Independent Auditor's Report

To the Plan Administrator and Those Charged with Governance
CentralReach 401(k) Plan
Matawan, New Jersey

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of CentralReach 401(k) Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audit need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency (qualified institution), provided that the statements or information regarding assets so held are prepared and certified to by the qualified institution, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Management has obtained certifications from the qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report:

- The amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with U.S. GAAP, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all Plan amendments; administering the Plan; and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit of the Financial Statements section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan‘s ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with U.S. GAAP.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

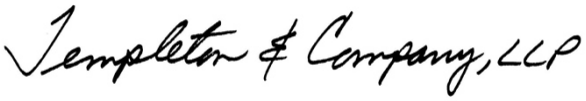

Supplemental Information Required by ERISA

The supplemental information of Schedule H, line 4a - schedule of delinquent participant contributions and Schedule H, line 4i – schedule of assets (held at end of year), as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental information, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental information, we evaluated whether the supplemental information, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- The form and content of the supplemental information, other than the information in the supplemental information that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor’s Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental information related to assets held by and certified to by a qualified institution agrees to or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

CENTRALREACH 401(k) PLAN

NOTES TO FINANCIAL STATEMENTS

Note 1 – Description of Plan

The following description of the CentralReach 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General and eligibility

The Plan is a defined contribution plan which was established on January 1, 2018, available to eligible employees of CentralReach, LLC and its affiliates Bronco Billing, Obigobi, LLC, and Pathfinder Health Innovations (collectively, the Company, Employers or Plan Sponsor). The Plan has been amended and restated over the years to comply with certain tax legislation. The Plan covers substantially all full-time employees of the Employers. Eligible employees are full-time employees who have reached the age twenty-one (21), as defined in the Plan document. An employee is eligible to participant beginning on the first day the age requirement is met. The Plan's management determines the appropriateness of the Plan's investment offerings and monitors investment performance. The Company is the Plan Administrator.

The Plan Sponsor is responsible for oversight of the Plan, determining the appropriateness of investment offerings, and monitoring investment performance. The Plan uses Empower Annuity Insurance Company of America and Empower Trust Company, LLC (collectively, the Trustee) for trust and custodial services and its related affiliate Empower Retirement, LLC for recordkeeping services.

The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions

Upon meeting eligibility requirements, participants may contribute up to 100% of their eligible compensation on a pre-tax and after-tax basis, subject to Internal Revenue Service (IRS) limitations. Participants who are at least age 50 may make an additional "catch-up" contribution subject to IRS limitations. Participants may also contribute funds from another qualified retirement plan (rollover contributions), subject to certain requirements. The Plan's provisions also provide for Roth 401(k) elective deferrals.

The Plan includes an auto-enrollment provision whereby all newly eligible employees are automatically enrolled in the Plan unless they affirmatively elect not to participate in the Plan. Automatically enrolled participants have their deferral rate set at 3% of eligible compensation, as defined, and their contributions invested in a designated balanced fund until changed by the participant.

The Employers make a safe harbor matching contribution equal to 100% of the amount of eligible participants' elective deferrals, up to 3% of the participants' eligible compensation, as defined, plus 50% of the amount of participants' elective deferrals between 3% and 5% of the participants' eligible compensation. For the year ended December 31, 2022, the Employers' safe harbor contributions totaled $1,175,979. Additional discretionary matching contributions may be made to eligible participants as directed by the Company. There were no discretionary matching contributions during 2022. All Employers' matching contributions are invested at the participant's direction and the Plan's provisions.

Contributions are subject to certain IRS limitations.

Participant accounts

Each participant account is credited with the participant's contribution and an allocation of: (a) the Employers' contributions (if any), and (b) Plan earnings or losses. Participants are charged with his or her withdrawals and an allocation of administrative expenses, as defined. Allocations are based on participant earnings, account balances, or specific participant transactions, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. All participant contributions are participant-directed and may be invested into various investment options offered by the Plan.

Note 1 – Description of Plan, Continued

Vesting

Participants are immediately vested in their individual contributions and the Employers' safe harbor and discretionary matching contributions plus actual earnings or losses thereon.

