Compass Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of the Compass Group Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

FORVIS is a trademark of FORVIS, LLP, registration of which is pending with the U.S. Patent and Trademark Office.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

FORVIS is a trademark of FORVIS, LLP, registration of which is pending with the U.S. Patent and Trademark Office.

FORVIS

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Compass Group Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was established effective January 1, 1995. The Plan is a defined contribution plan covering substantially all employees of Compass Group USA, Inc. (the "Company"), as provided for in the plan document. Fidelity Management Trust Company ("Fidelity" or the "Trustee") serves as the trustee of the Plan. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers

Effective April 1, 2022, Seasons Culinary, Inc. became a member of the Company's controlled group of operations. Seasons Culinary, Inc. sponsored the Seasons Culinary Services, Inc. 401(k) Plan (the "Seasons 401(k) Plan"). On September 1, 2022, the Seasons 401(k) Plan merged into the Plan. Participants of the Seasons 401(k) Plan became eligible participants of the Plan. Funds held by the custodian of the Seasons 401(k) Plan, totaling approximately $6,077,000 were transferred to Fidelity in the third quarter of 2022.

Effective September 30, 2021, Crothall Laundry Services withdrew as a participating company of the Plan. Funds held by the Trustee related to Crothall Laundry Services, totaling approximately $4,476,000, were transferred to another qualified plan.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the plan document. Participants who have attained age fifty or who will attain age fifty by the close of the plan year, may elect to make catch-up contributions pursuant to the plan document and Internal Revenue Code ("IRC") limitations. Contributions are subject to certain IRC limitations. The Company, at the discretion of the Board of Directors, may contribute an additional amount as a percentage of participants' pretax contributions. Matching contributions may not exceed 6% of the participant's compensation. For the years ended December 31, 2022 and 2021, the Company matched 35% of the first 6% of base compensation that a participant contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company also provided a bonus match of 15% of the first 6% of a participant's contribution (for salaried associates only) if the participant was actively employed on the last day of the plan year. The Company contribution totaled $49,151,819 and $38,244,372 for the years ended December 31, 2022 and 2021, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Investments

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds, and custom target date trust companies as investment options for participants. The Plan also offers a participant-directed brokerage account that allows participants to purchase publicly traded securities.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with benefit payments and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During 2022 and 2021, no forfeitures were utilized to offset employer contributions. Forfeiture balances were $5,450,501 and $4,443,223 as of December 31, 2022 and 2021, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

Completed Years of Service	Vesting Percentage
Less than one year	0%
One but less than three years	50%
Three years or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range up to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 4.25% to 10.79% as of December 31, 2022 and 2021. Participants can have only one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic payments of substantially equal amounts, to be made no less frequently than annually for a specified number of years, not to exceed 15 years.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures of assets and liabilities and changes therein, and related disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with the updated guidance from Financial Accounting Standards Board ("FASB"), the fully benefit-responsive investments held by a defined contribution plan are required to be reported at contract value. The contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the contract value of the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The trustee, recordkeeping, and other administrative expenses are paid by the Plan. In addition, the Company performs certain accounting and administrative services for the Plan for which it receives no compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and Self-directed Brokerage Accounts
Mutual funds are valued at quoted market prices, which represent the net asset values ("NAV") of shares held by the Plan and are classified as Level 1 within the valuation hierarchy. Self-directed brokerage accounts represent investments in common stocks, mutual funds and money market funds. Investments in common stocks are stated at fair value based upon closing sales prices reported on recognized securities exchanges. Money market funds are valued at cost plus accrued interest, which approximates fair value. Self-directed brokerage accounts are classified as Level 1 within the valuation hierarchy.

Common collective trust funds and Trust company funds
These funds are valued at the NAV of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 138,224,870	$ -	$ -	$ 138,224,870
Self-directed brokerage accounts	13,804,387	-	-	13,804,387
Total assets in the fair value hierarchy	$ 152,029,257	$ -	$ -	$ 152,029,257
Investments measured at NAV (a)				1,357,673,599
Investments at fair value				$ 1,509,702,856

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 160,436,691	$ -	$ -	$ 160,436,691
Self-directed brokerage accounts	15,439,420	-	-	15,439,420
Total assets in the fair value hierarchy	$ 175,876,111	$ -	$ -	$ 175,876,111
Investments measured at NAV (a)				1,569,931,143
Investments at fair value				$ 1,745,807,254

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	**Fair Value at December 31, 2021**	**Unfunded Commitments**	**Other Redemption Restrictions**	**Redemption Notice Period**
Trust Companies	**$1,068,365,999**	$1,177,793,097	None	Daily	None
Common collective trust funds	$ **289,307,600**	$ 392,138,046	None	Daily	None

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the years ended December 31, 2022 and 2021.

