Independent Auditors' Report

The Plan Administrator and Participants
GoTo Technologies USA, Inc.

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of GoTo Technologies USA, Inc. (the "Plan"), formerly known as LogMeIn USA, Inc. 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 ("ERISA"), as permitted by ERISA Section 103(a)(3)(C) ("ERISA Section 103(a)(3)(C) audit"). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021 and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

PKF O'Connor Davies, LLP is a member firm of the PKF International Limited network of legally independent firms and does not accept any responsibility or liability for the actions or inactions on the part of any other individual member firm or firms.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certifications, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) as of December 31, 2022 is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by the qualified institutions agrees to or is derived from, in all material respects, the information prepared and certified by the institutions that management determined meet the requirements of ERISA Section 103(a)(3)(C).

Notes To Financial Statements December 31, 2022

1. Description of the Plan

The following description of GoTo Technologies USA, Inc. (the “Plan”) is provided for general information purposes only. Effective February 24, 2022, the name of the Plan was amended from LogMeln USA, Inc. 401(k) Plan to GoTo Technologies USA, Inc. More complete information regarding the Plan’s provisions may be found in the Plan document.

General

The Plan is a defined contribution plan covering all employees of GoTo Technologies USA, Inc. (formerly known as LogMeln USA, Inc.), related subsidiaries, and entities with common ownership (collectively, the “Employer” or the “Plan Sponsor”). Employees, with the exception of interns, temporary employees, and non-resident aliens who do not receive any earned income from the Employer which constitutes United States sourced income, become eligible to participate in the Plan on their date of hire (“Participants”). Temporary employees will become eligible to enter the Plan once they have attained 21 years of age and completed 1,000 hours of service following the end of the eligibility computation period.

Fidelity Management Trust Company (“FMTC” or the “Trustee”) provides asset custodian services and also serves as trustee for the Plan. Fidelity Workplace Services, LLC (“FWS” or the “Recordkeeper”), an affiliate of the Trustee, provides recordkeeping services. Fidelity Investments, an affiliate of the Trustee, manages the investments in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (“ERISA”). All investments are participant-directed.

Plan Administration

The Employer is the Plan administrator and has appointed the GoTo Technologies Fiduciary Committee to carry out the operation of the Plan and determine the appropriateness of the Plan’s investment offerings and monitors investment performance. Individual Participant accounts may be charged with an allocation of administrative expenses, if not paid by the Employer. Individual Participant accounts are charged directly for loan recordkeeping, if applicable.

Participant Contributions

Participants may elect to contribute up to 90% of their annual eligible compensation subject to annual limitations as provided by the Internal Revenue Code (the “Code”). Participants may make pre-tax or Roth contributions to their accounts. Participants who have attained the age of 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may rollover amounts representing distributions from other qualified plans (“Rollovers”).

Employees, upon eligibility to participate in the Plan, are automatically enrolled to defer 4% of their eligible compensation, as defined. Participants may choose not to defer or may choose a different percentage once enrolled. Automatic enrollment deferrals are invested in the applicable lifecycle fund, as defined, based on the employee’s birth date. The automatic pre-tax deferral election and the default investment option remain in effect until the Participant changes them.

Notes To Financial Statements December 31, 2022

1. Description of the Plan *(continued)*

Employer Matching Contributions

The Employer may make a discretionary matching contribution to each eligible Participant. Participants are immediately eligible for Employer matching contributions, which are calculated at each payroll period. For the year ended December 31, 2022, the Employer elected to make matching contributions in an amount equal to 50% of the Participant contributions up to 6% of their eligible compensation. At December 31, 2022, the Employer matching contributions amounted to \$4,642,361 net of \$412,556 which was funded through forfeitures.

Employer Non-Elective Contributions

The Employer, at its discretion, may make a discretionary Employer non-elective contribution. Participants are eligible to participate in Employer non-elective contributions after obtaining 1,000 hours of service during the Plan year and are employed on the last day of the Plan year. Any Employer non-elective contributions are allocated to Participants in the same ratio as each eligible Participant's compensation bears to the total of such compensation of all eligible Participants. At December 31, 2022, the Employer did not make any non-elective contributions as defined above.

Participant Accounts

Each Participant's account is credited with the Participant's deferral contributions, the respective Employer contributions, an allocation of the Plan's investment earnings or losses, and is charged with certain expenses, if applicable. Allocations are based on Participant compensation or account balance, as defined. The benefit to which a Participant is entitled is the benefit that can be provided from the Participant's vested account balance.

