Independent Auditor's Report

To the Corporate Benefits Committee  
First Volunteer Corporation  
Employee Stock Ownership Plan  
Chattanooga, Tennessee

**Opinion**

We have audited the accompanying financial statements of First Volunteer Corporation Employee Stock Ownership Plan, an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), which comprise the statements of net assets available for benefits (modified cash basis) as of December 31, 2022 and 2021, and the related statements of changes in net assets available for benefits (modified cash basis) for the years then ended, and the related notes to the financial statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits (modified cash basis) of First Volunteer Corporation Employee Stock Ownership Plan as of December 31, 2022 and 2021, and the changes in its net assets available for benefits (modified cash basis) for the years then ended, in accordance with the modified cash basis of accounting as described in Note 2.

**Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of First Volunteer Corporation Employee Stock Ownership Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

**Basis of Accounting**

We draw attention to Note 2 of the financial statements, which describes the basis of accounting. The financial statements and supplemental schedules are prepared on the modified cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

## **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the modified cash basis of accounting described in Note 2; this includes determining that the modified cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

## **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of First Volunteer Corporation Employee Stock Ownership Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about First Volunteer Corporation Employee Stock Ownership Plan's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of Schedule H, Line 4i – Schedule of Assets Held at End of Year (modified cash basis) and Schedule H, Line 4j – Schedule of Reportable Transactions (modified cash basis) are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules (modified cash basis), we evaluated whether the supplemental schedules (modified cash basis), including its form and content, is presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion, the information in the accompanying schedules (modified cash basis) is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

FIRST VOLUNTEER CORPORATION  
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS  
December 31, 2022 and 2021

---

Note 1. Description of Plan

The following description of the First Volunteer Corporation Employee Stock Ownership Plan (the "Plan") provides only general information. Participants should refer to the plan agreement for a more complete description of the Plan's provisions.

General:

The Plan, established January 1, 1988, is a defined contribution employee benefit plan operating as an employee stock ownership plan for the purpose of providing retirement benefits to eligible participants. All employees are eligible to participate in the Plan on January 1 and July 1 upon the completion of six months of service and the attainment of age 20 years and 6 months. The employer, as defined by the Plan, is Builtwell Bancorp, Inc. (the "Company", formerly named First Volunteer Corporation) and its wholly-owned subsidiaries. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

Contributions:

The Plan is a noncontributory plan and the employer's contributions are made at the discretion of the Board of Directors of Builtwell Bancorp, Inc. Such contributions are allocated to the participants based on the ratio of each participant's eligible compensation to the total eligible compensation of all participants. During the years December 31, 2022 and 2021, the employer's contributions were 3 percent of eligible compensation.

Participant accounts:

All shares of common stock have been allocated to participants in accordance with the terms of the Plan. Each participant's account is credited as of the last day of each plan year with the employer's contribution, if any, and an allocation of plan earnings. Plan earnings are allocated based on the ratio of each participant's beginning of the year account balance to all participants' beginning of the year account balances. The value of each participant's account is represented by an allocation of shares of employer stock purchased and paid for by the trust, as well as other assets. The benefit to which a participant is entitled is the benefit that can be provided from the liquidation of the assets held in the participant's account.

Vesting:

Participants are vested on a gradual scale, with no vesting for less than two years of credited service, and are 100 percent vested after six years of credited service. A year of credited service is earned for each year in which at least 1,000 hours of service has been performed for the employer.

Note 1. Description of Plan (continued)

Payment of benefits:

Benefit payments begin after the latest of (1) the participant's attainment of age 65, (2) the tenth anniversary of the participant's entry date, or (3) a participant's termination of employment based on the schedule set forth in the plan document.

Administration:

Administration of the Plan is vested in the Corporate Benefits Committee appointed by the Board of Directors of the employer. The Trust Department of First Horizon Bank serves as Trustee of the Plan. A trust agreement between the Plan and the Trustee provides for the investment of trust funds and prescribes the powers, duties, obligations, and functions of the Trustee.

Forfeited accounts:

Forfeitures may be used to reduce future employer contributions to the Plan in accordance with the plan document. As of December 31, 2022 and 2021, there was no balance in forfeited nonvested accounts. For 2022 and 2021, no forfeitures were used to reduce employer contributions.

Voting of employer stock:

Each participant is entitled to exercise voting rights attributable to the shares allocated to their account, and is notified by the Trustee of the Plan prior to the time that such rights are to be exercised, with respect to any corporate matter which involves the approval or disapproval of any corporate merger or consolidation, recapitalization, reclassification, liquidation, dissolution, sale of substantially all assets of a trade or business, or such similar transactions. If the Trustee does not receive voting directions from a participant, the Trustee votes participant shares on behalf of the collective best interest of Plan participants. For all other corporate matters not specified above, the Trustee votes all employer stock held by the Plan pursuant to his sole discretion.

Put option:

Under Federal income tax regulations, the employer stock that is held by the Plan and its participants that is not readily tradable on an established market, or is subject to trading limitations, includes a put option. The put option is a right to demand that the Company buy any shares of its stock distributed to participants for which there is no market. The put price is representative of the current value of the stock. The Company can pay for the purchase with interest over a period of five years. The purpose of the put option is to ensure that the participant has the ability to ultimately obtain cash.