4. Unaudited Information Certified by The Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021, and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Trustee.

	2022	**2021**
Investments	**$1,621,211,313**	$1,849,363,371
Notes receivable from participants	**37,282,229**	34,632,659
Net (depreciation) appreciation in fair value of investments	**(318,781,024)**	211,248,873
Interest and dividend income	**8,386,860**	9,911,832
Interest income on notes receivable from participants	**1,720,765**	1,848,277

The certification mentioned above includes all investment information discussed in Note 3.

Notes receivable from participants per the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021 are shown net of loan repayments withheld from participants and not received by the Trustee as of year-end.

5. Exempt Party-In-Interest

Certain plan investments are units of participation in a common collective trust fund managed by an affiliate of Fidelity. Fidelity was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Combined fees paid by the Plan for administrative services to Fidelity amount to $3,762,951 and $2,965,432 for the years ended December 31, 2022 and December 31, 2021, respectively.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 24, 2014 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	**$1,709,218,879**	$1,923,494,253
Adjustment to fair value for assets reported at contract value	**(7,719,783)**	1,039,643
Deemed distributed loans	**(1,924,338)**	(1,678,399)
Net assets available for benefits per the Form 5500	**$1,699,574,758**	$1,922,855,497

The following is a reconciliation of the net increase in assets available for benefits per the financial statements for the year ended December 31, 2022 to Schedule H of Form 5500:

Net change per the financial statements (less transfers)	**$ (220,352,272)**
Change due to adjustment to fair value for assets reported at contract value	**(8,759,426)**
Change in deemed distributed loans	**(213,724)**
Net change per the Form 5500	**$ (229,325,422)**
Net transfer to the plan per the financial statements	**$ 6,076,898**
Loan transfer and deemed distributed loans	**(32,215)**
Net transfer to the plan per the Form 5500	**$ 6,044,683**

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Compass Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of the Compass Group Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

FORVIS

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Compass Group Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was established effective January 1, 1995. The Plan is a defined contribution plan covering substantially all employees of Compass Group USA, Inc. (the "Company"), as provided for in the plan document. Fidelity Management Trust Company ("Fidelity" or the "Trustee") serves as the trustee of the Plan. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers

Effective April 1, 2022, Seasons Culinary, Inc. became a member of the Company's controlled group of operations. Seasons Culinary, Inc. sponsored the Seasons Culinary Services, Inc. 401(k) Plan (the "Seasons 401(k) Plan"). On September 1, 2022, the Seasons 401(k) Plan merged into the Plan. Participants of the Seasons 401(k) Plan became eligible participants of the Plan. Funds held by the custodian of the Seasons 401(k) Plan, totaling approximately $6,077,000 were transferred to Fidelity in the third quarter of 2022.

Effective September 30, 2021, Crothall Laundry Services withdrew as a participating company of the Plan. Funds held by the Trustee related to Crothall Laundry Services, totaling approximately $4,476,000, were transferred to another qualified plan.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the plan document. Participants who have attained age fifty or who will attain age fifty by the close of the plan year, may elect to make catch-up contributions pursuant to the plan document and Internal Revenue Code ("IRC") limitations. Contributions are subject to certain IRC limitations. The Company, at the discretion of the Board of Directors, may contribute an additional amount as a percentage of participants' pretax contributions. Matching contributions may not exceed 6% of the participant's compensation. For the years ended December 31, 2022 and 2021, the Company matched 35% of the first 6% of base compensation that a participant contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company also provided a bonus match of 15% of the first 6% of a participant's contribution (for salaried associates only) if the participant was actively employed on the last day of the plan year. The Company contribution totaled $49,151,819 and $38,244,372 for the years ended December 31, 2022 and 2021, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Investments

