INDEPENDENT AUDITOR'S REPORT

Plan Administrator
Feed My Starving Children 401(k) Plan
Coon Rapids, Minnesota

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Feed My Starving Children 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedule Required by ERISA

The supplemental schedule of Schedule H, Line 4i – Schedule of Assets Held at End of Year as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including their form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

FEED MY STARVING CHILDREN 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Plan description:

The following description of the Feed My Starving Children 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General:

The Plan was established on January 1, 2015. The Plan is a defined contribution plan subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and includes salary deferral contributions permitted under Section 401(k) of the Internal Revenue Code (IRC). Feed My Starving Children (the Organization) established the Plan to provide eligible employees with the long-term accumulation of retirement savings through a combination of employee contributions to individual participant accounts and the earnings thereon. In addition, the employer may also contribute to the Plan through match, profit sharing and any other allowed contributions. The Retirement Plan Committee is responsible for oversight of the Plan and determines the appropriateness of the Plan's investment offerings and monitors investment performance.

The Plan restated their plan document for the Cycle 3 regulatory changes effective January 1, 2022. There were no substantive changes to plan provisions. On April 1, 2022, the Plan changed recordkeepers and restated their plan document. There were no substantive changes to plan provisions.

Subsequent to year end, effective January 1, 2023, the Plan was amended to change the following plan provisions: the definition of compensation changed to exclude dental and cell phone reimbursements and the service requirement changed for elective deferrals and safe harbor contributions from one month of service to two months of service.

Eligibility:

Employees of the Organization who are 18 years of age or older, are eligible to enroll after one month of service. Seasonal and temporary employees who are scheduled to work less than 1,000 hours are excluded. The Plan has an automatic contribution provision to automatically enroll eligible employees at 1% unless the employee opts out.

Plan contributions:

Participants may elect to reduce their compensation by a specific percentage and have that amount contributed to the Plan as a salary deferral. Under this Plan, salary deferrals generally means both Pre-Tax 401(k) deferrals and Roth 401(k) deferrals. Participants may elect to defer up to 90% of their base pay by means of payroll deductions, subject to certain discrimination tests prescribed by the Internal Revenue Code and other limitations specified in the Plan. The Plan's definition of compensation excludes certain fringe benefits.

The employer profit sharing contribution is discretionary. There were no employer profit sharing contributions during 2022 or 2021. The employer safe harbor matching contribution is 100% of the employee salary deferrals that do not exceed 3% of compensation plus 50% of the salary deferrals between 3% and 5% of compensation. The safe harbor matching contribution is 100% vested.

FEED MY STARVING CHILDREN 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Plan description (continued):

Participant accounts:

Each participant's account is credited with the participant's contributions and allocations of (a) the Organization's matching and profit sharing contribution, (b) Plan earnings (losses), and (c) charged with an allocation of any administrative expenses paid by the Plan. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Investment options:

Upon enrollment in the Plan, participants may direct the investment of their contributions into various investment account options offered by the Plan.

Participant investment rollovers:

Participants are allowed to transfer or rollover funds into the Plan from other qualified retirement plans.

Vesting:

Participants are immediately vested in their voluntary contributions, employer matching contributions and earnings thereon. The vested percentage for employer profit sharing contributions is based on vesting periods of service as follows:

<u>Length of Employment</u>	<u>Vested Percentage</u>
Less than 2 years	0%
2	20%
3	40%
4	60%
5	80%
6	100%

Benefits paid to participants:

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability, or death, a participant becomes eligible to receive the current value of the participants' vested account in a lump-sum or in installments. During employment, vested employer contributions may be withdrawn from the Plan at age of 59 ½ or later.

Hardship withdrawals:

Hardship withdrawals by participants are permitted for certain situations, which includes COVID-19 related distributions as noted in the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act).

Notes receivable from participants:

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. The notes are secured by the balance in the participant's account and bear interest at Prime plus 1%. Principal and interest is paid ratably through bi-weekly payroll deductions.

