## INDEPENDENT AUDITORS' REPORTS

To the Plan Participants and Plan Trustees  
Feeney Brothers Excavation Corporation 401(k) Plan

### **Scope and Nature of the ERISA Section 103(a)(3)(C) Audit**

We have performed an audit of the accompanying financial statements of Feeney Brothers Excavation Corporation 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statement of net assets available for benefits as of December 31, 2022, and the related statement of changes in net assets available for benefits for the year then ended, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained a certification from a qualified institution as of and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

### **Opinion on the 2022 Financial Statements**

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

### **Basis for Opinion on the 2022 Financial Statements**

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

### **Responsibilities of Management for the 2022 Financial Statements**

Management is responsible for the preparation and fair presentation of these 2022 financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the 2022 Financial Statements**

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the 'Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

**Auditors' Report on the 2021 Financial Statements**

The 2021 financial statements of the Plan were audited by predecessor auditors. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the Plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that: (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the 2021 financial statements and supplemental schedule, and (b) the form and content of the information included in the 2021 financial statements and supplemental schedule other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**1. DESCRIPTION OF PLAN**

The following description of Feeney Brothers Excavation Corporation 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

**General**

The Plan is a defined contribution plan for the benefit of the employees of Feeney Brothers Excavation, LLC and adopting affiliates (collectively, the Company). The Plan was established on September 1, 1996 and is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. Certain employees of the Company serve as trustees of the Plan. Delaware Charter and Guarantee Trust Company (d/b/a Principal Trust Company) and Principal Life Insurance Company (Principal) serve as custodians of the Plan.

In December 2022, the Plan merged into the Artera Services, LLC 401(k) Plan. A majority of the Plan assets were transferred in 2022 with a residual transfer in January 2023.

The following key provisions and footnotes are reflective of the Plan prior to the Plan Merger.

**Eligibility**

All employees, with the exception of those covered by a collective bargaining agreement, of the Company who have completed six months of eligible service, as defined, and are at least 21 years of age are eligible to participate in the Plan beginning the first day of the first month of the plan year or the first day of the seventh month of the plan year following the date the eligibility requirements are met.

**Contributions**

An eligible participant may contribute a percentage or a fixed dollar amount of his or her compensation, as defined, up to a maximum regulatory limits, on a pretax basis. Participants who have reached the age of 50 before the end of the plan year are eligible to make participant catch-up contributions. If an eligible participant that has completed six months of service and has attained the age of 21, does not opt out of the Plan or make an affirmative deferral election in the initial period, as defined, the participant shall be auto enrolled at 3%. For the three years subsequent to the initial period, as defined, the percentage increases automatically in 1% increments annually, up to a 6% maximum, unless an alternate election is made by the participant.

Participants may roll over eligible amounts from other qualified plans to the Plan.

**1. DESCRIPTION OF PLAN – CONTINUED**

The Plan requires the Company to make qualified automatic contribution arrangement (QACA) safe harbor employer matching contributions. The Company has elected a QACA safe harbor employer matching contribution equal to the sum of 100% of the amount of the participant's contributions including participant catchup contributions that are not in excess of 3% of the participant's eligible compensation, as defined, plus 50% of the amount of the participant's contributions including participant catchup contributions that exceed 3% of the participant's eligible compensation, as defined, but are not in excess of 5% of the participant's eligible compensation, as defined. The QACA safe harbor employer matching contribution is calculated based on annual participant contributions and annual compensation, as defined. In order to be eligible to receive QACA safe harbor employer matching contributions, a participant must be contributing to the Plan for at least one pay period during the plan year and have met the criteria to make elective deferrals, as defined.

In addition to the required QACA safe harbor employer matching contribution, the Company may make qualified non-elective or profit-sharing employer contributions. A participant becomes eligible for these other types of employer contributions on the first day of the first month of the plan year or the first day of the seventh month of the plan year coincident with or next following the date which they attain age 21 and complete one year of eligibility service. For profit-sharing contributions, the employee must be employed on the last day of the plan year to receive such contributions. As of December 31, 2022 and 2021, there were no non-elective or profit-sharing contributions made to the Plan.