Forfeitures

Forfeited nonvested accounts may be used to offset certain Plan administrative expenses or reduce the Employers' contributions. During 2022, forfeitures used to reduce the Employers' contributions totaled $1,320 and forfeitures used to offset certain administrative expenses totaled $1,400. As of December 31, 2022 and 2021, unallocated forfeitures totaled $5 and $138, respectively.

Participant notes receivable

Participants may borrow from their account from $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance. The loans are secured by the vested account balance in the participant's account, and bear a reasonable rate of interest. A participant may have up to one (1) loan outstanding at any given time. Delinquent notes receivable from participants are reclassified as distributions based upon the terms of the Plan document. Principal and interest are paid through regular payroll deductions.

Payment of benefits

On termination of service due to death, disability, or normal retirement, age (65) a participant may elect to receive an amount equal to the value of the participant's vested interest in his or her account in a lump-sum distribution, or in monthly installments. For termination of service due to other reasons, a participant may choose to leave the vested interest in the Plan if such amounts exceed $5,000 or elect a lump-sum distribution. Participants with vested amounts less than $5,000 must elect a lump-sum distribution. Benefit payments to participants are recorded upon distribution. Participants may elect to take an in-service distribution of vested funds if they meet certain defined requirements, including becoming disabled, reaching age 59½, or for heavy financial hardship needs, as defined. The Plan does not provide for an early retirement age provision.

Administrative expenses

The Plan allows certain administrative expenses to be paid from Plan investment assets and reflected as administrative expenses. Certain administrative expenses are paid directly by the Plan Sponsor and are not reflected in these financial statements. Investment management fees are charged to the Plan as a reduction of investment return and included in investment income reported by the Plan.

Note 2 – Summary of Significant Accounting Policies

Basis of accounting

The financial statements of the Plan are prepared using the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America (U.S. GAAP).

Investment valuation and income recognition

Investments are reported at fair value (except for fully benefit-responsive contracts which are reported at contract value). Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Administrator determines the Plan's valuation policies utilizing information provided by the Plan's Trustee.

Note 2 – Summary of Significant Accounting Policies, Continued

Investment valuation and income recognition, continued

Interest income is recognized when earned. Dividends are recorded on the ex-dividend date. Purchases and sales of securities are recorded on a trade-date basis. Net depreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold, as well as held during the year.

Use of estimates

The preparation of financial statements in conformity with U.S. GAAP requires Plan management to make estimates and assumptions that affect certain reported amounts of assets and liabilities and changes in net assets and disclosure of contingent assets and liabilities. Actual results could differ from those estimates and those differences could be material.

Risks and uncertainties

The Plan provides for various investment options. Investment securities are exposed to various risks, such as interest rate risk, market risk, liquidity risk and credit risk. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible changes in risks in the near-term would materially affect participant account balances and the amounts reported in the financial statements.

Participant notes receivable

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual method. Related fees are charged directly to the borrowing participants account and included as administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 and 2021. If a participant ceases to make scheduled repayments and the Plan Administrator deems the participant note receivable to be in default, the note receivable balance is reclassified and a benefit payment recorded.

Payment of benefits

The Plan records benefits when paid.

Plan administration

The Company is the Plan Administrator, and as such, controls and manages the operations of the Plan. The Plan's investment assets were maintained by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, collectively the Trustee. The Trustee invests cash received, interest and dividend income and makes distributions to participants (subject to the direction of participants). Empower Retirement, LLC, a company related to the Trustee, provides recordkeeping services to the Plan.

Plan expenses

For the year ended December 31, 2022, the Plan classified certain administrative expenses as an expense rather than as a reduction of investment income.

Uncertain tax positions

U.S. GAAP requires Plan management to assess its uncertain tax positions for the likelihood they would be overturned upon examination by the IRS. In accordance with this guidance, the Plan Administrator has determined it does not have any positions at December 31, 2022 that it would be unable to substantiate.

