Report of Independent Auditors

The Plan Administrator
Cintas Corporation (G&K Services) Pension Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Cintas Corporation (G&K Services) Pension Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes (collectively referred to as the "financial statements").

Management, having determined it is permissible in the circumstances, has elected to have the audits of the financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the years then ended, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section.

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date that the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a

A member firm of Ernst & Young Global Limited

material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audit did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

A member firm of Ernst & Young Global Limited

Building a better working world

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that we identified during the audit.

Cintas Corporation (G&K Services) Pension Plan

Notes to Financial Statements

December 31, 2022

1. Description of the Plan

The following brief description of the Cintas Corporation (G&K Services) Pension Plan (the Plan) is provided for general information purposes. Cintas Corporation (the Company), as successor to G&K Services, is the Plan Sponsor. Participants should refer to the Plan document for a complete description of the Plan's provisions. Copies of the *Summary Plan Description* are available from McCready and Keene, Inc. (the Plan Administrator).

General

The Plan is a defined benefit pension plan. The Company makes all current contributions to the Plan and is responsible for administration of the Plan. The trustee is Fifth Third Bank (the Trustee) and Mercer Human Resource Consulting is the actuary (the Actuary). The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA).

Benefits

Normal retirement age is 65, or the fourth anniversary of participation in the Plan, whichever is later. Participants may receive reduced benefits by electing early retirement between the ages of 60 and 65, with 30 years of service. Benefits are determined based upon years of service and final average pay prior to January 1, 2007, as defined. A vested participant who terminates for any reason other than early retirement or death may receive a reduced vested termination benefit which can generally commence no earlier than their 55th birthday and not later than age 65. Participants receive their distributions, subject to certain Plan provisions regarding optional forms, in the form of an annuity or, if the present value of their benefit is $5,000 or less, in a lump-sum payment.

Eligibility and Vesting

Prior to January 1, 2007, employees of the Company who were not covered by collective bargaining union-administered plans of the Company, who were hired by the Company on or before July 1, 2005, had completed one year of eligibility service by July 1, 2006, and had attained age 21 were eligible to participate in the Plan.

Effective January 1, 2007, the Plan was amended to freeze additional accrued benefits and was closed to new participants for any period after December 31, 2006. In addition, for the purpose of computing a participant's accrued benefit, no additional services or changes in earnings after December 31, 2006, will be taken into account. However, for the purpose of determining a

1. Description of the Plan (continued)

participant's vested interest in his or her accrued benefit, services performed by a participant for periods after December 31, 2006, shall be taken into account. Participants become fully vested upon completion of five years of vesting service, as defined by the Plan.

Funding

The Company will voluntarily contribute such additional amounts as are necessary to provide assets sufficient to meet the benefits to be paid to the Plan's participants. It is the intention of the Company to make annual contributions in amounts sufficient to fund the Plan's cost as required by ERISA and the Pension Protection Act (PPA). The Plan has met the ERISA and PPA minimum funding requirements as of December 31, 2022 and 2021.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America (U.S. GAAP) requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Payment of Benefits

Benefit payments to participants are recorded when paid.

Cintas Corporation (G&K Services) Pension Plans Master Trust

All of the Plan's investments are held in the Cintas Corporation (G&K Services) Pension Plans Master Trust (the Master Trust), which was established for the purpose of collectively investing the assets of the Plan, along with the Cintas Corporation (G&K Services) Non-Contributory Pension Plan for Collective Bargaining Employees (a related plan). The Plan has specific interests in certain investments of the Master Trust. The Master Trust assets are allocated between the

2. Summary of Significant Accounting Policies (continued)

participating plans by assigning to each plan those transactions (primarily contributions, benefit payments, and plan-specific expenses) that can be specifically identified and by allocating among all plans, in proportion to the fair value of the assets assigned to each plan, income and expenses resulting from the collective investment of the assets of the Master Trust. At both December 31, 2022 and 2021, the Plan's interest in the net assets of the Master Trust was approximately 99%.

