Independent Auditors' Report

To the Plan Administrator and Management of the
Protocall Services, Inc. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of the Protocall Services, Inc. 401(k) Retirement Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements.

Management of the Plan (Management), having determined that it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL's) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the years ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audit and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the accompanying financial statements, referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (GAAP).
- the information in the accompanying financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect Management's responsibility for the financial statements.

In preparing the financial statements, Management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current Plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by Management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of GAAP.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter – Supplemental Schedule Required by ERISA

The supplemental schedule, as listed in the accompanying table of contents, as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of Management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that Management determined meets the requirements of ERISA Section 103(a)(3)(C).

Protocall Services, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2022 and 2021

1. Description of the Plan

The following description of the Protocall Services, Inc. 401(k) Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established for the benefit of eligible employees of Protocall Services, Inc. (the Employer). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). Ascensus Trust Company (the Trustee) is the appointed trustee of the Plan's assets. Participants may direct their contributions and account balances into various investment options offered by the Plan.

Eligibility

Employees – other than those who are union employees or non-resident aliens – are eligible to participate in the Plan if they have completed six months of service and are at least 21 years of age. Qualifying employees may participate in the Plan on the first day of the quarter following the date they meet the eligibility requirements.

Contributions

The Plan includes a salary deferral provision which provides for both pre-tax contributions and after-tax Roth 401(k) contributions. Participants may elect to defer any amount of their eligible compensation, subject to current Internal Revenue Code (IRC) limitations. Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans (i.e., rollover contributions).

The Employer may elect to make matching contributions to the Plan. During the years ended December 31, 2022 and 2021, the Employer matched 50% of each participant's contributions up to 6% of the participant's eligible compensation. In addition, the Employer may make a discretionary profit sharing contribution. Profit sharing contributions are allocated to each participant's account on a proportionate basis of eligible compensation for the Plan year. The Employer did not make any profit sharing contributions during the years ended December 31, 2022 and 2021.

Participant accounts

Each participant's account is credited (charged) with the participant's contributions and allocations of (a) the Employer's contributions, (b) Plan earnings (losses), and (c) administrative expenses. Earnings (losses) for each investment fund are allocated to participants' accounts based on the individual participant's account balance as compared to the total balance of the related investment fund. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately 100% vested in all contributions and the actual earnings (losses) thereon.

Notes receivable from participants

Participants may elect to borrow a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balance, reduced by the highest outstanding participant note receivable balance in the preceding one-year period. Notes receivable from participants are secured by the balances in the respective participants' accounts. Terms of notes receivable from participants range from one to five years, unless used to acquire the participant's principal residence, in which case the term may be extended

Protocall Services, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2022 and 2021

up to 30 years. The notes receivable from participants bear interest at rates commensurate with local prevailing rates as determined by the plan administrator. Interest rates on notes receivable from participants outstanding as of December 31, 2022 ranged from 4.25% to 8%.

Benefits

On termination of service due to death, disability, or retirement, a participant (or their beneficiary) may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or a partial payment. For termination of service for other reasons, distributions of vested balances less than or equal to \$1,000 are automatically made in a lump-sum. If the terminated participant's vested balance exceeds \$1,000, but is less than \$5,000, and the participant does not elect to receive a distribution, the Plan permits the plan administrator to make a distribution directly to an individual retirement account set up on the participant's behalf. For vested balances greater than or equal to \$5,000, the Plan permits a participant to elect distribution by lump-sum or substantially equal installments over a specified period of time. Upon reaching age 59½, participants may make in-service withdrawals of part or all of their elective contributions, including the related earnings (losses).

Hardship withdrawals

Participants who are still employed by the Employer are permitted to take withdrawals from their accounts under certain financial hardship conditions, as described in the Plan document.

Administrative expenses

At the Employer's discretion, administrative expenses of the Plan may be paid directly by the Employer; certain other administrative expenses may be paid by the Plan. Expenses that are paid by the Employer are excluded from the accompanying financial statements. Fees related to the administration of notes receivable from participants are charged directly to the related participants' accounts and are included in administrative expenses in the accompanying statement of changes in net assets available for benefits. In addition, certain investment related expenses are included in net appreciation (depreciation) in fair value of investments in the accompanying statement of changes in net assets available for benefits.

2. Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires the management of the Plan (Management) to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Investment valuation

The Plan's investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Management determines the Plan's valuation policies utilizing information provided by the Plan's investment advisers. See Note 4 for discussion of fair value measurements.

Protocall Services, Inc. 401(k) Retirement Plan

Notes to Financial Statements

Year Ended December 31, 2022 and 2021

Investment income (loss) recognition

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes receivable from participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are recorded as administrative expenses and are expensed when they are incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator deems the note receivable to be in default, the note receivable balance is reduced and a benefit payment is recorded.

Payment of benefits

Benefits are recorded when paid.

Subsequent events

Management has evaluated, for potential recognition or disclosure in the financial statements, subsequent events that have occurred through September 20, 2023, which is the date that the financial statements were available to be issued.

3. Certified Investments

Certain information related to investments and notes receivable from participants disclosed in the accompanying financial statements and ERISA-required supplemental schedule, including investments and notes receivable from participants held as of December 31, 2022 and 2021, and net appreciation (depreciation) in fair value of investments, interest and dividends, and interest income on notes receivable from participants for the years then ended, was obtained by Management and agreed to or derived from information certified as complete and accurate by the Trustee.

4. Fair Value Measurements

GAAP defines fair value, establishes a framework for measuring fair value, and requires certain disclosures about fair value measurements. The hierarchy of fair value valuation techniques under GAAP provides for three levels: Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing assets and liabilities under GAAP's fair value measurement requirements are as follows:

- Level 1: Fair value of the asset or liability is determined using unadjusted quoted prices in active markets (that the Plan has the ability to access) for identical assets or liabilities;
- Level 2: Fair value of the asset or liability is determined using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and
- Level 3: Fair value of the asset or liability is determined using unobservable inputs that are significant to the fair value measurement and reflect the Plan's own assumptions regarding the applicable asset or liability.

Notes to Financial Statements

Year Ended December 31, 2022 and 2021

An asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for the Plan's assets measured at fair value. There have been no changes in the methodologies used as of December 31, 2022 and 2021.

Mutual funds – The fair value of mutual funds is based on the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

The following tables set forth, by level within the fair value hierarchy, the Plan's assets measured at fair value as of December 31, 2022 and 2021:

	Level 1	Level 2	Level 3	Total
2022				
Mutual funds	\$ 4,921,017	\$ -	\$ -	\$ 4,921,017
Total investments in the fair value hierarchy	<u>\$ 4,921,017</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,921,017</u>
2021				
Mutual funds	\$ 5,316,988	\$ -	\$ -	\$ 5,316,988
Total investments in the fair value hierarchy	<u>\$ 5,316,988</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 5,316,988</u>

5. Related Party Transactions

The Employer is the sponsor of the Plan and paid substantially all administrative expenses of the Plan during the years ended December 31, 2022 and 2021, respectively. In addition, the plan administrator is a participant in the Plan.

6. Plan Termination

Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of the Plan's termination, participants would remain 100% vested in their accounts.

7. Tax Status

The Plan adopted a prototype defined contribution retirement plan (the Prototype Plan) developed by Ascensus, Inc. The Internal Revenue Service (IRS) has determined and informed Ascensus, Inc. by a letter dated June 30, 2020 that the Prototype Plan is designed in accordance with the applicable sections of the IRC. The plan administrator and the Plan's legal counsel believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and, therefore, believe that the Plan is qualified and the related trust is tax-exempt.

GAAP requires Management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Management has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain positions taken or expected to be taken that would require recognition of a liability (or asset) or disclosure in the accompanying financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Notes to Financial Statements

Year Ended December 31, 2022 and 2021

8. Risks and Uncertainties

The Plan invests in various investment instruments which are exposed to certain risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the Plan's investments will occur in the near-term and that such changes could materially affect participants' account balances and the amounts reported in the accompanying financial statements and supplemental schedule.

9. Reconciliation of Financial Statements to the Form 5500

The following are reconciliations of net assets available for benefits and increase in net assets available for benefits according to the financial statements to the Form 5500 as of and for the years ended December 31, 2022 and 2021:

	2022	2021