Note 3 – Certified Investment Information

The Plan Administrator has elected the method of annual reporting compliance permitted by ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Accordingly, Empower Annuity Insurance Company of America and Empower Trust Company, LLC, qualified institutions, have certified that the following investment information included in the accompanying financial statements and ERISA-required supplemental schedule is complete and accurate:

- Investments and participant notes receivable as shown on the statements of net assets available for benefits as of December 31, 2022 and 2021;
- Net investment activity and interest income on participant notes receivable as shown in the statement of changes in net assets available for benefits for the year ended December 31, 2022; and
- Investment information included in the Schedule H, Line – 4i Schedule of Assets (held at end of year) as of December 31, 2022, as shown on the ERISA-required supplemental information.

At the request of the Plan's Administrator, the Plan's independent auditors did not perform auditing procedures with respect to this certified information, except for comparing such certified information to the related investment information included in the financial statements, including the disclosures related to the investments to assess whether they are in accordance with the presentation and disclosure requirements of U.S. GAAP, and in the ERISA-required supplemental schedule, including assessing whether the supplemental schedule is in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

Note 4 – Fair Value Measurements

Accounting guidance provides a framework for measuring fair value and provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements).

The three levels of the fair value hierarchy are described as follows:

Level 1	Unadjusted quoted prices for identical, unrestricted assets or liabilities in active markets that a plan has the ability to access.
Level 2	Quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; and inputs that are derived principally from or corroborated by observable market data by correlation or other means for substantially the full term of the assets or liabilities.
Level 3	Significant unobservable inputs.

A financial investment's level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs. There have been no changes in the methodologies used at December 31, 2022 and 2021. During the year ended December 31, 2022, there were no transfers of financial instruments into or out of Level 3.

Note 4 – Fair Value Measurements, Continued

Following is a description of the value methodologies used for assets measured at fair value:

Mutual funds – valued at quoted market prices, which represent their daily net asset value (NAV) and, therefore, are classified as Level 1. Mutual funds held by the Plan are open-end mutual funds that are traded on national exchanges (active markets).

Collective trust funds (CITs) – valued at the NAV of units held of the CIT. The NAV, as provided by the CITs, is used as a practical expedient to estimate fair value. The NAV is based on the fair value of the underlying investments held by the CITs less liabilities. This practical expedient is not used when it is determined to be probable that the CIT will sell for an amount different from the reported NAV. Participant transactions (purchases and sales) may occur daily at NAV.

The preceding methods described may produce a fair value calculation which may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

Investments measured at fair value, on a recurring basis, consist of the following types of instruments as of December 31, 2022 and 2021:

	Fair Value Measurements as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 10,698,984	$ -	$ -	$ 10,698,984
Collective trust funds*	-	-	-	76,504
Investments, at fair value	$ 10,698,984	$ -	$ -	$ 10,775,488

	Fair Value Measurements as of December 31, 2021			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 9,808,877	$ -	$ -	$ 9,808,877
Collective trust funds*	-	-	-	16,342
Investments, at fair value	$ 9,808,877	$ -	$ -	$ 9,825,219

* Certain investments that were measured at NAV per share (or its equivalent) practical expedient have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to present the reconciliation of the fair value hierarchy to line items presented on the statements of net assets available for benefits.

Note 5 – Fair Value of Investments in Entities that use NAV

The following table summarizes the collective trust fund investments for which fair value is based on the NAV per share practical expedient as of December 31,:

Collective trust funds	Fair Value 2022	Fair Value 2021	Unfunded commitments	Redemption frequency	Redemption notice period
SSGA Russell Small/Mid Cap Index	$ 74,144	$ 14,866	None	Daily	None
Wilmington Trust Franklin Growth CIT	$ 2,360	$ 1,476	None	Daily	None

Note 5 – Group Annuity Contract with Insurance Company

The Plan has a traditional fully benefit-responsive investment contract through a group annuity contract with Empower Annuity Insurance Company of America (Empower), the issuer, totaling $117,257 and $83,660, respectively, as of December 31, 2022 and 2021. Empower maintains the contributions in a general account. The Guaranteed Interest Fund is a general account product offered through a group annuity contract. Participant's principal and interest are fully guaranteed by the general accounts of Empower. The methodology for calculating the interest crediting rate is based on the earnings on the underlying investments in the entire medium-long-term new portfolio compared to the minimum interest crediting rate, as stated in the contract, and prevailing market conditions.