Investment Valuation and Income Recognition

The Plan's investments, specifically those held in the Master Trust, are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Investment Policy Committee determines the valuation policies utilizing information provided by the Plan's investment advisors and Trustee. See Note 4 for discussion and disclosures related to fair value measurements.

Within the Master Trust, purchases and sales of investments are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

In the statements of changes in net assets available for benefits, the Plan presents the net appreciation (depreciation) from interest in the Cintas Corporation (G&K Services) Pension Plans Master Trust, which consists of the net realized gains or losses and the net change in unrealized appreciation or depreciation on those investments.

Actuarial Present Value of Accumulated Plan Benefits

Accumulated plan benefits are those future periodic payments, including lump-sum distributions, which are attributable, under the Plan's provisions, to the service the employees have rendered. Accumulated plan benefits include benefits expected to be paid to (a) retired or terminated employees or their beneficiaries, (b) beneficiaries of employees who have died and (c) present employees or their beneficiaries. Benefits under the Plan are based on employees' compensation during their last five years of credited service. The accumulated Plan benefits for active employees are based on their average compensation during the five years ending December 31, 2006 (the valuation date). Benefits payable under all circumstances – retirement, death, permanent disability and termination of employment – are included to the extent they are deemed attributable to employee service rendered to the valuation date (see Note 5).

2. Summary of Significant Accounting Policies (continued)

Fair Value Measurements

The Plan follows the provisions of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurement*, which defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value. ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

ASC 820 emphasizes that fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumption in fair value measurements, and as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants.

The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date. The three levels are defined as follows:

- *Level 1:* Inputs utilize quoted market prices in active markets for identical assets or liabilities that the Plan has the ability to access.

- *Level 2:* Inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates, and yield curves that are observable at commonly quoted intervals.

- *Level 3:* Inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity.

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Plan's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability.

3. Investments

Certain information related to investments for both the Plan and Master Trust, disclosed in the financial statements, including investments held (Interest in the Cintas Corporation (G&K Services) Pension Plans Master Trust) at December 31, 2022 and 2021, and net appreciation (depreciation) from interest in the Cintas Corporation (G&K Services) Pension Plans Master Trust, for the years ended December 31, 2022 and 2021, was obtained or derived from information supplied to the Plan Administrator and certified as complete and accurate by the Trustee.

The following table presents the net assets of the Master Trust and the Plan's interest in the Master Trust:

Total investments at fair value	$ 47,691,275	$ 33,658,453	$ –	$ 81,349,728

The following is a description of the valuation techniques and inputs used for each major class of assets measured at fair value as of December 31, 2022 and 2021.

Non-interest bearing cash: The fair value of this investment is based on the actual observable value of the cash held at the financial institution.

Money market investments: Money market investments are valued at the closing price reported on the active market on which they are traded.

U.S. Treasuries: U.S. Treasuries are valued at the closing price reported on the active market on which they are traded.

U.S. Government agency bonds: U.S. government agency bonds are valued using pricing models maximizing the use of observable inputs for similar securities.

Corporate and foreign bonds: Corporate and foreign bonds are valued using pricing models maximizing the use of observable inputs for similar securities. This includes basing value on yields currently available on comparable securities of issuers with similar credit ratings.

Mutual funds: The fair value of these securities is based on observable market quotations for the underlying funds and is priced on a daily basis at the close of business. The Plan does not adjust the quoted price.

5. Actuarial Present Value of Accumulated Plan Benefits

The actuary estimated the actuarial present value of accumulated plan benefits at December 31, 2021 which is the amount that results from applying actuarial assumptions to adjust the accumulated plan benefits earned by the participants to reflect the time value of money and the probability of payment (by means of decrements such as for death, disability, withdrawal, or retirement) between the valuation date and the expected date of payment.

