Independent Auditor's Report

The Atlantic 401 (k) Fiduciary Committee
The Atlantic 401(k) Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Atlantic 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of The Atlantic 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan was established effective June 15, 2021 as a defined contribution plan with 401(k) salary deferral provisions, covering substantially all permanent employees of The Atlantic Monthly Group LLC and related employer, A57 Digital Consulting LLC. The above related companies are collectively referred to as "the Company."

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's management is responsible for oversight of the Plan.

Trustee, custodian and administration of the Plan

The trustee, custodian, and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity). The administrator of the Plan is the Atlantic 401(k) Fiduciary Committee. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's Atlantic 401(k) Fiduciary Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's trustee.

Contributions

Participants may elect to contribute any amount, through pre-tax contributions, up to the lesser of 60% of eligible compensation or the maximum allowable by law. The Plan also allows for after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). For the year ended December 31, 2022, employee rollover contributions totaled \$657,545. The Company may also make matching contributions equal to a discretionary percentage, to be determined by the Company's Board of Directors. For the years ended December 31, 2022, the Company elected to match contributions equal to 50% of participant contributions up to 6% of participant compensation. For the year ended December 31, 2022, the Company made matching contributions of \$1,214,046. In addition, the Company may make discretionary profit sharing contributions to the Plan as determined by the Company's Board of Directors. For the year ended December 31, 2022, no discretionary profit-sharing contributions were made.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The Atlantic 401(k) Plan

Notes to the Financial Statements

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their entire account balance.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to (i) the lesser of \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period, or (ii) 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years unless the loan proceeds were used to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, and at any point in time thereafter, an employee may elect to receive a lump sum amount equal to his or her vested account balance. Actual earnings on each participant's account will be accrued to the date of distribution. Distributions may be deferred until the required beginning date, which is defined as no later than April 1 following the calendar year in which the participant attains the age of 72, unless the participant turned 70½ before January 1, 2020, in which case the participants required beginning date is 70½ years or terminates employment, if later. In a time of financial hardship, as defined by the Plan, participants may withdraw a portion of their account balance while actively employed, subject to a minimum amount of \$500. The Plan also allows participants to receive a distribution of all or any portion of their account balance without terminating employment upon attainment of age 59½ years. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Participants may elect to withdraw their vested account balance after reaching the Plan's normal retirement age (65) or delay it until retirement.

Forfeited accounts

At December 31, 2022 and 2021, forfeited accounts totaled \$0. Forfeited accounts are utilized to reduce Plan expenses or to reduce employer contributions. During the year ended December 31, 2022, no forfeitures were used to reduce Plan expenses or to reduce employer contributions.

The Plan provides for a Revenue Credit Program (RCP), whereby the recordkeeping revenue received by Fidelity in connection with plan services exceeds agreed-upon compensation. These excesses are deposited in a RCP account, which can be used to reduce recordkeeping fees otherwise paid by the Plan. Unallocated revenue credits at December 31, 2022 and 2021 are \$3,020 and \$401, respectively.

The Atlantic 401(k) Plan

Notes to the Financial Statements

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recently issued accounting pronouncement

In June 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale*

The Atlantic 401(k) Plan

Notes to the Financial Statements

Restrictions, to clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and is not considered in measuring the fair value of the equity security in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. ASU No. 2022-03 also adds certain disclosures for equity securities subject to contractual sales restrictions. ASU No. 2022-03 is effective and applied prospectively for public business entities for fiscal years beginning after December 15, 2023, and for all other entities is effective and applied prospectively for fiscal years beginning after December 15, 2024. Plan management is in the process of evaluating the effect of this ASU on the Plan's financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, net and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

ASC 820 provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

The Atlantic 401(k) Plan

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund: valued at the net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust (CIT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described above may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Atlantic 401(k) Plan

Notes to the Financial Statements

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2022				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 40,294,300	\$ 40,294,300	\$ -	\$ -
Money market fund	256,385	256,385	-	-
Total assets at fair value level	\$ 40,550,685	\$ 40,550,685	\$ -	\$ -

Total investments measured at net asset value (NAV)* \$ 657,691

Total investments at fair value \$ 41,208,376

Assets at Fair Value as of December 31, 2021				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 45,835,076	\$ 45,835,076	\$ -	\$ -
Money market fund	511,268	511,268	-	-

