### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local Union 94 Annuity Fund's ability to continue as a going concern for one year after the date the financial statements are available to be issued.

Management is also responsible for maintaining a current plan instrument, including all plan amendments, administering the plan, and determining that the plan's transactions that are presented and disclosed in the financial statements are in conformity with the plan's provisions, including maintaining sufficient records with respect to each of the participants, to determine the benefits due or which may become due to such participants.

### **Auditors' Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of IBEW Local Union 94 Annuity Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about IBEW Local Union 94 Annuity Fund's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### **Supplemental Schedules Required by ERISA**

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The supplemental schedules of assets held at end of year, and delinquent participant contributions are presented for purposes of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audits of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with generally accepted auditing standards.

In forming our opinion on the supplemental schedules, we evaluated whether the supplemental schedules, including their form and content, are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

BARATZCPA.COM

In our opinion, the information in the accompanying schedules is fairly stated, in all material respects, in relation to the financial statements as a whole, and the form and content are presented in conformity with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Auditors' Report on the 2021 Financial Statements**

The 2021 financial statements of IBEW Local Union 94 Annuity Fund were audited by the predecessor auditor. As permitted by 29 CFR 2520.103-8 of the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA, the plan administrator instructed the predecessor auditor not to perform, and they did not perform, any auditing procedures with respect to the information certified by a qualified institution. Their report dated October 12, 2022, indicated that (a) because of the significance of the information that they did not audit, they were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion and accordingly, they did not express an opinion on the financial statements and supplemental schedules, and (b) the form and content of the information included in the financial statements and supplemental schedules other than that derived from the certified information, were presented in compliance with the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Local Union 94 of the IBEW Annuity Fund**  
**Notes to Financial Statements**  
**Years Ended December 31, 2022 and 2021**

**1. Description of the Plan**

The IBEW Local Union 94 Annuity Fund was established in January 1999 and is pursuant to an Agreement and Declaration of Trust between several affiliated contractors and the Union in the New Jersey area. The IBEW Local Union 94 Annuity Fund is a multiemployer pension plan.

The following brief description of the IBEW Local Union 94 Annuity Fund (the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for more complete information.

*General*

The Plan is a defined contribution plan covering participants in the industry who belong to Local 94 of the IBEW (the Union). It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended. The Plan covers participants who work in industry or on Local 94 property.

*Contributions*

Participating employers contribute a negotiated percentage of the employees' gross wages, pursuant to the current collective bargaining agreement. Employees are eligible to enter the Plan after one hour of service. Employees are also eligible to contribute a percentage of their compensation to the plan.

*Participant Accounts*

Each participant's account is credited with the participant's contribution, if any, and allocations of (a) the Employers' contribution and, (b) Plan earnings (losses), and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

*Vesting*

Participants must be a member in good standing with the Union to be vested. Participants are immediately vested in their contributions plus actual earnings thereon.

*Participant Loans*

Participant loans are not permitted from the plan.

*Benefits Paid*

Any distributions from the Plan, described below, will be made in a single lump-sum payment. Participants may receive a distribution of their vested account balance in the Plan for termination of employment for reasons other than death, disability or retirement, or normal retirement. In-service distributions are permitted if the participant is 59 ½ and has five years of active services. Any distribution to a participant who has a total vested benefit which exceeds \$1,000 shall require such participant's written consent (or in such other form as permitted by the Internal Revenue Service) if such distribution occurs prior to the time the benefit is "immediately distributable." The actual payment of benefits generally will not begin until the participant terminated employment and reached normal retirement date. The distribution will only be made at participants' election, as soon as administratively feasible. The participants may defer the receipt of distribution until age 59 ½ and eligible for an in-service withdrawal or until the participant actually terminates employment. In such event, benefit payments will begin as soon as feasible at participants' request, but not later than age 70 ½.

**1. Description of the Plan, continued**

*Benefits Paid, continued*

The death benefit payable shall be paid to the Participant's Beneficiary in one lump-sum. If there is no designated beneficiary, the death benefit will be paid in the following order of priority to: (a) your surviving spouse, (b) your children, including adopted children in equal shares (and if a child is not living, that child's share will be distributed to that child's heirs), (c) your surviving parents, in equal shares, (d) your estate. The entire death benefit must be paid to the beneficiaries within five years after the Participant's death.

Hardship distributions are permitted under certain circumstances as outlined in the Plan document.

*Other*

The Plan's board of trustees has the right to modify the benefits provided to active participants. The Plan may be terminated only by unanimous agreement among the trustees when there is no longer in force and effect a collective bargaining agreement between any employer and the Union requiring contributions to the fund or, if it appears to them that it is no longer feasible for financial, actuarial, or other persuasive reasons for the Trust to continue as the funding and administrative medium for the Plan, subject to the provisions set forth in ERISA.

**2. Summary of Significant Accounting Policies**

*Basis of Accounting*

The accompanying financial statements have been prepared on an accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America as codified in the Accounting Standard codification ASC 962.

*Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles requires the Plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

*Investment Valuation and Income Recognition*

Investments are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The Plan's Investment Committee determines the Plan's valuation policies by using the information provided by its investment advisers, custodians, and insurance company. See note 3 for a discussion of fair value measurements. Purchases and sales of securities are recorded on a trade date basis. Interest income is recorded on an accrual basis. Dividends are recorded on the ex-dividend date. Net appreciation of the fair value of investments includes the Plan's gains and losses on investments bought and sold as well as held during the year.

*Administrative Expenses*

Certain expenses incurred in connection with the general administration of the Plan are paid by the Plan and are recorded in the accompanying statement of changes in net assets available for benefits as administrative expenses.

**Years Ended December 31, 2022 and 2021**

**2. Summary of Significant Accounting Policies, continued**

*Payment of Benefits*

Benefits are recorded upon distribution.

*Employer and Employee Contributions Receivable*

Contributions due but not paid prior to year-end are recorded as contributions receivable. The Management of the Plan evaluates participating employers' and employees' contributions receivable periodically for potential uncollectible amounts based on the likelihood of collection. The employer contribution receivable balance as of December 31, 2022 and 2021 are \$358,113 and \$199,857, respectively. The employee contribution receivable balance as of December 31, 2022 and 2021 are \$32,088 and \$49,261, respectively. As of December 31, 2022 and 2021, the Plan does not have any allowance.

*Reclassifications*

Certain accounts in the prior-year financial statements have been reclassified for comparative purposes to conform with the presentation in the current-year financial statements.

**3. Fair Value Measurements**

The framework for measuring fair value provides a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value. The hierarchy gives the highest priority to unadjusted quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs. The three levels of the fair value hierarchy under Topic 820 are described as follows:

---

|         |                                                                                                                                                                            |
|---------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1 | Inputs to the valuation methodology are quoted prices (unadjusted) in active markets for identical assets or liabilities that the Plan can access at the measurement date. |

|---------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|         | If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.                                                                                                                                                                                                                                                                                                                                                                                                                           |

The fair value measurement level of investments within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques maximize the use of relevant observable inputs and minimize the use of unobservable inputs.

The following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used at December 31, 2022 and 2021.

Mutual funds: Valued at the daily closing price as reported by the fund. Mutual funds held by the Plan are open-end mutual funds that are registered with the SEC. These funds are required to publish their daily net asset value (NAV) and to transact at that price. The mutual funds held by the Plan are deemed to be actively traded.

(a) In accordance with Subtopic 820-10, certain investments that were measured at net asset value per share (or its equivalent) have not been classified in the fair value hierarchy. The fair value amounts presented in this table are intended to permit reconciliation of the fair value hierarchy to the line items presented in the statement of net assets available for benefits.

**4. Investments**

The Plan's investments (including gains and losses on investments bought, sold, and held during the year) depreciated in value by \$3,574,398 as of December 31, 2022.

The following table summarizes investments for which fair value is measured using the net asset value per share practical expedient as of December 31, 2022 and 2021, respectively. There are no participant redemption restrictions for these investments; the redemption notice period is applicable only to the Plan.

**6. Related Party Transactions**

The officers and administrative staff of IBEW Local 94 provide similar functions to the Plan, in addition to charging for rent, postage, and office supplies, and are included in administration expenses. The fees paid by the Plan for administrative fees, rent, postage, and office supplies are \$15,752 for the year ended December 31, 2022.

Some investments are held by UBS Financial Services, Inc. and, therefore, these transactions qualify as party-in-interest transactions. The fees paid by the Plan for investment management services are \$1,082 for the year ended December 31, 2022.

**7. Reciprocal Agreement**

From time to time, participants in the plan may be employed by companies that are parties to defined contribution plans of other locals. The Plan has entered into a reciprocal agreement in which the other Local will provide payment to the Plan for the time the participants worked for the other Local's company. In addition, the Plan will make similar payments to other Locals in the event that another Local's participant works for a company that is a party to the Local 94 Annuity Fund.

**8. Risks and Uncertainties**

The Plan invests in various investment securities which are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants' account balances and the amounts reported in the statement of net assets available for benefits.

**9. Plan Termination**

Although they have not expressed any intent to do so, the Employers have the right under the Plan to discontinue their contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants would become 100% vested in their employer contributions.

**10. Tax Status**

The Plan obtained its latest determination letter on September 21, 2015, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan Administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

Accounting principles generally accepted in the United States of America require plan management to evaluate tax positions taken by the plan. Management evaluated the Plan's tax positions and concluded that the Plan had maintained its tax-exempt status and had taken no uncertain tax positions that require recognition or disclosure in the financial statements. Therefore, no provision or liability for income taxes has been included in the financial statements. With few exceptions, the Plan is no longer subject to income tax examinations by the U.S. federal, state, or local tax authorities for years before 2019.

**11. Subsequent Events**

The Company has evaluated subsequent events through July 11, 2023, which is the date the financial statements were available to be issued.