Vesting

Participants are immediately vested in their elective contributions, and actual earnings thereon. Participants vest in the Employer matching contributions, plus earnings thereon, at a rate of 33% for each of their first two years of service, based on the Participant's employment commencement date, and are fully vested after three years of continuous service. Participants vest in the Employer non-elective contributions, plus earnings thereon, after three years of continuous service.

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000, up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance. Loan terms range from one to five years, or up to 10 years for the purchase of a primary residence. The loans are secured by the vested balance in the Participant's account and bear interest at a fixed rate commensurate with local prevailing rates, as approved by the Plan administrator. Principal and interest are paid ratably through payroll deductions. Participants may only have one loan outstanding at any time. If a Participant is terminated by the Employer, the outstanding principal and interest shall be due in full. If a Participant ceases to make loan repayments and the Plan administrator deems the loan to be in default, the Participant's loan balance is reduced, and a benefit payment is made in accordance with the Plan document.

GoTo Technologies USA, Inc.

Notes To Financial Statements December 31, 2022

1. Description of the Plan *(continued)*

Notes Receivable from Participants (continued)

The interest rates on loans outstanding for the years ended December 31, 2022 and 2021 were between 4.25% and 9.00%. Outstanding loans at December 31, 2022 mature at various dates through 2032.

Payment of Benefits

Upon severance of service due to death, disability, termination, or retirement, a Participant or beneficiary may elect to receive a lump-sum distribution in an amount equal to the value of the Participant's vested interest in his or her account. The payment can either be a cash distribution to the Participant, subject to income tax withholdings, or a tax free rollover to an individual retirement account or another qualified plan, as defined. If a Participant's vested account is more than \$1,000 but less than \$5,000, the Plan administrator, after notification, may distribute the benefit into an individual retirement account. If a Participant's vested account is less than \$1,000, the Plan administrator, after notification, may distribute the account balance to the Participant in a lump sum payment.

In-service withdrawals are allowed from a Participant's contribution and rollover account at any time. In-service withdrawals are also allowed from all Participants' vested account balances once a Participant reaches 59 ½ years old or if a Participant is ordered or called into active duty military service, as defined in the Plan document. Additionally, in-service withdrawals are permitted due to financial hardship, as defined in the Plan document. Hardship withdrawals may be taken from the Participant's deferral contributions account and are subject to a \$500 minimum amount.

Forfeited Accounts

A Participant who leaves the Employer forfeits any non-vested balance. Forfeited balances are to be used to pay administrative expenses and reduce future Employer contributions to the Plan. During the year ended December 31, 2022, no forfeitures were used to pay administrative expenses and \$412,556 were used to pay Employer contributions. As of December 31, 2022 and 2021, the balance in the non-vested forfeiture account was \$5,914 and \$71,822, respectively.

2. Summary of Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires that Plan management make estimates and assumptions that affect the reported amounts in the financial statements and accompanying notes. Actual results could differ from those estimates.

GoTo Technologies USA, Inc.

Notes To Financial Statements
December 31, 2022

2. Summary of Accounting Policies (*continued*)

Fair Value Measurements

The Plan follows U.S. GAAP guidance on Fair Value Measurements which defines fair value and establishes a fair value hierarchy organized into three levels based upon the input assumptions used in pricing assets. Level 1 inputs have the highest reliability and are related to assets with unadjusted quoted prices in active markets. Level 2 inputs relate to assets with other than quoted prices in active markets which may include quoted prices for similar assets or liabilities or other inputs which can be corroborated by observable market data. Level 3 inputs are unobservable and are used to the extent that observable inputs do not exist.

Pursuant to U.S. GAAP guidance, alternative investments where fair value is measured using the Net Asset Value ("NAV") per share as a practical expedient is not categorized within the fair value hierarchy.

Investments, Investment Valuation, and Income Recognition

Investments in mutual funds and the common collective trust are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is reported on the accrual basis. Dividends are recorded on the ex-dividend date. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought, sold, and held during the year.

Unit Values

Individual Participant accounts for the common collective trust are maintained on a unit value basis. Participants do not have beneficial ownership in the specific underlying securities or other assets in the fund, but do have an interest therein represented by units which are valued daily. The fund earns dividends and interest which are automatically reinvested in additional units. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants' accounts are charged or credited with the number of units properly attributable to each Participant.

Notes Receivable from Participants

Notes receivable from Participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income on notes receivable from Participants is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021.