The accumulated plan benefit information is determined by the Actuary as of the beginning of the Plan year. The actuarial present value of accumulated plan benefits as of December 31, 2021, is as follows:

Actuarial present value of accumulated plan benefits:	
Vested benefits:	
Active participants	$ 10,799,924
Inactive participants with deferred benefits	28,018,492
Inactive participants receiving benefits	35,095,581
Total vested benefits	73,913,997
Nonvested benefits	416,635
Total actuarial present value of accumulated plan benefits	$ 74,330,632

The change in the actuarial present value of accumulated plan benefits from January 1, 2021, to December 31, 2021, is as follows:

Actuarial present value of accumulated plan benefits at January 1, 2021	$ 77,701,943
Decrease increase during the year attributed to:	
Benefits accumulated	(249,627)
Interest	3,644,475
Benefits paid	(3,277,615)
Change in actuarial assumptions	(3,488,544)
Net decrease	(3,371,311)
Actuarial present value of accumulated plan benefits at December 31, 2021	$ 74,330,632

5. Actuarial Present Value of Accumulated Plan Benefits (continued)

Significant assumptions underlying the actuarial valuation are as follows:

Assumed rate of return on investment	5.20%, after a reduction of 2.15% to reflect anticipated administrative expenses associated with providing benefits
Mortality basis	Pri-2012 separate employee and retiree tables with contingent survivor adjustments for beneficiaries projected generationally with the MP-2021 improvement scale and no collar adjustments.

	Rate
Retirement age:	
55–59	8%
60–61	10
62	20
63	15
64–65	30
66	35
67	25
68	20
69	10
70 and above	100

The change in actuarial assumptions reflects routine improvements in mortality and changes in interest rate from 4.80% at January 1, 2021 to 5.20% at January 1, 2022. These actuarial assumptions are based on the presumption that the Plan will continue. Were the Plan to terminate, different actuarial assumptions and other factors might be applicable in determining the actuarial present value of accumulated plan benefits.

6. Plan Termination

Although it presently has no intention to do so, under the terms of the Plan, the Plan sponsor has the right, at any time, to terminate the Plan. The Pension Benefit Guaranty Corporation (the PBGC) may also terminate the Plan by action pursuant to the provisions of ERISA.

In the event the Plan terminates, the net assets of the Plan will be allocated, as outlined in the Plan document and as prescribed by ERISA and its related regulations, generally to provide the following benefits in the order indicated:

a. The amount participants or their beneficiaries who were entitled to receive benefit payments at least three years prior to the Plan termination or that amount participants eligible to retire for that three-year period would have been receiving if they had retired with benefits in the normal form of annuity under the Plan. The priority amount is limited to the lowest benefit that was payable (or would have been payable) during those three years. The amount is further limited to the lowest benefit that would be payable under Plan provisions in effect at any time during the five years preceding Plan termination.

b. All benefits guaranteed by the PBGC, if any.

c. All vested benefits (determined prior to termination) not guaranteed by the PBGC.

d. All other accrued benefits.

Certain benefits under the Plan are insured by the PBGC if the Plan terminates. Generally, the PBGC guarantees most vested normal retirement age benefits, early retirement benefits, and certain disabilities and survivors' pensions. However, the PBGC does not guarantee all types of benefits under the Plan, and the amount of benefit protection is subject to certain limitations.

Whether all participants receive their benefits should the Plan terminate at some future time will depend on the sufficiency, at that time, of the Plan's net assets to provide for accumulated benefit obligations and may also depend on the financial condition of the Company and the level of benefits guaranteed by the PBGC.

7. Income Tax Status

The Plan was amended and restated as of January 1, 2017. The Plan has received a determination letter from the Internal Revenue Service (IRS) dated February 6, 2018, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code), and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the IRS, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualified status. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax-exempt.

U.S. GAAP requires Plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. Plan management has analyzed the tax positions taken by the Plan and has concluded that there are no uncertain positions taken or expected to be taken. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Related-Party Transactions

The Trustee manages and invests contributions received and makes distributions to participants. These transactions qualify as party-in-interest transactions; however, they are exempt from the prohibited transactions rules under ERISA. Administrative expenses paid to parties in interest aggregate to $1,465,929 and $1,220,025 for the year ended December 31, 2022 and 2021, respectively. The Plan is not charged for certain administration services performed on its behalf by the Company. Expenses that are paid by the Company are excluded from these financial statements.