Total investments measured at net asset value (NAV)* \$ 527,199

Total investments at fair value \$ 46,873,543

** In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.*

The Atlantic 401(k) Plan

Notes to the Financial Statements

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. The redemption information below is applicable only to the Plan:

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Fidelity MIP	\$ 657,691	\$ 527,199	None	Daily	None*

**Withdrawals directed by a Plan sponsor must be preceded by 12 months written notice to Fidelity, (MIP Trustee); however, the MIP Trustee may, in its discretion, grant an earlier withdrawal. The Fidelity MIP is a direct filing entity.*

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates. Participant loan, distribution processing fees, and certain chosen investment advisory services are paid to Fidelity by participants. The Plan paid for third party administrator fees and recordkeeper fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Income Tax Status

Effective June 15, 2021, the Plan adopted the Fidelity Management & Research Company Non-Standardized Pre-Approved Profit Sharing Plan (Pre-Approved Plan). Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the Pre-Approved Plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with

The Atlantic 401(k) Plan

Notes to the Financial Statements

the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 41,504,116	\$ 47,100,403
Difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund	(44,397)	4,692
Net assets available for benefits per the Form 5500	\$ 41,459,719	\$ 47,105,095

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (5,596,287)
Plus: difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund for 2022	(44,397)
Plus: difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund for 2021	(4,692)
Net loss per the Form 5500	\$ (5,645,376)

10. Subsequent Events

The Plan Administrator evaluated subsequent events through September 26, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.

Independent Auditor's Report

The Atlantic 401 (k) Fiduciary Committee
The Atlantic 401(k) Plan
Washington, DC

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of The Atlantic 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA (ERISA Section 103(a)(3)(C) audit). As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the investment information is prepared and certified to by the qualified institution in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report:

- the amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP); and
- the certified investment information in the accompanying financial statements agrees to, or is derived from, in all material respects, the information prepared and certified by a qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that the financial statements are issued or available to be issued.

Management is responsible for maintaining a current plan instrument, including all plan amendments. Management is also responsible for administering the Plan and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule (Schedule H, Line 4i - Schedule of Assets (Held at End of Year) as of December 31, 2022) is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to

the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the ERISA-required supplemental schedule, we evaluated whether the ERISA-required supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion

- the form and content of the ERISA-required supplemental schedule, other than the information in the ERISA-required supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- the certified investment information in the ERISA-required supplemental schedule agrees to, or is derived from, in all material respects, the information prepared and certified by the qualified institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to the Financial Statements

1. Description of the Plan

The following description of The Atlantic 401(k) Plan (the Plan) is provided for general information purposes only. Participants should refer to the Plan document and any amendments thereto for a more complete description of the Plan's provisions.

General

The Plan was established effective June 15, 2021 as a defined contribution plan with 401(k) salary deferral provisions, covering substantially all permanent employees of The Atlantic Monthly Group LLC and related employer, A57 Digital Consulting LLC. The above related companies are collectively referred to as "the Company."

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Company's management is responsible for oversight of the Plan.

Trustee, custodian and administration of the Plan

The trustee, custodian, and recordkeeper of the Plan is Fidelity Management Trust Company (Fidelity). The administrator of the Plan is the Atlantic 401(k) Fiduciary Committee. Fidelity holds all assets of the Plan in accordance with the service provider contract with the Company. The Company's Atlantic 401(k) Fiduciary Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Plan's trustee.

Contributions

Participants may elect to contribute any amount, through pre-tax contributions, up to the lesser of 60% of eligible compensation or the maximum allowable by law. The Plan also allows for after-tax Roth contributions. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (rollover contributions). For the year ended December 31, 2022, employee rollover contributions totaled \$657,545. The Company may also make matching contributions equal to a discretionary percentage, to be determined by the Company's Board of Directors. For the years ended December 31, 2022, the Company elected to match contributions equal to 50% of participant contributions up to 6% of participant compensation. For the year ended December 31, 2022, the Company made matching contributions of \$1,214,046. In addition, the Company may make discretionary profit sharing contributions to the Plan as determined by the Company's Board of Directors. For the year ended December 31, 2022, no discretionary profit-sharing contributions were made.

Contributions are subject to certain Internal Revenue Service (IRS) limitations. Participants direct the investment of their contributions into various investment options offered by the Plan.

