Independent Auditor's Report

To the Plan Administrator
Kroll 401(k) Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Kroll 401(k) Retirement Savings Plan (the "Plan"), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C)"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan ("investment information") by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA ("qualified institution").

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 9 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the *Scope and Nature of the ERISA Section 103(a)(3)(C) Audit* section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a significant likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter

Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) (Schedule H, Line 4i) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Kroll 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

Note 1 - Description of Plan

The following brief description of the Kroll 401(k) Retirement Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan, which became effective October 1, 1996, for the employees of Kroll, LLC and its wholly-owned subsidiaries Kroll Information Assurance, LLC, Kroll Associates, Inc., American Appraisal Associates, Inc., Kroll Restructuring Administration, LLC (formerly known as Prime Clerk, LLC), Kroll Government Solutions, LLC (formerly known as Verus Analytics, LLC or "Verus") and Kroll Settlement Administration, LLC (collectively, the "Company" or the "Plan Sponsor"; formerly known as Duff & Phelps LLC and subsidiaries), and is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Effective May 13, 2021, the Plan was amended to change the Employer's name and Special Trustee name to Kroll, LLC and the Plan name to Kroll 401(k) Retirement Savings Plan from Duff & Phelps Savings Plan.

The Investment Committee determines the appropriateness of the Plan's investment offerings, monitors investment performance and reports to the Company's Audit Committee.

On June 6, 2020, the Company, through its wholly-owned subsidiary Kroll Holdings, Inc., entered into a partnership interest purchase agreement with Verus to purchase 100% of the partnership interests of Verus. This transaction was completed on July 1, 2020. Verus became a Participating Employer in the Plan, effective January 1, 2021.

Effective April 8, 2021, the Company amended the Plan to merge the Verus 401(k) Plan into the Kroll 401(k) Retirement Savings Plan. All participant account balances from the Verus Savings Plan were transferred into the Kroll 401(k) Retirement Savings Plan after the effective date. The transferred net assets have been recognized in the accounts of the Plan as of April 8, 2021, at their balance previously carried in the accounts of the Verus plan. The changes in net assets of the combined plans are included in the accompanying statement of changes in net assets available for benefits from April 8, 2021. The fair value of the investments transferred was \$17,103,024.

On November 18, 2021, the Company, through its wholly-owned subsidiaries Kroll Canada Limited (a Canadian company), Kroll Associates, Inc. (a United States ("U.S.") company), and Kroll Advisory Private Limited (an India company; formerly known as Duff & Phelps India Private Limited) closed on the acquisition of (i) Security Compass Advisory Inc. (a Canadian company), (ii) Security Compass Advisory US Inc. (a U.S. company), and (iii) Security Compass Consulting & Training Services Private Ltd. (an India company) (collectively Security Compass). Upon the closing date, the employees of Security Compass Advisory US Inc. were terminated off their previous employer sponsored plan.

On May 2, 2022, the employees of Security Compass Advisory US Inc. became eligible to participate in the Kroll 401(k) Retirement Savings Plan, and had the option of:

- (a) Rolling their account into the Plan
- (b) Rolling their account into any other qualified plan, or
- (c) Taking a cash distribution

Eligibility

Employees will automatically become an eligible participant in the Plan on their date of hire. Union employees, certain nonresident aliens and leased employees are not eligible to participate.

Contributions

Eligible employees may contribute a percentage of their pre-tax and post-tax annual compensation as determined by the participant, as defined by the Plan, and subject to the Internal Revenue Code ("the IRC") limitations on maximum deferral contributions, which was \$20,500 (\$27,000 for eligible employees 50 or older) for 2022. The annual compensation of each employee considered under the Plan may not exceed \$305,000 for 2022.

Matching contributions

The Plan Sponsor contributes an amount equal to 100% of salary deferrals up to 3% of each employee's compensation and 50% of salary deferrals up to the next 3% of each employee's compensation.

Vesting

Participants are immediately vested in both their voluntary and matching contributions plus actual earnings thereon.

Participant accounts

Each participant's account is credited with the participant's deferral contributions and allocations of the Company's matching contributions and Plan earnings. Participant accounts are charged investment fee expenses on a pro-rata basis. Loan and distribution fees are flat fees charged to the participant.

Rollover contributions

Participants may transfer to their Plan accounts part or all of an eligible rollover distribution received from other qualified plans. Rollover contribution accounts will be subject to the terms of this plan and will always be fully vested and non-forfeitable.

Payments of benefits

A participant's vested interest may be distributed only after the participant's disability, termination from employment, attainment of early retirement age of 55, attainment of normal retirement age of 65 or death. If any of these conditions are met, participants may withdraw all or any part of their vested account at any time. Participants are required to start receiving benefits on April 1 following the later of the calendar year in which the participant reaches age 72 or stops working for the Company.

For eligible rollover distributions to participants that are not transferred directly to the trustee of another qualified plan or to an Individual Retirement Account, the Plan administrator will typically withhold 20% of the distribution for taxes.

