Independent Auditors' Report

Plan Administrator
Robert H. Peterson Co. 401(k) Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Robert H. Peterson Co. 401(k) Retirement Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of Robert H. Peterson Co. 401(k) Retirement Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Robert H. Peterson Co. 401(k) Retirement Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert H. Peterson Co. 401(k) Retirement Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Robert H. Peterson Co. 401(k) Retirement Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Robert H. Peterson Co. 401(k) Retirement Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Supplemental Schedule Required by ERISA

The supplemental schedule of assets (held at end of year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

ROBERT H. PETERSON CO. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS

1. Description of the Plan

General:

Robert H. Peterson Co. 401(k) Retirement Plan (the Plan) was established effective as of December 15, 2011 to provide benefits to employees of R. H. Peterson Co. (the Company).

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Eligibility:

Employees become eligible to participate after one-half year of employment, as of the first day of the next calendar quarter. Employees covered by a collective bargaining agreement, which does not provide for coverage under the Plan, and employees who are nonresident aliens with no U.S. source of income are excluded from participating.

Contributions:

The Plan is a defined-contribution Section 401(k) salary deferral plan. A participant may contribute to the Plan up to the maximum percentage of compensation allowable by law. The Company makes discretionary matching contributions using the calculation of 100% of the first \$1,000, 50% of the next \$2,000, and 25% of the following \$2,000 contributed by the participants to the Plan. The Company may contribute a maximum employer matching contribution of \$2,500 annually.

The Plan makes non-discretionary non-elective employer contributions of \$100 or \$200 per quarter to eligible participants, as defined in the amendments to the Plan documents. The Plan also allows for discretionary non-elective employer contributions. There were no discretionary non-elective contributions for the year ended December 31, 2022.

Forfeitures are used to reduce the employer contributions or to offset expenses of the Plan. Participants self-direct their contributions and their share of the Company's contribution among the investment options available under the Plan.

ROBERT H. PETERSON CO. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

1. Description of the Plan (continued)

Vesting:

Participants' elective deferral account balances are fully vested at all times. Vesting in employer contributions, plus actual earnings thereon, is based on years of credited service. A participant is 20% vested after two years of credited service, 40% vested after three years of credited service, 60% after four years of credited service, and 100% after five years of credited service.

Participant loans:

A participant may borrow from their fund accounts amounts not to exceed the lesser of \$50,000 or 50% of the vested portion of the balance with the minimum loan amount being \$1,000. The term of all loans shall be 60 months or less, unless the loan is for the purchase of a primary residence, in which case, the loan may be up to 120 months. Only one outstanding loan is allowable at any time for each participant. The loans are secured by the balance in the participants' accounts and bear interest at Prime (7.50% and 3.25% at December 31, 2022 and 2021, respectively) plus 1.00% at the time of issuance. Interest rates on outstanding loans ranged from 4.25% to 8.00% and 4.25% to 6.50% at December 31, 2022 and 2021, respectively. Principal and interest are paid ratably through payroll deductions.

Payment of benefits:

A participant becomes entitled to benefits under the Plan upon reaching normal retirement at age 65, death, permanent disability or resignation from the Company, to be paid in a manner specified in the Plan. Upon death, disability or reaching normal retirement age, a participant's account balance becomes fully vested. Upon resignation, participants are entitled to receive the vested portion of their account balance.

The Plan also allows in-service withdrawals from a participant's elective deferral account balance for hardship withdrawals or from all vested account balances upon attaining age 59 1/2.

Forfeited accounts:

Employer matching amounts forfeited by participants are accumulated into a forfeiture account and can be used as discretionary contributions, reduce the Company's future required contributions or offset expenses of the Plan. The amounts used from forfeited nonvested accounts to reduce employer contributions were \$21,552 for the year ended December 31, 2022. At December 31, 2022 and 2021, forfeited nonvested accounts totaled approximately \$11,000 and \$8,000, respectively.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies

Basis of accounting:

The financial statements of the Plan are prepared in accordance with accounting principles generally accepted in the United States of America.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 5 for discussion of fair value measurements. Shares of mutual funds are valued at the market value of shares held by the Plan at year-end. Units of the common collective trust fund are valued based on the net asset value per share as a practical expedient.

Purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation (depreciation) includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Notes receivable from participants:

As described in Note 1, the Plan allows participants to borrow against their vested account balance and the loans are secured by the participants' account balances. Participant loans are valued at their unpaid principal balance plus any accrued but unpaid interest. Participant loans are repaid ratably through regular payroll deductions and loan defaults are treated as distributions. The Plan is required to review the collectibility of the outstanding loan balances and record an allowance for loans determined to be uncollectible. As of December 31, 2022 and 2021, no allowance for uncollectible loans was deemed necessary.

Payment of benefits:

Benefits are recorded when paid.