**Participant Accounts**

Each participant's account is credited with the participant's contributions and the employer's QACA safe harbor employer matching contribution and allocations of the Company's qualified non-elective and profit-sharing contribution, Plan earnings and administrative expenses, if any. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

**Vesting**

A participant is fully vested immediately in his or her participant contributions and rollover contributions. A participant who terminates employment due to death or disability while an employee will be deemed fully vested in all participant contributions and all types of employer contributions. Otherwise, a participant is vested in employer QACA safe harbor contributions and qualified non-elective employer contributions plus actual earnings thereon based on years of vesting service, defined as 1,000 hours, during each respective plan year as follows:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2	0%
2 or more	100%

**1. DESCRIPTION OF PLAN – CONTINUED**

A participant is vested in profit-sharing employer contributions plus actual earnings thereon based on years of vesting service as follows:

<u>Years of Vesting Service</u>	<u>Percentage</u>
Less than 2	0%
2 years but less than 3	20%
3 years but less than 4	40%
4 years but less than 5	60%
5 years but less than 6	80%
6 or more years	100%

**Investment Options**

Upon enrollment in the Plan, a participant may direct all contributions to selected investments as made available and determined by the Plan Administrator. A participant may change his or her investment options daily. Contributions may be diversified among one or more of the investments.

**Notes Receivable from Participants**

A participant may borrow from his or her fund account a minimum of \$1,000 up to a maximum equal to the lesser of 50% of his or her vested account balance or \$50,000, less the highest outstanding loan balance in the previous 12 months on the date the loan is made. A participant may have no more than one loan outstanding at one time. A loan is secured by the balance in the participant's account and bears annual interest. The interest rate on an outstanding loan is equal to 2% above the prime rate. The interest rate will be fixed for the duration of the loan. Principal and interest are paid ratably through payroll deductions. If any scheduled loan repayment is not made by the end of the calendar quarter following the calendar quarter that the missed payment was due, the loan is considered to be in default. Loans are secured by the balance in the participant's vested account balance and bear interest at a rate commensurate with the local prevailing interest rates for similar loans as determined by the Plan administrator.

**Payment of Benefits**

Generally, a participant's vested account balance is payable by lump-sum distribution, between ages 59½ and 72, upon his or her retirement or disability. Upon termination of employment, the vested portion of the participant's account may be withdrawn in a lump sum. In-service withdrawals are also permitted for certain financial hardships. If a participant terminates service, the vested amount in his or her participant account may be distributed or rolled over as directed by the participant.

**Forfeitures**

Forfeitures resulting from non-vested portions of participant accounts who terminate prior to being fully vested in employer contributions are used to reduce employer contributions or pay administrative expenses. During the year ended December 31, 2022, there were forfeitures used to reduce employer contributions totaling approximately \$39,000.

## **2. SIGNIFICANT ACCOUNTING POLICIES**

### **Basis of Accounting**

The financial statements of the Plan are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

### **Investment Valuation and Income Recognition**

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 4 for discussion of fair value measurements.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Net depreciation includes gains and losses on investments bought and sold as well as held during the year.

### **Use of Estimates**

The preparation of financial statements in conformity with GAAP requires the Plan's management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

### **Notes Receivable from Participants**

Notes receivable from participants are measured at their unpaid principal balance plus any accrued, but unpaid interest. Interest income is recorded on the accrual basis. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the Plan administrator deems the participant loan to be in default, the participant loan balance is reduced and a benefit payment is recorded.

### **Payment of Benefits**

Benefits payments to participants are recorded when paid.

### **Administrative Expenses**

The Plan's administrative expenses are paid by either the Plan or the Company as provided by the Plan document. Fees related to the administration of notes receivable from participants and payment of benefits to participants are charged directly to the respective participant's account and included in administrative expenses. Investment-related expenses are included in net depreciation in fair value of investments.

Certain administrative functions are performed by officers or employees of the Company. No such officer or employee receives compensation from the Plan.

### **3. INFORMATION PREPARED AND CERTIFIED BY PLAN'S CUSTODIANS**

Certain information related to investments disclosed in the accompanying financial statements and ERISA – required supplemental schedule, including investments at December 31, 2022 and 2021 and net depreciation in fair value of investments, interest and dividends for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by the custodians.