FEED MY STARVING CHILDREN 401(K) PLAN

NOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021

1. Plan description (continued):

Notes receivable from participants (continued):

Beginning in 2020, the Plan adopted the CARES Act Loan provisions. These provisions are available for any participant who self-certifies they are a qualified individual as defined by the CARES Act. A loan made during the applicable period can be issued for the lesser of \$100,000 or 100% of their account balance, reduced by the highest outstanding loan balance during the previous 12 months. A CARES Act Loan will have a first payment due January 2021 and repayment can be made up to a five-year period after the first payment. In addition, qualified individuals with an outstanding loan may delay repayments until January 2021, at which time the loan will be amortized with a new loan repayment amount determined.

2. Summary of significant accounting policies:

Use of accounting estimates and basis of accounting:

The preparation of financial statements in accordance with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation and income recognition:

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Retirement Plan Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and custodian. See Note 4 for discussion of fair value measurements.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded as of the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Management fees and operating expenses charged to the Plan for investments in mutual funds are deducted from income earned on a daily basis and are not separately reflected. Consequently, management fees and operating expenses are reflected as a reduction of net appreciation in fair value of investments.

Contributions:

Contributions from employees are recorded in the period in which the Organization makes the payroll deductions from participant earnings. Related contributions from the employer are calculated and recorded in the same period.

2. Summary of significant accounting policies (continued):

Benefits paid to participants:

Benefits are recorded when paid. At December 31, 2022 and 2021, there were no benefits processed and approved for payment.

Notes receivable from participants:

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. If participants fail to make payments when they are due under the terms of the loan, the loan is considered to be in default. Under certain circumstances, a loan that is in default may be considered a distribution from the Plan and could be considered taxable income to the participant based upon the terms of the Plan document. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Forfeitures:

Forfeitures of non-vested employer profit sharing contributions, revert back to the Plan and are used to reduce the employer's contributions and/or pay reasonable Plan expenses in the year in which the designated forfeitures occur. There were no forfeitures in the Plan year 2022 and 2021.

Administrative fees:

Fees for the Plan's administration may be charged to the Plan unless paid for by the employer. In 2022 and 2021, administrative fees were paid by the employer, except for certain investment transaction fees and loan administrative fees which were borne by the participants.

Risks and uncertainties:

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

Concentrations:

At December 31, 2022 and 2021, approximately 63% and 50%, respectively, of investments were held in four mutual funds.

FEED MY STARVING CHILDREN 401(K) PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**2. Summary of significant accounting policies (continued):****COVID-19:**

In 2020, the United States passed the Coronavirus Aid, Relief, and Economic Security Act (the CARES Act) which provided retirement plans the option to allow COVID-19 related distributions, increase loan amounts, and waive 2020 required minimum distributions. In 2020 the Organization chose to adopt these CARES Act provisions.

Subsequent events:

The Plan Administrator has evaluated for subsequent events through September 29, 2023, the date the financial statements were available for issuance.

3. Information certified by Reliance Trust Company:

The following is a summary of the Plan's asset information as of and for the years ended December 31, 2022 and 2021, included throughout the Plan's financial statements and supplemental schedule, that was prepared by or derived from information provided by the custodian and furnished to the Plan Administrator. The Plan Administrator has obtained certifications from the custodian that information provided to the Plan Administrator by the custodian related to the following assets is complete and accurate. Accordingly, as permitted by ERISA Section 103(a)(3)(c) as of and for the years ended December 31, 2022 and 2021, the Plan Administrator instructed the Plan's independent auditors not to perform any auditing procedures with respect to information related to the following assets:

	<u>2022</u>	<u>2021</u>
Cash, noninterest bearing	\$ 213	\$ 62,775
Investments, at fair value	6,619,290	7,004,158
Notes receivable from participants	-	84,868
	<u>\$ 6,619,503</u>	<u>\$ 7,151,801</u>

Reliance Trust Company also certified to the completeness and accuracy of the \$(1,335,779) and \$599,072 of net (depreciation) appreciation in fair value of investments, \$175,430 and \$213,359 of interest and dividend income related to the aforementioned assets for the years ended December 31, 2022 and 2021, respectively. Also, for the year ended December 31, 2021, Reliance Trust Company certified to the completeness and accuracy of \$1,937 of interest income on notes receivable from participants.