9. Risks and Uncertainties

The Master Trust invests in various investment securities. Investment securities are exposed to various risks, such as interest rate, market volatility, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that those changes could materially affect the amounts reported in the statements of net assets available for benefits.

9. Risks and Uncertainties (continued)

Plan contributions are made, and the actuarial present value of accumulated plan benefits are reported based on certain assumptions pertaining to interest rates, inflation rates, and employee demographics, all of which are subject to change. Due to uncertainties inherent in the estimation and assumption processes, it is at least reasonably possible that changes in these estimates and assumptions in the near term could materially affect the amounts reported and disclosed in the financial statements.

10. Subsequent Events

Management evaluated subsequent events for the Plan through September 20, 2023, the date the financial statements were available to be issued.

• First 5 years	4.75%	1.07%
• Next 15 years	5.18%	2.68%
• Over 20 years	5.92%	3.36%
	Rationale : Prescribed by the IRS and based on Cintas Corporation's election, including the election to first reflect the stabilized rates under ARPA effective with the January 1, 2020 valuation.	
Mortality sponsor elections		
• Healthy participants	Section 430(h)(3) prescribed separate static annuitant and non-annuitant mortality tables. These tables are based on the RP-2014 mortality tables projected with mortality improvement beyond 2006 removed with static mortality improvement based on the IRS methodology and projection scale MP-2020. Rationale: Prescribed by the IRS and based on Cintas Corporation's election.

Schedule SB, Part V — Statement of Actuarial Assumptions/Methods

Actuarial methods for funding

Asset methods

The asset valuation method is an average of the adjusted market value for each year during the last two years preceding the valuation date. The adjusted market value is the market value at each determination date adjusted to the valuation date based on actual cash flows and expected interest at the lesser of the expected rate of return and the third segment rate. This amount is adjusted to be no greater than 110% and no less than 90% of the fair market value, as defined in IRC Section 430.

A characteristic of this asset method is that, over time, it is slightly more likely to produce an actuarial value of assets that is less than the market value of assets than an actuarial value that is greater than the market value.

Participant methods

Participants or former participants are included or excluded from the valuation as described below:

- **Participants included:** The plan sponsor provides us with data on all employees as of the valuation date, but only those employees who have completed the plan's eligibility requirements are included in the valuation of liabilities.

- **Participants excluded:** No actuarial liability is included for nonvested participants who terminated prior to the valuation date. For this purpose, participants with a break in service on the valuation date are treated as terminated participants.

- **Insurance contracts:**The plan does not have any insurance contracts.

Minimum funding methods

The funding target for minimum funding calculations is computed using the traditional unit credit method of funding. The objective under this method is to fund each participant's benefits under the plan as they accrue. Thus, the total pension to which each participant is expected to become entitled at retirement is broken down into units, each associated with a year of past or future credited service.

A detailed description of the calculation follows:

- The plan's valuation date is the beginning of the plan year.

- An individual's **funding target** is the present value of future benefits based on credited service and average pay as of the beginning of the plan year, and an individual's **target normal cost** is the present value of the benefit expected to accrue in the plan year. If multiple decrements are used, the funding target and the target normal cost for an individual is the sum of the component funding targets and target normal costs associated with the various anticipated separation dates.

- The plan's **target normal cost** is the sum of the individual target normal costs, and the plan's **funding target** is the sum of the individual funding targets for all participants under the plan.

Statement by Enrolled Actuary

To the best of my knowledge, the information supplied in this schedule and accompanying schedules, statements and attachments, if any, is complete and accurate. Each prescribed assumption was applied in accordance with applicable law and regulations. In my opinion, each other assumption is reasonable (taking into account the experience of the plan and reasonable expectations) and such other assumptions, in combination, offer my best estimate of anticipated experience under the plan.