Forfeitures

Forfeitures due to excess employer match are used to reduce future contributions from the Plan Sponsor. Forfeited nonvested accounts amounted to \$14,960 and \$19,502 as of December 31, 2022 and 2021, respectively. In 2022, the Plan utilized \$25,035 of forfeited amounts to reduce contributions made by the Plan Sponsor.

Notes receivable from participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their account balance. The loans are secured by the balance in the

Kroll 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

participant's account. The loan interest rate, determined quarterly, is set at 1% above the prime rate, as defined. Principal and interest are paid ratably through semi-monthly payroll deductions.

Hardship withdrawals

Participants may withdraw their employee pre-tax contributions (but not the earnings on the pre-tax contributions) and rollover contributions, if applicable, to satisfy immediate and significant financial needs. In accordance with the Internal Revenue Service ("the IRS") regulations, participants must first exhaust all other assets available before obtaining a hardship withdrawal. All hardship withdrawals must be approved by the Plan administrator.

Note 2 - Summary of significant accounting policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of estimates

The preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosure of contingent assets and liabilities. These estimates and assumptions are based on the Plan administrator's best estimate and judgment. The Plan administrator evaluates its estimates and assumptions on an ongoing basis using historical experience and other factors, including consideration of the current economic environment. The Plan administrator adjusts these estimates when facts and circumstances dictate. As future events cannot be determined with precision, actual results could differ from those estimates and assumptions.

Investment valuation and income recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

The Plan's Investment Committee determines the Plan's valuation policies utilizing information provided by the investment advisors and trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021.

Payments of benefits

Benefits are recorded when paid.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Fees related to the administration of notes receivable from participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net depreciation in fair value of investments.

Subsequent events

The Plan has evaluated subsequent events through September 27, 2023, the date the financial statements were available to be issued.

Note 3 - Fair value measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under Financial Accounting Standards Board Accounting Standards Codification Topic 820, *Fair Value Measurement*, are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan can access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There were no changes in methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value ("NAV") and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Collective trust fund: Valued at the NAV of units of a bank collective trust. The NAV, as provided by the trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Were the Plan to initiate a full redemption of the collective trust, the investment adviser reserves

Kroll 401(k) Retirement Savings Plan

Notes to Financial Statements December 31, 2022

the right to temporarily delay withdrawal from the trust in order to ensure that securities liquidations will be carried out in an orderly business manner.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

Assets at fair value as of December 31, 2022				
	Level 1	Level 2	Level 3	Total
Mutual funds	\$ 332,821,566	\$ -	\$ -	\$ 332,821,566

Total investments at fair value	<u>\$ 390,054,673</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 417,470,622</u>

(a) In accordance with Subtopic 820-10, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

Fair value of investments in entities that use NAV

The following tables summarize investments measured at fair value based on NAV per share as of December 31, 2022 and 2021:

Notes to Financial Statements December 31, 2022

Note 4 - Tax status

The prototype plan document, which the Plan has adopted via a non-standardized adoption agreement, obtained its latest opinion letter on November 30, 2020, in which the IRS stated that the prototype plan and related trust are designed in accordance with applicable sections of the IRC. Although the Plan has been amended since receiving the opinion letter, the Plan administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 5 - Party-in-interest transactions

Certain Plan investments as of December 31, 2022 and 2021 are shares of common and collective trust funds, respectively, managed by Reliance Trust Company ("Reliance") in 2022 and 2021. Reliance was the trustee of the Plan through August 31, 2021 and, therefore, these transactions qualify as party-in-interest transactions for the year ended December 31, 2021. Matrix Trust Company was the trustee of the Plan as of December 31, 2022 and 2021, and for the period from September 1, 2021 through December 31, 2022. The Plan Sponsor paid administrative expenses of \$398,425 in 2022 which included trustee and investment management costs for the collective trust payable to Matrix Trust Company, and a Morgan Stanley, Graystone Consulting portion that included institutional consulting services, participant education and communication services. These expenses are paid by the Plan Sponsor and reimbursed by the Plan.

The Plan allows for loans to participants, which are also considered party-in-interest transactions.

Note 6 - Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near-term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

Note 7 - Reconciliation of financial statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to Form 5500 as of December 31, 2022 and 2021:

	<u>2022</u>	<u>2021</u>
Net assets available for benefits per the financial statements	\$ 369,292,702	\$ 421,440,094

Adjustment from fair value to contract value for fully benefit-responsive investment contract - prior year	<u>965,978</u>
Total investment loss per form 5500	<u><u>\$ (69,056,602)</u></u>

Note 8 - Termination of plan

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. The Company will instruct the trustee either (a) to continue to administer the Plan until all funds are depleted, or (b) to distribute the assets remaining in the funds. If the funds are to be distributed, the trustee will distribute to each participant the amount credited to his/her account on the distribution date.

Note 9 - Certified investments

The Plan administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Investments and notes receivable from participants held at December 31, 2022 and 2021, and investment income and interest income on notes receivable from participants for the year ended December 31, 2022, that are disclosed in the accompanying financial statements and supplemental schedule, were obtained or derived from information supplied to the Plan administrator and certified as complete and accurate by Matrix Trust Company, the trustee of the Plan.