Note 1. Description of Plan (continued)

Diversification:

Diversification is offered to participants close to retirement so that they may have the opportunity to move part of the value of their investment in company stock into investments which are more diversified. Participants who are at least age 55 with at least 10 years of participation in the Plan may elect to diversify a portion of their account. Diversification is offered to each eligible participant over a six-year period. In each of the first five years, a participant may diversify up to 25 percent of the number of shares allocated to his or her account, less any shares previously diversified. In the sixth year, the percentage changes to 50 percent.

Note 2. Summary of Significant Accounting Policies

The policies that materially affect net assets available for benefits and changes in net assets available for benefits are summarized as follows:

Basis of accounting:

The accompanying financial statements have been prepared on the modified cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under the modified cash basis of accounting, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when the obligation is incurred. Additionally, investments are reflected at fair value. Accordingly, the financial statements are not intended to present the net assets and changes in net assets of the Plan in conformity with generally accepted accounting principles.

Use of estimates:

The preparation of financial statements in conformity with the modified cash basis of accounting requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities. Accordingly, actual results may differ from those estimates.

Investment valuation and income recognition:

The Plan's investments are stated at fair value. See Note 4 for a discussion of fair value measurements. The common shares of Builtwell Bancorp, Inc. are valued at fair value determined by annual independent appraisals as of December 31, 2022 and 2021. The fair value of investments other than the Company's common stock is determined by quoted market prices.

NOTES TO FINANCIAL STATEMENTS  
December 31, 2022 and 2021

Note 2. Summary of Significant Accounting Policies (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income and dividend income are recorded when received. Net appreciation in fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

Payment of benefits:

Benefits are recorded when paid.

Expenses:

Plan fees and expenses, including fees and expenses connected with the providing of administrative services by external service providers, are paid from plan assets.

Subsequent events:

Management performed an evaluation of subsequent events through September 27, 2023, the date these financial statements were available to be issued.

Note 3. Investments

All of the Plan's assets are held by the Trust Department of First Horizon Bank, Chattanooga, Tennessee. The Plan's investments are held in a separate bank-administered trust fund. Accounts within the trust fund are credited with actual earnings on the underlying investments and charged with plan withdrawals and administrative expenses.

Note 4. Fair Value Measurements

Accounting Standards Codification (ASC) Topic 820, *Fair Value Measurements and Disclosures*, provides a framework for measuring fair value. That framework provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1 measurements) and the lowest priority to unobservable inputs (Level 3 measurements). The three levels of the fair value hierarchy under ASC Topic 820 are described as follows:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Plan has the ability to access.

FIRST VOLUNTEER CORPORATION  
EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS  
December 31, 2022 and 2021

---

Note 4. Fair Value Measurements (continued)

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; inputs other than quoted prices that are observable for the asset or liability; or inputs that are derived principally from or corroborated by observable market data by correlation or other means. If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Temporary investments:

The carrying amounts of temporary investments approximate fair values based on the short-term nature of the assets.

Builtwell Bancorp, Inc. common stock:

The fair value of the sponsor company common stock held by the Plan is valued at fair value based upon an independent appraisal. This appraisal was based upon a combination of the market and income valuation techniques consistent with prior years. The appraiser took into account historical and projected cash flow and net income, return on assets, return on equity, market comparables, and estimated fair value of company assets and liabilities.

The valuation process involves plan management's selection of an independent appraiser under contract with the right to cancel such contract at any time. Plan management accumulates the data for the appraiser from the audited financial statements of the Company. The appraiser prepares a preliminary report of estimated per share value which plan management, along with the Trustee of the Plan, reviews in detail, discusses, and approves.

EMPLOYEE STOCK OWNERSHIP PLAN

NOTES TO FINANCIAL STATEMENTS

Note 4. Fair Value Measurements (continued)

The preceding methods described may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following tables set forth by level, within the fair value hierarchy, the Plan's assets measured at fair value on a recurring basis as of December 31, 2022 and 2021:

Note 5. Tax Status of the Plan

The Plan has received a determination letter from the Internal Revenue Service (IRS) dated June 4, 2014, stating that the Plan is qualified, under the Internal Revenue Code (IRC) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan has been amended since receiving the determination letter. However, the Plan Administrator believes that the Plan is currently designed, and being operated, in compliance with the applicable requirements of the IRC. Therefore, they believe that the Plan was qualified, and the related trust was tax-exempt as of the financial statement date.

The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

Note 6. Related Party Transactions

The Plan invests in Class A and Class B common stock of the employer. These investments qualify as party-in-interest transactions and are denoted as such on the supplemental schedule of assets held at end of year. First Horizon Bank is the Trustee as defined by the Plan and, therefore, these transactions qualify as party-in-interest transactions. Amounts incurred for these services are included in administrative expenses.

Note 7. Risks and Uncertainties

The Plan investments consist primarily of Company common stock, which is exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with the investment in common stock, it is at least reasonably possible that changes in the values of common stock will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statements of net assets available for benefits.

Note 8. Plan Termination Provisions

Although it has not expressed any intent to do so, the employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, each participant's account will become fully vested and nonforfeitable.
