INDEPENDENT AUDITOR'S REPORT

To the Plan Committee and Participants
Merchants Automotive Group, LLC 401(k) Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the accompanying financial statements of Merchants Automotive Group, LLC 401(k) Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) [ERISA Section 103(a)(3)(C) audit]. The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021; the related statement of changes in net assets available for benefits for the year ended December 31, 2022; and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the Departments of Labor's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 3 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditor's Responsibilities for the Audit of the Financial Statements section—

- the amounts and disclosures in the financial statements referred to above, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.
- the information in the financial statements referred to above related to assets held by and certified by a qualified institution agreed to, or is derived from, in all material respects, the information prepared and certified by an institution that management has determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Merchants Automotive Group, LLC 401(k) Plan and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Merchants Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for one year after the date of the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments; administering the plan; and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to participants, to determine the benefits due or which may become due to such participants.

Auditor's Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omission, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Merchants Automotive Group, LLC 401(k) Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Merchants Automotive Group, LLC 401(k) Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matter — Supplemental Schedules Required by ERISA

The supplemental Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for the purpose of additional analysis and is not a required part of the financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion—

- the form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, is presented in all material respects, in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.
- the information in the supplemental schedule related to the assets held by and certified by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

1. Description of Plan

The following description of Merchants Automotive Group, LLC 401(k) Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan's provisions.

General

The Plan is a defined contribution plan established by Merchants Automotive Group, LLC (the Plan Sponsor and Company) under the provisions of Section 401(a) of the United States Internal Revenue Code (the IRC), which includes a qualified cash or deferred arrangement as described in Section 401(k) of the IRC, for the benefit of eligible employees of the Company and any adopting participating employers. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as well as certain provisions of the federal income tax laws.

All employees of the Company and any participating affiliates are subject to the following eligibility requirements:

- Age: None
- Service: 0 months

Contributions

The Plan is funded through employee elective deferrals and Company contributions. Each year, participants may elect to contribute a portion of their compensation, subject to certain maximum limitations imposed by Section 402(g) of the IRC. At the discretion of the Plan Administrator, participants may be permitted to deposit or "roll over" into the Plan distributions they have received from other plans and certain Individual Retirement Accounts (IRAs). Participants who have attained age 50 before the end of the Plan year are eligible to make catch-up contributions.

The following contribution types are allowed by the Plan:

- Elective deferrals
- Roth deferrals
- Employer matching
- Employer profit-sharing
- Rollover contributions

Participants direct the investment of their contributions into various investment options offered by the Plan.

The Plan features an automatic deferral provision. Upon hire, employees are automatically enrolled on the date of employment, unless otherwise elected, at the deferral contribution rate of 6%. Contributions are automatically invested in a designated balanced fund until changed by the participant.

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The Company contributes a matching contribution calculated as follows: 100% of the first 1% and 50% of the next 5% of a participant's pre-tax savings contributions. The contribution period for purposes of calculating the amount of matching employer contributions is based on the plan year rather than the pay periods. Additional amounts in the form of employer non-elective profit-sharing contributions or other employer contributions may be contributed at the option of the Company's Board of Directors and are allocated in the ratio that each eligible participant's compensation bears to total compensation paid for the contribution period. There were no additional contributions in 2022. Contributions are subject to certain limitations.

Participant Accounts

Each participant's account is credited with the participant's contribution, the matching contributions, and Plan earnings or losses and is charged with an allocation of any administrative expenses paid by the plan. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Vesting

Participants are immediately vested in their contributions plus actual earnings thereon. The Company's safe harbor contributions are also immediately vested.

Vesting in the Company's matching and discretionary contributions and employer non-elective profit-sharing contributions and other employer matching contributions, plus actual earnings thereon, is based on years of continuous service, as follows:

<u>Years of Service</u>	<u>Vested Percentage</u>
Less than 1	0%
1	25%
2	50%
3	75%
4	100%

Notes Receivable from Participants

Participants may borrow from their fund accounts a minimum of \$1,000 up to a maximum equal to the lesser of \$50,000 or 50% of their vested account balances. Borrowing terms generally range from one to five years. Notes for which the proceeds are used to purchase a primary residence may have terms longer than five years but cannot extend beyond the borrowing participant's normal retirement age, as defined. The notes are secured by the vested balances in the participants' accounts and bear interest at fixed rates of prime plus 1%. Interest rates range from 4.25% to 8.0% at December 31, 2022. Principal and interest are paid ratably through payroll deductions.