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds, and custom target date trust companies as investment options for participants. The Plan also offers a participant-directed brokerage account that allows participants to purchase publicly traded securities.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with benefit payments and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During 2022 and 2021, no forfeitures were utilized to offset employer contributions. Forfeiture balances were $5,450,501 and $4,443,223 as of December 31, 2022 and 2021, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

Completed Years of Service	Vesting Percentage
Less than one year	0%
One but less than three years	50%
Three years or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range up to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 4.25% to 10.79% as of December 31, 2022 and 2021. Participants can have only one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic payments of substantially equal amounts, to be made no less frequently than annually for a specified number of years, not to exceed 15 years.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures of assets and liabilities and changes therein, and related disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with the updated guidance from Financial Accounting Standards Board ("FASB"), the fully benefit-responsive investments held by a defined contribution plan are required to be reported at contract value. The contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the contract value of the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The trustee, recordkeeping, and other administrative expenses are paid by the Plan. In addition, the Company performs certain accounting and administrative services for the Plan for which it receives no compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and Self-directed Brokerage Accounts
Mutual funds are valued at quoted market prices, which represent the net asset values ("NAV") of shares held by the Plan and are classified as Level 1 within the valuation hierarchy. Self-directed brokerage accounts represent investments in common stocks, mutual funds and money market funds. Investments in common stocks are stated at fair value based upon closing sales prices reported on recognized securities exchanges. Money market funds are valued at cost plus accrued interest, which approximates fair value. Self-directed brokerage accounts are classified as Level 1 within the valuation hierarchy.

Common collective trust funds and Trust company funds
These funds are valued at the NAV of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 138,224,870	$ -	$ -	$ 138,224,870
Self-directed brokerage accounts	13,804,387	-	-	13,804,387
Total assets in the fair value hierarchy	$ 152,029,257	$ -	$ -	$ 152,029,257
Investments measured at NAV (a)				1,357,673,599
Investments at fair value				$ 1,509,702,856

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 160,436,691	$ -	$ -	$ 160,436,691
Self-directed brokerage accounts	15,439,420	-	-	15,439,420
Total assets in the fair value hierarchy	$ 175,876,111	$ -	$ -	$ 175,876,111
Investments measured at NAV (a)				1,569,931,143
Investments at fair value				$ 1,745,807,254

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	**Fair Value at December 31, 2021**	**Unfunded Commitments**	**Other Redemption Restrictions**	**Redemption Notice Period**
Trust Companies	**$1,068,365,999**	$1,177,793,097	None	Daily	None
Common collective trust funds	$ **289,307,600**	$ 392,138,046	None	Daily	None

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the years ended December 31, 2022 and 2021.

4. Unaudited Information Certified by The Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021, and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Trustee.

	2022	**2021**
Investments	**$1,621,211,313**	$1,849,363,371
Notes receivable from participants	**37,282,229**	34,632,659
Net (depreciation) appreciation in fair value of investments	**(318,781,024)**	211,248,873
Interest and dividend income	**8,386,860**	9,911,832
Interest income on notes receivable from participants	**1,720,765**	1,848,277

The certification mentioned above includes all investment information discussed in Note 3.

Notes receivable from participants per the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021 are shown net of loan repayments withheld from participants and not received by the Trustee as of year-end.

5. Exempt Party-In-Interest

Certain plan investments are units of participation in a common collective trust fund managed by an affiliate of Fidelity. Fidelity was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Combined fees paid by the Plan for administrative services to Fidelity amount to $3,762,951 and $2,965,432 for the years ended December 31, 2022 and December 31, 2021, respectively.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 24, 2014 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	**$1,709,218,879**	$1,923,494,253
Adjustment to fair value for assets reported at contract value	**(7,719,783)**	1,039,643
Deemed distributed loans	**(1,924,338)**	(1,678,399)
Net assets available for benefits per the Form 5500	**$1,699,574,758**	$1,922,855,497

The following is a reconciliation of the net increase in assets available for benefits per the financial statements for the year ended December 31, 2022 to Schedule H of Form 5500:

Net change per the financial statements (less transfers)	**$ (220,352,272)**
Change due to adjustment to fair value for assets reported at contract value	**(8,759,426)**
Change in deemed distributed loans	**(213,724)**
Net change per the Form 5500	**$ (229,325,422)**
Net transfer to the plan per the financial statements	**$ 6,076,898**
Loan transfer and deemed distributed loans	**(32,215)**
Net transfer to the plan per the Form 5500	**$ 6,044,683**

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.

