INDEPENDENT AUDITOR'S REPORT

To the Plan Administrator of the
Versabar 401(k) Profit Sharing Plan,
Houston, Texas.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audits

We have performed audits of the accompanying financial statements of Versabar 401(k) Profit Sharing Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statement of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits (modified cash basis) for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Basis of Accounting

We draw attention to Note 2a of these financial statements, which describes the basis of accounting. The financial statements were prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that manner.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audits of the financial statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of the modified cash basis of accounting.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with the modified cash basis of accounting.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

NOTES TO FINANCIAL STATEMENTS
(MODIFIED CASH BASIS)

Versabar 401(k) Profit Sharing Plan

Houston, Texas

December 31, 2022 and 2021

Note 1 - PLAN DESCRIPTION

The following description of the Versabar 401(k) Profit Sharing Plan (the “Plan”) provides only general information. Participants should refer to the plan document for a more complete description of the Plan’s provisions.

a. General

The Plan is a defined contribution plan covering all employees of Versabar, Inc., Versatruss, Versatech Automation Services, LLC, and Versamarine, (the “Employers”) who have six months of service and are age twenty-one or older, other than (a) employees covered by a collective bargaining agreement, (b) non-resident aliens and (c) interns and temporary employees. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

b. Contributions

Participants may contribute, by salary reduction pursuant to Section 401(k) of the Internal Revenue Code (the “Code”), up to 100% of their pretax annual compensation, as defined in the Plan, not to exceed statutory limits. Participants may also contribute amounts representing eligible rollover distributions from other qualified plans.

The Employers match 100% of each participant’s elective deferral up to 4% of the participant’s eligible compensation. For the year ended December 31, 2022, the Employers contributed \$774,796 net of forfeitures of \$11,527 to the Plan.

In any year, the Employers may also make discretionary non-elective contributions and/or qualified non-elective contributions. The Employers made no discretionary non-elective contributions or qualified non-elective contributions for the year ended December 31, 2022.

Note 1 - PLAN DESCRIPTION (Continued)

c. Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Employers' contributions and plan earnings. Participant accounts are charged with plan losses and an allocation of administrative expenses that are paid by the Plan. Allocations of Employers' contributions are based on participant compensation or salary deferrals, as defined in the plan document, and allocations of plan earnings or losses and expenses are based on account balances or transactions. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

d. Vesting

Participants are immediately vested in their 401(k) deferral contributions, rollover contributions, and Employers' contributions plus actual earnings thereon.

e. Investment Options

The Plan provides a participant-directed investment program, whereby participants select the investments for their accounts. The Plan currently offers several mutual funds and a money market fund as investment options to the participants. These investment options represent several different alternatives to investing with different risk and return characteristics. Participants may change their investment options daily.

f. Payment of Benefits

Benefits are paid in the form of a lump sum. Upon termination of service, a participant whose vested account balance is greater than \$1,000 but less than \$5,000 will be distributed to an Individual Retirement Account or Annuity. Participants with vested account balances of \$1,000 or less will receive an involuntary distribution of their account balances. Additionally, a participant may request an in-service withdrawal of all or part of his or her account balance upon reaching age 59½ or part of the elective deferral portion or safe harbor match of his or her account may be withdrawn as a hardship distribution, as defined in the plan document.

g. Forfeitures

Forfeited accounts are applied to pay administrative expenses or to reduce the contributions of the Employer. During 2022, Employer contributions were by \$11,527 from forfeited accounts. As of December 31, 2022 and 2021 nonvested account forfeitures totaled \$1,785 and \$14,927.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following are the significant accounting policies followed by the Plan:

a. Basis of Accounting

The accompanying financial statements have been prepared on the modified cash basis of accounting. Contributions are recognized when received. Expenses are recorded when paid.

b. Use of Estimates

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results may differ from those estimates.

c. Investment Valuation and Income Recognition

The Plan's investments are stated at fair value based on information provided by Fidelity Management Trust Company. Fair value is the price that would be required to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's management determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee. See Note 4 for a discussion of the fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

d. Payment of Benefits

Benefits are recorded when paid.

e. Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Employers. Expenses that are paid by the Employers are excluded from these financial statements. Investment-related expenses are included in net appreciation (depreciation) of fair value of investments.

Note 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

f. Subsequent Events

The Plan has evaluated subsequent events through September 26, 2023, the date the financial statements were available to be issued.

