Independent Auditors' Report

To the Participants and Plan Administrator of
Hilti Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hilti Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The Hilti Retirement Savings Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on October 1, 1985, and is sponsored by Hilti, Inc. (the Company or Plan Administrator). The Plan was amended and restated on January 1, 2022. Prudential Bank and Trust, F.S.B. and Empower Annuity Insurance Company of America, formerly known as Prudential Retirement Insurance and Annuity Company (Prudential or collectively, the Trustees) serve as the Trustees and Record-keepers of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

All employees are eligible for participation on the first day of employment, with the exception of members of collective bargaining units, nonresident employees and employees residing in Puerto Rico, as defined by the plan document. Employees are eligible to receive Company safe harbor matching contributions on the first day of the month following one year of service.

Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company safe harbor matching contributions, discretionary nonelective contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances and obtain information regarding plan investments on a daily basis.

Contributions

The Plan is funded through participant elective deferrals, Company safe harbor matching contributions, and Company discretionary nonelective contributions. Participants may elect to contribute up to 80% of his or her pre-tax or after-tax "Roth" compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) ($20,500 for 2022). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Unless otherwise elected, eligible employees will be automatically enrolled in the Plan at a contribution rate of 3% of pre-tax compensation.

The Company contributes safe harbor matching contributions of 100% of employees' salary deferral amounts on the first 6% of employees' eligible compensation, and the Company may make additional discretionary nonelective contributions as defined and approved. No Company discretionary nonelective contributions were made for the year ended December 31, 2022.

Vesting

Participants are immediately vested in elective deferrals, rollover contributions, Company safe harbor matching, and Company discretionary nonelective matching contributions, plus actual earnings thereon.

Forfeitures

Forfeitures are comprised of amounts resulting from excess Company contributions which were remitted to the forfeiture account are used to pay administrative expenses or reduce Company safe harbor matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2022 and 2021, there were forfeitures of $19,004 and $79,836 available, respectively. During 2022, $8,011 of forfeitures were used to reduce Company safe harbor matching contributions and $66,800 were used to pay for plan expenses.

Revenue Sharing Account

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. At December 31, 2022 and 2021, there were funds of $3,174 and $1,024 available, respectively. During 2022, revenue sharing totaling $30,445 was contributed to the Plan and is recorded as other income on the Statement of Changes in Net Assets Available for Benefits. For the year ended December 31, 2022, $95,134 funds were used to pay administrative expenses.

Benefits Paid to Participants

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, for vested account balances greater than $1,000 but less than $5,000, participants may elect to receive or roll over the distribution upon termination. Otherwise, the distribution will be directly rolled over to an individual retirement account.

Investment Options

The Plan provides for participants to direct both participant and Company contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the plan website for additional fund information.

Notes Receivable From Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A participant may only have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. Any note must be repaid within five years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2022, have interest rates ranging from the rate 4.25% to 7.25% and maturity dates ranging from January 2023 through January 2028. Notes receivable from participants, as of December 31, 2021, have interest rates ranging from the rate 4.25% to 6.50% and maturity dates ranging from January 2022 through January 2027.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, all amounts credited to participants' account shall become 100% vested, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive guaranteed investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (see Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (see Note 5 - Guaranteed Investment Contract). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes realized gains and losses on the investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds of registered investment companies	$ 470,675,850	$ -	$ -	$ 470,675,850
Total investments at fair value	$ 470,675,850	$ -	$ -	$ 470,675,850

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds of registered investment companies	$ 565,082,582	$ -	$ -	$ 565,082,582
Total investments at fair value	$ 565,082,582	$ -	$ -	$ 565,082,582

4. Information Certified by Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustees of the Plan have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Guaranteed Investment Contract

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in its general account. Prudential's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Prudential can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Prudential, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustees or an affiliate of the Trustees; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Market risks include global events, such as a pandemic, or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements or participant accounts.

8. Tax Status

The Plan was based on a nonstandardized pre-approved profit sharing plan with CODA developed by The Prudential Insurance Company of America, which received a favorable advisory letter dated December 4, 2020. The Plan Administrator believes the nonstandardized pre-approved profit sharing plan with CODA, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefit per financial statements	$ 523,784,448	$ 609,064,669
Less Company contributions receivable	(638,676)	(505,629)
Net assets available for benefit per Form 5500	$ 523,145,772	$ 608,559,040

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets per financial statements	$ (85,280,221)
Add 2021 Company contributions receivable	505,629
Less 2022 Company contributions receivable	(638,676)
Net decrease in net assets available for benefits per Form 5500	$ (85,413,268)

10. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through September 20, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions, except for noted below that would impact the financial statements as of and for the year ended December 31, 2022.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.