4. Fair value measurements:

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (level 1) and the lowest priority to unobservable inputs (level 3). The three levels of the fair value hierarchy under FASB ASC 820 are described below:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2 – Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability;
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Stable Value funds: The Plan is invested in the Stable Value Fund Metlife GAC Stable Value Series 25053, a common collective trust, which is a direct filing entity and consists primarily of underlying investments in bonds with short- to intermediate-term maturities and insurance contracts. The common collective trust also purchases third party wrap contracts that provide for payments of a specified rate of interest. These wrap contracts are intended to protect the portfolio if the contract value were to exceed the market value. Withdrawals from the Stable Value Funds are permitted each business day for individual participants. Participant-directed withdrawals shall be paid at their proportionate share of the assets.

4. Fair value measurements (continued):

The Plan is also invested in The Standard Stable Asset Fund A, which is designed to provide safety of principal, liquidity and a competitive rate of return. This fund invests in a fixed income portfolio and commercial loan portfolio within The Standard's general account, which consists primarily of underlying investments in small fixed-rate commercial loans. The Standard is contractually obligated to repay the principal and a specified interest rate, which is determined by a declared interest rate guaranteed never to be less than 1%. Each declared interest rate is guaranteed for a calendar quarter.

Both Stable Value Funds are measured at fair value using net asset per share as a practical expedient, as reported by Reliance Trust and The Standard. The fair value of the Stable Value Funds are determined by the issuer based on quoted market prices of the underlying investments owned by each Stable Value Fund.

Participants ordinarily may direct the withdrawal or transfer all or a portion of their investment at contract value. Contract value represents contributions made to the Stable Value Funds, plus earnings, less participant withdrawals and administrative expenses. The Stable Value Funds impose certain restrictions on the Plan, and the Stable Value Funds may be subject to circumstances that impact their ability to transact at contract value, such as the Stable Value funds can't be transferred for 90 days to competing funds and thus these Stable Value Funds do not qualify as fully benefit-responsive. Plan management believes that the occurrence of events that would cause the Stable Value Funds to transact at less than contract value is not probable.

	Fair value estimated using net asset value per share		Redemption frequency	Redemption notice period
	<u>Fair value</u>	<u>Unfunded commitment</u>		
Metlife GAC Stable Value Series 25053:				
December 31, 2022	<u>\$ 210,946</u>	<u>\$ 0</u>	Immediate	None
December 31, 2021	<u>\$ 210,950</u>	<u>\$ 0</u>	Immediate	None
The Standard Stable Asset Fund A:				
December 31, 2022	<u>\$ 627,924</u>	<u>\$ 0</u>	Immediate	None

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

FEED MY STARVING CHILDREN 401(K) PLANNOTES TO FINANCIAL STATEMENTS
YEARS ENDED DECEMBER 31, 2022 AND 2021**4. Fair value measurements (continued):**

The following table sets forth, by level, within the fair value hierarchy the Plan's assets measured on a recurring basis at fair value as of December 31. Certain investments that are measured at fair value using the NAV per share practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

5. Tax status:

The Plan document used by the Plan obtained its latest opinion letter on June 30, 2020, in which the Internal Revenue Service stated that the Plan, as then designed, is in compliance with the applicable requirements of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the opinion letter, the Plan Administrator and the Plan's tax counsel believe that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and tax-exempt.

5. Tax status (continued): _____

Accounting principles generally accepted in the United States of America require Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by a government authority. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

6. Transactions with parties-in-interest: _____

Certain Plan investments are managed by Reliance Trust Company, the Plan's custodian and by The Standard, the Plan's recordkeeper. Therefore, these transactions qualify as party-in-interest transactions.

Certain administrative fees related to the administration of the Plan are paid by the Plan Sponsor.

7. Plan termination: _____

Although it has not expressed any intent to do so, the Organization has the right under the Plan to amend or terminate the Plan, or any part of the Plan at any time subject to the provisions of ERISA. If the Plan were to be terminated, no further contributions will be made to the Plan and participants would become 100% vested in their employer contributions.