Note 3 - INFORMATION PREPARED AND CERTIFIED BY THE TRUSTEE

Certain information related to investments disclosed in the accompanying financial statements and supplemental schedule of assets (held at end of year), including investments as of December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments and interest and dividend income for the year ended December 31, 2022, was obtained and derived from information provided to the plan administrator and certified as complete and accurate by Fidelity Management Trust Company, the trustee of the Plan, in accordance with Section 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 - FAIR VALUE MEASUREMENTS

The framework for measuring fair value provides a fair value hierarchy which prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described as follows:

Level 1 Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

Note 4 - FAIR VALUE MEASUREMENTS (Continued)

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 Inputs to the valuation methodology are unobservable and significant to the overall fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

- *Money market and mutual funds:* Valued at the daily closing price as reported by the fund. Money market and mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price (Level 1). The money market and mutual funds held by the Plan were deemed to be actively traded.

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

December 31, 2022				
	Level 1	Level 2	Level 3	Totals
Mutual funds	\$38,194,449	\$ -	\$ -	\$38,194,449
Money market fund	2,917,519	-	-	2,917,519
Total assets in the fair value hierarchy	<u>\$41,111,968</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$41,111,968</u>
December 31, 2021				
	Level 1	Level 2	Level 3	Totals
Mutual funds	\$49,232,482	\$ -	\$ -	\$49,232,482
Money market fund	2,861,833	-	-	2,861,833
Total assets in the fair value hierarchy	<u>\$52,094,315</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$52,094,315</u>

Note 5 - RISK AND UNCERTAINTIES

The Plan provides for various investments in certain mutual funds and a money market fund. Investment securities, in general, are exposed to various risks, such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 6 - PLAN TERMINATION

Although they have not expressed any intent to do so, the Employers have the right under the Plan to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, all amounts credited to participant accounts will be paid to the participant in accordance with the plan document.

Note 7 - TAX STATUS

Effective August 30, 2021, the Plan was restated by the adoption of a non-standardized pre-approved profit-sharing plan. The document sponsor received a favorable opinion letter from the IRS dated June 30, 2020, which states that the non-standardized pre-approved plan is acceptable under the Internal Revenue Code (IRC) Section 401. Although the Plan has been amended since receiving the letter, the Plan administrator and legal counsel believe the Plan is designed, and is currently being operated in compliance with the applicable requirements of the Internal Revenue Code, and therefore believe that the Plan is qualified, and related trust is tax-exempt.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by taxing authorities. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 8 - RELATED PARTY TRANSACTIONS

Certain plan investments are shares of mutual funds and a money market fund managed by affiliates of Fidelity Management Trust Company. Additionally, an affiliate of Fidelity Management Trust Company provides recordkeeping services. Fidelity Management Trust Company acts as the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees incurred by the Plan for the investment services are included in net depreciation in fair value of the investments, as they are paid through revenue sharing, rather than a direct payment. The plan sponsor pays directly any other fees related to the Plan's operations.

Safe Harbor: Fidelity was notified by the Plan Sponsor that all or some portion of the Plan was intended to be Safe Harbor during the testing year. Based on this information, testing was performed under the assumption that all Safe Harbor allocation and notice requirements have or will be met by the Plan. If your Plan did not meet these requirements, contact Testing & Reporting Services for additional information.

Minimum Coverage (Not Applicable): Minimum Coverage testing was not applicable at this time. Reasons why minimum coverage testing was not performed may include (i) the population benefits only collectively bargained employees, (ii) the plan is a 'deferral only' 403(b) plan, (iii) the test type had no eligible contributions.

Safe Harbor: Although the Plan may be considered Safe Harbor and deemed to satisfy Top Heavy requirements, the Top Heavy rules may still apply in certain situations. Fidelity will perform the Top Heavy test due to its prospective basis in calculation and application. If any changes occur to your Safe Harbor status or additional Employer funding is made, the Top Heavy test will apply.

Verification Item(s)

Future Employer Contribution: To ensure the accuracy of all tests, please notify Fidelity via PSW Service Request if any additional contributions are made for this Plan Year End.

Verification Guide: It is suggested that you verify the provided test results for accuracy. To assist you in this process view the Verification Guide [link](#).

Additional Testing Service(s)

Compensation Test Service: Our records indicate that you have elected the Compensation Ratio Testing service and that the last test was performed for the Plan in one of the two plan years immediately preceding the tested plan year. Because testing has been performed in one of the two prior plan years, Fidelity will not be completing this testing for the tested plan year. If there have been significant changes to your plan, it may require that testing be completed before the end of the 3-year testing period. To discuss whether or not a Compensation Ratio Test is required due to significant changes, please contact Testing & Reporting Services. If you would like Fidelity to prepare this additional testing required for your plan, please notify Fidelity via PSW® service request and enter "Perform Compensation Ratio Test due to significant changes" under your inquiry box.