Independent Auditors' Report

To the Participants and Plan Administrator of
Hilti Retirement Savings Plan

Scope and Nature of the ERISA Section 103(a)(3)(C) Audit

We have performed audits of the financial statements of Hilti Retirement Savings Plan (the Plan), an employee benefit plan subject to the Employee Retirement Income Security Act of 1974 (ERISA), as permitted by ERISA Section 103(a)(3)(C) (ERISA Section 103(a)(3)(C) audit). The financial statements comprise the statements of net assets available for benefits as of December 31, 2022 and 2021, and the related statement of changes in net assets available for benefits for the year ended December 31, 2022, and the related notes to the financial statements.

Management, having determined it is permissible in the circumstances, has elected to have the audits of the Plan's financial statements performed in accordance with ERISA Section 103(a)(3)(C) pursuant to 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA. As permitted by ERISA Section 103(a)(3)(C), our audits need not extend to any statements or information related to assets held for investment of the Plan (investment information) by a bank or similar institution or insurance carrier that is regulated, supervised, and subject to periodic examination by a state or federal agency, provided that the statements or information regarding assets so held are prepared and certified to by the bank or similar institution or insurance carrier in accordance with 29 CFR 2520.103-5 of the DOL's Rules and Regulations for Reporting and Disclosure under ERISA (qualified institution).

Management has obtained certifications from a qualified institution as of December 31, 2022 and 2021, and for the year ended December 31, 2022, stating that the certified investment information, as described in Note 4 to the financial statements, is complete and accurate.

Opinion

In our opinion, based on our audits and on the procedures performed as described in the Auditors' Responsibilities for the Audit of the Financial Statements section:

- The amounts and disclosures in the financial statements, other than those agreed to or derived from the certified investment information, are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

- The information in the financial statements related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Plan and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our ERISA Section 103(a)(3)(C) audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error. Management's election of the ERISA Section 103(a)(3)(C) audit does not affect management's responsibility for the financial statements.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the Plan, and determining that the Plan's transactions that are presented and disclosed in the financial statements are in conformity with the Plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

Auditors' Responsibilities for the Audit of the Financial Statements

Except as described in the Scope and Nature of the ERISA Section 103(a)(3)(C) Audit section of our report, our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Plan's ability to continue as a going concern for a reasonable period of time.

Our audits did not extend to the certified investment information, except for obtaining and reading the certification, comparing the certified investment information with the related information presented and disclosed in the financial statements, and reading the disclosures relating to the certified investment information to assess whether they are in accordance with the presentation and disclosure requirements of accounting principles generally accepted in the United States of America.

Accordingly, the objective of an ERISA Section 103(a)(3)(C) audit is not to express an opinion about whether the financial statements as a whole are presented fairly, in all material respects, in accordance with accounting principles generally accepted in the United States of America.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Other Matter - Supplemental Schedule Required by ERISA

The supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, is presented for purposes of additional analysis and is not a required part of the financial statements but is supplementary information required by the DOL's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information included in the supplemental schedule, other than that agreed to or derived from the certified investment information, has been subjected to auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with GAAS. For information included in the supplemental schedule that agreed to or is derived from the certified investment information, we compared such information to the related certified investment information.

In forming our opinion on the supplemental schedule, we evaluated whether the supplemental schedule, other than the information agreed to or derived from the certified investment information, including its form and content, is presented in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

In our opinion:

- The form and content of the supplemental schedule, other than the information in the supplemental schedule that agreed to or is derived from the certified investment information, are presented, in all material respects, in conformity with the DOL's Rules and Regulations for Reporting and Disclosure under ERISA.

- The information in the supplemental schedule related to assets held by and certified to by a qualified institution agrees to, or is derived from, in all material respects, the information prepared and certified by an institution that management determined meets the requirements of ERISA Section 103(a)(3)(C).