Schedule SB, Part V — Summary of Plan Provisions

Summary of major plan provisions

Effective date and plan year	January 1,1970 Restated plan: January 1, 2017 Plan year: Calendar year
Most recent amendment	Amendment #2 executed October 15, 2018
Status of the plan	Benefit accruals are frozen and there are no new participants entering the plan after December 31, 2006.
Significant events that occurred during the year	None
Definitions	
• Covered employees	Employees of G&K Services, Inc. who meet the participation requirements
• Participation	Participant in Plan on January 1 or July 1 following one year of service and age 21. There are no new participants after December 31, 2006.
• Vesting service	Prior to January 1, 1976: last period of continuous employment rounded to the nearest year. January 1, 1976 and later: one year for each calendar year in which 1,000 hours of service are completed (excluding years prior to age 18).
• Benefit Accrual service	Prior to January 1, 1976: full calendar months of employment. January 1, 1976 and later: one year for each calendar year in which 1,000 hours of service are completed. Counts from year of hire and frozen as of December 31, 2006.
• Pensionable earnings	Wages and other amounts received for services rendered, but excluding reimbursements or other expense allowances, fringe benefits, moving expenses, deferred compensation, severance pay and other welfare benefits.
• Final average earnings	The average of the total compensation paid to an employee during the high five consecutive calendar years out of the last ten calendar years (or the average of all such years if five or less), frozen as of December 31, 2006.
• Primary Social Security benefit	Amount of the monthly old age insurance benefit that a participant is entitled to receive under the Federal Social Security Act.
• Covered Compensation	For a Plan Year, Covered Compensation is the average (without indexing) of the taxable wage bases, determined under Section 230 of the Social Security Act, in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which the Participant attains (or will attain) Social Security Retirement Age. In determining a Participant's Covered Compensation for a Plan Year, the taxable wage base for the current Plan Year and any subsequent Plan Year shall be assumed to be the same as the taxable wage base in effect as of the beginning of the Plan Year for which the determination is being made. A Participant's Covered Compensation shall be adjusted automatically for each Plan Year until the Plan freeze.
• Accrued benefit	Normal Retirement Benefit based on salary history and service as of termination of employment or December 31, 2006, if earlier.

Schedule SB, Part V — Summary of Plan Provisions

Normal retirement	
• Eligibility	Later of the date the Participant attains age 65 or the 4th anniversary of the 1st day of the Plan Year in which the Participant commenced participation in the Plan.
• Benefit	The greater of the amounts determined under the 1989 Pension Formula described in (1) below or, if the Participant is eligible, under the 1988 Pension Formula described in (2) below. Effective December 31, 2006 benefits are frozen. (1) **1989 Pension Formula:** 2/3 of 1% of Participant's Average Compensation plus 1/2 of 1% of his Average Compensation in excess of Covered Compensation, multiplied by his number of years of Benefit Accrual Service (not exceeding 30). (2) **1988 Pension Formula** **(a) Eligibility.** If a Participant had an Accrued Benefit under this Plan as of December 31, 1988, and the Participant is not a "Highly Compensated Employee" during the Plan Year beginning January 1, 1989, he is eligible for the 1988 Pension Formula for all Plan Years beginning after 1988 and ending with the last Plan Year (if applicable) ending prior to the first Plan Year in which he becomes a Highly Compensated Employee. **(b) Formula**. 50% of the Participant's Average Compensation less 75% of his Primary Social Security Benefit multiplied by years of Benefit Accrual Service (not to exceed 30), divided by 30
Early retirement	
• Eligibility	Age 60 and 30 years of Benefit Accrual Service.
• Benefit	Accrued Benefit payable at Normal Retirement Date reduced by 3% per year for commencement prior to age 65.
Late retirement	
• Eligibility	Meets Normal Retirement Eligibility but commences after Normal Retirement Age.
• Benefit	Greater of accrued benefit at late retirement or actuarial equivalent of the Participant's accrued benefit as of Normal Retirement Date.
Deferred vested	
• Eligibility	Five years of Vesting Service.
• Benefit	Accrued Benefit payable at 65; if five or more years of Vesting Service, may commence at age 55. Accrued benefit is reduced 6-2/3% for each of the first 5 years and 3-1/3% for each additional year preceding age 65.