Compass Group Retirement Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit
We have performed an audit of the financial statements of the Compass Group Retirement Plan (the "Plan"), an employee benefit plan subject to the *Employee Retirement Income Security Act of 1974* (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits for the years then ended, and the related notes to the financial statements (Financial Statements).

Management, having determined it is permissible in the circumstances, has elected to have the audit of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of and for the year ended December 31, 2022 and 2021, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion
In our opinion, based on our audit and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the accompanying financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- The information in the accompanying financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion
We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern within one year after the date that these financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if, there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

FORVIS

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters – Supplemental Schedules Required by ERISA

The supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedules, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedules that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, other than the information agreed to or derived from the certified investment information, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedules, other than the information in the supplemental schedules that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Notes to Financial Statements

1. Plan Description

The following description of the Compass Group Retirement Plan (the "Plan") is provided for general information purposes only. Participants should refer to the plan document for more complete information.

General

The Plan was established effective January 1, 1995. The Plan is a defined contribution plan covering substantially all employees of Compass Group USA, Inc. (the "Company"), as provided for in the plan document. Fidelity Management Trust Company ("Fidelity" or the "Trustee") serves as the trustee of the Plan. The CARES Act, among other things, includes several relief provisions available to tax qualified retirement plans and their participants. Plan management evaluated the impact of the CARES Act on the Plan and adopted several of the provisions regarding the expansion of allowed Plan distributions, the repayment of loans and the suspension of required minimum distributions. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Transfers

Effective April 1, 2022, Seasons Culinary, Inc. became a member of the Company's controlled group of operations. Seasons Culinary, Inc. sponsored the Seasons Culinary Services, Inc. 401(k) Plan (the "Seasons 401(k) Plan"). On September 1, 2022, the Seasons 401(k) Plan merged into the Plan. Participants of the Seasons 401(k) Plan became eligible participants of the Plan. Funds held by the custodian of the Seasons 401(k) Plan, totaling approximately $6,077,000 were transferred to Fidelity in the third quarter of 2022.

Effective September 30, 2021, Crothall Laundry Services withdrew as a participating company of the Plan. Funds held by the Trustee related to Crothall Laundry Services, totaling approximately $4,476,000, were transferred to another qualified plan.

Contributions

Each year, participants may contribute up to 50% of their pretax annual compensation, as defined in the plan document. Participants who have attained age fifty or who will attain age fifty by the close of the plan year, may elect to make catch-up contributions pursuant to the plan document and Internal Revenue Code ("IRC") limitations. Contributions are subject to certain IRC limitations. The Company, at the discretion of the Board of Directors, may contribute an additional amount as a percentage of participants' pretax contributions. Matching contributions may not exceed 6% of the participant's compensation. For the years ended December 31, 2022 and 2021, the Company matched 35% of the first 6% of base compensation that a participant contributed to the Plan. For the years ended December 31, 2022 and 2021, the Company also provided a bonus match of 15% of the first 6% of a participant's contribution (for salaried associates only) if the participant was actively employed on the last day of the plan year. The Company contribution totaled $49,151,819 and $38,244,372 for the years ended December 31, 2022 and 2021, respectively. Participants may also contribute amounts representing distributions from other qualified defined benefit or defined contribution plans.

Investments

Participants direct the investment of contributions into various investment options offered by the Plan. The Plan currently offers mutual funds, common collective trust funds, and custom target date trust companies as investment options for participants. The Plan also offers a participant-directed brokerage account that allows participants to purchase publicly traded securities.

Participant Accounts

Each participant's account is credited with the participant's contributions and allocations of the Company's contributions and plan earnings and charged with benefit payments and allocations of plan losses and administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of terminated participants' nonvested accounts are used to reduce future Company contributions. During 2022 and 2021, no forfeitures were utilized to offset employer contributions. Forfeiture balances were $5,450,501 and $4,443,223 as of December 31, 2022 and 2021, respectively. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. Vesting in the Company's contribution portion of their accounts plus actual earnings thereon is based on the following schedule:

Completed Years of Service	Vesting Percentage
Less than one year	0%
One but less than three years	50%
Three years or more	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of $1,000 up to a maximum of $50,000 or 50% of their vested account balances, whichever is less. Loan transactions are treated as a transfer between the investment fund and the loan fund. Loan terms range up to 5 years or up to 15 years for the purchase of a primary residence. The loans are secured by the balance in the participant's account and bear interest at a rate commensurate with local prevailing rates as determined by the plan administrator. Interest rates ranged from 4.25% to 10.79% as of December 31, 2022 and 2021. Participants can have only one loan outstanding at any given time. Principal and interest are paid ratably through payroll deductions.