1. Description of the Plan

General

The Hilti Retirement Savings Plan (the Plan) is a defined contribution plan and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended (ERISA). The Plan was established on October 1, 1985, and is sponsored by Hilti, Inc. (the Company or Plan Administrator). The Plan was amended and restated on January 1, 2022. Prudential Bank and Trust, F.S.B. and Empower Annuity Insurance Company of America, formerly known as Prudential Retirement Insurance and Annuity Company (Prudential or collectively, the Trustees) serve as the Trustees and Record-keepers of the Plan. The following description provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

Eligibility and Participant Accounts

All employees are eligible for participation on the first day of employment, with the exception of members of collective bargaining units, nonresident employees and employees residing in Puerto Rico, as defined by the plan document. Employees are eligible to receive Company safe harbor matching contributions on the first day of the month following one year of service.

Subject to certain limitations on annual additions, each participant's account is credited with participant elective deferrals, Company safe harbor matching contributions, discretionary nonelective contributions, and an allocation of plan earnings or losses, and charged with certain administrative expenses. Participants may modify investment elections, transfer existing account balances and obtain information regarding plan investments on a daily basis.

Contributions

The Plan is funded through participant elective deferrals, Company safe harbor matching contributions, and Company discretionary nonelective contributions. Participants may elect to contribute up to 80% of his or her pre-tax or after-tax "Roth" compensation, as defined by the Plan, subject to certain maximum limitations imposed by the Internal Revenue Code (IRC) ($20,500 for 2022). Participants who are eligible to make elective deferrals under the Plan and who have attained the age of 50 before the close of the plan year are also eligible to make catch-up contributions subject to the maximum limitation imposed by the IRC ($6,500 for 2022). Rollover contributions representing distributions from other qualified defined benefit or defined contribution plans are permitted and may be made prior to meeting the eligibility requirements for participation in the Plan.

Unless otherwise elected, eligible employees will be automatically enrolled in the Plan at a contribution rate of 3% of pre-tax compensation.

The Company contributes safe harbor matching contributions of 100% of employees' salary deferral amounts on the first 6% of employees' eligible compensation, and the Company may make additional discretionary nonelective contributions as defined and approved. No Company discretionary nonelective contributions were made for the year ended December 31, 2022.

Vesting

Participants are immediately vested in elective deferrals, rollover contributions, Company safe harbor matching, and Company discretionary nonelective matching contributions, plus actual earnings thereon.

Forfeitures

Forfeitures are comprised of amounts resulting from excess Company contributions which were remitted to the forfeiture account are used to pay administrative expenses or reduce Company safe harbor matching contributions. These amounts are reported as a component of net assets available for benefits. At December 31, 2022 and 2021, there were forfeitures of $19,004 and $79,836 available, respectively. During 2022, $8,011 of forfeitures were used to reduce Company safe harbor matching contributions and $66,800 were used to pay for plan expenses.

Revenue Sharing Account

Revenue sharing accounts are used to pay administrative expenses or are reallocated to participant accounts. At December 31, 2022 and 2021, there were funds of $3,174 and $1,024 available, respectively. During 2022, revenue sharing totaling $30,445 was contributed to the Plan and is recorded as other income on the Statement of Changes in Net Assets Available for Benefits. For the year ended December 31, 2022, $95,134 funds were used to pay administrative expenses.

Benefits Paid to Participants

Participants may withdraw amounts from their account during the year for reasons of disability, retirement, death, or terminations, and are entitled to their vested account balance. Participants may also make hardship withdrawals on the balance of their account related to their elective deferral contributions. For vested account balances greater than $5,000, participants may elect a distribution in the form of a single lump sum payment. Upon termination, for vested account balances greater than $1,000 but less than $5,000, participants may elect to receive or roll over the distribution upon termination. Otherwise, the distribution will be directly rolled over to an individual retirement account.

Investment Options

The Plan provides for participants to direct both participant and Company contributions into a variety of mutual funds of registered investment companies and a guaranteed investment contract in accordance with participant investment elections and provisions of the Trust agreement. Participants should refer to the plan website for additional fund information.

Notes Receivable From Participants

Borrowings are available for all participants. Notes receivable from participants are limited to a minimum of $1,000 up to a maximum of the lesser of $50,000 or 50% of their vested account balance, subject to certain restrictions as defined by the Internal Revenue Service (IRS). A participant may only have one note outstanding at any given time. The notes are secured by the balance in the participant's account and bear interest at a rate of prime rate plus 1%. Any note must be repaid within five years. Repayments are made through payroll deductions and are reinvested in the participant accounts according to individual investment elections. Notes receivable from participants, as of December 31, 2022, have interest rates ranging from the rate 4.25% to 7.25% and maturity dates ranging from January 2023 through January 2028. Notes receivable from participants, as of December 31, 2021, have interest rates ranging from the rate 4.25% to 6.50% and maturity dates ranging from January 2022 through January 2027.