Schedule SB, Part V — Summary of Plan Provisions

Pre-retirement death	
• Eligibility	Five years of Vesting Service, and married throughout one year before death.
• Benefit prior to early retirement	A life annuity payable to spouse equal to one-half of the 50% Joint and Survivor annuity that would have been paid if the Participant had a separation from service on the date of death, had commenced the 50% Joint and Survivor benefit at the earliest retirement age and had died the day after attaining that age.
• Benefit after early but before normal retirement	Life annuity payable to spouse equal to one-half of the Accrued Benefit otherwise payable as a 50% Joint and Survivor annuity to the Participant that would have been paid if the Participant had commenced the day before his or her death.
• option	An active Participant who is eligible for Early Retirement may elect additional coverage. The Participant pays for this coverage by means of a reduction in the Accrued Benefit. This provision was eliminated April 1, 2006 except for those participants who had already elected this coverage.
2016 Lump sum window	
• Eligibility	Participants with deferred benefits who terminated on or before February 29, 2016.
• Benefit	Eligible participants may elect during the window period of May 16, 2016 to June 30, 2016 to receive effective August 1, 2016 a one-time lump sum payment of their entire benefit under the plan. In lieu of the lump sum payment, participants may elect to receive a monthly benefit payable effective August 1, 2016.
Form of benefits	
• Automatic form for unmarried participants	Life only
• Automatic form for married participants	50% Joint and Survivor
• Optional forms	Life only, 10 Year Certain & Life, 50% Joint and Survivor, 75% Joint and Survivor, 100% Joint and Survivor
• Optional form conversion factors	Mortality – Current year 417(e) unisex mortality Interest – 7%
• Small Pensions	In the event the lump sum value of terminated Participant's benefit is $5,000 or less such pension shall be paid in a single lump sum payment.
Miscellaneous	
• Maximum compensation	Compensation for any 12-month period used to determine accrued benefits may not exceed the limits in IRC Section 401(a)(17) for the calendar year in which the 12-month period begins. As of the 2006 freeze, the limit was $220,000.
• Maximum benefits	Annual benefits may not exceed the limits in IRC Section 415. This limit is indexed annually. For 2022, the limit is $245,000.

Schedule SB, Part V — Summary of Plan Provisions

Benefits included or excluded

Unless noted below, all benefits provided by the plan, as restated and amended effective January 1, 2011 and amendment through Amendment #2, are included in this valuation.

- **Most recent plan amendments included:** Amendment #2
- **Plan amendments excluded:** None
- **Late retirement increases:**
  - *Active participants:* Current active participants over normal retirement age are valued including the late retirement actuarial increase.
  - *Deferred vested participants:* Current deferred vested participants over normal retirement age are valued including the late retirement actuarial increase.
- **Internal Revenue Code limitations:** The limitations of Internal Revenue Code Section 415(b) and 401(a)(17) have been incorporated into our calculations.
- **IRC Section 416 rules for top-heavy plans:** We did not test whether this plan is top-heavy (when the present value of benefits for key employees equals or exceeds 60% of the present value for all participants). However, we expect that the plan is not top-heavy due to the large number of rank-and-file participants; therefore, the funding target and target normal cost do not reflect any liability for top-heavy benefit accruals.

Plan provisions specific to funding

Additional benefits included or excluded

- **IRC Section 436 benefit restrictions:**
  - *Unpredictable contingent event benefits:* This valuation excludes restricted contingent event benefits that occurred before the valuation date but includes contingent event benefits which are expected to occur on or after the valuation date regardless of anticipated funding-based limitations.
  - *Plan amendments:* See above.
  - *Prohibited payments:* Limitations on prohibited benefits (if any) are reflected for annuity starting dates before the valuation date but are ignored for annuity starting dates on or after the valuation date.
  - *Benefit accruals:* The plan's funding target does not reflect any limitation on benefit accruals. The target normal cost does not reflect any limitation on benefit accruals..
- **Unpredictable contingent event benefits:** The plan does not have any unpredictable contingent event benefits.

Plan provision changes since prior valuation

Maximum benefit amounts under IRS rules were updated from 2021 to 2022.