Payment of Benefits

On termination of service due to death, disability, retirement or for other reasons, a participant may elect to receive a lump-sum amount equal to the value of the participant's vested interest in his or her account or periodic payments of substantially equal amounts, to be made no less frequently than annually for a specified number of years, not to exceed 15 years.

2. Significant Accounting Policies

Basis of Presentation

The accompanying financial statements have been prepared on the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America ("GAAP").

Use of Estimates

The preparation of financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts and disclosures of assets and liabilities and changes therein, and related disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. See Note 3 for discussion of fair value measurements.

In accordance with the updated guidance from Financial Accounting Standards Board ("FASB"), the fully benefit-responsive investments held by a defined contribution plan are required to be reported at contract value. The contract value is the relevant measurement attribute for that portion of the net assets available for benefits of a defined contribution plan attributable to fully benefit-responsive investment contracts because contract value is the amount participants would receive if they were to initiate permitted transactions under the terms of the Plan. The Statements of Net Assets Available for Benefits present the contract value of the investment contracts. The Statements of Changes in Net Assets Available for Benefits are prepared on a contract value basis.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net (depreciation) appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Notes Receivable from Participants

Notes receivable from participants are measured at their unpaid principal balance plus any accrued but unpaid interest. Delinquent participant loans are reclassified as distributions based upon the terms of the plan document.

Administrative Expenses

The trustee, recordkeeping, and other administrative expenses are paid by the Plan. In addition, the Company performs certain accounting and administrative services for the Plan for which it receives no compensation.

Payment of Benefits

Benefit payments to participants are recorded upon distribution.

Subsequent events

The Plan has evaluated subsequent events through September 28, 2023, the date the financial statements were available to be issued.

3. Fair Value Measurements

Fair value, as defined under GAAP, is an exit price representing the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. GAAP establishes a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include:

Level 1: Observable inputs such as quoted prices in active markets.

Level 2: Inputs other than quoted prices in active markets that are either directly or indirectly observable.

Level 3: Unobservable inputs about which little or no market data exists, therefore requiring an entity to develop its own assumptions.

Assets and liabilities are classified in their entirety based on the lowest level of input that is significant to the fair value measurement. The Plan's assessment of the significance of a particular input to the fair value measurement requires judgment and may affect the valuation of fair value assets and liabilities and their placement within the fair value hierarchy levels.

There have been no changes in the methodologies used at December 31, 2022 and 2021. The following is a description of the valuation methodologies used for assets measured at fair value:

Mutual funds and Self-directed Brokerage Accounts
Mutual funds are valued at quoted market prices, which represent the net asset values ("NAV") of shares held by the Plan and are classified as Level 1 within the valuation hierarchy. Self-directed brokerage accounts represent investments in common stocks, mutual funds and money market funds. Investments in common stocks are stated at fair value based upon closing sales prices reported on recognized securities exchanges. Money market funds are valued at cost plus accrued interest, which approximates fair value. Self-directed brokerage accounts are classified as Level 1 within the valuation hierarchy.

Common collective trust funds and Trust company funds
These funds are valued at the NAV of units of the collective fund. The NAV is used as a practical expedient to estimate fair value. This practical expedient would not be used if it is determined to be probable that the funds will sell the investment for an amount different from the reported net asset value. Participant transactions (purchases and sales) may occur daily. If the Plan initiates a full redemption of the collective trust, the issuer reserves the right to require notification in order to ensure that securities liquidations will be carried out in an orderly business manner.