Payment of Benefits

Benefit payments to Participants are recorded during the period in which they are paid.

GoTo Technologies USA, Inc.

Notes To Financial Statements December 31, 2022

3. Information Certified (Unaudited)

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required Schedule H, Part IV, Line 4i – Schedule of Assets (Held at End of Year) including investments and notes receivable from participants held at December 31, 2022 and 2021, and net depreciation in value of investments, interest and dividends on investments, and interest on notes receivable from participants for the year ended December 31, 2022, was obtained by management and agreed to or derived from information certified as complete and accurate by FMTC, a qualified institution.

4. Investments and Fair Value Measurements

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

Common collective trust: Valued at the net asset value (“NAV”) of units in the collective trust. The NAV, as provided by the Trustee, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the fund less its liabilities. This practical expedient is not used when it is determined to be probable that the fund will sell the investment for an amount different than the reported NAV. Participant transactions (purchases and sales) may occur daily. Generally, contributions to and withdrawals from the fund are converted to units by dividing the amounts of such transactions by the unit values as last determined, and the Participants’ accounts are charged or credited with the number of units properly attributable to each Participant.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

GoTo Technologies USA, Inc.

Notes To Financial Statements December 31, 2022

4. Investments and Fair Value Measurements (*continued*)

The following table summarizes investments measured at fair value based on NAV per share as of December 31, 2021.

Description	Fair Value	Unfunded Commitments	Redemption Frequency	Redemption Notice Period
Fidelity Managed Income Portfolio (a)	\$ 453,362	\$ -	Daily	N/A

- (a) The Plan invests in the Fidelity Managed Income Portfolio Class II (the "Fund"), a common collective trust. The Fund seeks to preserve principal while earning a level of interest income that is consistent with principal preservation. The Fund seeks to maintain a stable NAV of \$1 per unit. To achieve its investment objective, the Fund invests in assets (typically fixed-income securities or bond funds and may include derivative instruments such as futures contracts and swap agreements), enters into wrap-contracts issued by third parties, and invests in cash equivalents represented by shares in money market funds.

5. Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

The global and domestic economic uncertainty has resulted in significant volatility in financial markets. This volatility has affected, and may continue to affect, the value of the Plan's net assets available for benefits. The effects of economic and market conditions subsequent to December 31, 2022 are not reflected in these financial statements and future effects on the Plan's net assets available for benefits cannot be predicted.

6. Related Party and Party-In-Interest Transactions

Plan investments include shares of mutual funds and a common collective trust managed by Fidelity Investments. The Plan has entered into advisory agreements with Fiducient Advisors and Strategic Advisors, Inc. for advisory services related to the operations of the Plan. Accordingly, these transactions qualify as exempt party-in-interest transactions. The Plan paid administrative expenses of \$191,011 to Fidelity Investments, \$18,636 to Fiducient Advisors, and \$37,954 to Strategic Advisors, Inc. during the year ended December 31, 2022. Notes receivable from Participants also qualify as exempt party-in-interest transactions, as defined by ERISA. The Employer pays directly for any other fees related to the Plan's operations.

GoTo Technologies USA, Inc.

Notes To Financial Statements December 31, 2022

7. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time or to terminate the Plan, subject to the provisions of ERISA. In the event of Plan termination, Participants will become fully vested in their accounts. Any unallocated assets of the Plan will be allocated to Participant accounts and distributed in such a manner as the Employer may determine.

8. Tax Status

The underlying volume submitter profit sharing plan has received an opinion letter from the Internal Revenue Service ("IRS"), dated June 30, 2020, stating that the form of the Plan is qualified under Section 401(a) of the Code, as then designed, was in compliance with the applicable requirements of the Code.

Any employer adopting this form of the plan will be considered to have a plan qualified under Section 401(a) of the Code. Once qualified, the plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the opinion letter; however, the Plan administrator believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the Code and that the Plan is qualified, and the related Plan is tax-exempt as of the financial statement dates.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax asset or liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. It is the Plan's policy to account for any uncertainties as described under the income tax laws. Under the income tax laws, the tax-exempt status of an entity is considered a tax position. No such uncertain tax positions have been recognized by the Plan.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress. The plan administrator believes it is no longer subject to income tax examinations for plan years ended prior to 2019.

9. Subsequent Events

Management has evaluated subsequent events for disclosure and/or recognition in the financial statements through the date that the financial statements were available to be issued, which is September 21, 2023.