Expenses

Certain expenses of maintaining the Plan are paid by the Plan, unless otherwise paid by the Company. Expenses that are paid by the Company are excluded from these financial statements. Fees related to the administration of notes receivable from participants and fees paid related to benefits paid to participants are charged directly to the participant's account and are included in administrative expenses. Investment related expenses are included in net appreciation (depreciation) of fair value of investments.

Plan Termination

Although the Company expects to continue the Plan, the Company may terminate the Plan at any time subject to the provisions of ERISA. In the event of plan termination, all amounts credited to participants' account shall become 100% vested, subject to payment of liquidation costs and expenses.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein and disclosures of contingent assets and liabilities. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

Investments are reported at fair value except for the fully benefit-responsive guaranteed investment contract, which is valued at contract value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, (see Note 3 - Fair Value Measurements). Contract value is the relevant measure attributable to the fully benefit-responsive investment contract because contract value is the amount participants would receive if they were to initiate permitted transactions under the provision of the Plan (see Note 5 - Guaranteed Investment Contract). Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The income or loss earned on participant accounts is allocated on a daily basis using the previous day's ending account balance. Net appreciation (depreciation) includes realized gains and losses on the investments bought and sold, as well as held during the year.

Notes Receivable From Participants

Notes receivable from participants are measured at their unpaid principal balances plus any accrued but unpaid interest. Delinquent notes receivable from participants are reclassified as distributions based upon terms of the plan document or note policy of the Plan. Notes receivable are valued at amortized cost, which approximates fair value. No allowances for credit losses have been recorded as of December 31, 2022 or 2021.

Payment of Benefits

Benefits are recorded when paid.

3. Fair Value Measurements

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). The three levels of the fair value hierarchy under authoritative guidance are described as follows:

Level 1 - Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets.

Level 2 - Significant observable inputs other than quoted prices in active markets for which inputs to the valuation methodology include:

- quoted prices for similar assets or liabilities in active markets;
- quoted prices for identical or similar assets or liabilities in inactive markets;
- inputs other than quoted prices that are observable for the asset or liability;
- inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 - Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The asset's or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds of registered investment companies are valued at the net asset value (NAV) or quoted market prices of shares held by the Plan at year-end.

The methods described above may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. The Plan believes its valuation methods are appropriate and consistent with other market participants; even so, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

The following table sets forth by level, within the fair value hierarchy, the Plan's assets at fair value as of December 31, 2022 and 2021:

	Assets at Fair Value as of December 31, 2022			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds of registered investment companies	$ 470,675,850	$ -	$ -	$ 470,675,850
Total investments at fair value	$ 470,675,850	$ -	$ -	$ 470,675,850

	Assets at Fair Value as of December 31, 2021			
	Level 1	**Level 2**	**Level 3**	**Total**
Mutual funds of registered investment companies	$ 565,082,582	$ -	$ -	$ 565,082,582
Total investments at fair value	$ 565,082,582	$ -	$ -	$ 565,082,582

4. Information Certified by Trustees

The Plan Administrator has elected the method of compliance permitted by 29 CFR 2520.103-8 of the Department of Labor's (DOL) Rules and Regulations for Reporting and Disclosure under ERISA for 2022 and 2021. Accordingly, the Trustees of the Plan have certified to the completeness and accuracy of all investments reported in the accompanying Statements of Net Assets Available for Benefits as of December 31, 2022 and 2021, and the supplemental Schedule H, Line 4(i) - Schedule of Assets (Held at End of Year) as of December 31, 2022, and the related investment activity reported in the Statement of Changes in Net Assets Available for Benefits for the year ended December 31, 2022.