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets accounted for at fair value on a recurring basis as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	Level 2	Level 3	Total
Mutual funds	$ 138,224,870	$ -	$ -	$ 138,224,870
Self-directed brokerage accounts	13,804,387	-	-	13,804,387
Total assets in the fair value hierarchy	$ 152,029,257	$ -	$ -	$ 152,029,257
Investments measured at NAV (a)				1,357,673,599
Investments at fair value				$ 1,509,702,856

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds	$ 160,436,691	$ -	$ -	$ 160,436,691
Self-directed brokerage accounts	15,439,420	-	-	15,439,420
Total assets in the fair value hierarchy	$ 175,876,111	$ -	$ -	$ 175,876,111
Investments measured at NAV (a)				1,569,931,143
Investments at fair value				$ 1,745,807,254

(a) In accordance with GAAP, certain investments that were measured at NAV per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

The following table summarizes investments for which fair value is measured using the NAV per share practical expedient as of December 31, 2022 and 2021. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

	Fair Value at December 31, 2022	**Fair Value at December 31, 2021**	**Unfunded Commitments**	**Other Redemption Restrictions**	**Redemption Notice Period**
Trust Companies	**$1,068,365,999**	$1,177,793,097	None	Daily	None
Common collective trust funds	$ **289,307,600**	$ 392,138,046	None	Daily	None

The Plan recognizes transfers between the levels as of the actual date of the event or change in circumstances that caused the transfer. There were no gross transfers between the levels for the years ended December 31, 2022 and 2021.

4. Unaudited Information Certified by The Trustee

The accompanying financial statements include the following unaudited information as of December 31, 2022 and 2021, and for the years then ended that was obtained from data prepared and certified to be complete and accurate by the Trustee.

	2022	**2021**
Investments	**$1,621,211,313**	$1,849,363,371
Notes receivable from participants	**37,282,229**	34,632,659
Net (depreciation) appreciation in fair value of investments	**(318,781,024)**	211,248,873
Interest and dividend income	**8,386,860**	9,911,832
Interest income on notes receivable from participants	**1,720,765**	1,848,277

The certification mentioned above includes all investment information discussed in Note 3.

Notes receivable from participants per the Statements of Net Assets Available for Benefits at December 31, 2022 and 2021 are shown net of loan repayments withheld from participants and not received by the Trustee as of year-end.

5. Exempt Party-In-Interest

Certain plan investments are units of participation in a common collective trust fund managed by an affiliate of Fidelity. Fidelity was the trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Fees paid by the Plan for investment management services were included as a reduction of the return earned on each fund. Combined fees paid by the Plan for administrative services to Fidelity amount to $3,762,951 and $2,965,432 for the years ended December 31, 2022 and December 31, 2021, respectively.

6. Plan Termination

Although it has not expressed any intention to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions set forth in ERISA. In the event of plan termination, participants would become 100% vested in their accounts.

7. Federal Income Tax Status

The Internal Revenue Service ("IRS") has determined and informed the Company by a letter dated June 24, 2014 that the Plan and related trust were designed in accordance with the applicable regulations of the IRC. The Plan has been amended since receiving the determination letter; however, the Company and the plan administrator believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the IRC.

GAAP requires plan management to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan, and has concluded that as of December 31, 2022 and December 31, 2021, there are no uncertain positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

8. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 as of December 31, 2022 and 2021:

	2022	2021
Net assets available for benefits per the financial statements	**$1,709,218,879**	$1,923,494,253
Adjustment to fair value for assets reported at contract value	**(7,719,783)**	1,039,643
Deemed distributed loans	**(1,924,338)**	(1,678,399)
Net assets available for benefits per the Form 5500	**$1,699,574,758**	$1,922,855,497

The following is a reconciliation of the net increase in assets available for benefits per the financial statements for the year ended December 31, 2022 to Schedule H of Form 5500:

Net change per the financial statements (less transfers)	**$ (220,352,272)**
Change due to adjustment to fair value for assets reported at contract value	**(8,759,426)**
Change in deemed distributed loans	**(213,724)**
Net change per the Form 5500	**$ (229,325,422)**
Net transfer to the plan per the financial statements	**$ 6,076,898**
Loan transfer and deemed distributed loans	**(32,215)**
Net transfer to the plan per the Form 5500	**$ 6,044,683**

9. Risk and Uncertainties

The Plan invests in various investment securities. Investment securities in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near future and that such changes could materially affect participants' account balances and the amounts reported in the Statements of Net Assets Available for Benefits and the Statements of Changes in Net Assets Available for Benefits.