Participant accounts

Each participant's account is credited with the participant's contributions, including amounts rolled over from other qualified plans, and the Company's matching contributions, as well as allocations of the Company's profit sharing contribution, if any, and Plan earnings. Participant accounts are charged with an allocation of administrative expenses that are paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined.

The Atlantic 401(k) Plan

Notes to the Financial Statements

The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their entire account balance.

Notes receivable from participants

Participants may borrow from their accounts a minimum of \$1,000 up to a maximum equal to (i) the lesser of \$50,000 reduced by the highest outstanding balance of any prior loans from the Plan during the prior one-year period, or (ii) 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at rates that range from 4.25% to 7.25%, which are commensurate with local prevailing rates as determined by the Plan Administrator. Loan terms range from one to five years unless the loan proceeds were used to purchase a primary residence. Principal and interest are paid ratably through payroll deductions.

Payment of benefits

Upon termination of service, and at any point in time thereafter, an employee may elect to receive a lump sum amount equal to his or her vested account balance. Actual earnings on each participant's account will be accrued to the date of distribution. Distributions may be deferred until the required beginning date, which is defined as no later than April 1 following the calendar year in which the participant attains the age of 72, unless the participant turned 70½ before January 1, 2020, in which case the participants required beginning date is 70½ years or terminates employment, if later. In a time of financial hardship, as defined by the Plan, participants may withdraw a portion of their account balance while actively employed, subject to a minimum amount of \$500. The Plan also allows participants to receive a distribution of all or any portion of their account balance without terminating employment upon attainment of age 59½ years. Participants may elect to rollover their vested balance to another qualified retirement plan or IRA. Participants may elect to withdraw their vested account balance after reaching the Plan's normal retirement age (65) or delay it until retirement.

Forfeited accounts

At December 31, 2022 and 2021, forfeited accounts totaled \$0. Forfeited accounts are utilized to reduce Plan expenses or to reduce employer contributions. During the year ended December 31, 2022, no forfeitures were used to reduce Plan expenses or to reduce employer contributions.

The Plan provides for a Revenue Credit Program (RCP), whereby the recordkeeping revenue received by Fidelity in connection with plan services exceeds agreed-upon compensation. These excesses are deposited in a RCP account, which can be used to reduce recordkeeping fees otherwise paid by the Plan. Unallocated revenue credits at December 31, 2022 and 2021 are \$3,020 and \$401, respectively.

The Atlantic 401(k) Plan

Notes to the Financial Statements

2. Summary of Significant Accounting Policies

Basis of accounting

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Company determines the Plan's valuation policies utilizing information provided by the investment advisor and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at the unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If a participant ceases to make loan repayments and the Plan Administrator deems the participant loan to be in default, the participant loan balance is reduced, and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Administrative expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation of fair value of investments.

Recently issued accounting pronouncement

In June 2022, the Financial Accounting Standards Board (FASB) issued Accounting Standards Update (ASU) No. 2022-03, *Fair Value Measurement of Equity Securities Subject to Contractual Sale*

The Atlantic 401(k) Plan

Notes to the Financial Statements

Restrictions, to clarify that a contractual restriction on the sale of an equity security is not considered part of the unit of account of the equity security and is not considered in measuring the fair value of the equity security in accordance with Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. ASU No. 2022-03 also adds certain disclosures for equity securities subject to contractual sales restrictions. ASU No. 2022-03 is effective and applied prospectively for public business entities for fiscal years beginning after December 15, 2023, and for all other entities is effective and applied prospectively for fiscal years beginning after December 15, 2024. Plan management is in the process of evaluating the effect of this ASU on the Plan's financial statements.

3. Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Fidelity, a qualified institution, has certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and notes receivable from participants as shown in the statements of net assets available for benefits as of December 31, 2022 and 2021.
- Investment loss, net and interest income from notes receivable from participants as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022.
- Investment information included in the schedule of assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental schedule.

At the request of the Plan Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified investment information, except for comparing such certified investment information to the related information included in the financial statements and ERISA-required supplemental schedule.

4. Fair Value Measurements

ASC 820 provides for a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under ASC 820 are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 - Inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from, or corroborated by, observable market data by correlation or other means.

The Atlantic 401(k) Plan

Notes to the Financial Statements

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

There have been no changes in the methodologies used at December 31, 2022 or 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Money Market Fund: valued at the net asset value (NAV) of shares held by the Plan at year end based upon quoted market prices.