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

If a participant with an outstanding balance terminates employment with the Company and any related parties, the outstanding principal and interest on such note shall continue to be payable in accordance with the provisions of the note.

Investment Options

All contributions to the Plan are invested in various investment options at the election of the participants. Each participant selects the funds to which contributions will be allocated. Investment options may be changed an unlimited number of times and at any time during the year.

Plan Expenses

The Company pays certain administrative expenses on behalf of the Plan, except for administrative costs of mutual funds and loan processing fees, which are paid by the Plan. Also, in accordance with the fee agreement, certain fees incurred by the Plan for investment management services are included in investment income on the statement of changes in net assets available for benefits as they are paid through revenue sharing, rather than direct payment.

Excess Contributions Payable

Amounts payable to participants for contributions in excess of amounts allowed by the Internal Revenue Service (IRS) are reported as a liability with a corresponding reduction to contributions. There were no amounts contributed to the Plan from highly-compensated employees in excess of the IRS-approved limit as of December 31, 2022 and 2021.

Payment of Benefits

The Plan provides for participants to withdraw their funds at any time upon attainment of the normal retirement age as stated in the Plan document. Such withdrawals are based on the vested amount in the participant's account as of the valuation date coinciding with or immediately after the participant's retirement date. The Plan agreement provides for withdrawals in the event of death, disability, hardship, termination, or early retirement. The Plan allows for in-service withdrawals once the participant reaches age 59½. Benefits may be also paid under various annuity options. Vested account balances greater than \$1,000 and up to \$5,000 may be automatically distributed to an individual retirement account (IRA) on the participant's behalf upon termination of employment unless the participant elects a direct distribution to an eligible retirement plan. Vested account balances of \$1,000 or less may be automatically distributed to the participant in a lump sum on the participant's behalf upon termination of employment.

Forfeited Accounts

When certain terminations of participation in the Plan occur, the non-vested portion of the participant's account, as defined by the Plan, represents a forfeiture. Forfeitures can be used first to pay administrative expenses under the Plan, if so directed, or to reduce

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

matching contributions. Nonvested employer contributions are forfeited by participants who cease employment for any reason. At December 31, 2022 and 2021, forfeited non-vested accounts totaled \$8,387 and \$4,732, respectively. These accounts would be used to reduce future employer contributions. Also, in 2022, employer contributions were reduced by \$64,152 from forfeited nonvested accounts.

Plan Termination

Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would immediately become 100% vested in their employer contributions.

2. Summary of Significant Accounting Policies

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America (GAAP).

Use of Estimates

The preparation of financial statements in accordance with GAAP requires the plan administrator to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Reclassifications

Certain reclassifications may have been made to the 2021 financial statement presentation to correspond to the current year's format. Total net assets available for benefits are unchanged due to these reclassifications.

Investment Valuation and Income Recognition

Investments are reported at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan Committee determines the Plan's valuation policies utilizing information provided by the investment trustee.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation includes the Plan's gains and losses on investments bought and sold as well as held during the year.

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

Payment of Benefits

Benefits are recorded when paid.

Notes Receivable from Participants

Notes receivable from participants are measured at the unpaid principal balance plus any accrued but unpaid interest. Interest income is recorded on the accrual basis. Related fees are charged directly to the borrowing participant's account and are included in administrative expenses when incurred. No allowance for credit losses has been recorded as of December 31, 2022 or 2021. If a participant ceases to make loan repayments and the plan administrator considers the participant loan to be in default, the loan balance is reduced, and the delinquent participant note receivable is recorded as a benefit payment based on the terms of the Plan document.

Expenses

Certain expenses of maintaining the Plan are paid directly by the Company and are excluded from these financial statements. Certain investment-related expenses are included in net appreciation of fair value of investments.

Date of Management's Review of Subsequent Events

The Plan's management has evaluated subsequent events through October 2, 2023, the date the financial statements were available to be issued. There were no subsequent events requiring adjustments to the financial statements or disclosures.

3. Information Prepared and Certified by the Plan Trustee

Certain information summarized below related to the accompanying financial statements and ERISA-required supplemental schedule was obtained by management and agreed to or derived from information certified as complete and accurate by Fidelity Management Trust Company, the custodian of the Plan.

4. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy are described as follows:

Level 1: Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

Level 2: Inputs to the valuation methodology include:

- Quoted prices for similar assets or liabilities in active markets;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Inputs other than quoted prices that are observable for the asset or liability; and
- Inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3: Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value, including the general classification of such instruments pursuant to the valuation hierarchy. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Common Collective Trust

Common collective trust are valued at the net asset value (NAV) of units held by the Plan at year end. The NAV is determined by the custodian of the fund and is based upon the fair value of the underlying assets held by the fund. NAV is used as a practical expedient to estimate fair value. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

Mutual Funds

Mutual funds are valued at the net asset value (NAV) of shares held by the Plan at year end based on quoted market prices.

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

The following table sets forth by level, within the fair value hierarchy, the Plan's investments at fair value as of December 31:

	2022	2021
Level 1		
Mutual funds	\$ 48,331,467	\$ 62,903,507
Level 2	-	-
Level 3	-	-
Investments at fair value	48,331,467	62,903,507
Investments measured at net asset value	783,143	901,005
Investments at fair value	<u>\$ 49,114,610</u>	<u>\$ 63,804,512</u>
Common collective trust		
Fair value	\$ 783,143	\$ 901,005
Unfunded commitment	-	-
Redemption frequency	Daily	Daily
Redemption notice period	None	None

Realized and unrealized gains and losses for the year ended December 31, 2022 are reported under net appreciation (depreciation) in fair value of investments on the accompanying statement of changes in net assets available for benefits.

5. Related-Party and Party-in-Interest Transactions

Certain Plan investments are managed by Fidelity, the trustee as defined by the Plan. Therefore, these transactions qualify as party-in-interest transactions. The Plan uses a number of service providers. Such parties are considered parties-in-interest under ERISA. These party-in-interest transactions are exempt from the prohibited transaction rules of ERISA.

During the year ended December 31, 2022, the Plan made direct payments to certain parties-in-interest for administration and investment advisory fees, as allowed by ERISA. The Plan sponsor pays directly any other fees related to the operation of the Plan.

Fees incurred by the Plan for the investment management services are included in the net appreciation (depreciation) in fair value of the related investment, as they are paid using investment earnings rather than a direct payment.

6. Tax Status

The Plan is subject to ERISA and certain provisions of the Code. The Plan has not obtained a separate determination letter from the IRS stating that the Plan was in compliance with the applicable requirements of the Code. The Plan is relying on the IRS approval of the standardized prototype plan that it is utilizing. The IRS has opined and informed the third-

MERCHANTS AUTOMOTIVE GROUP, LLC 401(k) PLAN

Notes to Financial Statements

December 31, 2022 and 2021

party administrator by a letter dated June 30, 2020, that the prototype plan was designed in accordance with applicable sections of the Code. Although the Plan has been amended since the most recent ruling, the plan administrator believes that the Plan is designed and is currently operated in compliance with the applicable requirements of the Code and believes that the Plan, as amended, is qualified and tax exempt.

GAAP require plan management to evaluate tax positions taken by the Plan and recognize a tax liability if the Plan has taken an uncertain position that more likely than not would not be sustained upon examination by the IRS. The plan administrator has analyzed the tax positions taken by the Plan and has concluded that as of December 31, 2022, there are no uncertain tax positions taken or expected to be taken that would require recognition of a liability or disclosure in the financial statements. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

7. Risks and Uncertainties

The Plan invests in various investment options. These investments are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

8. Reconciliation of Financial Statements to Schedule H of Form 5500

The following is a reconciliation of the net assets available for benefits per the financial statements to Schedule H of Form 5500:

	December 31,	
	2022	2021
Net assets available for benefits per the financial statements	\$ 49,866,860	\$ 64,463,571
Participant contributions receivable	(142,221)	-
Net assets per Schedule H of Form 5500	<u>\$ 49,724,639</u>	<u>\$ 64,463,571</u>

The following is a reconciliation of the net change per the financial statements for the year ended December 31, 2022, to the net income per Schedule H of Form 5500:

Total contributions per the financial statements	\$ 9,029,479
Amounts receivable from participants at December 31, 2022	(142,221)

9. Subsequent Events

SECURE 2.0 Act

The Securing a Strong Retirement Act (SECURE 2.0 Act) was signed into law on December 29, 2022, and it includes mandatory and optional provisions with varying effective dates in 2023 and later.

Plan Amendments

The Plan was amended effective January 1, 2023, to change the Company matching contribution to the following: 100% of the first 3% and 50% of the next 3% of a participant's pre-tax savings contributions.

The Plan was amended effective January 1, 2023, to allow immediate vesting in the Company's elective profit-sharing contributions and other employer matching contributions for all existing and new participants.