Empower is contractually obligated to repay the principal and a specified interest rate that is guaranteed to the Plan. The crediting rate is reviewed on a quarterly basis for resetting. The Guaranteed Interest Fund contract does not permit Empower to terminate the agreement prior to the scheduled maturity date.

The contract meets the fully benefit-responsive investment criteria and, therefore, is reported at contract value. Contract value is the relevant measurement for fully benefit-responsive investment contracts, because it is the amount received by participants if they were to initiate permitted transactions under the terms of the Plan. Under the terms of the group annuity contract, participants may direct the withdrawal or transfer transactions of all or a portion of their balance in the investment option at contract value. Contract value, as reported to the Plan by (the issuer), represents contributions made under the contract, plus earnings, less participant withdrawals and expenses.

The Plan's ability to receive amounts due is dependent on the issuer's ability to meet its financial obligations. The issuer's ability to meet its contractual obligations may be affected by future economic and regulatory developments. Certain events limit the ability of the Plan to transact at contract value. Such events include, but may not be limited to, amendments to the Plan documents (including complete or partial plan termination or merger with another plan), changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, bankruptcy of the Plan Sponsor or other Plan Sponsor events that cause a significant withdrawal from the Plan, the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA or premature termination of the contract.

The Plan Administrator does not believe any events are probable of occurring that might limit the ability of the Plan to transact at contract value with Empower and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include an uncured violation of the Plan's investment guidelines, a breach of a material obligation under the contract, a material misrepresentation or a material amendment to the agreement without the consent of the issuer.

Note 6 – Party-in-Interest Transactions

Parties-in-interest are defined under DOL Regulations as any fiduciary of the Plan, any party rendering service to the Plan, the Employers and certain others. The Plan's investments include shares of mutual funds, collective trust funds and a guaranteed fund issued, managed, and administered by Empower Annuity Insurance Company of America and Empower Trust Company, LLC, collectively the Trustee. Empower Retirement, LLC is the Plan's recordkeeper, a related company of the Trustee, and accounts for investment transactions and participant records along with other compliance and administrative services. Therefore, these transactions with the Trustee and its affiliate qualify as party-in-interest transactions.

Certain administrative functions are performed by officers and employees of the Employers. No officer or employee receives compensation from the Plan for these services.

Note 6 – Party-in-Interest Transactions, Continued

Fees incurred by the Plan for investment management services are included in net depreciation in fair value of investments, which were not covered by revenue sharing. The Plan also made direct payments to service providers which were not covered by revenue sharing.

Note 7 – Fidelity Bond

The Plan has complied with the fidelity bonding requirement of ERISA.

Note 8 – Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue contributions at any time and to terminate the Plan subject to the provisions of ERISA.

Note 9 – Tax Status

The Plan uses a non-standardized pre-approved profit sharing/money purchase plan with CODA plan document sponsored by Great-West Trust Company, LLC. Great-West Trust Company, LLC received an opinion letter from the IRS, dated June 30, 2021, which states that the prototype document, as then designed, satisfies the applicable provisions of the Internal Revenue Code (IRC). The Plan itself has not received a determination letter from the IRS. The Plan's management believes that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC. Therefore, no provision for income tax has been included in the Plan's financial statements.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The Plan Administrator believes it is no longer subject to income tax examinations for years prior to 2019.

Note 10 – Delinquent Participant Contributions

As required by ERISA Section 2510.3-102, the Plan Sponsor is required to segregate participant contributions from its general assets as soon as is practicable. During 2019, the Plan Sponsor failed to remit to the Plan's Trustee certain participant contributions totaling $58,001 within the period prescribed by DOL regulations. Lost earnings related to the 2019 delinquent participant contributions have not been corrected as of the date of this report.

Note 11 – Subsequent Events

Plan management appointed Fidelity Management Trust Company (FMTC) to become the successor Trustee and the Plan recordkeeper, effective January 10, 2023.

The Plan evaluated events occurring subsequent to December 31, 2022 through September 11, 2023, the date on which the financial statements were available to be issued, for matters that should be recorded in the financial statements or disclosed in the footnotes thereto.