Mutual Funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective Investment Trust (CIT): Valued at the NAV of units of a collective trust fund. The NAV, as provided by the trustee of the CIT, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchased and sales) may occur daily.

The preceding methods described above may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The Atlantic 401(k) Plan

Notes to the Financial Statements

The following tables sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31:

Assets at Fair Value as of December 31, 2022				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 40,294,300	\$ 40,294,300	\$ -	\$ -
Money market fund	256,385	256,385	-	-
Total assets at fair value level	\$ 40,550,685	\$ 40,550,685	\$ -	\$ -

Total investments measured at net asset value (NAV)* \$ 657,691

Total investments at fair value \$ 41,208,376

Assets at Fair Value as of December 31, 2021				
	Total	Fair Value Hierarchy Level		
		Level 1	Level 2	Level 3
Investments by fair value level:				
Mutual funds	\$ 45,835,076	\$ 45,835,076	\$ -	\$ -
Money market fund	511,268	511,268	-	-
Total assets at fair value level	\$ 46,346,344	\$ 46,346,344	\$ -	\$ -

Total investments measured at net asset value (NAV)* \$ 527,199

Total investments at fair value \$ 46,873,543

** In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) as a practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items present in the statements of net assets available for benefits.*

The Atlantic 401(k) Plan

Notes to the Financial Statements

Investments Measured Using the NAV per Share Practical Expedient

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021. The redemption information below is applicable only to the Plan:

	2022 Fair Value	2021 Fair Value	Unfunded Commitments	Redemption frequency (if currently eligible)	Redemption Notice Period
Fidelity MIP	\$ 657,691	\$ 527,199	None	Daily	None*

**Withdrawals directed by a Plan sponsor must be preceded by 12 months written notice to Fidelity, (MIP Trustee); however, the MIP Trustee may, in its discretion, grant an earlier withdrawal. The Fidelity MIP is a direct filing entity.*

5. Related Party Transactions and Party-in-Interest Transactions

Certain Plan investments are in funds and accounts that are managed by Fidelity or their subsidiaries and affiliates. Participant loan, distribution processing fees, and certain chosen investment advisory services are paid to Fidelity by participants. The Plan paid for third party administrator fees and recordkeeper fees which qualify as party-in-interest transactions. The Plan also issues loans to participants which are secured by the vested balance of the participants' accounts. Certain management fees in the form of an expense ratio charged to each investment option are paid by the Plan and deducted from earnings on investments. These transactions are party-in-interest transactions, which are exempt from prohibited transaction rules.

6. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

7. Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to reduce or discontinue its contributions on behalf of the employees at any time and to terminate the Plan subject to the provisions set forth in ERISA.

8. Income Tax Status

Effective June 15, 2021, the Plan adopted the Fidelity Management & Research Company Non-Standardized Pre-Approved Profit Sharing Plan (Pre-Approved Plan). Fidelity received an opinion letter from the IRS dated June 30, 2020, which states that the Pre-Approved Plan, as then designed, satisfies the applicable provisions of the IRC. The Plan itself has not received a determination letter from the IRS. Although the Plan has been amended since the date of the opinion letter, the Plan's management believes that the Plan is currently designed and being operated in compliance with

The Atlantic 401(k) Plan

Notes to the Financial Statements

the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no IRS examinations for any tax periods in progress.

9. Reconciliation of Financial Statements to the Form 5500

The following is a reconciliation of net assets available for benefits per the accompanying statements of net assets available for benefits to the Form 5500 as of December 31:

	2022	2021
Net assets available for benefits per the financial statements	\$ 41,504,116	\$ 47,100,403
Difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund	(44,397)	4,692
Net assets available for benefits per the Form 5500	\$ 41,459,719	\$ 47,105,095

The following is a reconciliation of investment income per the financial statements for the year ended December 31, 2022 to the Form 5500:

Net decrease in net assets available for benefits per the financial statements	\$ (5,596,287)
Plus: difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund for 2022	(44,397)
Plus: difference between fair value on the financial statements and current value per the Form 5500 for the collective trust fund for 2021	(4,692)
Net loss per the Form 5500	\$ (5,645,376)

10. Subsequent Events

The Plan Administrator evaluated subsequent events through September 26, 2023, the date the financial statements were available to be issued. The Plan Administrator is not aware of any subsequent events which would require recognition or disclosure in the financial statements.
