Sharing Plan. In addition, the participants of the Energy Dynamics, Ltd. 401(k) Plan and the SEC 401(k) Profit Sharing Plan became participants of the Plan. As a result of these mergers, a total of \$13,660,092 in assets were transferred to the Plan during February 2021.

Administration

The Company is responsible for the administration and operation of the Plan. The Chief Executive Officer of the Company serves as the trustee of the Plan and Voya Retirement Insurance and Annuity Company (the "Custodian" or "Voya") serves as the custodian and recordkeeper.

Eligibility

All Company employees are eligible to participate in the Plan except (i) collectively-bargained employees, (ii) non-resident aliens who do not have United States income, (iii) leased employees, (iv) and interns.

Employees meeting the eligibility requirements described above may begin participating in the Plan on their date of hire after satisfying the eligibility requirements.

Automatic Enrollment

Employees who first become eligible to participate in the Plan are automatically enrolled on the date of hire and are given a thirty-day period to elect a deferral rate or to decline participation on the Plan. If the participant takes no action, a 4% contribution will be deducted from the participant's eligible wages and the deferral rate will be automatically increased based on the Plan year in which the automatic deferrals first apply to the participant.

<u>Plan Year</u>	<u>Percentage</u>
1	4%
2	5%
3	6%
4	7%
5	8%
6	9%
7 and thereafter	10%

Contributions

Employees may adjust their deferral rate at any time and can elect to contribute up to 50% of their eligible compensation as a pre-tax elective deferral or a Roth elective deferral not to exceed the \$20,500 limitation as set forth in Section 402(g) of the IRC. Participants may make catch-up contributions, pre-tax contributions that exceed the annual elective deferral limit, during any calendar year ending on or after the participant's 50th birthday.

COOPER MACHINERY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Contributions, continued

Participants' total catch-up contributions during both 2022 and 2021 cannot exceed \$6,500. Participants may also make rollover contributions from other qualified plans. Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan was amended to eliminate the Safe Harbor match effective June 1, 2020. For the year ended December 31, 2021, the Company made no contributions to the Plan.

Effective January 1, 2021, the Plan was amended and restated for the employer to make a discretionary match contribution equal to a uniform percentage of salary deferrals. For the year ended December 31, 2022, the Company made discretionary match contributions of \$1,378,491 to the Plan.

Participant Accounts

Each participant's account is credited with the participant's salary deferrals and rollover contributions and allocations of the Company contributions and Plan earnings and losses. Plan earnings and losses, net of appreciation (depreciation), are allocated as of the last day of each calendar quarter in the same proportion that each participant's and former participant's non-segregated accounts bear to the total of all participant's and former participant's non-segregated accounts as of the last day of each calendar quarter. Participants self-direct the allocation of contributions to investment choices offered under the Plan.

Administrative Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and distributions are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) in fair value of investments.

Vesting

For those participants enrolled in the Plan prior to January 1, 2021, participants are immediately vested in their employee contributions and earnings thereon as well as balances rolled over into the Plan from other qualified benefit plans under ERISA and their safe harbor matching contributions.

Effective January 1, 2021, the Plan provides for the following discretionary employer contribution vesting schedule for terminations, death or permanent disability:

<u>Years of Service</u>	<u>Percentage</u>
Less than 2 years	0%
2 years, but less than 3 years	20%
3 years, but less than 4 years	40%
4 years, but less than 5 years	60%
5 years, but less than 6 years	80%
6 years to more	100%

The participants upon attaining normal retirement age, become fully vested in their discretionary employer contributions.

Notes Receivable from Participants

A participant with an account balance of \$2,000 or greater may borrow from his or her account a minimum of \$1,000 up to a maximum amount not to exceed the lesser of 50% of his or her account balance, or \$50,000. Only one loan is permitted to be outstanding for a participant at a time. Loan terms range from 1 to 5 years except in the case of a loan used to acquire a principal residence which will be a reasonable period of time determined at the time the loan is made. The loans are secured by the balance in the participant's account and bear interest at a rate of prime plus one percent. Loan repayments are made ratably through payroll deductions. For the years ending December 31, 2022 and 2021, interest rates on outstanding loans ranged from 4.25% to 8.5%.

COOPER MACHINERY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of Plan, continued

Payment of Benefits

Benefit payments are typically made in a lump-sum distribution to the participant upon termination of employment, disability or retirement or to the designated beneficiary in the event of death, equal to the balance of the participant's account. Participants over the age of 59 ½ may make in-service withdrawals of the vested value of their accounts, subject to certain limitations as described in the Plan document.

Hardship withdrawals prior to the age of 59 ½ are also permitted under certain circumstances.

Forfeitures

Forfeited nonvested accounts, subject to the Plan administrator's discretion, may be applied to employer contributions or Plan expenses. At December 31, 2022 and 2021, forfeitures available to reduce future employer contributions or pay Plan expenses were \$1,471 and \$32, respectively. During the years ended December 31, 2022 and 2021, no forfeitures were used to reduce employer contributions or pay Plan expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared using the accrual method of accounting in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP").