5. Guaranteed Investment Contract

The Plan holds funds in a fully benefit-responsive guaranteed investment contract, the Prudential Guaranteed Income Fund. Prudential maintains the contributions in its general account. Prudential's general account is credited with contributions made under the contract, plus earnings, less participant withdrawals and administrative expenses. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. There are no reserves against contract value for credit risk of the Issuer or otherwise. The crediting interest rate is based on a formula agreed upon with the issuer but may not be less than zero. Such interest rates are continuously reviewed and reset as needed on a monthly to quarterly basis. The Plan or Prudential can terminate the contract by providing written notice to the other party 30 days prior to the termination date. If the contract were to terminate by the Plan or Prudential, interest would not be less than the minimum interest rate established in the investment contract. There may be a market value adjustment upon the Plan's election to terminate the contract with a lump sum distribution, which may result in a distribution that is less than or in excess of contract value. Certain unobservable inputs are assessed through review of contract terms (ex: duration or payout date) while others are substantiated utilizing available market date (ex: swap curve rate).

Certain events might limit the ability of the Plan to transact at contract value with the contract issuer. Such events include (1) amendments to the plan documents (including complete or partial plan termination or merger with another plan), (2) changes to the Plan's prohibition on competing investment options or deletion of equity wash provisions, (3) bankruptcy of the plan sponsor or other plan sponsor events (for example, divestitures or spinoffs of a subsidiary) that cause a significant withdrawal from the Plan, or (4) the failure of the trust to qualify for exemption from federal income taxes or any required prohibited transaction exemption under ERISA (5) premature termination of the contract.

No events are probable of occurring that might limit the ability of the Plan to transact at contract value with the contract issuer and that also would limit the ability of the Plan to transact at contract value with the participants.

In addition, certain events allow the issuer to terminate the contract with the Plan and settle at an amount different from contract value. Such events include (1) an uncured violation of the Plan's investment guidelines, (2) a breach of material obligation under the contract, (3) a material misrepresentation, (4) a material amendment to the agreement without the consent of the issuer.

6. Related-Party and Party in Interest Transactions

Certain of the Plan's investments are managed by the Trustees or an affiliate of the Trustees; therefore, these transactions qualify as party in interest transactions. The Plan issues notes receivable to participants, which are secured by the participant's account balances. These transactions also qualify as party in interest transactions. Certain administrative functions of the Plan are performed by an officer or employees of the Company. No such officer or employee receives compensation from the Plan.

7. Risks and Uncertainties

Investment securities are exposed to various risks, such as interest rate, market, concentration, and credit risks. Market risks include global events, such as a pandemic, or international conflict which could impact the value of investment securities. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of the investment securities will occur in the near term and those changes could materially affect the amounts reported in the financial statements or participant accounts.

8. Tax Status

The Plan was based on a nonstandardized pre-approved profit sharing plan with CODA developed by The Prudential Insurance Company of America, which received a favorable advisory letter dated December 4, 2020. The Plan Administrator believes the nonstandardized pre-approved profit sharing plan with CODA, as adopted and amended, is operating within the guidelines of the IRC and continues to be tax exempt. Accordingly, no provision for federal income taxes has been provided in the accompanying financial statements.

Accounting principles generally accepted in the United States of America requires the Plan Administrator to evaluate tax positions taken by the Plan and recognize a tax liability (or asset) if the organization has taken an uncertain position that more likely than not would not be sustained upon examination by the DOL or IRS. The Plan is subject to routine audits by taxing jurisdictions; however, there are currently no audits for any tax periods in progress.

9. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of net assets available for benefits per the financial statements to the Form 5500 at December 31, 2022 and 2021:

	2022	2021
Net assets available for benefit per financial statements	$ 523,784,448	$ 609,064,669
Less Company contributions receivable	(638,676)	(505,629)
Net assets available for benefit per Form 5500	$ 523,145,772	$ 608,559,040

The following is a reconciliation of the net decrease in net assets available for benefits per the financial statements to the Form 5500 for the year ended December 31, 2022:

Net decrease in net assets per financial statements	$ (85,280,221)
Add 2021 Company contributions receivable	505,629
Less 2022 Company contributions receivable	(638,676)
Net decrease in net assets available for benefits per Form 5500	$ (85,413,268)

10. Subsequent Events

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 855, *Subsequent Events*, the Plan has evaluated events or transactions occurring after December 31, 2022, the Statements of Net Assets Available for Benefits date, through September 20, 2023, the date the financial statements were ready to be issued, and determined there were no events or transactions, except for noted below that would impact the financial statements as of and for the year ended December 31, 2022.

The SECURE 2.0 Act of 2022 was signed into law on December 29, 2022. This legislation includes a vast array of provisional changes to retirement plans, becoming effective in 2023 and beyond. Plan management is evaluating the impact of the adoption and implementation of this legislation on the Plan.