Expenses of the Plan:

Certain third-party administration, audit fees and other operating expenses of the Plan are paid by the employer.

Transaction fees are paid by participants.

ROBERT H. PETERSON CO. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

2. Summary of significant accounting policies (continued)

Expense offset arrangements:

Certain fees incurred by the Plan for investment management services and recordkeeping are included in net appreciation (depreciation) in fair value of investments, as they are paid through revenue sharing, rather than a direct payment.

Use of estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets available for benefits as of the end of the Plan year and the reported amounts of changes in net assets available for benefits during the year. Accordingly, actual results could differ from those estimates.

Subsequent events:

The Plan Administrator has reviewed and evaluated subsequent events through August 14, 2023, the date the financial statements were available to be issued.

3. Risks and uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

4. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee))

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, the following information included in these financial statements and supplemental schedule was obtained from data that has been prepared and certified as complete and accurate by the Trustee.

The Trustee certified the fair value of investments of \$15,512,267 and \$17,654,386 as of December 31, 2022 and 2021, respectively. The Trustee certified to the completeness and accuracy of the interest and dividend income of \$531,254, interest on participant loans of \$19,995 and net depreciation in fair value of investments of \$2,329,395 for the year ended December 31, 2022.

ROBERT H. PETERSON CO. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

4. Investments (information prepared and certified by Fidelity Management Trust Company (the Trustee)) (continued)

Notes receivable from participants of \$660,534 and \$450,113 are also certified by the Trustee at December 31, 2022 and 2021, respectively.

5. Fair value measurements

There are three levels of inputs used to measure fair value. The definition of each input is described below:

Level 1	Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.
---------	---

Level 2	Inputs to the valuation methodology include: • quoted prices for similar assets or liabilities in active markets; • quoted prices for identical or similar assets or liabilities in inactive markets; • inputs other than quoted prices that are observable for the asset or liability; • inputs that are derived principally from or corroborated by observable market data by correlation or other means.
---------	---

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3	Inputs that are unobservable inputs for the asset or liability.
---------	---

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

ROBERT H. PETERSON CO. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds:	Valued at the market value of shares held by the Plan at year-end.
Common collective trust fund:	Valued at the net asset value (NAV) of the units held by the Plan. The Fund invests in fully benefit-responsive investment contracts that are held at contract value. NAV is determined to be contract value, the value at which participants ordinarily transact. This practical expedient would not be used if it is determined to be probable that the Fund will sell the investment for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan Administrator believes that the Plan's valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021. Classification within the fair value hierarchy table is based on the lowest level of any input that is significant to the fair value measurement.

Assets at fair value as of December 31, 2022:

December 31, 2022	Level 1	Total
Mutual funds	\$ 10,160,591	\$ 10,160,591
Common collective trust fund measured at NAV*		5,351,676
Total investments at fair value	\$ 10,160,591	\$ 15,512,267

ROBERT H. PETERSON CO. 401(K) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

5. Fair value measurements (continued)

Assets at fair value as of December 31, 2021:

December 31, 2021	Level 1	Total
Mutual funds	\$ 12,255,620	\$ 12,255,620
Common collective trust fund measured at NAV*		5,398,766
Total investments at fair value	\$ 12,255,620	\$ 17,654,386

*Certain investments that are measured at fair value using the NAV per share (or its equivalent) practical expedient have not been categorized in the fair value hierarchy. The fair value amounts presented in these tables are intended to permit reconciliation of the fair value hierarchy to the amounts presented in the statements of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021:

Investment	2022	2021	Unfunded commitment	Redemption frequency	Redemption notice period
Common collective trust fund	\$ 5,351,676	\$ 5,398,766	N/A	Daily	None

6. Party-in-interest transactions

The Plan's investments are shares of mutual funds and a common collective trust fund, all of which are managed by the Trustee and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan to the Trustee for investment management services totaled \$7,252 for the year ended December 31, 2022.

ROBERT H. PETERSON CO. 401(k) RETIREMENT PLAN

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

7. Income taxes

The Plan is exempt from federal income tax under Section 401 of the Internal Revenue Code (the Code). The Plan is a prototype plan. The Internal Revenue Service has determined and informed the prototype sponsor by a letter dated June 30, 2020, that the Plan and the related trust are designed in accordance with applicable sections of the Code. Although the Plan has been amended since receiving the determination letter, the Plan Administrator believes that the Plan is designed, and is currently being operated, in compliance with the applicable requirements of the Code and, therefore, believes that the Plan is qualified, and the related trust is tax-exempt.

8. Plan termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100% vested in all of their account balances.

9. Reconciliation of financial statements to the Form 5500

Contributions are recorded on the accrual basis for financial statement purposes and on the cash basis for tax purposes.

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500:

December 31,	2022	2021
Net assets available for benefits per the financial statements	\$ 16,314,963	\$ 18,188,716