Use of Estimates

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

Risks and Uncertainties

The Plan provides for various investment securities. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Investment Valuation and Income Recognition

Certain Plan investments are stated at fair value. Shares of pooled separate accounts are valued at the net asset value ("NAV") of shares held by the Plan at year-end. See Note 3 for a discussion of fair value measurements. The Plan invests in a fully-benefit responsive investment contract ("FBRIC") which is accounted for at contract value. Contract value is the relevant measure for the portion of the assets available for benefits of a defined contribution plan attributable to FBRICs because contract value is the amount participants would normally receive if they were to initiate permitted transactions under the terms of the Plan. (see Note 4).

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021 as management determined the loans were properly collateralized.

Benefit Payments

Benefits are recorded when paid.

3. Fair Value Measurements

Accounting Standards Codification Topic 820 ("ASC 820"), *Fair Value Measurements and Disclosures*, establishes a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described below:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

In determining the fair value of assets and liabilities, the Plan generally uses the market approach, which uses prices and other relevant data based on market transactions involving identical or comparable assets and liabilities.

Pooled separate accounts: Valued at the net asset value ("NAV") of units based on the quoted market price of the underlying securities and the number of units owned by the Plan at year end. The NAV, as provided by the Custodian, is used as a practical expedient to estimate fair value.

The methodology described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while Plan management believes its valuation methodology is appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

In accordance with ASC 820, investments measured at NAV per share (or its equivalent) as a practical expedient, are not classified in the fair value hierarchy. At December 31, 2022 and 2021, all investments are either reported at contract value or are in pooled separate accounts and are measured at fair value, using NAV as a practical expedient. Accordingly, no fair value hierarchy is presented.

COOPER MACHINERY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

3. Fair Value Measurements, continued

For the investments in pooled separate accounts, as of December 31, 2022 and 2021, total fair value of \$18,622,775 and \$25,883,296, respectively, there were not any unfunded commitments or redemption notice periods and the redemption frequency was daily. Pooled separate accounts invest primarily in long-term bonds, domestic and international stocks, or single mutual funds. These funds seek both capital and appreciation and include a combination of assets, such as aggressive stocks, international stocks, large-company stocks, government bonds, foreign bonds or money markets. The allocation percentage to each asset type may be fixed, bounded by a range, or determined at the discretion of the manager. Managers of these funds review market conditions regularly and refine the asset allocation mixture they believe will achieve the best risk adjusted performance based on the stated objectives and target allocations of the particular fund. The underlying investments held by each pooled separate account are traded on an active market.

4. Guaranteed Investment Account

At December 31, 2022 and 2021, the Plan entered into a traditional fully benefit-responsive guaranteed investment contract with Voya (the "Issuer"). Contributions are maintained in a fixed account backed by the general assets of the Issuer. The account is credited with earnings on the underlying investments and charged for participant withdrawals and administrative expenses. The Issuer of the guaranteed investment account is contractually obligated to repay the principal and a specified interest rate that was guaranteed to the Plan.

The guaranteed investment contract is fully benefit-responsive and accordingly, is presented in the accompanying Statement of Net Assets Available for Benefits at contract value. Contract value, as reported to the Plan by the Issuer, represents contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of the investment at contract value.

Certain events limit the ability of the Plan to transact at contract value with the Issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the Plan Sponsor or other Plan Sponsor events (for example, divestitures or spin-offs of a subsidiary) that caused a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract. The Plan administrator does not believe that the occurrence of any such event, which would limit the Plan's ability to transact at contract value with participants is probable.

There are no reserves against the contract value for credit risk of the contract issuer or otherwise. The guaranteed investment account with Voya has a guaranteed annual interest rate of no less than 1.00%. The guaranteed interest rate is redetermined annually, however, under no circumstances will the redetermined rate be less than 1.00%. The guaranteed interest rate as of December 31, 2022 and 2021 was 1.00%.

5. Information Certified by the Plan's Custodian (Unaudited)

The Plan Administrator has elected the method of annual reporting and compliance permitted by 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, certain information related to investments disclosed in the accompanying financial statements and supplemental schedule, including investments held at December 31, 2022 and 2021, and net (depreciation) appreciation in the fair value of investments, interest and dividends, and interest from notes receivable from participants for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Custodian.

The Plan's independent auditors did not perform auditing procedures with respect to this information, except for comparing such information to the related information included in the financial statements and supplemental schedule.

COOPER MACHINERY SERVICES 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS

6. Plan Termination

Although it has not expressed any interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants become 100% vested in their account balances.

7. Tax Status

The Plan adopted a prototype non-standardized profit-sharing plan document ("Prototype Plan") designed by Voya. The Prototype Plan received an IRS opinion letter dated September 1, 2014, stating that the plan document complied with the applicable law. The Plan, which continues to use that prototype document, has been subsequently amended and restated; however, management believes it is designed and continues to be operated in compliance with the applicable requirements of the Code and thus is exempt from federal income taxes under the provisions of Section 401(a) of the Code.

U. S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain tax position that more likely than not would not be sustained upon examination. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Party-In-Interest Transactions

Certain Plan investments are in accounts managed by the Custodian and the Plan issues notes receivable from participants. As described in Note 1, the Plan paid expenses related to the plan operations and investment activity to various service providers. These transactions qualify as party-in-interest transactions, as defined by ERISA. However, such transactions are permitted under the provisions of the Plan and are exempt from the prohibition of party-in-interest transactions under ERISA.

9. Subsequent Events

Plan management has evaluated subsequent events through September 26, 2023, which is the date the financial statements were available to be issued, and has concluded that there are no significant events to be reported.