### **4. FAIR VALUE MEASUREMENTS**

Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurement*, establishes a framework for measuring fair value that provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under FASB ASC Topic 820 are described as follows:

- Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
- Level 2 – Inputs to the valuation methodology include: quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.
- Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The following are descriptions of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

*Mutual funds:* These investments are valued at quoted market prices. These securities are categorized in Level 1 as they are actively traded and no valuation adjustments have been applied.

*Pooled separate accounts:* Investments in pooled separate accounts are valued at net asset value (NAV) per unit based on quoted market prices of the underlying investments. The underlying investments are in mutual funds and corporate bonds that are valued at the closing price reported in the active market in which the individual securities are traded. The Plan has no specific intentions to sell investments at amounts other than NAV.

**4. FAIR VALUE MEASUREMENTS – CONTINUED**

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables present for each hierarchy level the Plan's investments measured at fair value as of December 31, 2022 and 2021:

	<b>Assets at Fair Value as of December 31, 2022</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Investments:				
Mutual funds	\$ 16,438	\$ -	\$ -	\$ 16,438
Total investments, at fair value	\$ 16,438	\$ -	\$ -	\$ 16,438
	<b>Assets at Fair Value as of December 31, 2021</b>			
	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>	<b>Total</b>
Investments:				
Mutual funds	\$ 37,306,405	\$ -	\$ -	\$ 37,306,405
Other investments measured at NAV <sup>(a)</sup>	-	-	-	2,240,074
Total investments, at fair value	\$ 37,306,405	\$ -	\$ -	\$ 39,546,479

<sup>(a)</sup>In accordance with FASB ASC 820-10, certain investments that are measured at fair value using the NAV per unit (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statement of net assets available for benefits.

The following tables set forth additional disclosure of the Plan's investments whose fair value is estimated using the NAV per share practical expedient as of December 31, 2021:

	<b>Fair Value</b>	<b>Unfunded Commitment</b>	<b>Redemption Frequency</b>	<b>Redemption Notice Period</b>
Pooled separate accounts	\$ 2,240,074	\$ -	Immediate	None

**5. PARTY-IN-INTEREST TRANSACTIONS**

Certain investments of the Plan include pooled separate accounts in 2021 managed by Principal. The Company also paid certain administrative expenses of the Plan. The Plan issues loans to participants, which are secured by the balances in the participants accounts. These transactions qualify as party-in-interest transactions.

**6. PLAN TERMINATION**

Although it has not expressed intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, a participant would become 100% vested in all employer contributions.

**7. INCOME TAX STATUS**

The Plan has adopted a prototype document sponsored by Principal. The Internal Revenue Service (IRS) has determined and informed the Principal Life Insurance Company by an opinion letter dated June 30, 2020, that the prototype plan is designed in accordance with applicable sections of the Internal Revenue Code (IRC). The prototype plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC. Accordingly, no provision for taxes has been included in the Plan's financial statements.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

**8. RISKS AND UNCERTAINTIES**

The Plan invests in various investment securities that are exposed to various risks, such as interest rate, market and credit risk. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the value of investment securities will occur in the near-term and such changes could materially affect participant account balances and the amounts reported in the statements of net assets available for benefits.

**9. RECONCILIATION TO FORM 5500**

The following is a reconciliation of net assets available for benefits per the financial statements as of December 31, 2022 and 2021 to Form 5500:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ -	\$ 41,018,606

**9. RECONCILIATION TO FORM 5500 – CONTINUED**

The following is a reconciliation of the net increase in net assets available for benefits for the year ended December 31, 2022 per the financial statement to Form 5500:

Net decrease per the financial statements	\$ (393,236)
Change in difference in employee contributions receivable	55,494
Change in difference in employer contributions receivable	29,511
Change in deemed loans	<u>55,207</u>
Net loss per Form 5500	<u><u>\$ (253,024)</u></u>

**10. SUBSEQUENT EVENTS**

Management has evaluated events through August 17, 2023, which is the date that the financial statements were available to be issued and has determined that there are no subsequent events that require disclosure under FASB ASC Topic 855, *Subsequent Events*.
